IMAGINE AN INTENSE DEEP, SCARLET ROSE SHADED BLACKISH-CRIMSON, LIKE THE SHEEN OF A PLUM, SEVEN INCHES IN DIAMETER AND FIVE INCHES DEEP, AND YOU CAN FORM AN IDEA OF THE BEAUTY AND IMMENSITY OF THIS PHENOMENAL NEW HYBRID TEA ROSE! J. B. Clark is the sensation in Roses both here and in Europe, and deservedly so, for there is no other Rose to compare with it either in size of flower, color or healthy growth. The London, (Eng.) Daily Mail said of it when

first exhibited: "An exhibit which attracted universal attention was a new bloom, a triumph of the Rose Growers' art, named J. B. Clark. It won the silver medal as the best blossom in the show." This grand new Rose will undoubtedly supersede such great varieties as RICHMOND, LIBERTY, METEOR, and other famous red Roses. It is a wonderfully strong, upright grower, one of the most vigorous we have ever seen, with splendid, heavy, dark bronzy-green foliage, but the glory of the plant is its flowers. Extraordinary in size, full and double, of great depth, they are borne the first year with great freedom on long, stiff stems. The color is new and dazzling, while the fragrance is intensely sweet. It has proven hardy even in Canada where the winters are unusually severe. No matter how large or how small your collection may be, include this wonderful New Rose in your order. A genuine treat is in store for everyone who plants it. Our stock is large, all on own roots, and in splendid condition. **Strong one-year-old plants, 35 cts., each, 3 for \$1.00; \$3.50 per dozen; larger plants, 50c. each; \$5.00 per dozen, postpaid; two-year-old plants, 75c. each, 3 for \$2.00; \$7.00 per dozen by express; two-year-old plants sent postpaid, 10c. extra per plant.**

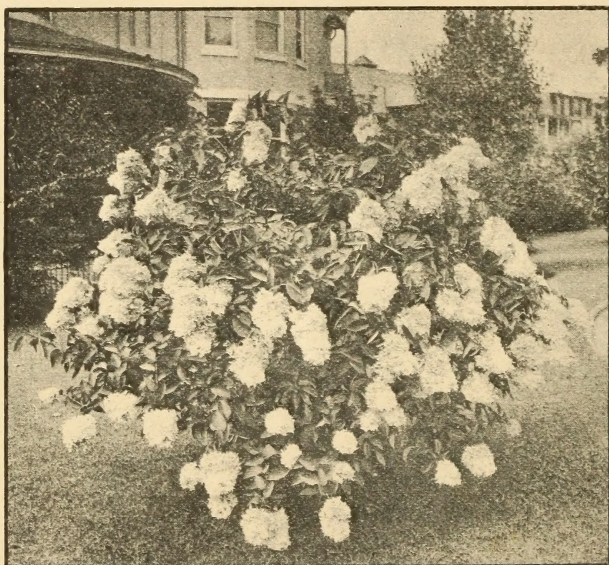

The Dingee and Conard Co.

Dear Sirs:—You will, I am sure, be pleased to hear that the Roses sent me last May have done splendidly. THE J. B. CLARK IS MAGNIFICENT. IT HAS BORNE ELEVEN GREAT FLOWERS, and everyone who has seen it says: "Everything they claim for it is true, indeed." And my Dorothy Perkins is a show. It came from you by mail, a tiny plant, four years ago, and this year it is a mass of bloom. I counted the buds just before they opened and there were over seven hundred on the plant. I cannot tell you how much we are pleased and always have been with your Roses.

Yours very sincerely,

Westmount, Canada, July 23d, 1907.

FRANCES BROWN (Miss)

New Hardy Ever-Blooming HYDRANGEA

(Arborescens Var. Sterilis)

Hydrangea Paniculata Grandiflora has long been considered the King of hardy shrubs, but this new variety is superior in every way. The blooms are borne in amazing numbers, are exceedingly large, snow-white in color, and the foliage is finely finished. Its greatest feature is that it comes into bloom just after the early spring shrubs have passed, and continues to bloom throughout the entire summer months, being a true ever-blooming type. Mr. William Falconer, one of the leading Horticultural Experts of this country, in a letter to us says: "This new shrub is one of the best things ever introduced. It is easy to grow, perfectly hardy, and continues to bloom a long time; and if the shoots are shortened back in May, the young growths will blossom full and freely long after the main crop in summer is past." Hardy everywhere. Will take its place as the most valuable of all shrubs for the American garden. To avoid confusion please order as—New Ever-blooming HYDRANGEA. Strong young plants 35c. each, 3 for \$1.00; \$3.50 per dozen. Larger plants 50c. each; \$5 per dozen postpaid.

Two-year-old plants two feet high, dormant, strongly rooted, \$1.00 each postpaid.

DHILE we offer almost every flower worth growing, our great specialty is the Rose. We are the leading Rose growers of America & have made this village of West Grove famous the world over as the home of the the celebrated "Dingee's Roses." We carry in stock over a thousand different varieties, by far the greatest collection of own root Roses in the world. We are the pioneers in sending Roses safely by mail & Charles Dingee (now the only surviving original incorporator) established this business here fifty-eight years ago & is still an active participant in its direction. At eighty-four years of age he is an inspiration, keeping us steadfast in maintaining the clean, honorable business methods of the old school.

Dingee's Roses are the best grown in America.

We invite by comparison, irrespective of price, a test of this claim. When goods of the Dingee quality can be grown cheaper than now our customers will get immediate benefit of lower prices. You will receive from us a dollar's worth of goods for every dollar sent us & a good dollar's worth at that. The average buyer (ourselves included) expects to pay for what he gets, but not infrequently he doesn't get what he pays for. If at any time mistakes have occurred or should occur in the future they will be cheerfully corrected.

We Guarantee Perfect Satisfaction or Your Money Back

A satisfied customer is our best advertisement. The adjacent list of States, Territories & Foreign Countries gives some idea of the extent of our trade.

We sell plants, not blooms, & send them safely to almost any place in the world. Read our guarantee page 4.

We prepay all shipments except where noted.

Should lower prices tempt you elsewhere, before placing the order, ask of the dealer if the Rose plants for sale were ever forced for their flowers. If honest, he will admit it. Such plants are worthless—dear at any price.

Nearly all growers engaged in forcing Roses for their flowers (which we are not) throw the plants away as worthless (& they are) after they have exhausted their vitality thru the high stimulants under which they are grown. Dingee's Roses as far as possible are not allowed to bloom here; the buds are pinched off as fast as they appear, thus conserving their vitality. Pay a fair price and get the best. The best in Roses, just the same as anything else, is none too good.

Order early—it pays—we will ship when you direct.

Whether you buy or not write us for any information wanted.

If you don't find what you want in this catalog write us; very likely we have what you are looking for. Now, above all, please send us an order.

No matter the size, it will encourage us in believing the mission of this, the thirty-ninth annual edition of Our New Guide to Rose Culture has not been in vain.

As the Oldest and To-Day the Leading Rose Growers of America

Dingee's ROSES have made this village of West Grove famous the world over. We have many imitators—here let us say we have no branch houses either in West Grove or elsewhere, but are the old original West Grove Rose Establishment founded here fifty-eight years ago by Charles Dingee, who is still active in the affairs of this business. Please send all orders, money & correspondence plainly addressed to

The DINGEE & CONARD COMPANY,

Pioneer Rose Growers of America

WEST GROVE, PA., U. S. A.

HOW TO ORDER

OUR terms are cash with order, except when satisfactory Bank reference is given, when we will gladly open an account. Goods will be shipped C. O. D. when directed. Through a variety of reasons letters are lost in transit. Prudence therefore dictates that remittance be made so that in case of loss duplicates can be had. Money may be sent at our risk by Post Office Money Order, Express Money Order, Bank Draft, Money (not stamps) in Registered Letter. We will be responsible for the safe carriage of money sent us in any of these ways, and if lost will give full value. Please do not send stamps for money. They often come stuck together or stuck to the letter, so that they cannot be taken out except by soaking the whole. Silver in small sums, carefully wrapped and registered, will carry just as safely and is far more acceptable. Canadian customers can remit by International Money Order on West Grove, Bank Draft, or currency in Registered Letter. Canadian postage stamps have no value here.

A Guarantee That Means Something

Do not be confused with senseless guarantees which mean nothing. The best guarantee is that given by a reputable House to deliver all goods to any Post Office or Express Office in the United States or Canada in first-class growing condition, and failing therein, to replace them immediately. **THIS IS OUR GUARANTEE.** Furthermore, we guarantee that when goods are received if they are not thoroughly satisfactory we will make them so or **REFUND YOUR MONEY.** When plants reach you in good condition and are planted with ordinary care there is no difficulty in guaranteeing them to bloom at the time Nature intended they should, which is sometimes termed "a seasonable time." It would be quite as sensible if we were to guarantee that they would bloom at any other time but at the time Nature intended that they should, the so-called seasonable time. We are sure that a guarantee that states that Roses are guaranteed to bloom under the above conditions, **PROVIDED THEY ARE NOT WINTER KILLED OR DIE FROM ANY OTHER CAUSE,** will be taken for what it is worth. Dingee's Roses are guaranteed to reach you in first-class condition, and if you give them any kind of care, **WE GUARANTEE THEM TO GROW AND BLOOM.**

Please Observe Carefully

When ordering please use the order sheet provided for the purpose whenever possible. Simply fill up the blanks, giving the number and name of the varieties wanted, with price; we will understand. Please do not interline or make other notations thereon. Should you desire to write us, kindly use a separate sheet of paper. Always state when you wish the goods shipped, else they will be sent you at once. Attention to these details will greatly facilitate our work and prevent confusion, errors and misunderstandings.

Order Early

Many of our customers order early and the plants are set aside; the earlier you order the better. We will book for delivery whenever you direct.

All Goods Shipped Shipping Charges Prepaid

At prices given in this catalogue goods will be sent postpaid by mail, except where plants are too large, such as two-year-old Roses, in which case they will be sent by express, purchaser paying the charges. On page 5, however, you will note that we can send large Roses prepaid by express at a slight additional charge, and will do so when the proper additional remittance accompanies orders where so directed. Wherever goods can be sent safely to the purchaser's advantage by mail they will be sent by this method postpaid.

Errors

As an evidence of our human failings we sometimes make mistakes. Careful as we are to protect ourselves and our patrons, perchance as much as we will to our employees, yet they occur; when they do, notify us at once and we will correct them promptly. We cordially invite customers for our goods and do not intend that they shall regret coming to us if fair dealings can prevent it.

Dingee's Roses all on own Roots

All our Roses, with few exceptions—and they are noted when pricing them—are on their own roots. We grow and have in stock absolutely true to name every Rose

CLUB ORDERS.—To induce our customers to make up club orders among their friends we make special attractive inducements. The only requirements are that the club shall consist of the complete addresses of five club names, including the clubber, and that the order shall amount to not less than \$10.00 in cash. Write for further terms under these conditions.

DINGEE ROSES HAVE MADE WEST GROVE FAMOUS

DINGEE, WEST GROVE, PA., will reach us.

offered in this catalogue. It has become a common practice to offer an extended list to make a large showing and carry but a few varieties. Customers are cordially invited to inspect this stock in our greenhouses before buying, whenever they can conveniently do so.

Our Roses are all grown in pots, in good fresh soil, without stimulants; are strong, healthy plants, kept free from blooming, and with any fair treatment on your part are sure to grow and bloom freely the first year, with the exception of Roses of the Hybrid Perpetual or Moss type, which bloom the second year. Roses differ in size according to their habit, so do not expect all of them to be exactly the same size.

Canadian Customers

Canadian Laws prohibit sending dormant Roses or Shrubs into Canada except from March 15th to May 15th, and from October 7th to December 7th, through the following custom ports, where they will be fumigated: St. John, N. B.; St. Johns, P. Q.; Niagara Falls and Windsor, Ontario; Winnipeg, Manitoba. All other goods, including our pot-grown Roses grown under glass, are admitted at any time.

Foreign Orders

10 per cent. extra should be added to orders going outside the U. S. A. or its colonial possessions, including Canada, to pay extra cost of packing and postage. To countries with which we have a Parcel's Post, goods can be sent by mail. They also can be sent by express, but the party ordering must give the name and address of some one in New York who will receive the goods, prepay the ocean charges and forward them. We pack lightly and safely and the charges even to the most distant points are very reasonable.

Premium Plants

We always do better than we promise in the way of extra plants, so when the order will at all afford it we add to it some plant or plants gratis, often choice new kinds; several of the Roses now so eagerly sought after were first introduced to our customers in this way—presented with their order.

Express Rates from West Grove, Pa., to Various Points

EXPRESS shipments continue to grow in favor because we are able to send larger plants, and having more space in which to pack, a goodly portion of soil is left on the roots, so that plants receive no set-back in transit and always arrive in first-class order, which we guarantee. All Express Companies allow us 20 per cent. discount from merchandise rates. The schedule below will enable you to form a close estimate of what the charges on your order will be. Two-year-old plants, when packed, will weigh as follows: Twelve plants, about 15 lbs.; 25 plants, 30 lbs.; 50 plants, 50 lbs.; 125 plants, 100 lbs. One-year-old plants, from 20 to 30 lbs. per 100.

You will notice by the schedule that the charges on 15, 20, 30 and 100 lbs. to the most distant points are very inconsiderable. For instance, 20 lbs. to Omaha, Neb., or St. Paul, Minn., is only 75 cents; Austin, Texas, \$1.15; New Orleans, La., 90 cents; Chicago, Ill., 36 cents.

All goods, unless otherwise agreed, are forwarded charges collect. See Note bottom of this page.

Please note carefully the following in determining the probable express charges on your order. If you have an Adams or Southern Express Office in your town the charges will be practically the same as those of

the nearest Adams or Southern Office within 50 miles. (See schedule below for the most central points.)

If not an Adams or Southern Office the charge will, of course, be increased by the additional charge made by the connecting Company that controls your Office. **We have but one Company at West Grove, the "Adams," which delivers shipments direct or through connecting Companies to any Express Office in the United States.**

The minimum charge by the Adams, or any other Company carrying a shipment over their lines is 35 cents for each Company. In the schedule below the rates given are for delivery by Adams Express direct, or in connection with the Companies that control the offices named.

		Express Company	RATE				Customers given the benefit of the cheapest rates on all shipments. Information is not given in this schedule. Cheerfully furnished on application.	Express Company	RATE				
			Per 100 lbs.	Per 30 lbs.	Per 20 lbs.	Per 15 lbs.			Per 100 lbs.	Per 30 lbs.	Per 20 lbs.	Per 15 lbs.

We Will Prepay the Charges on Two-year-Old Plants

All the two-year-old Roses offered in this book at prices mentioned (except where noted) are sent by express at purchaser's expense. If you wish us to send them to you all transportation charges paid, we will do so and send them **Free** to any postoffice or express office in the United States if you will add to your order the following amounts to defray charges:

10 cents for single plant, 50 cents for first 6 plants, 75 cents for first twelve plants, 5 cents per plant where more than 12 two-year-old plants are sent in the same shipment.

NOTE—We reserve the privilege of sending these plants by mail or express whichever in our judgment may seem best.

What We Don't Sell

afterwards sold to you as "extra heavy two and three year old stock." We can buy—and so can you—a million such plants of American Beauty, as well as all the leading forcing varieties for 3c. and 4c. each, but no one wants these plants at any price; they have served their purpose and are worthless. Yet there are dealers who tell you that these are the plants to buy at 25c. and 50c. each and they will pay the expressage. And well they might! We would not have them cost FREE and expressage paid. We would prefer "little slips."

We don't sell "little slips," nor Holland grown Roses. We don't GROW, much less sell, Roses which have had the life forced out of them for their flowers and

What We Do Sell

Strong and sturdy. Grown in Nature's own way, backed by half a century's experience of knowing how—no dark secrets—just plain, ordinary common-sense methods, a little brains and the consciousness of a reputation for square and honest dealing to sustain. The prices are very low, quality of the stock considered. Every plant guaranteed. Why run any risk? Send us your order.

Dingee's Roses

FAMOUS THE WORLD OVER

Planting

The best time to plant is during the spring or early summer months. Those who wish to plant early should observe the homely rule of waiting until after corn-planting time or after all danger of frost is past. Having prepared the ground, set the plants about twelve to eighteen inches apart. Do not hesitate to place the roots well below the surface of the soil, arranging them as far as possible, in their natural position. Cover the roots, pressing firmly down upon them and in around the stem. After planting, water freely, and if the sun be strong, protect them for a few days with a covering of newspapers or other suitable covering. Cut off all withered wood and foliage. Water judiciously—that is, not too freely—and daily until they show signs of having become established. Do not plant if the ground is wet, as the soil will become baked and thus endanger the safety of the plants. During the presence of protracted drought the plants should be watered daily in the evenings.

Outdoor Cultivation of Roses

Roses may be grown to perfection in ordinary garden soil. Select, if possible, the most sheltered sunny location for planting, avoiding the close proximity of large trees, whose dense foliage and extending roots absorb all the life-sustaining nutrition of the soil; young trees and dwarf shrubbery will not be hurtful.

Preparation of Soil

Should the soil you have at disposal be naturally poor, it may be made fertile by substituting a quantity of loam, which can readily be obtained under the sod by the roadside or from the fields. To still further enrich the soil, and where it is accessible, add to each wheelbarrow load of loam about one-third its bulk of well-rotted stable manure, also some sand if there be a lack of this constituent. Spade to a depth of twelve inches; thoroughly mixing and having proceeded thus far, a substantial foundation for future good results has been made.

Unpacking Plants

When the plants are received, if for any reason it is desired to defer immediate planting, place the plants in the cellar or any moderately warm place, protect from the sun, set them upright, admitting the free circulation of air, and water freely from time to time. A slight covering of soil around the roots will be beneficial. Soak the roots in lukewarm water or thin mud for an hour or so before planting, to restore their vitality.

Fertilizers

Fine well-decomposed stable manure is the best fertilizer for general purposes. If this cannot be obtained fine ground bone or commercial fertilizers may be employed, but they should be applied conservatively, for if used too freely they are likely to injure the plants. None but such fertilizers that are free from acids should be used. Manure applied in the fall will serve as a partial protection over winter and in the spring it will be beneficial as a mulch.

Pruning

The different varieties of Roses differ very much in habit of growth; many are neat and compact, requiring little or no trimming, while others of the same class are vigorous and straggling, sending out long shoots which tend to outrun the limits assigned them. Pruning, therefore, is a matter to be governed by the judgment of the possessor of the plants. We will add, however, that **plants of persistent growth should be trimmed back each fall or in early spring about one-half to two-thirds of the season's growth.** Where plants, apparently healthy, fail to mature the buds which they bear, remove a large percentage of the undeveloped buds and imperfect blooms and prune severely. Also trim back about one-third when, after planting, they shed their leaves and exhibit signs of weakness; this gives the roots a chance to become vigorous.

Roses in Pots or Boxes

The conditions most favorable for growing Roses in pots or boxes are good, rich soil, plenty of sunshine and heat ranging from 50 degrees at night to 75 degrees during the day. If Roses are purchased in the spring and summer for winter bloom, they can be planted in large-size pots—one-year plants in pots whose inside diameter at the top is four inches, two-year-old in six-inch pots. Plunge the pots in open ground, in some partly shaded place; cultivate and keep healthy during the summer; water sparingly and pinch off all buds as they appear. Upon the approach of cold weather take up the pots and remove as much of the surface soil as can be done without disturbing the roots, replacing with fresh soil. Bring into a warm room and water freely. After the period of bloom is over cut back and remove to a cool cellar; the following spring they will grow with renewed energy, either in open ground or in larger pots.

Growing Roses for Cut Flowers

In answer to those who contemplate taking up this branch of Rose growing, or, in fact, the growing of any kind of cut flowers, we would recommend "Practical

Floriculture," a thoroughly practical book, giving all the information required pertaining to the culture of flowers in general. We can furnish this book (300 pages) for **\$1.50 postpaid.**

Insects and Insecticides

Healthy, vigorous Roses are less liable to the ravages of insects than weak specimens, which do not have the vitality to resist the onslaughts of the pernicious parasites. Our Roses are singularly free from insects, owing to their vigor, but should they become infested, a few applications of a good insecticide will exterminate them at the outset, after which very little or no trouble will be experienced. The following recipes and preparations are good. They should be applied both to the upper and under surface of the foliage by means of a good sprinkler. We can supply the "Tyrian Plant Sprinkler," "The Auto-Spray" and "New Era Sprayer," at prices given elsewhere in this book. All of these are inexpensive and very satisfactory.

KEROSENE EMULSION.—To two parts of kerosene add one of slightly sour milk; agitate until the compound unites in the form of a white jelly; dilute with twenty parts of soft water.

TOBACCO SOLUTION.—Made by boiling the leaves or stems of tobacco. The liquid should be made about the strength of weak tea.

TOBACCO INSECTICIDE SOAP.—This preparation is put up in cakes, with directions for use printed on labels. It is a standard remedy, and one of the best. Two sizes. Price, 13 cts. and 28 cts. each; postpaid.

Winter Protection

As to the classes of Roses that are hardy and those that are not hardy, this information is given in the introduction of the individual classes. **Where it is possible, we would advise that the benefit of the doubt be given by protecting all varieties, irrespective of the class, for it will not be harmful to protect even the moss or hybrid perpetual Rose.** Do not cover your plants too soon; a nip of frost will not hurt them, but will help to ripen and mature them. Such material as leaves, hay, straw, light manure, street sweepings, pine or cedar boughs, corn fodder, etc., will afford excellent protection. Sufficient should be given to prevent the roots from freezing, but considerable light and circulation of air should not be excluded. In the spring wait until the weather is settled before uncovering; then prune the plants, taking care to cut off all dead or discolored wood.

General Remarks

All our Roses are grown here at our establishment under our personal supervision under national conditions in ordinary soil. Not fertilized or forced into quick growth. We claim for them that they are the **best** grown Roses in the world. All our plants are inspected from time to time, and all inferior specimens rejected; thus none but the best are sent to our customers. Every one ordering from us may **depend** upon getting plants true to name in every instance. Should you desire prices of fruit or shade trees please write us for this and any other information wanted. All orders will be forwarded as soon as possible after their receipt unless we are directed to hold them.

American Beauty

The Largest, Sweetest and Best of all Hardy Roses

More plants are grown and more flowers are sold of this, "**The Queen of all Roses**," than any other Rose in cultivation, and deservedly so, for it is one of the grandest and most beautiful Roses now known. It is a genuine Hardy, Ever-blooming Rose. For immensity in size, rich color, exquisite form and delicious fragrance, it stands without an equal. It is a quick and bushy grower, with splendid foliage, producing upon stems frequently over six feet in height, magnificent buds and large, deep, double flowers. Is valuable both for house and garden culture. It is the peer of all Roses for forcing purposes, the flowers selling during the holiday seasons at \$12 to \$25 per dozen. Color is a rich, rosy crimson, shaded and veined in the most charming fashion; fragrance is wonderfully sweet, not surpassed by any Rose we know.

SPECIAL NOTICE.—The true stock of **American Beauty Rose** is both scarce and valuable. We guarantee all the plants we send out to be true to name, stocky, strong and sturdy, on their own roots, which have not been forced for flowers, after which they are worthless, having no vitality. **One-year-old plants, 25 cts. each; 3 for 60 cts.; 5 for \$1; larger size, 35 cts. each; 3 for \$1. Strong two-year-old plants, 50 cts. each, by express.**

Queen of Edgely—Pink American Beauty

This beautiful newcomer is a full sister of **American Beauty** described above, but instead of being a dark, glorious brunette, she is a lovely blonde, identical with **American Beauty** in every way, except the color, which is soft, rich pink, which, as the flower grows older, fades to a still lighter pink. A splendid grower, with the same large, massive, cup-shaped flowers, produced in the greatest profusion throughout the entire growing season. Fragrance delicious. Cannot be secured elsewhere. **One-year-old plants, 30 cts. each; 6 for \$1.75; \$3.50 per dozen; larger size, 40 cts. each; 6 for \$2.40. Strong two-year-old plants, 75 cts. each, by express.**

White American Beauty

(Frau Karl Druschki.)

growth and branching freely, it has the vigor and hardiness of an oak. which are the glory of the plant, are immense in size and produced with great freedom on long, stiff stems. An ordinary plant will bear hundreds of magnificent flowers, which are full, very deep and double, and of splendid substance; petals long and broad and saucer shaped. The bud is egg shaped, long and pointed, while the color is marvelous snow-white, without a tinge of yellow, pink or any other color. Truly a wonderful Rose. Hardy everywhere. We have a large stock in fine condition—absolutely true.

This wonderful new Rose of German origin has proven to be the best and most sensational snow-white variety introduced in the last decade. It comes of a great parentage — Merveille de Lyon and Mad. Caroline Testout. Extraordinary in its

Foliage large and heavy, and the flowers.

Prices of Plants

Strong one-year-old, own roots, 25c each; 5 for \$1.00; 12 for \$2.25, postpaid.

Larger size 35c each; 3 for \$1.00; \$3.50 per dozen postpaid.

Large two-year-old, low budded, field grown, now in pots, 50c each; 12 for \$5.25, by express at purchaser's expense.

Extra heavy three-year-old, low budded, selected stock, 75c each, by express at purchaser's expense.

Gentlemen:—I sent a small order in the Spring, and the White American Beauty is a decided success. Every one that saw the Rose exclaimed, "I must have one."

Respectfully, MRS. M. J. HOUGHTON, Hudson, Mass.

Crimson Baby Rambler. An Ever-Blooming Dwarf Crimson Rambler. Unique and novel. Blooms every day in the year! Grows but twenty inches high! Better than an Azalea. Superb for single specimens, dwarf hedges and bedding. It has become so famous that it scarcely needs a description. Color clear brilliant ruby-red; dark, glossy foliage, free from insects. Absolutely hardy everywhere.

15c. each; 4 for 50c.; 9 for \$1.00; larger size, 20c. each; 3 for 50c. Two-year-old plants, 40c. each; 3 for \$1.10, postpaid. By express at purchaser's expense 35c. each; 3 for \$1.00; \$3.50 per dozen. Strong imported, low budded plants, three years old, 50c. each; 3 for \$1.25, by express.

Pink Baby Rambler. (Anny Muller.) Identical in every way with **Crimson Baby Rambler**, except in the color of the flowers, which are shining, brilliant pink, produced in great profusion in large clusters. A splendid companion for the **Crimson Baby Rambler**.

20c. each; 3 for 50c.; larger plants, 25c. each; 5 for \$1.00. Two-year old plants, 50c. each, postpaid. By express at purchaser's expense, 40c. each; 3 for \$1.00.

White Baby Rambler. (Catherine Zeimet.) A very important novelty. Identical with the Ramblers mentioned above, except in the color of its flowers, which is pure snow-white. It has the true Rose perfume in a high degree. Perfectly hardy.

25c. each; 5 for \$1.00; larger size, 35c. each; 3 for \$1.00, postpaid. Two-year-old plants, 60c. each.

Special Offer

One each of **Crimson**, **Pink** and **White Baby Rambler**, strong plants, for 50c.; larger size, one of each, 3 in all, for 60c.; one of each in two-year-old plants, \$1.50, postpaid. By express at purchaser's expense, one of each, 3 in all, for \$1.25.

Dear Sirs:—You can't find another Rose that will equal Baby Rambler. We have had several plants on trial the past year. They were full of bloom all summer in the open ground, and at this writing we have a plant in an ordinary living room which has been full of flowers all winter and now has several fine blooms. Respectfully,

Randolph, N. Y.

RAY. H. PALMER.

9 Beautiful Ever-Blooming Roses

We have originated more new Roses of merit than all other Rose growers in the U. S. combined. The hardiness of these new varieties, their tender beauty, freedom and constancy of bloom have carried them straightway to the hearts of all lovers of beautiful Roses. Offered everywhere. Get them direct from headquarters—the true stock. Hardy with protection.

PRICE, except where noted—15 cts. each; 9 for \$1; larger size, 20 cts. each; 9 for \$1.50, postpaid; two-year-old plants; 30 cts. each, except where noted; set of 9 only \$2.50, by express.

Helen Gould

The most satisfactory Rose of its color ever introduced. Beautiful, long, pointed buds and immense, full perfectly double flowers. Color, warm, rosy pink. 20 cts. each; larger size, 25 cts. each; two-year-old plants, 40 cts. each.

Pearl Rivers

Peachy-red buds; ground color, ivory white. Petals delicately shaded and bordered with pale rose.

Marion Dingee

The darkest, richest-colored Tea Rose known. Large, finely formed flowers are borne in constant profusion throughout the season. Color, deep, brilliant crimson.

Henry M. Stanley

A remarkable shade of clear amber rose, delicately tinged with fine apricot yellow, with petals edged and bordered with rich carmine, which, on the outer or reverse side, passes to a lovely shade of salmon or buff rose.

Princess Bonnie

The brightest, sweetest and freest blooming Rose in existence. Color, solid crimson, deeper and more vivid than "Jack." Fragrance far sweeter than La France. Always blooming.

Pink Soupert

A seedling from Clotilde Soupert, with which it is identical, except in color of flower and foliage. The color is a rich pink; wonderfully free and continuous bloomer.

Virginia

Blooms large, double and finely formed. Color, a light yellow, with a tinge of saffron at the center; delightful tea scent.

The Queen

Considered the finest, white ever-blooming Rose. Flowers, large, double and beautifully formed. Color, pure, snowy white.

PLEASE ORDER AS THE D. & C. SET

Golden Gate

Magnificent, large, full, finely-formed flowers; buds, long and beautiful. Color, rich, creamy white, exquisitely tinged with golden yellow and clear rose.

Special Offer 1 each of the 9 superb Roses offered above for \$1; larger size, 9 in all, \$1.50 postpaid; all will bloom profusely this year. For only \$2.50 we will send, by express only, at purchaser's expense, a strong 2-year-old plant of each, 9 in all.

Hybrid Tea Roses

We were the first house to call particular attention to this class of Roses, and to-day our stock is the most complete in this country. Combining the valuable characteristics of both the Teas and Hybrid Perpetuals, blooming freely and continuously the first year like ordinary Tea Roses, in connection with their large, finely formed flowers and delicious fragrance, embracing the most delicate and beautiful, as well as vivid colors, with a constitution to withstand the most severe winters with ordinary protection, they are undoubtedly the best Roses in all sections of the country.

A Great New French Rose

ETOILE DE FRANCE

This great French Rose well deserves its name, "Star of France." After thorough tests we here state unqualifiedly it is the best and sweetest hardy Hybrid Tea Rose of its color we have ever seen. It makes a fine upright bush, has beautiful deep-green foliage, and the flowers, which, are glorious in their form and fragrance, are borne with amazing profusion—in fact, it is always in bloom. Large, massive, deep, full, cup-formed flowers are produced singly on long, stiff stems, while the color is absolutely new—clear red or crimson velvet, while the fragrance is exquisitely sweet. Plant this lovely Rose upon our recommendation; it's a gem of the first water.

Strong one-year-old plants, 20 cts. each; 3 for 50 cts.; 7 for \$1; larger size, 30 cts. each; 4 for \$1, postpaid; extra large two-year-old plants, on own roots, 40 cts. each; 6 for \$2.25; \$4 per dozen, by express.

Franz Deegan

A strong grower, throwing up heavy canes, each one crowned by a glorious flower of large size, deep and double, composed of large petals, the outer petals the color of *Perle des Jardins*, the inner petals a good orange shade, deep and rich. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

Olivia

Flowers are deep, double and of splendid substance, forming beautiful buds, and for bedding and cutting purposes cannot be excelled. Color, distinct deep rose. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each.

Price

Richmond

Richmond

An American production and one of the most valuable and sensational introductions of recent years. It is as free blooming as any Tea Rose, and its immense, fragrant, scarlet-crimson flowers are borne on long stems, making it a strong rival of American Beauty and as gorgeous to behold. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each.

AUGUSTINE HALEM.—Extra large and handsome; color, clear, bright rosy red, verging to deep crimson.

ANTOINE VERDIER.—Flowers bright, glowing pink, beautifully shaded rich crimson; very full and sweet.

CAMOENS.—Color, China rose, suffused with pale yellow, passing to white flushed with carmine.

WINNIE DAVIS.—The color is splendid apricot-pink, shading to flesh-tint at the base of petals.

LA TOSCA.—Color, a beautiful shade of light pink; almost white.

GLADYS HARKNESS.—A fine Rose, flowers like a Hybrid Perpetual; color, salmon-pink. Very fragrant.

Souv. President Carnot

Large, full, double, exquisitely-shaped flowers, with heavy, thick, shell-like petals; buds very long and pointed, like *Niphetos*—perfection in every line. The color is new, a delicate rosy blush, shaded a trifle deeper at the center of the flower. Fragrance delicious; strong grower and free bloomer; has no weak point. A wonderful outdoor Rose. Two-year-old plants, 40 cts. each.

MRS. ROBERT GARRETT.—Buds of enormous size, expanding into a flower almost as large as *American Beauty*, while the color is bright, clear pink. Strong grower, very free bloomer.

REINE MARGARET D'ITALIE.—Color, glossy carmine-scarlet lightened with vermilion; extremely free.

INSTITUTEUR SIRDEY.—Bud reddish yellow, opening to deep gold.

ANGEL PELUFFO.—Buds of exquisite shape; flower immense and full. One of the most brilliant combinations of pink shades yet produced.

MME. LEON PAIN.—Color, silvery salmon, center orange yellow, reverse bright red and yellow.

Souv. President Carnot

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

General McArthur

One of the brightest, vivid crimson-scarlet Roses in existence. Of free branching habit of growth; very vigorous and healthy. Every shoot produces a large, double, well-formed flower, which, combined with its fragrance and hardiness, makes this essentially one of the greatest red Roses for outdoor planting. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each.

Magnafrano

The result of Magna Charta crossed with Safrano. A strong, upright grower, constant and profuse bloomer, with extra large flowers, full, deep and double, deliciously Tea scented. The color is bright, deep, shining rose, rich and handsome. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each; 3 for \$1.

Rosalind Orr English

This beautiful new Hybrid Tea Rose is unapproached in brilliancy of color, being beautiful cerise-pink, resembling the color of the Lawson Carnation. It is a prolific bloomer, throwing up splendid canes, on which are borne beautiful, long pointed very full buds of medium size, which open into a fine, large flower. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each.

Enchanter

One of the most prolific blooming Roses in cultivation. Every shoot throws a flower, and the flowers are beautifully made, of remarkable size, and in color clear, bright pink, which never fades. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

Docteur Caceneuve

Reminds one of Giant of Battles. Bud is of such dark velvety purplish color as to be almost black. Exquisite. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

Grossherzogin Alexandra

Color, delicately creamy white; deliciously fragrant. Splendid for outdoor planting and for forcing. 20 cts. each; two-year-old plants, 40 cts. each.

Frau J. Reiter

The long pointed bud of fine form has a yellowish-white flush. Flowers are cup shaped, very large and full. Color light flesh to pure white. 20 cts. each; two-year-old plants, 40 cts. each.

Mohrenkonig

(King of the Moors).—This Hybrid Tea Rose is especially recommended for planting as single specimens in the lawn or rose garden. Blooms the first year, but will not bloom freely until the second year. Buds are very long, of dark velvety color. Flowers are large, well filled. Color, dark velvety-crimson. Prune sparingly. Perfectly hardy. 25 cts. each; two-year-old plants, 50 cts. each.

Mrs. David McKee

The flowers are of large size, great substance and splendid form; color, creamy yellow; splendid for open ground or pot culture. 20 cts. each; two-year-old plants, 40 cts. each.

Apotheker Georg Hofer

Buds, long, open flowers, large, well-filled and nobly built. Color, glimmering purple red. Very fragrant. 20 cts. each; two-year-old plants, 40 cts. each.

Magnafrano

Red Kaiserin Augusta Victoria

(Mad. Jules Grolez)

One of the brightest and most pleasing Roses we have ever seen. An exceedingly free blooming variety, with very large, bright, finely formed flowers. Color, a distinct and charming shade of cherry red. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1; two-year-old plants, 40 cts. each.

Mildred Grant

Flowers of the largest size, pure white, delicately tinted with light pink. A very meritorious Rose. 20 cts. each; two-year-old plants, 40 cts. each.

Kaiserin Augusta Victoria

One of the most beautiful of all Roses for open-ground culture; it is a strong, healthy grower and as hardy as any of the Hybrid Perpetual Roses, while it blooms with unbroken continuity from early Spring until late frosts; in fact, it is as free blooming as any Tea Rose. Elegant pointed buds; large, full and double flowers. Color, delicate creamy white. Deliciously fragrant. As a cut flower it stands without a peer. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each.

Kaiserin Augusta Victoria

LIBERTY

Flowers magnificently formed, full, deep, double, with lovely fragrance. The color is deep crimson-scarlet. By keeping the buds pinched off until it has become well established most anyone should succeed with it, both in open ground and under glass. 25 cts. each; 3 for 65 cts.; 5 for \$1; two-year-old plants, 50 cts. each.

FRAU PETER LAMBERT

Color, dark rose, shaded salmon. Very desirable and a most handsome variety. 25 cts. each; two-year-old plants, 50 cts. each.

MISS KATE MOULTON.—This beautiful new Hybrid Tea Rose is in a class by itself in size of bloom and for its free blooming qualities. In color it is a beautiful light pink. Its habit is very robust, with heavy foliage. A grand Rose, both for forcing and outdoor garden culture. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

KANSAS CITY.—A cross between La France and Mrs. Whitney. The color is deep pink, 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

GROSSHERZOG VON OLDENBURG.—Color is a dark red; outer petals reflexed. Buds long and pointed. 25 cts. each; two-year-old plants, 50 cts. each.

CHARLES J. GRAHAME.—Color, dazzling orange-crimson. Its vigorous growth and large foliage, coupled with its unique color, makes it a very attractive Rose. 25 cts. each; 3 for \$1; two-year-old plants, 50 cts. each.

COUNTESS OF DERBY.—Blooms very large, perfectly symmetrical, with highly pointed center; color, center salmon, outer petals rose, passing to flesh veined peach as the flower expands. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

CRIMSON CROWN.—A marvelously free flowering Rose, each shoot terminating into clusters of from 6 to 9 blooms, which are produced in great profusion throughout the entire season. The color is brilliant, glowing, dark crimson, the base of each petal being distinctly zoned lemony-white. 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 50 cts. each.

MRS. JOHN BATEMAN.—Deep china-rose color with yellow at base of the petals. 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 50 cts. each.

MME. JENNY GILLEMOT.—Buds long and pointed, deep salmon yellow, opening canary with dark golden shadings. Blooms large, petals immense. 25 cts. each; 3 for 60 cts.; two-year-old plants, 50 cts. each.

MME. MELANIE SOUPERT.—Color, golden yellow suffused bright pink. 25 cts. each; 3 for 60 cts.; two-year-old plants, 50 cts. each.

COUNTESS OF GOSFORD.—Clear salmon pink, base of petals saffron; full and free. 40 cts. each; two-year-old plants, 75 cts. each.

QUEEN OF SPAIN.—Color, pale flesh, darker in center. A Rose of undoubted merit. 75 cts. each; two-year-old plants, \$1.25 each.

Triumph De Pernet Pere

CLARA WATSON.—The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. The buds are very beautiful, and are supported on long stems. The color is salmon pink.

ADMIRAL DEWEY.—A sport from Madame Caroline Testout, over which it is a great improvement in size of flower and color, which is a delicate shade of bright pink, shading to pure white. Superb.

ADMIRAL SCHLEY.—Color, rich, glowing, velvety crimson. Very bright and handsome. Makes elegant buds and splendid large, full flowers, delightfully sweet.

Mad. Abel Chatenay

This grand, new perpetual-blooming variety is of great beauty, and the best of its color; rosy carmine, shaded darker. Does remarkably well in open ground; flowers wonderfully beautiful, full, deep and double. Very hardy.

BEAUTY OF STAPLEFORD.—Bright pink color, shaded carmine; large size; full, perfect form; delightfully scented; a free bloomer.

MRS. OLIVER AMES.—Flowers are large, round and full, well filled; petals recurving, somewhat ruffled at the edges. Color, creamy white, suffused and shaded with pink; splendid foliage. Strong grower and free bloomer.

Triumph De Pernet Pere

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who considers this the triumph of his life. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious tea fragrance. Color, fine, clear magenta red, sometimes passing to bright crimson; very striking and beautiful.

PRINCESS OF NAPLES.—The flowers are very large, double and deep cup-shaped, with one petal closely overlapping the other; deliciously fragrant. The color is an indescribable satiny pink, shaded silvery rose. 25 cts. each; two-year-old plants, 60 cts. each.

ALICE ROOSEVELT.—This grand new Rose is a sport of **Mad. Abel Chatenay**. It is a very strong grower and free bloomer. Color is deep rose. Splendid for open-ground culture. 25 cts. each; two-year-old plants, 50 cts. each.

DEFIANCE.—Color, pure crimson-scarlet. Absolutely full and of large size. Free bloomer. 25 cts. each; two-year-old plants, 50 cts. each.

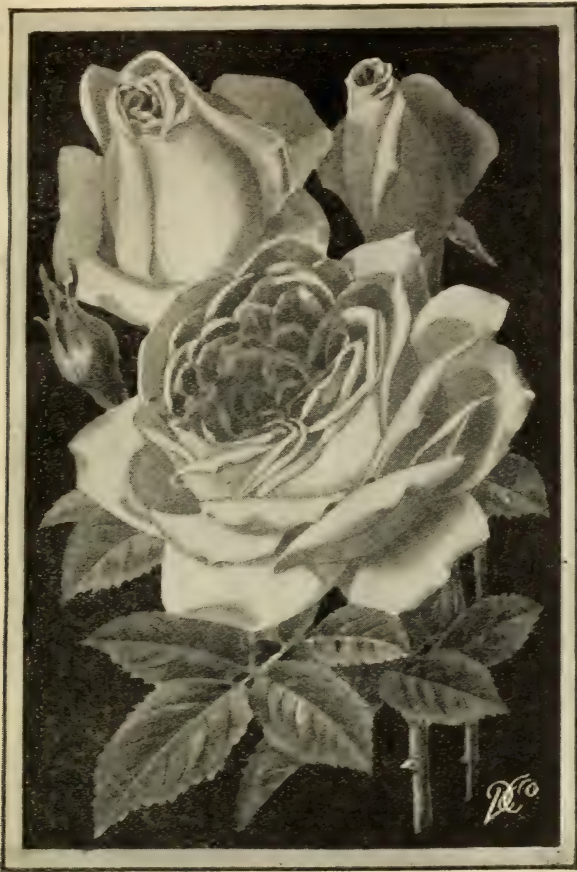

MRS. E. G. HILL.—Color, coral red with white center. Flowers large and full. 25 cts. each; two-year-old plants, 50 cts. each.

PEGGY.—Flowers exquisitely shaped, semi-double, claret-smearred saffron yellow—passing to pale primrose as it expands—blooms are borne in the greatest profusion. 25 cts. each; two-year-old plants, 50 cts. each.

Mad. Abel Chatenay

Price of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger size 20 cts. each; 3 for 50 cts. postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per doz., by express.

Bessie Brown

LADY JOY.—The flowers are nearly, if not quite, as large as American Beauty, cup-shaped, very double and open beautifully; deliciously fragrant. The color is new—a lively crimson; splendid foliage.

LA DETROIT.—The color is shell-pink, shaded soft rose, the outer petals cream color, with fragrance like Bon Silene.

MADAM BERTHE FONTAINE.—Pretty flowers, very large, half filled and fragrant. Color, bright rose.

MA TULIPE.—Semi-double flowers, and long tulip-like buds, borne with great freedom. The color is dark carmine-red.

RED CHATENAY.—An offspring of Mad. Abel Chatenay. One of the most popular Roses in cultivation; it differs from the parent only in color, which is red.

PERLE VON GODESBERG.—Sent out from Germany as a yellow Kaiserin Augusta Victoria, but with us has failed to prove a true yellow. It is a splendid Rose, however, and well worthy of a trial. The color is rich canary yellow, with light saffron shadings.

Bessie Brown

We call particular attention to this variety as one of the best that has ever been sent us from Europe. It is a Rose of wonderful beauty, totally distinct, bearing large, full, deep and double flowers on strong erect stems. Vigorous, with a hardy constitution, producing flowers profusely in the open ground all through the summer. The color is pure white, sometimes faintly flushed pink; petals enormous and well shaped. 20 cts. each; 3 for 50 cts.; larger plants, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 40 cts. each.

Meteor

Highly recommended for bedding and general planting, as well as for growing in pots and conservatories. The color is rich, velvety crimson, strong, exceedingly bright and striking; both buds and flowers are large, elegantly formed, fully double and borne on nice long stems. Vigorous and healthy; a constant bloomer; moderately hardy.

Prince of Bulgaria

Large, bright green foliage, with grand buds; flower very large and full. Outer petals superb rosy-flesh; inner petals lighter.

Bona Wellishott

Flower large and double. Color, rosy vermillion; center, orange red; very sweet. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

IDEAL.—Flowers about the color of Bridesmaid, but more rounded and full, like La France. It is a free and continuous bloomer, with exquisite buds; delightfully fragrant; splendid foliage.

CANADIAN QUEEN.—The flowers are very large, of splendid substance, very beautiful and in color light pink, lighter than Bridesmaid.

ADINE.—Flowers large, well filled and of graceful form. Color, orange yellow, passing into aurora rose, often yellow, white and carmine; very curious.

MAD. GEORGES BENARD.—Double flowers, with finely formed buds. Light rose in color, with silvery reflection on yellow ground.

PINK ROVER.—Of semi-climbing habit. The color is pale pink, deeper in the center of the flower. The open flowers have the delicate tints of Alba, or Maiden's Blush Roses. Exceedingly sweet. Hardy with protection.

LADY BATTERSEA (Red Niphetos).—The color is lovely wine-red, and we believe this to be one of the really meritorious new Roses.

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger plants, 20 cts. each; 3 for 50 cts., postpaid. Two-year-old plants, 35 cents each; 3 for \$1; \$3.50 per dozen, by express.

President Roosevelt

President Roosevelt

Introduced and Controlled by
The Dingee & Conard Co.

This splendid new variety is a rival of **La France, Duchess of Albany** and similar pink kinds, which it excels in freedom of bloom in the open ground. It is thoroughly distinct and is worthy of a high place among this charming class. It is the issue of numerous hybridizations from various seedlings and is the result of years of labor. It has a splendid constitution, rather dwarf habit of growth, and produces a great abundance of lovely buds and flowers all through the season. The flowers are finely formed, with petals of wonderful substance, full and double; color, bright, lively pink, which remains true to the last; fragrance similar to cherry blossoms. For sale only by us. **20 cts.** each; **3 for 50 cts.**; larger size, **25 cts.** each; **5 for \$1**; two-year-old plants, **40 cts.** each.

Montreal, Canada, May 10, 1907.

Dear Sirs:—The basket of Roses arrived safely and in the most beautiful condition. We are simply delighted and can only say that, but it does not describe half the pleasure and satisfaction we feel and have always felt in dealing with you. You will be interested to hear that all our last year's Roses but one came splendidly through the winter.

Yours sincerely,

MISS F. BROWN.

Madam Caroline Testout

Both flowers and buds are extra large and of very elegant form; the color is brilliant, satiny rose, deepening at center to clear red. A rose of great beauty. After thorough trial we recommend it as one of the best, if not the best, of the many new Roses recently introduced for outdoor culture. **15 cts.** each; **4 for 50 cts.**; **9 for \$1**; larger size, **20 cts.** each; **3 for 50 cts.**, postpaid; two-year-old plants, **35 cts.** each; **3 for \$1**; **\$3.50** per dozen, by express.

Mad. Schwaller

Blooms in large clusters; large globular flowers; fine salmon rose, finely edged with violet carmine; highly perfumed; a strong, healthy grower; a grand variety of that type which are far too few. **15 cts.** each; **4 for 50 cts.**; **9 for \$1**; larger size, **20 cts.** each; **3 for 50 cts.**, postpaid; two-year-old plants, **35 cts.** each; **3 for \$1**; **\$3.50** per dozen by express.

Helena Cambier

Medium size, very full and of varying colors, from salmon rose to coppery rose, very often a handsome saffron hue, becoming lighter as the flowers open. A beauty. **15 cts.** each; **4 for 50 cts.**; **9 for \$1**; larger size, **20 cts.** each; **3 for 50 cts.**, postpaid; two-year-old plants, **35 cts.** each; **3 for \$1**; **\$3.50** per dozen by express.

Aurora

One of the best varieties offered in this book. Better than **Champion of the World** in size of flower, freedom of bloom and vigorous growth. More like a Tea Rose than a Hybrid Tea Rose. Splendid foliage, free from disease. Grand flowers, large, full and imbricated. Center rich, bright pink, pale on the outside. A wonderful bloomer. **20 cts.** each; **3 for 50 cts.**; larger size, **25 cts.** each; **5 for \$1**; two-year-old plants, **40 cts.** each.

Dean Hole

Color, silvery carmine shaded salmon, absolutely distinct, and by far the finest in its way of color. Very free. Flowers large, of great substance and fine form; a variety of great excellence. **25 cts.** each; **3 for 60 cts.**; two-year-old plants, **50 cts.** each.

Poquonnock Bridge, Conn., April 27, 1907.

Gentlemen:—Some time ago I purchased from your firm your Trial Collection of 18 Roses for \$1.00. When I received the bushes my friends all said "you are stuck," but they all admit that I have the finest display on the line of the Street Railway, and it was nothing unusual for auto parties to stop and ask my children for a rose and inquire where we got such beautiful plants. For three years or more there was not a finer collection of roses in this section of the country. I did not lose any of the bushes, and there was not a day during the Summer, from the last of June until frost, that I could not go out and gather a large bunch for my friends.

Respectfully,

JOHN A MORGAN

"THE \$30,000 BEAUTY
QUEEN BEATRICE"

The \$30,000 Beauty — Queen Beatrice

This glorious new Hybrid Tea Rose is of American origin, and is easily one of the best Roses ever introduced. We are the first to offer this magnificent Rose to the American public, to whom we heartily recommend it as a wonderful all-around Rose. It is the result of a cross between **Mad. Abel Chatenay** and **Liberty**. The color is intermediate between the two parents; when first opening, it is much darker than **Bridesmaid**, and gradually fades to the beautiful silvery pink of **La France** when **La France** is at its best. The form of the flower resembles **Liberty** — large, full and double; fragrance exquisite. It is a strong, healthy grower and very free flowering — **producing four flowers to Bridesmaid's one!** A splendid keeper in its cut state, making it an ideal Rose for cut flowers. It is a splendid, hardy outdoor Rose. Indeed, one of the finest sights we have ever seen was a plantation of this grand Rose in the open ground, where it was literally a mass of bloom. \$30,000 was paid for the control of the original plants. It may well be called the Queen of pink Roses. 30c. each; 2 for 50c.; larger size, 40c. each; 3 for \$1.00, postpaid. Two-year-old plants, 60c. each; 2 for \$1.00; 6 for \$2.75; \$5.00 per dozen, by express.

Jersey City, N. J., May 16, 1907.

Gentlemen:—The Roses came all O. K., and what is more, we are all very well pleased with the plants sent us.

Very truly yours,

JOHN H. PALMER.

Virginia R. Coxe

or Gruss an Teplitz

The Sweetest and Most Vivid
Crimson Hardy Hybrid Tea
Rose in the World.

Introduced in America by Dingees

We were the first in America to introduce this wonderful new German Rose, and by special permission of the originator we named it in honor of Virginia R. Coxe, a talented American woman, a descendant of the famous Randolph family of Virginia. For intense, dazzling color there is no other Rose to compare with it. Large, handsome, moderately double flowers of splendid substance are produced in amazing profusion during the entire growing season; in fact, it is always in bloom. The color is fiery crimson, shaded with a dark velvety sheen, a color seen in no other Rose. The fragrance is perhaps the most delicious of any Rose in cultivation. A strong, sturdy grower, attaining a height of four to five feet, perfectly hardy in all sections, this is one of the finest Roses that has been sent from Europe in many years. Ours is the genuine stock secured direct from the originator.

Prices Strong plants
15 cts. each;
5 for 50 cts.; 10 for
\$1, larger size, 20 cts.
each; 6 for \$1, post-
paid. Strong 2-year-
old plants, 35 cts.
each; \$3.50 per doz.,
by express.

Dingee's
Roses are the Best.
Sure to Grow and Bloom.

"You cannot say too much in favor of Helen Gould and Virginia R. Coxe. The Virginia R. Coxe is four feet high and is as hardy as any Rose I have, and I have nearly 250 varieties."

CAPT. C. H. SNOW,
Baltimore, Md.

Why

we devote an entire page, which in this book is valuable, to this

Rose, is easily explained. We regard it as one of the most satisfactory and beautiful of all Roses, sure to please everyone who plants it, and as a SATISFIED CUSTOMER IS OUR BEST ADVERTISEMENT. We cannot speak too highly or devote too much space to this wonderful new Rose.

Thousand Beauties

(Tausendschön)

The Most Sensational Climbing Rose Yet Introduced. Not Even Barring CRIMSON RAMBLER. Imagine a Rose producing on the same bush so many different colored flowers that it is impossible to describe or even picture the variations. A single cluster of flowers is a bouquet in itself, hence the very fitting name, "Thousand Beauties." Blooming profusely from the beginning of June until the last of July, the flowers appear in large clusters, 10 to 15 in a cluster, are of splendid size and quite double. The colors run from delicate balsam or tender rose through the intermediate shades of bright rose and carmine, with white, yellow and various other indescribable tints showing. There is no other Rose in cultivation like it. It is a strong grower, with but few thorns, magnificent foliage, impervious against mildew and absolutely hardy in the open ground everywhere. It has created a veritable sensation, and has been awarded numerous medals. For climbing over porches, bowers, pergolas or trellises, or for single specimens or pyramids, it will please you from the day you plant it. We pronounce it the most remarkable rose of its kind in the world.

30c. each ; 4 for \$1.00 ; \$2.50 per dozen ; larger size, 40c. each ; 6 for \$2.00 ; \$3.75 per dozen, postpaid. Large two-year-old plants, on own roots, 60c. each ; 2 for \$1.00 ; \$5.00 per dozen, by express.

Color-plate illustration appears on back cover-page.

Climbing Clotilde Soupert Blooms All the Time!

This beautiful, hardy, ever-blooming, Climbing Rose is an offspring of that famous variety CLOTILDE SOUPERT, being identical with it, except that it is a most vigorous climber, small plants attaining a height in a single season of 15 to 25 feet, branching freely. Not excelled by any Rose in this book in vigor of constitution. It produces cluster after cluster of the finest formed flowers throughout the entire growing season—large, round, perfectly double, with beautifully imbricated petals, the odor of which is delicious. The color effect is indescribable—ivory-white, shading towards the center to silvery-rose. Needs no petting. Thoroughly hardy everywhere. A whole book could be written about the merits of this Rose, then it would not be over done. We guarantee it to please you.

15c. each ; 4 for 50c. ; \$1.25 per dozen ; larger size, 20c. each ; 3 for 50c. ; 7 for \$1.00, postpaid. Two-year-old, 35c. each ; 3 for \$1.00 ; \$3.50 per dozen ; extra-heavy 3 and 4 years old, 60c. each, by express.

CLIMBING
CLOTILDE SOUPERT

DEG

Climbing Meteor

Climbing Meteor

A superb new ever-blooming Climbing Rose. It is a sport from METEOR, famous for its magnificent flowers. It has the true climbing habit, attaining a height of 10 to 15 feet in a single season. It is a free, persistent bloomer, with magnificently formed buds and flowers, which in color are dark, velvety crimson, the equal of any Rose in cultivation. Hardy with protection, and will give absolute satisfaction. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

Gainesborough

Its delicate colors are hard to describe, being delicately tinted flesh, almost white and lustrous as satin. When in full bloom it resembles a large, fine, white Paeony, but without a suggestion of stiffness. An enthusiastic admirer compared the flower to a beautiful girl wearing a Gainesborough hat ornamented with white ostrich plumes, hence the name. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 35 cts. each; 3 for \$1, by express.

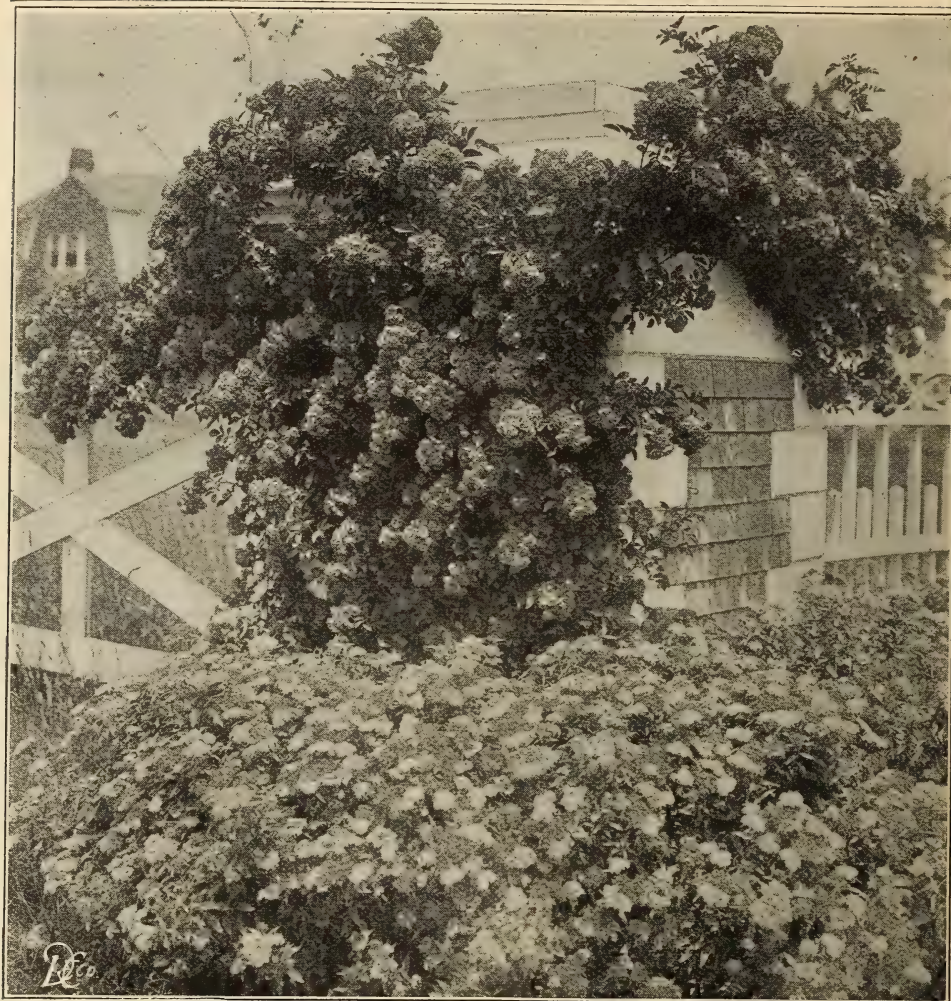

Ever-Blooming Prairie Queen

Among hardy Climbing Roses, **Prairie Queen** has long been considered the best of its color. In this ever-blooming variety we have something that is a vast improvement. It is a true perpetual bloomer, bearing flowers continuously throughout the entire season. The flowers are very fragrant, and in color dark carmine-rose; large and very double, borne in clusters. Perfectly hardy. Introduced and for sale only by The Dingee & Conard Co. 60 cts. each; 2 for \$1; two-year-old plants, \$1 each, by express.

BIRDIE BLYE.—A splendid new Pillar Rose. The buds are long and pointed. Color, bright carmine, changing to bright satiny rose as they open. The blooms are produced at the end of every shoot in clusters, quite double, intensely fragrant, over 3 inches in diameter. Foliage bright, glossy green. Perfectly hardy. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

HIAWATHA.—A new Rambler Rose. Flowers single, of a deep, intense crimson shade, petals shading pure white at the base. Foliage light, glossy green. A beauty. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

LA FIAMMA.—A grand new Climbing Rose with dark, glossy green foliage. Flowers are crimson and white, outer edge crimson, center white. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

CRIMSON RAMBLER Photographed on the estate of Thomas W. Lawson—Pink Baby Rambler in the foreground.

Everybody's Rose—Crimson Rambler

If there ever was a Rose that could be correctly termed the flower for the masses, it is **Crimson Rambler**. No matter what section of the country one may be in during June and July, this gorgeous crimson climbing Rose can be seen in all its glory, and the demand for it has but commenced. There is nothing to take its place, and it is so well known that a description is almost superfluous. One-year-old plants attain a height of 10 to 20 feet in a single season, and the second year they commence to produce in marvelous profusion large trusses of rich, glowing, crimson flowers. When in full bloom it is a vivid crimson mass of beauty. Absolutely hardy everywhere. Blooms during June and July. Equally desirable for growing in bush form by pegging it down or in pot plants, for which purpose it is grown for Christmas and Easter and sold at \$5 to \$50 each, according to the size of plant. No home where a Rose can be grown is complete without this wonderful variety.

15 cts. each; 4 for 50 cts.; \$1.25 per dozen; larger size, 20 cts. each; \$5 for \$1.00 postpaid. Two-year-old plants, 35 cts. each; 3 for \$1.00; \$3.50 per dozen; three and four-year-old plants, on own roots, extra heavy, now in pots, 80 cts. each; 2 for \$1.50; \$8.00 per dozen, by express.

Pink Baby Rambler

(Anny Mulley.)—We have grown a large stock of this splendid novelty, which is the companion of the **Crimson Rambler**, because of its great merit, especially in the open ground. For dwarf hedges, massing in beds or for single specimens there is nothing to equal it. It is always in bloom, from early Spring until severe frosts, producing in the greatest profusion, in large clusters, its shining, brilliant pink flowers, the plant being almost a mass of bloom. Valuable in pots; a great novelty. Grows about 15 inches high.

20 cts. each; 3 for 50 cts.; 7 for \$1.00; larger size, 25 cts. each; 5 for \$1.00, postpaid. Two-year-old plants, 40 cts. each; 6 for \$2.00; \$4.00 per dozen, by express.

The "Rambler" Roses

This family of Roses has become so popular everywhere, notably the famous **Crimson Ramblers** and **Dorothy Perkins**, that extended descriptions are not necessary. **Crimson Rambler** and its offspring, "**Philadelphia**," or **Dorothy Perkins**, is almost as necessary an adjunct to one's home as the furniture in it. Absolutely hardy everywhere; once planted, they are practically permanent.

PRICES.—All Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1, postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

Philadelphia Crimson Rambler

This variety differs from the old **Crimson Rambler** in having brighter, deeper and more intense color. Flowers perfectly double to the center, durable and of excellent substance. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express; extra large three and four-year-old plants, 75 cts. each, by express.

Dorothy Perkins

Flowers are borne in large clusters, are very double, with prettily crinkled petals; remarkably pretty pointed buds, beautiful clear shell pink in color, lasting a long time without fading. A magnificent Rose. (See illustration.) 15 cts. each; 9 for \$1; larger size, 25 cts. each; 5 for \$1, postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express; extra large three and four-year-old plants, 75 cts. each, by express.

LADY GAY.—A grand novelty. Flowers are of a delicate cherry-pink color, which fades to a soft white; deep green foliage. A vigorous grower and perfectly hardy.

CHRISTINE WRIGHT.—Large, thick, leathery foliage. Flowers, 1 inches in diameter; color, bright, clear pink, almost double; borne in large clusters. A very valuable Rose.

YELLOW RAMBLER (Aglaiia).—Flowers are deep golden yellow and very fragrant.

WHITE RAMBLER (Thalia).—Flowers pure white, sometimes tinted with blush; borne in clusters.

PINK RAMBLER.—Large trusses of brilliant light carmine flowers. Very popular.

ROYAL CLUSTER.—Double white flowers, with a rich, spicy fragrance.

THE GIANT ROSE.—Large, single flowers, 5 to 6 inches across. Color, pure bright pink.

CLIMBING WHITE PET.—Color, snow-white. Delicious fragrance, like cherry blossoms.

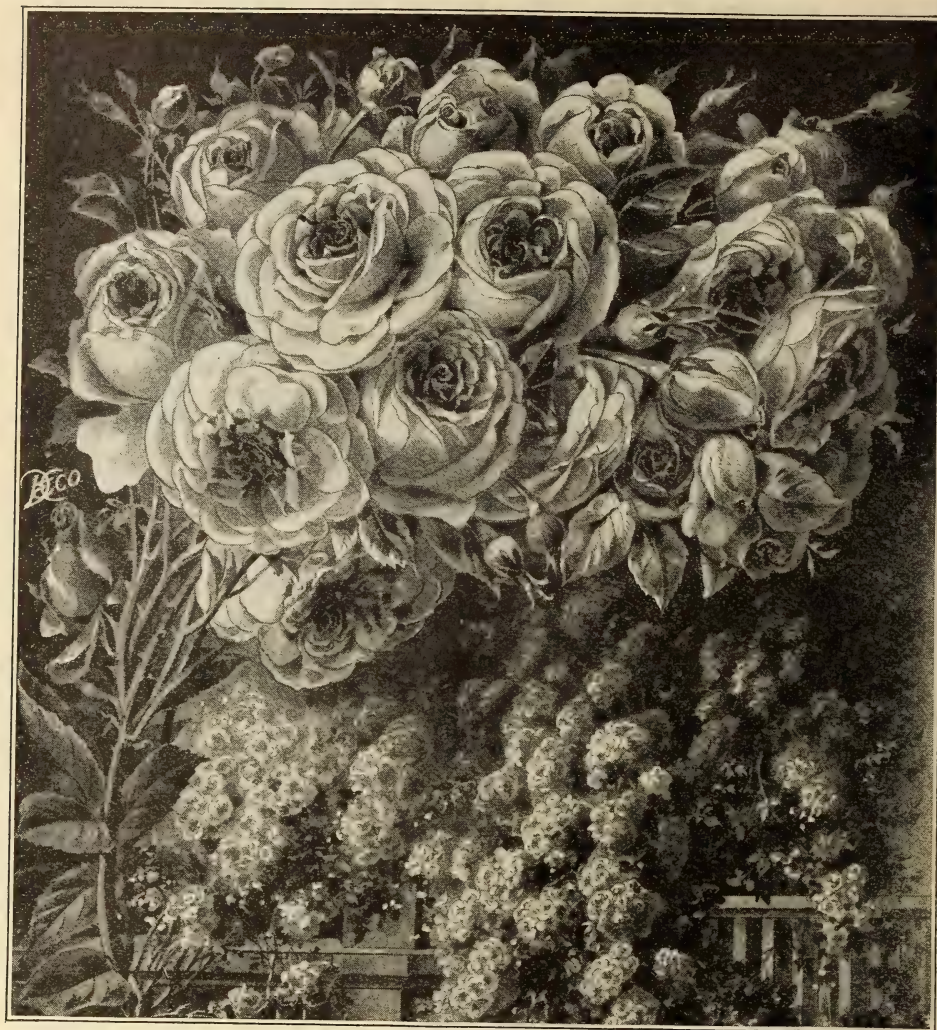

EMPERESS OF CHINA.—The "**Apple Blossom Rose**." Color, soft dark red, changing to lighter red or pink, like an apple blossom.

PSYCHE.—The color is white suffused with salmon-rose and pink, base of petals yellow.

HELENE.—Color, soft, violet-rose, base of petals yellowish white.

Rose, Dorothy Perkins (Thomas W. Lawson, financier, in foreground)

The First and Only Hardy, Ever-Blooming, Yellow Climbing Rose

“KEYSTONE”

Introduced by THE DINGEE & CONARD CO.

This great new Rose is the **first hardy, ever-blooming, Yellow Climbing Rose**. It has been thoroughly tested, and we will give but a brief enumeration of its strong points. It is a freer growing Rose than any other climbing variety in the list, is perfectly hardy everywhere, blooms with wonderful freedom, is absolutely impervious to insect attacks and has a vigor of constitution found in no other Rose. The open flower is perfectly double; buds beautifully formed; color deep lemon yellow similar to Coquette de Lyon. Fragrance delicious, like that of Magnolia blossoms. It readily attains a height of 15 feet in a single season, branching freely, and has withstood,

undamaged, in the most exposed situation, without protection. It possesses every feature that a good Rose should have, and the fact that it is free-blooming makes it almost indispensable.

“Your new Climbing Rose Keystone has grown from a small mailing size plant to enormous proportions. It not only grows up but out, a perfect octopus, which would be a better name for it than Keystone.”

Respectfully,

Asheville, N. C., Sept. 24, '07. MISS C. P. WALLACE.

 The original stock of “Keystone” is in our possession and you may depend upon securing the genuine stock from us. Strong one-year plants, 15 cts. each; 9 for \$1; \$1.30 per dozen; larger size, 20 cts. each; 3 for 50 cts. postpaid; two-year-old plants, 35 cts. each; 6 for \$1.75; \$3.50 per dozen, by express.

The
only White,
Hardy, Ever-
Blooming, Climbing Rose

Mrs. Robert Peary

Introduced and for Sale by THE DINGEE & CONARD CO.

Mrs. Robert Peary is an offspring of that great Rose, Kaiserin Augusta Victoria. We paid \$500 for the original plant growing in a four-inch pot, and considered it cheap at that price. It was named in honor of Mrs. Robert Peary, that intrepid woman who braved the perils of the frozen Northern desert with her husband in his attempt to reach the North Pole. We regard the name as a worthy tribute to American women in general, in whose honor we have dedicated this grand new Rose. It is a strong and rapid grower, without a weak spot, growing to perfection in the open ground, and throwing up numerous shoots 10 to 15 feet high. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe winters. Small plants bloom continuously throughout the season, not once or twice, but all the time, just as does its parent. The flowers are simply magnificent. No illustration will do them justice. They are the equals of the finest and most beautiful cut-flower Roses. Of splendid substance, extra large, full deep and double, they are produced on long stiff stems, like a forcing Rose. The buds are long and pointed, exquisitely modeled and gracefully finished, while the fragrance is nothing short of delicious. Is a quick-growing, absolutely hardy, sure-to-bloom Rose, and one that will give you flowers this season. This is the only pure white variety that will do it.

Mrs. Eli Brooks, Mayville, Mich., writes us :

"The Roses I got from you last Spring were just grand. Words cannot express the beauty of Mrs. Robert Peary. I have a great many fine Roses, but none finer than Mrs. Peary."

STRONG ONE-YEAR PLANTS, 20 cts. each; 3 for 50 cts.; 7 for \$1.00; larger size, 25 cts. each, 5 for \$1.00 postpaid. **STRONG TWO-YEAR-OLD PLANTS**, 40 cts. each; 3 for \$1; \$3.75 per dozen, by express.

CAUTION.—Be sure you get the genuine Mrs. Robert Peary; our stock is grown from the original.

Climbing Helen Gould

(Mme. Driout.)

**A Strong Growing, Beautiful, Free Blooming
New Climbing Rose**

Continuous Bloomer · Perfectly Hardy

WHO HAS NOT heard of the wonderful **Helen Gould** bush Rose (**Red Maman Cochet**), which we introduced in 1900? Acknowledged to be the queen of crimson garden Roses. This new variety we have named descriptively **Climbing Helen Gould**, because it is a reproduction of **Helen Gould**, except that it is a rampant climber. It will take its place as the **Queen of Ever-blooming Climbing Roses**. It has the same magnificent, deep, double flowers and freedom of bloom as **Helen Gould**, but is of splendid vigorous climbing habit. A sturdy grower: grand foliage. In color the flowers are warm rosy crimson, sometimes beautifully striped, flamed and shaded in bright carmine over pale rose. A Rose of extraordinary merit, and should be found in every garden. A trial will convince you. Hardy everywhere with ordinary protection. A superb novelty.

Strong plants, 20c. each; 6 for \$1.00; larger size, 30c. each; 4 for \$1, postpaid; two-year-old plants, 40c. each; 4 for \$1.50; \$3.75 per dozen, by Express.

The Dingee & Conard Co.,

Our **Helen Gould** Rose ordered from you two years ago had sixty buds and blooms on it at one time. All Roses received were good, strong plants. Sincerely,
Missouri.

BERNICE WALKER.

New and Rare Hardy Hybrid Rugosa Roses

This class of Roses is rapidly acquiring the popularity which we have for years predicted for them. We offer the most complete list to be had in this country, and to those who are not acquainted with these beautiful Roses they will come as a revelation. They are hardy in all sections of the United States, rapid growers, attaining a height usually of 5 or 6 feet. Their uses are almost innumerable. They make impenetrable ornamental hedges, splendid screens, and for single specimens, clumps and cemetery decoration they have no equals. By all means include some of them in your order.

Sir Thomas Lipton

MAD. GEORGES BRUANT.—The flowers are of large size, semi-double, and are produced with remarkable freedom in clusters of five. The deliciously fragrant buds are very beautifully formed—long and pointed. The color is pure glistening white. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each, postpaid; two-year-old plants, 35 cts. each; 3 for \$1.

replaced by small glossy red apples. 15 cts. each; 4 for 50 cts.; two-year-old plants, 30 cts. each; \$2.50 per dozen.

ROSA RUGOSA ALBA.—Identical with Rubra with the exception of color of flowers, which is pure white, maturing with golden fruit. 15 cts. each; 4 for 50 cts.; two-year-old plants, 30 cts. each; \$2.50 per dozen.

Sir Thomas Lipton

The best pure white Rugosa Rose. Strong and vigorous, grows 4 feet high. A splendid variety. Flowers perfectly double; pure snow white. Fragrant, borne on strong stems continuously throughout the season. Absolutely hardy everywhere. Splendid for hedging, cemetery and park work. A valuable addition. Strong one-year-old plants, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 40 cts. each. Large field grown stock now in six-inch pots, 75 cts. each.

CONARD FERDINAND MEYER.—Strong grower; perfectly hardy; flowers very large; well filled. Pure silvery-rose. Very fragrant. Strong young plants, 25 cts. each; two-year-old plants, 60 cts. each.

NEW CENTURY.—The flowers are large, perfectly full and double, borne in clusters; color, bright rosy pink with red center, with the petals widely bordered with creamy white. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

ROSA RUGOSA RUBRA.—The popular hedging Rose. The foliage is a mass of luxuriant glossy green. Flowers are large and single, produced continuously throughout the season. Color, crimson, and as the flowers mature they are

RARE MISCELLANEOUS ROSES

ENGLISH SWEETBRIAR ROSE.—Desirable for shrubberies and general planting; the flowers are bright pink and single; the fragrance of the flowers, leaves and young branches in the early Spring frequently perfumes the whole neighborhood and is truly delightful. Large plants, 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

HARRISON'S YELLOW ROSE.—The old-fashioned Harrison's Yellow Rose is one of

the finest, pure deep yellow, hardy Roses ever grown. Three-year-old field plants, very fine. 50 cts. each; \$5 per dozen, by express only.

THE CHEROKEE ROSE.—A strong, erect growing Rose, with deep, glossy, green leaves, and bearing large pure white Roses in great profusion; the flowers are double, very beautiful and wax-like. Moderately hardy. 20 cts. each; 3 for 50 cts.; 7 for \$1; two-year-old plants, 40 cts. each; \$4 per dozen.

The Cochet Set of Roses

Postpaid, 75 Cents.

5 Superb, New, Hardy Ever-Blooming Varieties

 If you want five of the finest hardy ever-blooming ROSES for out-door cultivation, varieties that will produce hundreds of superb flowers throughout the growing season, order the five COCHET ROSES. No matter where you live, they will give you perfect satisfaction. They are absolutely the best Roses in the world. (See Color Plate on following page.)

Pink Maman Cochet **The Queen of all Pink Garden Roses.** Such beauty and exquisite form as is possessed by this variety is well nigh marvelous. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two-and-a-half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Perfectly hardy in all sections of the country. The color is clear, rich pink, changing to silvery rose.

White Maman Cochet This most superb variety is identical with its parent Maman Cochet, except in color, which is snowy-white, sometimes faintly tinged with the slightest suggestion of pale blush. With the same freedom of bloom, magnificent form of buds and flowers, and hardness, it stands at the head of the list as the best white Rose for open-ground culture. It has the vigor of an oak, being hardy everywhere.

Price of Pink and White Maman Cochet—Strong one-year plants, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid. By express, 25 cts. each; 3 for 50 cts. postpaid. Two-year old plants, 30 cts. each; 4 for \$1; \$3 per dozen, by express.

Red Maman Cochet (Helen Gould) Grows in almost any soil or situation and produces its superb flowers in amazing profusion on long, strong shoots. For vigorous growth and freedom of bloom, better than American Beauty, and without a peer. The flowers are full and perfectly double, the buds beautifully made, long and pointed. Color warm, rosy crimson. Hardy everywhere.

Strong one-year plants, 15 cts. each; 4 for 50 cts.; 9 for \$1; \$1.25 per dozen; larger size, 20 cts. each; 3 for 50 cts. postpaid. Two-year-old plants, 40 cts. each; 6 for \$1.75; \$3.50 per dozen, by express.

Yellow Maman Cochet Our Grand New Rose This variety is absolutely the **Best Hardy Ever-Blooming Yellow Rose in Existence.** In the open ground, it is superb—a typical Cochet Rose, with its gracefully molded buds, magnificent open flowers, stiff, strong stems, heavy foliage, and with the vigor of growth and blooming capacity that has made the Cochet Roses the best of their class and color. It is identical in every way with Pink and White Cochet, except in color of flower, which is Deep Sulphur Yellow.

Strong one-year plants, 20 cts. each; 3 for 50 cts.; 7 for \$1; \$1.65 per dozen, larger size 25 cts. each; 5 for \$1, postpaid. Two-year-old plants, 40 cts. each; 6 for \$2; \$3.75 per dozen, by express.

Crimson Maman Cochet (Etoile de France) **The Queen of all Hardy Ever-Blooming Hybrid Tea Roses.** We have named this rose descriptively Crimson Maman Cochet, because its vigor of growth, stiff stems, heavy foliage, freedom of bloom, and its hardness fully entitle it to become a member of the Cochet family. It makes a fine upright bush, has but few thorns, and beautiful, deep bronzy-green foliage. It is as free flowering as any Tea or Polyantha Rose, bearing its massive, large, full, cup-formed flowers singly, on long, stiff stems; the color is new, clear, red or crimson velvet, brightening in the center; the flowers are of the most splendid substance, and exquisitely fragrant.

Strong one-year plants, 20 cts. each; 3 for 50 cts.; 7 for \$1; larger size 25 cts. each; 5 for \$1, postpaid. Two-year-old plants, 40 cts. each; 6 for \$2; \$3.75 per dozen, by express.

Special Offer

One each of Pink, White, Red, Yellow and Crimson Cochet, strong plants, postpaid for 75 cts.; two of each, 10 in all, \$1.25; larger size, one of each, 5 in all, for \$1, postpaid. One of each, two-year-old plants, 5 in all, \$1.50 by express.

 Please Order as the Cochet Set of Roses.

Princess Bonnie Set

Hardy in the North, Magnificent in the South. Bloom all the time.

12 Superb Free-Flowering Hardy Roses for \$1.00

splendid offer. If you would have twelve of the very choicest Roses in cultivation, varieties that are hardy and free-blooming—worth five times their number in cheap, unknown varieties, with little or no merit—we would strongly urge you to plant the **Princess Bonnie Set**. All hardy with protection.

Princess Bonnie.—Color solid crimson, deeper and more vivid than Gen. Jacqueminot; fragrance far sweeter than La France.

Pink Maman Cochet.—The color is clear rich pink, changing to silvery rose. Perfectly hardy.

Meteor.—Color is deep velvety crimson; exceedingly bright and striking.

Mad. Abel Chatenay.—This grand, new perpetual-blooming variety is of great beauty, and the best of its color; rosy carmine, shaded darker.

Perle des Jardins.—The color is clear golden-yellow, an indescribably rich and beautiful shade.

Henry M. Stanley.—A remarkable shade of clear amber rose, delicately tinged with fine apricot yellow.

Pearl Rivers.—Ground color ivory white. Petals delicately shaded and bordered with pale rose.

Princess Hohenzollern.—Color bright deep satiny red with pink center.

Queen's Scarlet.—A rich velvety scarlet.

Climbing Clotilde Soupert.—A climbing offspring of Clotilde Soupert and one of the grandest Roses in cultivation; double flowers of a magnificent ivory-white shading towards the center to silvery rose.

Virginia.—Color a light yellow with a tinge of saffron at the center.

Pink La France.—Both flowers and buds are of grand size; the color is a lovely shade of silvery pink, tinged with crimson; delicious fragrance.

Special Offer For \$1.00 we will send, postpaid, one each of the twelve splendid strong one-year-old new Roses described above; one each larger size, \$1.50, postpaid. For \$3.00 we will send by express at purchaser's expense, one each of the twelve Roses described above strong, two-year-old plants, on own roots.

No finer specimens will be found in this country, and this low price beats all others.

PLEASE ORDER AS "PRINCESS BONNIE SET."

No matter where you live you can't go wrong in planting this collection of Roses. It represents great value for little money. For earliness and freedom of bloom, beauty of buds and flowers both in form and color, as well as for strong, uniform growth, hardiness, constancy and profusion of bloom, they are the best among the Ever-Blooming Roses. This collection will appeal to the beginner in Rose culture whose knowledge of varieties is limited. If you want a continual supply of flowers the entire season, plant the **Keystone Collection**. Hardy with protection. Plant one-year-old Roses liberally. They are sure to be satisfactory.

Keystone.—The only hardy ever-blooming yellow Climbing Rose. A rampant grower, very free blooming, bearing graceful, perfectly double flowers, resembling Clotilde Soupert, the color of which is deep, solid lemon yellow.

Aline Sisley.—The color is a rich, rare shade of violet red, brightened with crimson maroon.

The Queen.—Flowers large, double and beautifully formed. Color pure, snowy white.

Etoile de Lyon.—Magnificent rich golden yellow; a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late.

Triumph de Pernet Pere.—Color fine, clear magenta red, sometimes passing to bright crimson; very striking and beautiful.

Mme. Eugene Marlitt.—Flowers large, very double and full; bright, rich carmine red; does not fade or bleach, but continues bright and beautiful a long time.

Keystone Set

The Best Ever Offered for Outdoor Planting

12 Hardy Ever-Blooming Roses for \$1.00

Strong and vigorous, grows 4 feet high. A splendid variety. Flowers 3 to 4 inches across, perfectly double; pure snow white.

Sir Thomas Lipton.—The best pure white Rugosa. Strong and vigorous, grows 4 feet high. A splendid variety. Flowers 3 to 4 inches across, perfectly double; pure snow white.

Comtesse Riza du Parc.—Coppery Rose, tinged and shaded with soft blush.

White Maman Cochet.—This superb variety is identical with its parent, Maman Cochet, except in color, which is snowy white, sometimes faintly tinged with the slightest suggestion of pale blush.

Mad. Jules Grolex (Red Kaiserin Augusta Victoria).—An exceedingly free-blooming variety, with very large, bright, finely formed flowers. Worthy of a page description. Color a distinct and charming shade of cherry red.

Clotilde Soupert.—The coloring effect is grand—ivory white shading toward the center to silvery rose.

Mad'elle Cecil Berthod.—Magnificent in size and color. Very beautiful both in bud and flower, which is a deep golden yellow.

Special Offer For \$1 we will send to any address, one plant each of the 12 vigorous, strong one-year-old Roses described above; one each larger size, \$1.50 postpaid. Two-year-old Plants.—For \$3.00 we will send by Express, at purchaser's expense, one each of the 12 varieties described above, strong, two years old, on own roots. **PLEASE ORDER AS "KEYSTONE SET."**

NOTICE.—Our two-year-old Roses deserve special mention; they are unusually strong and vigorous; as fine as we have ever grown.

The Famous Soupert Roses Always Blooming

From the day they are planted these famous varieties will give absolute satisfaction. Hardy everywhere. They bloom continuously the first and every year from early May until severe freezing weather. We have seen them blooming in the open ground even after a severe snowstorm. No other Roses like them; certainly none better. Try them on our recommendation.

PRICES.—Strong plants, 10 cts. each; any 5 for 50 cts.; 12 for \$1; 25 for \$2; larger size, 15 cts. each; 5 for 60 cts.; 9 for \$1, postpaid; \$6.50 per 100, by express; two-year-old plants, 30 cts. each; \$3 per dozen, by express; one of each, 5 in all, for \$1.35.

RED SOUPERT (Ma Petite Andree)

The first and best of its class. A most useful Rose. An unusually strong grower, dwarf and compact, producing large, full, double flowers in amazing profusion. Color, brilliant crimson.

Our photograph shows the wonderful results of a bed of SOUPERT ROSES

CLOTILDE SOUPERT

Known the world over and is one of the very best of all Roses. A strong, dwarf grower and a truly wonderful bloomer, producing cluster after cluster of the finest formed flowers. In form, they are perfectly full and double and deliciously sweet. The color effect is new and beautiful—ivory-white shading toward the center to silvery rose. Has no superior in the open ground. Hardy everywhere.

PINK SOUPERT

Identical with *Clotilde Soupert*, except in color of flower, which is clear, lively pink, and at a distance resembles a carnation. Has the same stock, sturdy habit of growth, blooms as free, with large, handsome flowers, same form as *Clotilde Soupert*.

YELLOW SOUPERT (Mosella)

Everybody's Rose. The flowers are very double and of the same Camellia-like form as *Clotilde Soupert*, and are produced in immense clusters; buds exceedingly dainty. A strong, upright, bushy grower. Color, white on beautiful light yellow ground; center, chrome yellow.

WHITE SOUPERT (Clotilde Pfitzer)

The genuine *White Soupert*. Identical in every way with *Clotilde Soupert*, except in color, which is ivory-white. Free blooming and hardy. A new and valuable addition to this family.

Special Offer

One each of the 5 beautiful Soupert Roses, one-year-old plants, 50 cts. each; larger size, 60 cts., postpaid; two-year-old plants, 5 in all, \$1.35, by express.

New and Rare Roses of Recent Introduction

On pages 38 and 39 inclusive, are offered all new Roses of merit introduced during the past few years up to 1908, not only in this country but in Europe. This grand collection emphasizes the zealous efforts put forth by ourselves and our foreign agents that we might secure the newest, best and prettiest Roses in the world. These, as well as all our Roses, are ON THEIR OWN ROOTS, and are therefore far more valuable than budded or grafted plants with which the country is flooded. Many of these varieties are from the original stock, which we control, and cannot be had elsewhere in America. If you have any misgivings as to the beauty and merit of the newer varieties, set such aside and give them a trial. Their remarkable beauty, form and color effects will astonish you.

NEW EVER-BLOOMING TEA ROSES

Albertine Borguet.—Color yellow mauve; canary-yellow center.

American Perfection.—Color light pink, shading deeper towards center.

Auguste Compté.—Color rose-red, outside petals carmine red with broad border of deeper color.

August Wattine.—Color light brick red on yellowish ground.

Baronne Henriette Snoy.—Color carnation, center streaked with yellow; outside creamy rose.

Caroline Fochier.—Flesh colored rose with bright salmon center.

Catherine Gerchen-Freundlich.—Color rose, marble red, passing to crimson on border of petals.

Clara Barton.—Color flesh pink, deeper in center.

Compté Amede De Foras.—Color rich China rose with orange-copper and peach-pink shadings.

Dr. Favre.—Color magenta red; center carmine.

Empress Alexandra of Russia.—The buds are bronzy salmon; open flower rich lake red, shaded with orange and fiery crimson.

Frau Therese Gluck.—Color, outer petals dark red; center a peculiar rose.

Furstin Hohenzollern Infantin.—Color lilac rose on saffron-colored ground.

General Billot.—Color, outer petals violet amaranth, reflexed with amethyst, center purplish crimson.

Glorie De Deventer.—Creamy white; reverse of petals rosy; center deeper.

Graziella.—Color is creamy white, clouded with faint blush.

Hovyn de Tronchere.—Color light red on golden yellow ground; edge of petals silvery rose.

Isaac Demole.—Large, finely formed dark carmine flowers of exceeding beauty.

Lady Dorthea.—Fine grower and produces large handsome flowers similar in form to Perle des Jardins; of various colors, outside petals deep peach and flesh, inside soft fleshy pink.

Leonie Lamesch.—Color coppery red; center brilliant yellow.

Leonie Oesterreith.—Brilliant porcelain color, shading to very light yellow in the center.

Lucie Faure.—Color ivory white on amber ground.

Madam Barriglione.—Color coppery carmine rose.

M. Ada Carmody.—The ground color is ivory white, beautifully tinted and edged with various shades of pink.

Mad. Gustave Henry.—Color lively copper rose, tinged with golden yellow.

Madam Gevelot.—Flower very large and of changeable color; light salmon, shaded with rose and yellow; center petals peach.

Madam Grenville Gore-Langton.—Superb yellow climbing Tea Rose with long, finely formed buds and double flowers; color coppery yellow, base of petals fiery red; interior of flower carmine.

Madam Husson.—Color chamois orange with pure white flush.

Madam Lucien Coulon.—Color flesh rose, flushed with coppery yellow.

Madam Von Siemens.—Color flesh rose, very beautiful.

Madam Dorier.—Color bright carmine, blending to chamois.

Madam Vermoral.—The color is light peach, shaded creamy white.

Mlle. Jean Dupuy.—Color golden yellow, passing to reddish-orange, petals bordered with rose.

Marquis de Querhoent.—The color is beautiful china-rose, copper-salmon and golden yellow.

Marie Calvat.—Color outer edge of petals soft rose, passing to ivory white; center delicate pale pink.

Maman Loiseau.—Color sulphur-yellow, passing to creamy white, with peach-rose center.

Marie Soleau.—Color silvery rose, beautiful bud and foliage.

Meriam de Rothschild.—Color rose, edged with silvery white.

Mlle. Anna Charton.—Color creamy white, shaded carmine.

Primrose.—The color is soft primrose-yellow, with petals of shell pink.

Princess Alice de Monaco.—Creamy white on the outside of petals, with a faint rosy flush on the edges.

Souv. De Leonie Viennat.—Color Jonquil yellow with amber in base.

Souv. d'Emile Peyrard.—Color pearl white; outer edge soft rose.

Winter Gem.—Color an exquisite shade of lovely creamy pink.

Prices of all Roses on this page, strong one-year-old plants, 15c each; 4 for 50c; 9 for \$1.00; larger size, 20c each; 3 for 50c. postpaid. Two-year-old plants, 30c each; \$3.00 per dozen by express.

NEW BOURBON, BENGAL AND CHINA ROSES

Bardou Job.—Large, rich crimson flowers, shaded with black.

Boursalt Rose—Gracilis.—A hardy Climbing Rose. Blooms in immense clusters; flowers a bright rosy red.

Caroline Marniesse.—The blossoms are blush white, small, but full; borne in very pretty clusters.

Maddalena Scalarandis.—Color rich dark pink on yellow ground.

J. B. M. Camm. Pure pink flowers, produced in great profusion.

Red Hermosa.—The color is bright rosy red.

Striped Malmaison.—(Bertha Clavel). Color, creamy white with rose center; petals striped violet and light rose.

NEW AND RARE WICHURIANA ROSES

All are new Wichuriana Hybrids of American origin, hardy in all sections, and are literally Tea Roses with climbing habit and undeniable hardiness. All bloom in clusters and we recommend our patrons to give the entire collection a trial.

Wherever a hardy, vigorous climbing Rose can be used they will prove exceedingly satisfactory.

Crimson Roamer.—Color richest crimson red imaginable, with yellow stamens.

Debutante.—Beautiful soft pink flowers, borne in clusters.

Edwin Lonsdale.—Flowers 2 to 3 inches in diameter, double; pale lemon white; delicate Tea fragrance.

Farquhar.—Magnificent clusters of bright pink, double flowers on long stems; bright, glossy green foliage.

Improved Universal Favorite.—Color a brilliant, bright, shining pink.

John Burton.—Flowers of medium size, very double; of a delicate peach color.

Lynch's Hybrid.—Color bright pink.

Pink Pearl.—Bud beautiful rich crimson, open

flower perfectly double; color beautiful pearl pink with yellow stigmas.

Prof. C. Sargent.—Very rich deep golden yellow in bud.

Red Memorial.—Color brilliant carmine red.

Robert Craig.—Color yellow, shaded with apricot, deepening in the center.

Sweetheart.—The color is bright pink, but shaded blush white when fully expanded.

White Star.—Beautiful single white flowers with yellow stamens.

Wm. C. Egan.—Large flowers; color a beautiful shade of rose.

Wm. F. Dreer.—Flowers creamy white bordered with bright rosy pink; open flowers pure white.

Wm. K. Harris.—Flowers pale flesh color, double to the center.

NEW HYBRID POLYANTHA ROSES

Etoile de Mai.—The buds are beautiful nankeen yellow, changing to creamy white, with lemon center in the open flower.

Eugenie Lamesch.—Buds pure, bright ochre yellow, passing into light yellow.

La Prosperine.—Flowers peach red, center chrome-orange.

Ma Fillette.—Color peach-red on yellow ground; center brilliant carmine. Blooms in clusters.

Petit Constant.—Color capuchin-red and carmine, with orange and aurore reflection.

Polyantha Grandiflora.—Produces large panicles of white bramble-like semi-double flowers.

Shower of Pearls.—Exquisite snow-white, single flowers, borne in lovely sprays like showers of pearls.

Snowball.—Produces its snow-white camellia-like blossoms in clusters of 25 to 50.

NEW CLIMBING TEA AND NOISETTE ROSES

Allister Stella Gray.—Color light yellow. Flowers of medium size produced in clusters; fragrance very sweet.

Carmine Pillar.—The color is a delightful shade of bright rosy carmine. Perfectly hardy.

Climbing Bridesmaid.—Beautiful clear, dark pink flowers, which in the bud and when fully open are simply superb.

Climbing Cecile Brunner.—Color rosy pink, rich creamy white ground. Hardy with protection.

Climbing Malmaison.—Color rich, creamy, flesh shaded, clear, peachy rose, with rose center. Hardy with protection.

Climbing Marie Guillot.—Color pure snow-white, sometimes faintly tinged with pale yellow.

Elie Beauvilain.—Lovely flowers of salmon color, much after the style of Gloire de Dijon.

Fanny Stolwerck.—Color yellow and salmon rose, shaded with peach and reflexed with copper; buds coppery carmine.

Jene Andre.—Good-sized orange-yellow flowers that shade darker towards the center.

Madam Wagram.—A Climbing Paul Neyron. Color fresh satiny-rose, passing into fleshy and Chinese red.

Pillar of Gold.—Color rosy-pink, base of petals yellow.

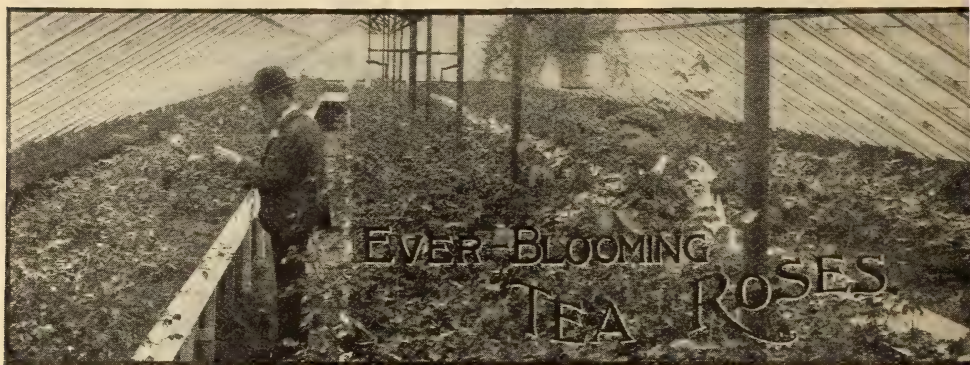

Queen Alexandra.—Flowers are produced in large clusters, very beautiful, deep pink, creamy white center. Perfectly hardy.

Striped Reine Marie Henriette.—Beautifully striped, flamed and shaded in bright carmine and very pale rose. A superb novelty. Perfectly hardy.

White Marechal Niel.—This variety is identical with its parent, Yellow Marechal Niel, with the exception of the color of the flower, which is pure white. Should be carefully protected in the North.

Zepherin Drouat.—Flowers very large and double, of fine, bright rose color. Blooms freely.

Price of all Roses on this page, strong one-year-old plants, 15c each; 4 for 50c; 9 for \$1.00; larger size, 20c each; 3 for 50c postpaid. Two-year-old plants, 35c each; 3 for \$1.00; \$3.50 per dozen, by express.

Greenhouse View.

FOR general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year, from early Spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance. Hardy everywhere in open ground with protection of litter, leaves, evergreen boughs or similar material. Plant liberally of one-year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Any one can succeed with them.

Dingee's Roses Have Made West Grove Famous

Not only do we offer the largest and most complete collection of Roses in America, but we do more—we offer the highest quality at the lowest prices, which is more important to the buyer. We claim for our stock that it is better grown than any other, and therefore success is almost certain with Dingee's Roses. We do not believe it possible to grow good Roses in a pot less than two and a half inches in diameter. Many of our one-year old Roses are grown in three-inch pots. It costs more to grow such plants, but a lifetime's experience has taught us that **what is good for customers is good for us.** Such stock as we offer is far superior to Roses grown in one-and-a-half and two-inch pots. Our prices are low—our stock the **best.** For the season of 1908 we have the finest as well as the largest stock of Roses we have ever had. **You have a stock of over one million plants to choose from.**

VARIETIES OF SPECIAL MERIT

10 cts. Each

for all Roses offered on this page, except where noted; any 6 for 50c.; \$1 per dozen, larger size 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

Aline Sisley One of the Best

This is a splendid free-flowering, strong-growing, dark-colored Tea, and beyond a doubt one of the most satisfactory varieties for open ground culture, where it grows to perfection. The flowers are very large, full and double. The color is a rich, rare shade of violet red, brightened with crimson maroon. The fragrance is exceedingly sweet, and more pronounced than is found in most Teas. It blooms with wonderful freedom. A grand red variety, and one we think a great deal of.

Andrew Schwartz "Ever-Blooming Jack"

Since its introduction this Rose has been known as the "true Tea Jacqueminot" because of its striking resemblance to that famous variety. The flowers are beautifully made, being large, full and of excellent substance. The color is brilliant, glowing scarlet, passing to rich crimson, very bright and strikingly beautiful. It is a strong, sturdy grower and a constant and profuse bloomer. It cannot be surpassed in open ground.

Anna Oliver A Superb Free-Blooming Rose

A strong, vigorous grower, succeeding in almost any situation; indeed, we believe this to be one of the best varieties—old or new—for general cultivation. The flowers are extra large, with a full double form and splendid substance; color lovely creamy blush (buff) shaded with deep carmine, beautifully tinged and edged with silvery rose; very fragrant. Good in every way.

Bon Silene A Grand Old Rose

This remarkable Rose was introduced in 1839, and up to this time no new variety has superseded it, a fact that bears ample testimony to its valuable qualities. It is superb in every way. Perhaps the most noted feature is the immense size and beauty of its buds, which cannot be surpassed for bouquets and decorative purposes. The color is deep rose, sometimes bright rosy crimson, occasionally pale light rose. In the open ground it grows to perfection, producing crop after crop of its beautiful flowers in unbroken continuity, from early Spring until late in Autumn. Of all the Teas there are none better.

Gen. Robert E. Lee

A fine new Rose of great value to the general planter. It grows with great vigor, and is one of the Roses that is valuable the whole year round. It produces its lovely flowers so freely that in this respect it ranks among such Roses as Princess Bonnie and Clotilde Soupert. The flowers are large, full and double; both in bud and full-blown flower they are beautiful. Color, orange yellow, and as the weather becomes cooler the shade deepens until it reaches rich salmon tints. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts.

Burbank

A formidable rival of Champion of the World, bearing in great profusion cherry-crimson flowers deep and durable, and of large size; very fragrant.

Coquette De Lyon

This exquisite variety is unquestionably one of the finest yellow Tea Roses in cultivation for open-ground culture. The color is a pure canary yellow—wonderfully beautiful and distinct. The flowers are extra large, finely formed, deep and double. The buds are exceedingly graceful—long and pointed. Unlike some yellow Roses, it is a strong, vigorous grower and a constant and steady bloomer.

Albert Stopford

An improved Bon Silene, and, like it, is superb in every way; very vigorous and free-blooming, growing to perfection in the open ground, producing its beautiful flowers in great profusion. The color is dark crimson rose, very attractive and pretty.

Alliance Franco-Russe

A strong sturdy grower and free bloomer, with flowers that are large, double and of the best substance, beautifully formed, while the color is rich yellow without a blemish. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts.; two-year-old plants, 35 cts. each.

Charles Legrady

This splendid Rose is almost unexcelled for general planting, particularly for bedding purposes; color, fine chamois red, richly shaded with violet crimson; very sweet and a constant bloomer.

Beaute Inconstante

This is by all odds the most remarkable Rose we have ever seen. It is odd, unique and beautiful. A single bush will bear at the same time flowers of various colors, ranging from orange to capuchin red and carmine, making the appearance that of a number of varieties blooming at once. The buds are particularly beautiful, large, pointed and well made; when opening they are perfect, splendid for cutting. Specially fine for open-ground culture, where its variable flowers are produced continually throughout the season. Will excite admiration wherever seen. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts.

Beryl

The flowers are finely made, large, full and fragrant. The color is deep apricot or coppery yellow; rich and absolutely distinct, so peculiar as to be indescribable. The flower presents a lively contrast with the foliage, which is especially good. 20 cts. each; 3 for 50 cts.; 7 for \$1. Two-year-old plants, 40 cts. each.

Bougere

Anyone who has seen this grand old sort growing in open ground will agree with us that it deserves the brightest words of praise we can give it. The flowers are unusually large, deep, full and double; they are supported on long, stiff stems and are produced in bountiful abundance throughout the growing season. In color, they are bronze rose or violet crimson, delicately shaded with lilac; exceedingly sweet, remarkably hardy.

Catharine Mermet

A very beautiful Tea Rose, valued highly for its elegant buds; color, clear shining pink, with delicately shaded amber and fawn center; large globular flowers; one of the very finest varieties; a strong, healthy grower and a good bloomer; equally desirable both for open-ground planting and forcing under glass.

Duchess De Brabant

This variety unites in a pronounced degree the highest attributes of a garden Rose, being very vigorous, never fails to produce flowers, healthy, rarely diseased in any way, produces large, full blossoms, beautiful in bud or open flower, and delightfully fragrant. The color is an attractive shade of soft, rosy pink, deepening to bright rose.

10 cts. Each

for all Roses offered on this page, except where noted; any 6 for 50 cts.; \$1 per dozen, larger size 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

Golden Gate

The White House Rose

This magnificent Rose, an introduction of ours, has attained phenomenal publicity, and owing to its great beauty it has been used almost exclusively in the decorations of the great functions at the White House, hence the popular name. Without seeing it, it is impossible to form an idea of its immense size and the beautiful combination of colors. It is large, full and finely formed, with exquisite, long and beautiful buds. Color, rich, creamy white, delicately tinged with golden yellow and clear rose, making a flower of indescribable beauty. Splendid in the open ground. A magnificent variety. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid. Two-year-old plants, 35 cts. each; \$3.50 per dozen, by express.

Highland Mary

Flowers full and double and exceedingly sweet. Blooms beautifully cut, each petal being white, with delicate lemon tinge, bordered with a delicate band of pink; very difficult to describe. Hardy everywhere with ordinary protection. 15 cts. each; 4 for 50 cts.; 9 for \$1; two-year-old plants, 35 cts. each.

Beauty of

Rosemawr

A splendid hardy ever-blooming Tea Rose of unusually healthy habit of growth, forming a compact, vigorous bush; blooms all the time. Flowers large, delightfully fragrant, perfectly double. Color, rich carmine-red, finely veined with creamy white. A garden rose of unusual merit. 15 cts. each; 4 for 50 cts.; 9 for \$1; two-year-old plants, 35 cts. each.

Christine De Neve

A constant and very free bloomer; the flowers are large and handsome; buds long and finely pointed; color, clear, rich maroon or deep purplish red, center sometimes streaked with silvery white; the petals are finely imbricated; flowers deliciously sweet.

Comtesse Dusy

Flowers extra large, full, deep and double; beautiful buds and flowers magnificently formed. Color, pure satiny white. A strong grower and free bloomer. 15 cts. each; 4 for 50 cts.; 9 for \$1; two-year-old plants, 35 cts. each.

C. P. Strasheim

A strong growing summer blooming Tea Rose; always in bloom. Flowers large, full and double. Color, primrose yellow, almost white, giving the flower a very finished and distinct appearance. 15 cts. each; 4 for 50 cts.; two-year-old plants, 35 cts. each.

Dorothea Soffker

The pearl of New Tea Roses. Flower very large, full and of noble build. Color, creamy white with yellowish tint. 25 cts. each; two-year-old plants, 50 cts. each.

Try DINGEE'S Roses

Always the
Best

Golden Gate

Abbe Garroute

A new Tea Rose of vigorous growth; flowers very large, full and of rounded form; color, copper yellow, rosy carmine interior, bordered China rose. A decided novelty. 20 cts. each; two-year-old plants, 40 cts. each.

Etoile de Lyon

Magnificent Golden Yellow Rose

This magnificent Tea Rose is rich golden-yellow; a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late; the flowers are very deep, rich and full, excellent substance, full and sweet; surely one of the best and most beautiful Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection; blooming nicely all through the hottest part of the Summer.

10c. Each

for all Roses offered on this page, except where noted; any 6 for 50c.; \$1 per dozen, larger size, 15c. each; 4 for 50c., postpaid. Two-year-old plants, 30c. each; \$3 per dozen, by express, at purchaser's expense.

La Princess Vera

Without doubt this is a grand Rose for general planting, particularly for bedding in the open ground. The flowers are large, finely made and open beautifully; when fully open there appears to be a flower within a flower, so perfect is the form. The color is rich ivory-white, shaded and veined with fine coppery yellow, and delicately penciled with pale blush. A truly grand and beautiful Rose, and one that by virtue of its great excellence ranks among the best in cultivation.

Cornelia Cook

A rapid, strong-growing variety, with splendid foliage, that rarely suffers from the attacks of insects. For outdoor cultivation it is hard to beat. The flowers are borne with great profusion, and in form, size and substance have every feature to make them desirable; they are perfectly double. The color is pure, creamy white, sometimes faintly tinged with pale lemon and blush. Indeed, this is a most beautiful Rose.

Duchesse Marie Salviati

This is a grand Rose of an attractive color, beautiful chrome yellow, elegantly tinged with orange passing to buff, prettily flushed with pale rose; buds and outer petals exquisite orange red. The flowers extra large, quite full and very sweet. It is particularly good in open ground, being quite hardy, a free and constant bloomer and a sturdy, vigorous grower.

Devoniensis

The Charming Magnolia Rose

We doubt if there is scarcely anyone who does not know of the beauty of this famous old favorite. There is no other variety like it and none more beautiful or desirable. If there is one variety more than another that we are partial to, it is Devoniensis. It is fine anywhere. Planted outdoors it gives an abundance of its beautiful flowers all through the season. The color is a lovely creamy white with rosy centers, large, very full and double, and deliciously scented. This is the one Rose that should be seen in every garden.

Frances E. Willard

A strong and vigorous grower and true ever-bloomer. Pure snow white buds and flowers are of the largest size and perfect form. Exceedingly fragrant. 15 cts. each; 4 for 50 cts.; two-year-old plants, 35 cts. each.

Enchantress

Blooms with astonishing freedom, bearing its large, globular flowers in immense clusters; it is as free blooming as any Rose in our collection. The color is creamy white, slightly tinged with buff in the center; vigorous growth; splendid, both in pots for late Autumn and Winter blooming, as well as for general planting in the open ground during Summer.

Enfant De Lyon

The Sweet Anise Rose

The flowers are much admired, both for their color and the distinct Sweet Anise fragrance, peculiar to this variety. In color, the flowers are a beautiful creamy rose, delicately shaded with coppery yellow; the fragrance is delicious and novel.

Freiherr Von Marschall

Freiherr Von Marschall

A magnificent new Tea Rose, with the most beautiful foliage we have ever seen. Flowers are large, beautifully shaped, double and full, borne in wonderful profusion all through the growing season. The color is bright red, one of the brightest, if not the very best red Tea Rose in existence. Fine, long, well-shaped buds. As an outdoor Rose it has no superior. 20c. each; 3 for 50c.; 7 for \$1.00; larger size, 25c. each; 5 for \$1.00, postpaid. Two-year-old plants, 40c. each.

Marigold

A free blooming yellow Tea Rose, with dark, leathery foliage. The petals are prettily edged with red; extremely free in growth and bloom, and deep in color. 20 cts. each; 7 for \$1; two-year-old plants, 40 cts. each.

Empress Eugenie

This Rose is a prime favorite, and should have a place in every garden. It is hardy, a strong thrifty grower, and profuse bloomer. The flowers are a deep rich pink, very attractive and pretty.

Albert Hoffman

Color, light yellow when first opening, changing to a deep yellow. Petals slightly reflexed, touched with white and red. 20 cts. each; two-year-old plants, 50 cts. each.

Herzogin Marie Von Coburg Gotha

This new Tea Rose is a fine grower with very large foliage; flower of fine size and full; color white, shading to cream and bordered with rose. 20 cts. each; two-year-old plants, 35 cts. each.

10 cts. Each

for all Roses offered on this page, except where noted, any 6 for 50 cts.; \$1 per dozen; larger size, 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

Superb New Tea Rose Souv. De Pierre Notting

This beautiful new Tea Rose is an introduction of one of the foremost firms of France, and has not been exceeded in merit by any Rose yet sent out from that country. Bloom very large, well filled and opens easily; beautiful elongated bud. Color, apricot yellow tinged with golden; mixed with orange yellow; edge of petals shaded beautiful carmine-rose; open flower is full and double and of a good substance. In form and beauty it exceeds Maman Cochet, and in quantity of bloom is reached by no other known rose. It has won numerous gold medals and awards of merit. For amateur culture this Rose will take front rank with any Rose in cultivation; in fact, up to this time it can be justly regarded as the best all-around Rose for general cultivation. It is fully as strong a grower, if not stronger, than the Cochet Roses; has a wonderful constitution, hardy and always in bloom. The flowers are magnificent in every way. (See illustration.) 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts.; two-year-old plants, 35 cts. each.

Maid of Honor

Superb flowers formed after the fashion of Bridesmaid, with beautiful buds produced on long stiff stems. The color is rich, glowing pink. One of the best of the new ever-blooming Tea Roses. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts.; two-year-old plants, 35 cts. each.

Francois Dubreuil

Flowers large, double and full. Color, deep vivid crimson, with rich velvety shadings. The buds are large, long and pointed. Strong grower and a free, continuous bloomer. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts.; two-year-old plants, 35 cts. each.

Helen Good

This new Tea Rose resembles in style and growth the Cochet Roses, making it very valuable for outdoor garden culture. The color is a delicate yellow suffused with pink, each petal edged deeper. Very chaste and beautiful. Be sure to give it a trial. 25 cts. each; 5 for \$1; two-year-old plants, 40 cts. each.

General De Tartas

This grand Rose is unexcelled for bedding or massing; producing flowers of large size, very double, full and fragrant; beautiful buds, good habit, and an excellent variety in every way. The color is a brilliant carmine, deeply shaded with violet-purple, sometimes tinged with buff.

Isabella Sprunt

For over twenty-five years this variety has been a favorite, as one of the best golden-yellow Roses—in fact, there are very few better. Probably the freest blooming yellow variety, and fine in every way. It is a bright canary yellow, with a very sweet tea scent; large, beautiful buds, suitable for cut flowers.

Souv. De Pierre Notting

Marie Lambert or Snow Flake

One of the best and freest flowering, ever-blooming Roses in cultivation, equally good for open-ground cultivation and pot culture. Outdoors it is especially good, being unusually hardy, very vigorous and a certain, continuous and free bloomer. On a single plant, only nine months old, 143 buds and flowers were counted. Flowers, large, full and double; color, creamy white.

Medea

A new Rose of exquisite kind and color, ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double to the center and perfect in shape, both in bud and blossom. The color is magnificent—deep, rich lemon yellow, with creamy yellow center with tints of sulphur. It is beautiful beyond description. A strong, healthy grower and one of the grandest Roses in this book. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Meta

A superb variety of novel coloring; crushed strawberry suffused with saffron; base of petals coppery yellow. Buds long and pointed. Good habit of growth and prolific bloomer.

10c. Each

for all Roses offered on this page, except where noted; any six for 50 cts.; \$1 per dozen, larger size 15 cts. each; four for 50 cts. postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

Marie Van Houtte

A grand old Rose, one of the best in our list. The color of the flowers, which are large, full, deep and double, is pale canary yellow, passing to rich creamy white, shaded with pale rose. It grows strong and sturdily, and blooms constantly and with great freedom. Very hardy.

MADAME ELIE LAMBERT.—Color, a rich creamy white, faintly tinted with pale golden yellow, and exquisitely bordered and tinted with soft rosy flesh; very beautiful and sweet.

MADAME LAMBARDE.—Color, a beautiful shade of rosy bronze, passing to salmon and fawn, beautifully shaded with carmine.

MAD. E. DURANTHON.—The color is citron yellow, with bright red center, delicately blended.

MADAME HONORE DEFRESNE.—This superb variety is valuable because of its large, full, double flowers, which are pure golden yellow.

MADAME DE VATRY.—The color is a rich crimson scarlet, bright and beautiful.

MADAME JOSEPH SCHWARTS.—Flowers very full and sweet, pure white, tinged and shaded with pale yellow and rosy blush.

MADAME WELCHE.—Color, a beautiful shade of amber yellow, deepening toward center to orange or coppery yellow, delicately clouded with pale crimson.

MAD. MARGOTTIN.—This is a grand Rose; always a favorite, very large and perfectly double; flowers elegantly perfumed; color, beautiful dark-citron yellow, with apricot shadings, and red center; a strong grower and quite hardy, blooming profusely.

MAD. PIERRE GUILLOT.—Color, delicate orange yellow, distinctly veined and bordered with clear pink; altogether unique and remarkable and exceedingly handsome.

Marechal Robert

We select this variety from among hundreds as extra good. The flowers are full double and sweet; they are borne in abundance on long, stiff stems all through the growing season. The color is pure white, faintly tinged with blush and yellow; a good, healthy grower, and altogether a pleasing and satisfactory Rose.

Mad. Francisca Kruger

A strikingly handsome Rose, one of the very best for open-ground culture. It would be hard to name a better or more satisfactory rose. It is especially adapted to bedding or massing. Holds its foliage under all sorts of adverse conditions. The flowers are deeply shaded coppery yellow in color, and are of large size. A strong and vigorous grower and a good and constant bloomer.

The "head gardener"
gathering Marie Van Houtte

10 cts. Each

for all Roses offered on this page, except where noted; any 6 for 50 cts.; \$1 per dozen, larger size 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

Madame de Watteville

The Tulip Rose

One of the most beautiful varieties we have ever sent out. The color is a remarkable shade of creamy yellow, richly colored with rosy blush; the petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance.

SOUV. DE JEANNE CABAUD.

Producing in greatest profusion extra large, full, double flowers, the color of which is impossible to describe accurately; the outer petals are coppery yellow, center apricot and carmine, with all the graduate shades.

PRINCESS ETIENNE DE CROY.

Color of flower peach-carmine, shaded lighter on pale orange ground.

Madam Hoste

Color, soft, light canary yellow, deepening to the center to pure golden yellow. Beautifully flushed with pale amber. Edge and reverse of petals creamy white.

LADY MARY CORRY.

Blooms nice size, freely produced and of perfect form. Color, deep golden yellow.

MADAME MARTHA DU BOURG.

The color is fine creamy pink, with rosy flesh center; the buds, sometimes the flowers, are beautiful apricot yellow, flushed with orange red.

Princess de Sagan

The color is rich velvety crimson, brilliantly beautiful. The flowers are very prettily made, while the buds are exceedingly handsome.

MURIEL GRAHAM.—Color is a pale cream faintly blushed rose, almost a yellow Mermet.

MADAM RENE GERARD.—Buds elegant Nasturtium yellow; open flowers, in bright yellow.

MME. JEAN SISLEY.—It is full and double and in color pure white. Fine for cemetery planting.

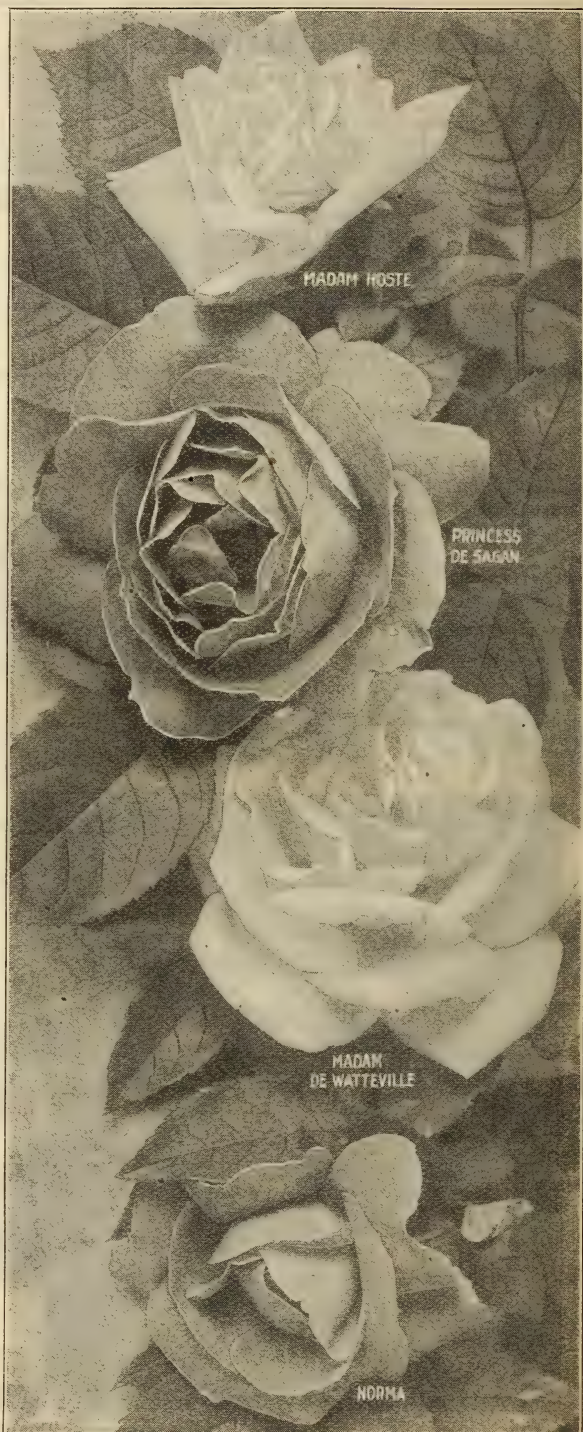

MAURICE ROVIER.—Color, pink, shaded buff and crimson, with border of white. This is an elegant garden Rose.

NIPHETOS.—The color is pure snow-white, sometimes very faintly tinged with pale yellow. Remarkable in size and purity, and always scarce.

Norma

The fragrance is superb and the color an exquisite shade of pink, almost similar to Mad. Caroline Testout.

PERLE DES JAUNES.—Buds long and pointed; of a deep tawny yellow on first opening, at last changing to almost clear yellow.

10c. Each for all Roses offered on this page, except where noted; any six for 50 cts.; \$1 per dozen, larger size 15 cts. each; 4 for 50 cts. postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

PERLE DES
JARDINES.

**Papa
Gontier**

**Papa
Gontier**

A splendid crimson Rose, one of the best for all purposes; immense buds and magnificent large, bold flowers of great depth and substance; color, rich cherry-red, passing to clear glowing crimson; very fragrant and beautiful; a strong, vigorous grower and constant bloomer; one of the very best and most valuable, both for open ground and greenhouse.

Perle des Jardins

Pearl of the Garden

This magnificent yellow Tea Rose still retains its position as one of the very finest and most beautiful Roses of its color ever introduced; the demand for it constantly increases, as its great value becomes better known. The color is clear, golden yellow, an indescribably rich and beautiful shade, and entirely distinct from any other variety; the flowers are extra large, full globular form, with great depth and substance, richly perfumed and exquisitely beautiful in every way. Succeeds well in open ground, but is especially valuable for forcing for cut flowers. 15 cts. each; 4 for 50 cts.; larger size, 20 cts.; 3 for 50 cts.

Marie Guillot

The Queen of White Roses

Anyone who has not seen this splendid variety growing at its best in the open ground cannot conceive of the lovely beauty of its large, bold and handsome flowers. We recommend it as one of the most reliable white Tea Roses in cultivation, especially for outdoor culture. It is first-class in every respect. The color is pure snow-white, sometimes faintly tinged pale yellow. The flowers are magnificently made, extra large, full and double; the buds are very pretty; fragrance, very sweet.

10c. each

for all Roses offered on this page, except where noted; any 6 for 50c.; \$1 per dozen, larger size 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense,

Sunset

A Grand Yellow Rose

This grand Rose is a great favorite; the color is a rich golden amber or old gold, elegantly shaded with dark ruddy crimson, resembling the beautiful tints seen in a Summer sunset, hence its name; the flowers and buds are of extra large size, very full and finely formed and deliciously perfumed; it is a strong and vigorous grower and free bloomer, highly recommended both for open-ground and house culture, making it a very desirable Rose. 15 cts. each; 4 for 50 cts. 9 for \$1.

The Queen

A Fine New White Rose

A continuous bloomer, producing successive crops of buds and flowers in great profusion; the buds are beautifully formed, with large petals of best substance; shows the center but slightly when fully open; color, pure snowy white; exquisitely scented; a vigorous and healthy grower. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Souv. De J. B. Guillot

Thoroughly distinct in color. Nasturtium red, shaded to crimson, varying to bright copper red. New and the only Rose of its color. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Safrano

This is a splendid old-time Rose that has not been superseded by any new-comer of its class or color. It is a variety of great value, particularly for outdoor planting. It grows vigorously and has the vitality necessary to produce a continuous crop of flowers from early Summer until late in Autumn; quite hardy. It is valued very highly for its beautiful buds and handsome flowers. The color is a bright apricot yellow, changing to orange and fawn, sometimes tinted with rose. Very fragrant.

Saxonia

Sent to us as an improvement over that superb variety, Golden Gate, and, like it, is a strong grower, produces beautiful white flowers with petals edged bright rose. Very distinct, full and double. 15 cts. each; two-year-old plants, 35 cts. each.

Souv. De Catherine Guillot

Richly colored and thoroughly distinct. Color, coppery carmine; center shaded orange. Flowers large, full, finely shaped and very sweet. Vigorous in growth and free bloomer. 15 cts. each; 4 for 50 cts.; two-year-old plants, 35 cts. each.

Souvenir De Francois Gualain

A Rose of great value to the amateur or home grower. In growth it is strong and healthy, with large handsome foliage that remains on the plant till the first frost comes. The color is unusually bright and, indeed, is quite remarkable for a Tea Rose—rich, velvety crimson; the flowers are exceedingly fragrant, large, full and very double, possessing a depth that makes their color all the more striking; quite hardy. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Souvenir D'un Amie

Extra large, globular flowers, like Queen, except in color; very full and deliciously sweet; its color is a deep rosy flesh, beautifully shaded with rich carmine; edges and reverse of petals silver rose; a vigorous grower and profuse bloomer; for growing in open ground it is simply superb. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Souvenir De Clairvaux

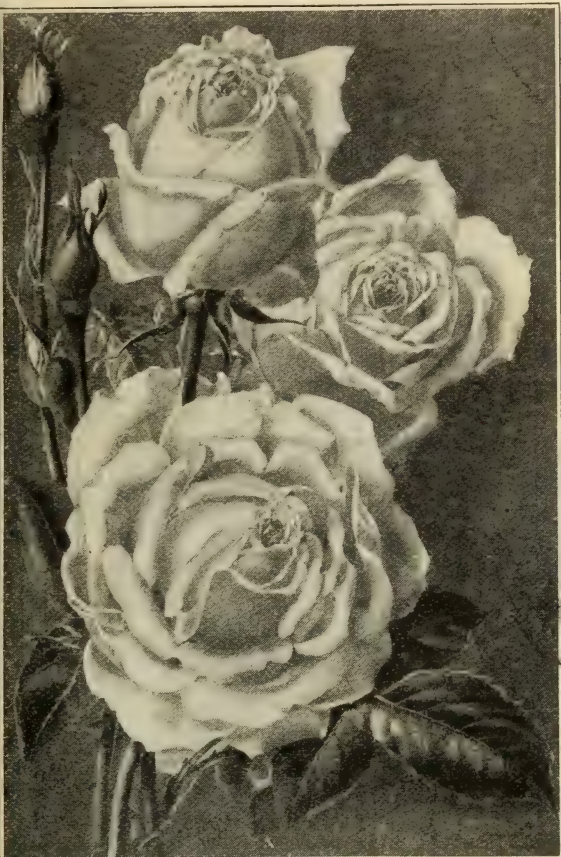

This is a remarkably fine Rose, producing flowers similar to Bridesmaid; the growth is extra strong, fully as vigorous as Maman Cochet, one of the strongest-growing Roses. The color is bright pinkish rose, shading lighter or darker, according to the season; they are large, full and double, and remain on the bush for a long time. It is a constant, profuse bloomer, and very fragrant.

Sylph

A strong erect grower and abundant bloomer, most desirable for garden planting and cutting purposes. Exquisitely beautiful and richly tea-scented flowers, ivory white, tinted with peach color; center creamy pink, a beautiful blending of colors. Large, high-centered flowers, with deep, stiff petals.

10 cts. Each

for all Roses offered on this page, except where noted; any 6 for 50 cts.; \$1 per dozen; larger size, 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by Express, at purchaser's expense.

White Golden Gate

White Golden Gate

This new Tea Rose is a sport of **Golden Gate**, with which it is identical, except in color. The flowers are ivory-white, with petals of leathery-like substance; long, elegantly pointed buds. **15 cts.** each; 4 for **50 cts.**; larger plants, **20 cts.** each; 3 for **50 cts.**, postage paid; two-year-old plants, **35 cts.** each.

Uncle John

An offspring of **Golden Gate** introduced by us some years ago. This variety differs from the parent only in so far that the color is more pronounced than **Golden Gate**, which to many may be more acceptable. At any rate, it is well worth a trial. **15 cts.** each; 9 for **\$1**; larger plants, **20 cts.** each; 3 for **50 cts.**; two-year-old plants, **35 cts.** each.

Luciole

A grandly beautiful Rose; the flowers are extra large, somewhat cupped form, but quite full and double; color, clear cherry red, with rich golden-yellow center, elegantly shaded, delightfully perfumed.

Souv. De Aug. Metral

This Rose is a strong, vigorous grower and an abundant bloomer. Color, pure deep red, large, full flowers of good form and substance. Delightfully fragrant. Price, **15 cts.** each; 4 for **50 cts.**; 9 for **\$1**; larger plants, **20 cts.** each; 3 for **50 cts.**; two-year-old size, **35 cts.** each.

Sunrise

Identical in form of flower and almost so in manner of growth with **Perle de Jardins**, of which it is an offspring. Color, absolutely new, the buds showing the high, brilliant colors seen only in the **Austrian Copper**, scarlet and yellow as the bud opens the color deepens, the scarlet turning to dark red, the yellow to orange and copper, inside of petals golden yellow. Large, double and magnificently formed. **15 cts.** each; 4 for **50 cts.**; 9 for **\$1**; larger plants, **20 cts.** each; 3 for **50 cts.**; two-year-old plants, **35 cts.** each.

Mrs. B. R. Cant

A beautiful new Tea Rose of splendid habit and growth, being very strong and free blooming, bearing flowers almost the equal and style of **Papa Gontier**, but more double; also free blooming. **15 cts.** each; 4 for **50 cts.**; 9 for **\$1**; two-year-old plants, **35 cts.** each.

J. B. Varonne

The superb extra-long pointed buds are exceedingly beautiful; the flowers are extra large, vase-shaped, both full and double. The color is intensely scarlet crimson, very rich and bright, and is beautifully shaded with salmon yellow or buff rose at center, fragrance very sweet. It is a strong, vigorous grower.

Valle De Chamounix

This is one of the really elegant Roses, distinct and beautiful; very double, full and sweet; buds exceedingly pretty. The color is rich and, like **Beautie Inconstante**, is variable. One bush will produce flowers of many different colors, that are rich and charming in the extreme. The colors range from coppery yellow to rosy blush and crimson. The fragrance is delicious. **15 cts.** each; 4 for **50 cts.**; 9 for **\$1**; larger plants, **20 cts.** each; 3 for **50 cts.**

Mad. Agatha Nabonnand

This superbly beautiful Rose resembles in color the delicate hues seen in the inside of the fairest deep-sea shells; rosy flesh, bathed in golden amber; immense egg-shaped buds, broad shell-like petals, large, full flowers; exceedingly sweet.

White Bougere

For open ground planting it has no superior. The flowers are unusually large, deep, full and double; long, stiff stems, and borne throughout the season in great abundance. The color is pure, ivory white. Better than **Niphetos**.

10c. Each

for all Roses offered on this page, except where noted; any 6 for **50 cts.**; **\$1** per dozen, larger size **15 cts.** each; 4 for **50 cts.**, postpaid. Two-year-old plants, **30 cts.** each; **\$3** per dozen, by express at purchaser's expense.

Madame Camille

Delicate rosy flush, with salmon and lavender shades. A fine Rose for amateur culture, as it is a strong grower with flowers of the largest size and not liable to disease.

Madame Cusin

One of the good, strong-growing, free-blooming Roses that we cannot have too many of. The flowers are strikingly beautiful; color, bright purplish crimson, base of inside petals sometimes streaked with white. Large, full, double flowers, very sweet and handsome. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Madam Badin

A fine variety. Flowers large and full; color, bright carmine, center rose shaded with delicate violet. Buds longish and very graceful. Better than **Madame Cusin** or **Mrs. Pierpont Morgan**. Habit of growth and bloom free. 15 cts. each; 4 for 50 cts.; two-year-old plants, 35 cts. each.

Mad'elle Cecil Berthod

This is a Rose of magnificent size and color. Very beautiful both in bud and flower, which is a deep golden yellow. The foliage is very bright. It is an exceedingly bright Rose of great merit, and we recommend this variety as an excellent Rose.

Virginia

This elegant Rose is the result of a cross between **Saffrano** and **Marechal Niel**. It is a vigorous grower and a particularly free bloomer in open ground. The blooms are large, double and finely formed. Color, a light yellow, with a tinge of saffron at the center; perfume, a delicate and delightful tea scent. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts.

Wm. R. Smith

This new Tea Rose has also been called **Maiden's Blush**, because the soft blending of the salmon-pinks, rose-pinks, and the beautiful flesh tints in this Rose give a singular resemblance to the entrancing blush of a maiden's cheek. Specially valuable for outdoor culture, also splendid for cutting purposes. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

The Bride

A superb pure white Tea Rose, one of the best of its color; the buds and flowers are unusually large, finely formed, very double and full, and deliciously perfumed; it is a strong, healthy grower and a quick and constant bloomer; does well in open ground and is particularly valuable for growing in greenhouse for cut flowers, as it produces abundantly and its blooms are of the most desirable form and quality for floral work, bouquets, wreaths, etc. We notice in open ground the flowers are sometimes delicately tinged with pink, making it exceedingly attractive; almost everyone who plants Roses wants one or more **Brides**. There are many white Roses, but none more satisfactory than this lovely variety.

Bridesmaid

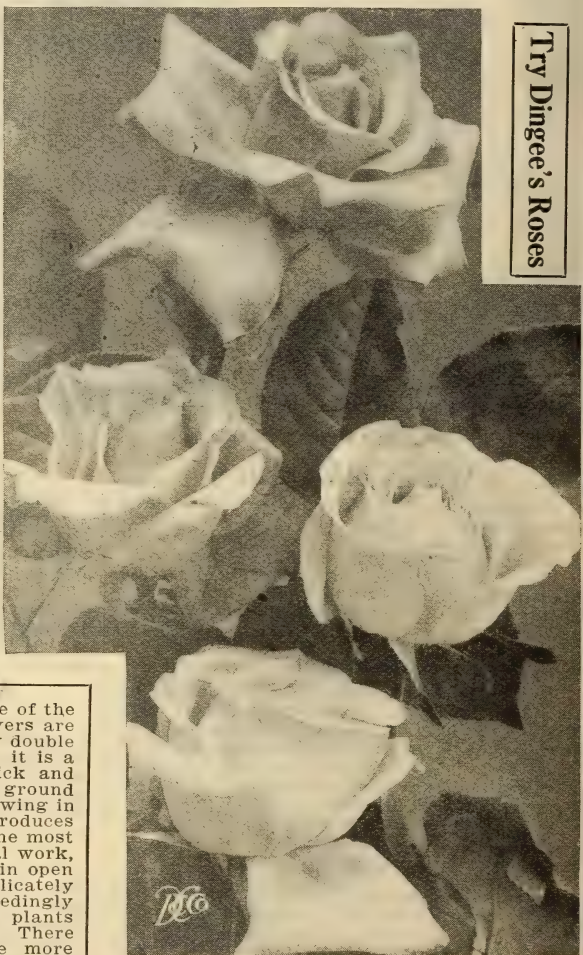

A delightful new Tea Rose, a sport from the old and popular pink Tea, **Catharine Mermet**, but of a fine, clear, dark pink, much deeper and more constant in color than **Mermet**; very desirable; does exceedingly well in the open ground, and is also valuable for forcing.

Comtesse Riza du Parc

Coppery rose, tinged and shaded with soft blush. This beautiful Rose has many admirers.

Princess Hohenzollern

A strong, vigorous grower, with beautiful dark green foliage. Extra large flowers of perfect form. Delightfully fragrant, often borne in clusters. Color, bright deep satiny red, with pink center. 15 cts. each; 4 for 50 cts.; two-year-old plants, 35 cts. each.

Try Dingee's Roses

Bride and Bridesmaid

10 cts. Each

for all Roses offered on this page, except where noted; any 6 for 50 cts.; \$1 per dozen; larger plants, 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3 per dozen, by express, at purchaser's expense.

EVER-BLOOMING BOURBON and CHINA ROSES

AS the Bourbon and China Roses are hardy in most localities we have placed them together. They are mostly strong, vigorous growers, free and continuous bloomers. Many are noted for the large size of their flowers and brilliant colors. They bloom the first year from young plants and are also the best Autumn bloomers, remaining in flower until the approach of Winter. For pleasing and reliable varieties this family merits special recognition.

Price of all the Roses offered on this page, except where noted, strong one-year-old plants, 10 cts. each; 6 for 50 cts.; \$1 per dozen; larger size, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid; two-year-old plants, 30 cts. each; \$3.00 per dozen; by Express, at purchaser's expense.

Marie Drivon.—Blossoms in clusters of 3 to 5 flowers; color fine clear pink, sometimes light rose.

Mrs. Degraw.—Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy; strongly resembles the Champion of the World.

Madame Bosanquet.—Pale flesh, shaded deep rose.

Monthly Cabbage.—This fine old variety is still in great demand; the flowers are bright, rosy pink and remarkably full and fragrant; a constant bloomer; known also as the hundred-leaved Rose.

Malmaison.

This is certainly one of the choicest Roses in our collection, and for general cultivation unsurpassed. The color is a beautiful rich creamy flesh, distinctly and elegantly shaded clear peachy red, with a rose center; flowers are very large, perfectly double and deliciously fragrant. Particularly valuable for outside cultivation, being quite hardy. A strictly first-class Rose in every respect; sure to give absolute satisfaction. 15c. each; 4 for 50c.; 9 for \$1.

Pink Daily.—Clear, bright pink, medium size, full and double; fragrant; a constant bloomer.

White Daily.—This Rose is identical with the above excepting in color, which is pure white.

President D'Obleeque.—Purplish crimson.

Hermosa.

An excellent Rose, blooms in fine clusters; large, very double and fragrant; color beautiful clear rose; a constant bloomer; hardy; one of the best. 15c. each; 4 for 50c.; 9 for \$1.

La Phoenix.—Brilliant red, shaded crimson.

Louis Philippe.—Velvety crimson; profuse bloomer.

Lucullus.—Beautiful dark crimson maroon; large, full and fragrant; very double; a constant and profuse bloomer; extra good for outdoor culture.

Agrippina.—Brilliant fiery red; double and sweet.

Appoline.—An extra fine Rose; color clear pink, dashed with rosy crimson; edges and reverse of petals silvery white; one of the best.

Archduke Charles.—Crimson scarlet, shaded violet crimson.

Beau Carmine.—Fine carmine red; very rich.

Bourbon Queen.—Color bright carmine; petals edged pure white.

Champion of the World.

This is a free-blooming hardy Rose of great merit. Flowers of large size; color a lovely clear, deep pink. One of the best of all Roses for outdoor cultivation. 15c. each; 4 for 50c.; 10 for \$1.

Comtesse de Barbantane.—Flesh color, crimson center.

Cramoisi Superior.—Medium size, rich dark velvety crimson, very double, full and beautiful; one of the best for bedding.

Douglas.—Dark cherry red; free bloomer.

Duchesse D'Thuringe.—Beautiful Rose of pure silvery white, shaded with amber; very fine.

Henry Plantier.—Color bright, shining rose; extra large and full; very double and fragrant; hardy.

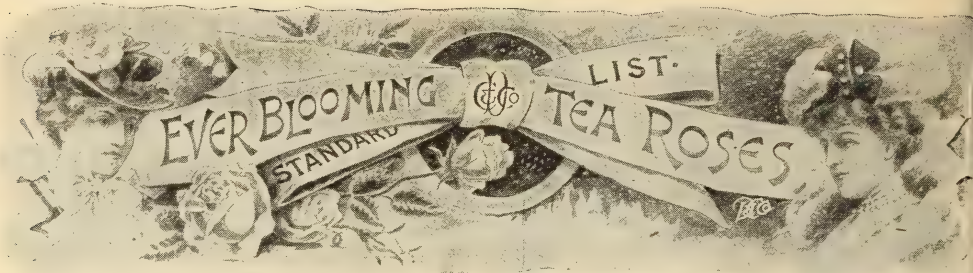

Queen's Scarlet.

Certainly one of the best; a constant and profuse bloomer; color rich velvety scarlet; very brilliant and striking, excellent Rose for bedding, either in masses or mixed with other sorts.

Sanguinea.—A Bengal Rose; color on order of Agrippina; very good.

Viridiflora (Green Rose).—Moderately large, quite double; pure deep green, valuable as a curiosity. 15c. each.

SPECIAL OFFER.—The entire set of 26 Ever-blooming Bourbon and China Roses for \$2, prepaid by mail. Two-year-old plants, 26 in all, by express for \$6.50.

HOW to grow the strongest and most vigorous Roses on their own roots has been a life-long study with us. In growing them so they could be sent safely by mail to all parts of the U. S., we are the pioneers. Impartial floriculture statistics give us the credit of devoting a larger area of glass to the culture of Roses than any other concern in the U. S. In the number of varieties, quantity and quality of stock, we may fairly claim to be the leaders in our particular line. It would require a catalogue of tremendous proportions to describe in detail the vast number of varieties comprising our collection, therefore the varieties offered on this and the following page are described briefly, but it must not be inferred that because of the lack of description that they are in any way lacking in merit. It is our policy to discard those that are synonymous and inferior to existing sorts of their class and color whether they be old or new. Many of the varieties offered in this standard list are possessed of the highest merit, and our friends will make no mistake in giving them an extensive trial.

We advise a liberal planting of one-year-old Roses; they give surprising results; the only difference between them and two-year-old plants is the comparative yield of flowers.

Our Method of Growing "DINGEE ROSES"

is deserving of special mention. We do not grow nor sell "little slips." We claim to produce the best Roses it is possible to grow. A large proportion of our one-year-old stock is sent out from 3-inch pots. We do not attempt to compete with cheap roses by employing cheap methods. When new methods that are as yet unknown shall be discovered whereby good Roses can be grown cheaper than they are now we will be the first to give our friends the benefit of lower prices.

SPOKANE, WASHINGTON, OCTOBER 21, 1907.

Gentlemen—The Roses we got from you last Fall proved to be the best among our collection. They have bloomed all summer and are still blooming. Every bush lived. Very truly, J. FRANK SWARTLEY.

IMPORTANT Owing to our knowledge of varieties, we can usually make a better selection for our customers than they themselves could make. Where the selection is left to us, we shall send the very best sorts, those that we think will give the best results in the locality where they are to be planted. We shall be glad to know, however, if the purchaser has any preference as to varieties, in which case the kind selected will, if possible, be included.

PRICES of all Roses named on this and page following, 10c. each; any 6 for 50c.; 15 for \$1, postpaid; two-year-old plants at 30 cts. each; \$3 per dozen, purchaser's selection; our selection 25 cts. each; \$2.50 per dozen, by express.

Abbe Roustan.—Creamy white, shaded with rosy blush.

Adrienne Christophele.—A shade of apricot, citron and fawn.

Alphonse Karr.—Bright Rose, medium size and full.

American Banner.—White, striped bright red; pretty.

Archduchesse Isabella.—Perfectly double; white shaded rosy carmine.

Archdue Joseph.—Color, rose with blush tint; center copper.

Bella.—Pure snow-white; long, pointed buds.

Belle Fleur d'Anjou.—Silvery rose, large and good.

Camille Roux.—Bright carmine rose, with fiery-red center.

Captain Lefort.—Violet Crimson, tinted with salmon.

Charles Revolli.—Brilliant carmine, shading to rose.

Comtesse Anna Thun.—Golden orange yellow, shaded saffron and crimson.

Comtesse de Caserta.—Purplish red, clouded copper yellow.

Comtesse de Frigneuse.—Golden yellow.

Comtesse Eva Starhemberg.—Yellow, buff and yellow center, edged rose.

Comtesse O. Gorman.—New, China rose, golden center.

Corinne.—Fleshy color, shaded rose and copper.

Docteur Rouges.—New, red and saffron, looks like a Cactus Dahlia.

Duchess of Edinburgh.—Glowing, brilliant crimson.

Edmund de Bianzat.—Violet crimson, center rose.

Edmund Sablayrolles.—Purplish red, shaded pink.

Edward Littaye.—Pink and carmine, changing to rose.

Elyse Heymann.—Outside yellow, inside pink, shaded saffron rose.

SEE PRECEDING PAGE FOR PRICE OF ALL ROSES ON THIS PAGE

Edward Gontier.—Yellow, shaded apricot and crimson.
Empress Marie of Russia.—Canary yellow, shaded white and lemon.
Etoile Polaire (Polar Star).—Creamy white, shaded pink, red and yellow.
General Merchantsky.—Exquisite rosy flesh. Fine.
Gloire des Cuivres.—Salmon rose, tinted coppery gold.
Grande-Duchesse Adelaide de Luxembourg.—Yellow.
Grande duc Guillaume de Luxembourg.—Salmon rose and red.
Grande-Duchesse Hilda de Bade.—Creamy white, tinged golden yellow.
Henry Mayandier.—Rose colored.
H. Plantagenet.—China rose, shading to pink and carmine.
Ingenoll Predilatta.—Carmine red, inside rose peach.
Jeanne d'Arc.—Golden yellow.
Jeanne Guillaumez.—Coppery yellow, suffused yellow and blush.
Jean Pernet.—Canary yellow. Splendid.
Joseph Metrat.—Carnation, red passing to carmine.
Jules Finger.—Rosy scarlet, shaded intense crimson.
Lady Castlereagh.—Rose, shaded sulphur yellow.
La Nieg.—Fine large double white flowers.
La Pactole.—Pale sulphur yellow.
La Sylphide.—Blush with fawn center. Very large and double.
Laurette.—Creamy white, shaded rose.
Letty Coles.—The color is a soft rose pink, deeply shaded with intense crimson. A handsome rose.
Louisa de la Rive.—Soft blush, shaded salmon and fawn.
Louise de Savoie.—Pale canary yellow.
Louis Richard.—Coppery rose, shaded carmine and crimson.
Madame Adolphe de Tarle.—Canary yellow, passing to white.
Madame Azelle Imbert.—Rosy buff, with peach shadings.
Madame Bravy.—Creamy white, blush center.
Mad. Damaizin.—Salmon rose changing to amaranth.
Madame E. Helfenbien.—Chamois yellow, shaded apricot and rose.
Madame Falcot.—Yellow. A parent of Yellow Rambler.
Madame F. Brassac.—Bronze red, tinted coppery yellow.
Madame F. Dupias.—Creamy white, rosy carmine shadings.
Madame Freulon.—White, slightly tinted red.
Madame la Generale Gourko.—Pink, shaded buff and rose.
Madame Leon St. Jean.—Carmine and orange, tinged citron and yellow.
Mad. Louis Gravier.—The outer petals are coppery yellow. Center bright pinkish rose.

Madame Olga.—White, tinged canary yellow.
Madame Sadie Carnot.—Cherry red. Very pretty.
Madame Scipion Cochet.—Creamy rose, crimson center.
Mad'elle Claudine Perreau.—Pink on white ground, center crimson.
Mad'elle Genevieve Godard.—Clear carmine red.
Mad'elle Marguerite Fabisch.—Rich crimson.
Mad'elle Nathalia Imbert.—Reddish salmon, changing to apricot.
Madeline Guillaumez.—White, center salmon, variegated yellow.
Marie Ducher.—Rich salmon, fawn center.
Marquis de Vivens.—Violet crimson, shaded yellow, salmon and fawn.
Mons. Furtada.—Bright sulphur yellow.
Perle de Fen.—New, poppy red, shading to vermilion and yellow.
Pierre Migron.—Delicate light pink. Very beautiful.
President.—Rosy crimson, changing to carmine, shaded red.
President Constant.—Clear rosy pink.
Princesse Radziwill.—Double, bright rose and carmine.
Princesse Sarsina.—Flesh, tinged apricot yellow, shaded red.
Rainbow.—Pink, striped crimson, center amber.
Regulus.—Carmine, shaded purple and red.
Rubens.—Pale yellow, tinged with fawn.
St. Joseph.—Bright carmine, changing to rose or fawn.
Santa Rosa.—Rich, shell-pink, inclining to crimson; full, double, reflexed petals. A compact grower, free from rust, mildew or any defect.
Senator McNaughton.—A grand white rose, offspring of Perle des Jardins.
Sombrieu.—Pure white, edged with silvery rose.
Souv. de Admiral Courbet.—Bright fiery red.
Souv. de Lady Ashburton.—Coppery red, suffused with yellow.
Souv. de Madame Ludmilla Schulz.—Rose and white.
Souv. de Paul Neyron.—White, tinged with golden yellow, edged rosy crimson.
Souv. de Pere Lalanne.—Brilliant carmine, center gold.
Souv. de Victor Hugo.—Citron red, with amber and fawn shading.
Theresa Lambert.—Rose, tinged gold, base salmon.
Viscountess Wautier.—Resembles Duchess de Brabant. Rosy pink.
Waban.—Bright pink; sport from Catharine Mermet.
White Pearl.—Sport from Perle des Jardins. Pure white.
White Bon Silene.—A companion to Bon Silene. Pure white.
Yvonne Gravier.—Creamy yellow, shaded rose.

Lima, New York, October 26, 1906.
 Gentlemen:—

I wish to express the satisfaction I feel with the service you have given me. This is the second year I have ordered plants from you, and I like the way you fill your orders. All plants have always arrived in good condition. The five Roses I received from you four weeks ago are growing finely, and two of them are already budded. When I want to buy more flowers I shall send to you. Meanwhile I am recommending you to my friends.

Yours very truly,

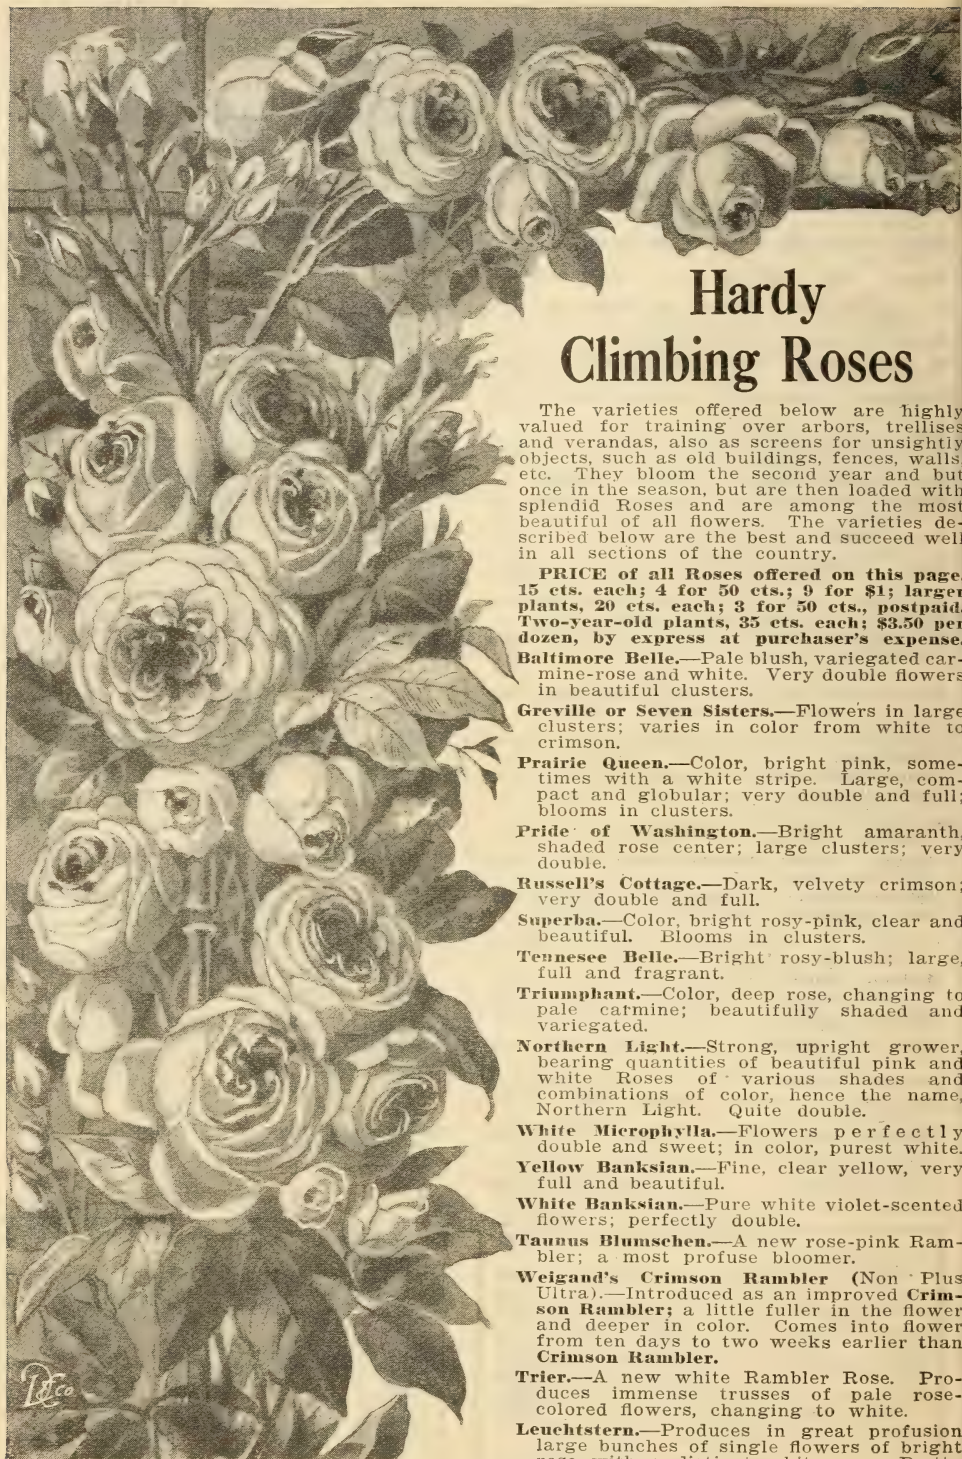

A. R. HORTON.

Winter Hill, Boston, Mass., April 23, 1907.
 Gentlemen:—

My order arrived in good condition on Monday, and I am perfectly satisfied with everything I sent for, as I always have been, and to think my Killarney has a bud on it already. It was very kind of you to send me an extra Rose Bush, "The Empress of China." Everyone, I think, gets more than he asks for in ordering from The Dingee & Conard Co. Still, it was a great surprise to me, and I wish to thank you for sending me that lovely Rose.

Most sincerely,

MRS. A. M. RUBEL.

Hardy Climbing Roses

The varieties offered below are highly valued for training over arbors, trellises and verandas, also as screens for unsightly objects, such as old buildings, fences, walls, etc. They bloom the second year and but once in the season, but are then loaded with splendid Roses and are among the most beautiful of all flowers. The varieties described below are the best and succeed well in all sections of the country.

PRICE of all Roses offered on this page. 15 cts. each; 4 for 50 cts.; 9 for \$1; larger plants, 20 cts. each; 3 for 50 cts., postpaid. Two-year-old plants, 35 cts. each; \$3.50 per dozen, by express at purchaser's expense.

Baltimore Belle.—Pale blush, variegated carmine-rose and white. Very double flowers in beautiful clusters.

Greville or Seven Sisters.—Flowers in large clusters; varies in color from white to crimson.

Prairie Queen.—Color, bright pink, sometimes with a white stripe. Large, compact and globular; very double and full; blooms in clusters.

Pride of Washington.—Bright amaranth, shaded rose center; large clusters; very double.

Russell's Cottage.—Dark, velvety crimson; very double and full.

Superba.—Color, bright rosy-pink, clear and beautiful. Blooms in clusters.

Tennessee Belle.—Bright rosy-blush; large, full and fragrant.

Triumphant.—Color, deep rose, changing to pale carmine; beautifully shaded and variegated.

Northern Light.—Strong, upright grower, bearing quantities of beautiful pink and white Roses of various shades and combinations of color, hence the name, Northern Light. Quite double.

White Microphylla.—Flowers perfectly double and sweet; in color, purest white.

Yellow Banksian.—Fine, clear yellow, very full and beautiful.

White Banksian.—Pure white violet-scented flowers; perfectly double.

Tannus Blumschen.—A new rose-pink Rambler; a most profuse bloomer.

Weigand's Crimson Rambler (Non Plus Ultra).—Introduced as an improved **Crimson Rambler**; a little fuller in the flower and deeper in color. Comes into flower from ten days to two weeks earlier than **Crimson Rambler**.

Trier.—A new white Rambler Rose. Produces immense trusses of pale rose-colored flowers, changing to white.

Leuchstern.—Produces in great profusion large bunches of single flowers of bright rose with a distinct white eye. Pretty and attractive.

Soleil D'Or

Golden Sun

The most unique Rose in cultivation, being the first of a new race, both in habit of growth and color of flower. A strong, robust grower, with straight branches, and heavy, deep green foliage. Very full, the expanded flowers being large and globular, the center petals being well incurved, forming a double flower. The color of a fully expanded flower is extraordinary and is not found in any other variety in cultivation—a blending of reddish-gold, orange-yellow, nasturtium-red and pink, forming a combination that is well described when the Rose was named Golden Sun. A description is inadequate to describe the warmth of color, and no description can do justice to the peerless beauty of this wonderful new, hardy yellow Rose. It will prove hardy in all sections of the country. It has but one drawback to the propagator's mind, and that is that it does not succeed well on its own roots, and we, therefore, offer it in strong, low-budded plants, two-year-old stock only. 50 cts. each.

MME. EUGENE MARLITT.—New Bourbon China Rose of very vigorous growth. Flowers large, very double and full; bright, rich carmine-red; does not fade or bleach. A constant and abundant bloomer. Hardy and fragrant. 15 cts. each; 9 for \$1; two-year-old plants, 35 cts. each.

BLANCHE MOREAU (Moss).—Flowers are produced in clusters, and are large, full and sweet; the color is pure white; both flowers and buds have an abundance of lovely deep-green moss. 20 cts. each; 3 for 50 cts.; 7 for \$1; two-year-old plants, 35 cts. each.

WHITE MOSS.—White tinged with flesh. 20 cts. each; 3 for 50 cts.; 7 for \$1; two-year-old plants, 35 cts. each.

Soleil D'Or

POLYANTHA OR FAIRY ROSES

The Polyanthas are a lovely and distinct class of ever-blooming Roses, distinguished by their dwarf, bushy habit of growth, medium size and very double flowers, which are delightfully fragrant, and are borne in large clusters and masses, frequently seeming to cover the whole plant with a sheet of bloom. They are good, vigorous growers and constant and most profuse bloomers, very pretty and highly recommended for general planting, also for edges and borders to beds of the larger growing varieties. Will survive the Winter in favorable situations, with usual protection.

Price, except where noted, 10 cts. each; 6 for 50 cts.; \$1 per dozen; two-year-old plants, 30 cts. each; \$3 per dozen.

Etoile d'Or.—Flowers, double, borne in large clusters; pale chrome yellow, with rich citron red center; blooms quickly and profusely, and besides being exceedingly beautiful, entirely distinct.

Flora.—Flowers are quite large, very full and round, delightfully perfumed and borne in immense clusters. The color is fine ivory white, delicately tinged with soft rosy blush.

Florabunda.—Flowers pale rose color, medium size, very double and fragrant, and borne in immense clusters.

George Pernet.—Very beautiful flowers, medium size, very full, with fine imbricated petals, lovely buff rose, delicately shaded lemon and fawn; extra fine.

Gloire de Polyantha.—Flowers large, perfectly double and deliciously sweet; color, fine citron rose, elegantly flushed pale carmine.

Jeanne Drivon.—Color, pure white, faintly tinged with crimson.

Little Pet.—Pure creamy white, sometimes delicately tinged with salmon rose.

Mad'le Cecile Bruner.—Color, rosy pink on rich creamy-white ground; a great bloomer; very satisfactory for bedding.

Marie Pavie.—Medium size, very full and double, borne in large clusters and masses; excellent for cutting; color, rich creamy white, finely flushed with carmine rose; delightfully perfumed.

Mignonette.—Color, clear pink, passing to white, tinged with pale rose; an immense bloomer.

Miniature.—This is the smallest of all Roses. Flowers in wreaths and clusters seem to cover the whole plant; color, cream rose flushed red.

Perle d'Or.—Color, coppery gold, changing to fawn and salmon; flat-rayed form, very double and elegantly perfumed.

HARDY HYBRID PERPETUAL ROSES

OF SPECIAL MERIT

HYBRID PERPETUALS are considered the most valuable of all hardy plants. They are distinguished by their vigorous upright growth and large, bold flowers, frequently measuring 5 to 6 inches in diameter. They thrive and succeed in all localities and are entirely hardy in any part of the country, and will live through severe Winters with a light protection of leaves or coarse manure. Some varieties do not bloom until the second year, but when fully established they all bloom freely at the usual time, early in the season, and continue to bloom during the Summer and Autumn months. Hybrid Perpetuals will bear a considerable amount of hardship and neglect, but improve greatly with good cultivation and rich soil. They should invariably be planted in open ground, as they are not suitable for house culture. We have by far the choicest collection of Hybrid Perpetuals in the country, and recommend those described below as the best varieties for general cultivation. Remember, our Roses are strong plants, and none are grown in pots less than 2½ inches in diameter, and many are grown in 3-inch pots.

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger plants 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express at purchaser's expense.

Baroness Rothschild

Magnificent Hardy Hybrid
Perpetual Rose

Who has not heard of this great variety? Rose lovers in all countries agree that it is the acme of perfection, both in flower and growth. If you have never seen it in bloom, a description will do little toward conveying a correct idea of its worth. The flowers in color are bright rosy pink, of immense size and globular form, somewhat cupped and well filled to the center, as shown in our illustration. The boldness of the flowers with their broad, thick petals, suggests solidity and massiveness; they are borne erect on stout, thick canes.

In habit of growth this variety is splendid, being very strong and possessing large, heavy foliage, which by virtue of its toughness is especially free from mildew and insect attacks, rendering it very valuable in open ground. It is perfectly hardy and blooms twice and frequently three times in a season. We recommend it as one of the grandest and most satisfactory Roses in cultivation.

This variety is usually sent out in budded stock, but we supply plants on own roots, imported from France. Strong 3-inch pot plants, ready for immediate blooming, 30 cts. each; 2 for 50 cts.; 4 for \$1; two-year-old plants, 50 cts. each.

Anna Alexieff.—Flowers are very double and full, exceedingly sweet; noted for their clear, bright pink color.

Abel Carriere.—One of the best; flowers are extra large, very double, full and sweet, color dark crimson, passing to velvety maroon.

Archduchesse Elizabeth of Austria

Vigorous grower. Large, bold flowers of rosy carmine.

Alfred Colomb

Justly celebrated as one of the very finest; extra large, round flowers, very double and full; color, clear cherry red, passing to bright, rich crimson; very fragrant.

Anna De Diesbach

Glory of Paris

The seed parent of that glorious variety, **Paul Neyron**; effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely-formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and a fine bloomer.

Baronne De Bonnstetten

Splendid large flowers, very double and full; color, rich dark red, passing to deep velvety maroon; highly scented and very beautiful.

Boule De Neige

A very hardy, pure white variety; medium size; very full, double flowers.

Black Prince

Much sought after because of its splendid dark crimson flowers, which are shaded so deeply as to be almost black; cupped, large, full, fine shaped.

Coquette Des Alps

Large, full, finely-formed flowers; color, pure white, sometimes faintly tinged with pale blush; profuse bloomer, very hardy and beautiful.

Capt. Hayward

Flowers are bright scarlet, very vivid in Summer and glowing in color in Autumn. They are large, full and bold, the outer petals finely reflexed, while the center petals stand well up, making a flower of striking beauty. Perfectly hardy; one of the grandest Roses in our collection. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each; two-year-old plants, 40 cts. each.

Countess of Roseberry

The color is satiny pink in the center and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors.

Climbing Jules Margottin

Flowers the same as the parent plant, except a little smaller, and for this reason it is finer in the bud state. The best of all climbing sports. Splendid for pillars or outdoor work of any kind.

Clio

A really grand Rose. On the order of **BARONESS ROTHSCHILD**. Recommended by expert growers as the finest Rose of this type. Strong, vigorous grower, handsome foliage. Flowers are flesh color, shaded in the center with rosy pink, large, of fine globular form, freely produced. 25 cts. each; larger size, 30 cts. each; two-year-old plants, 50 cts. each.

Captain Christy

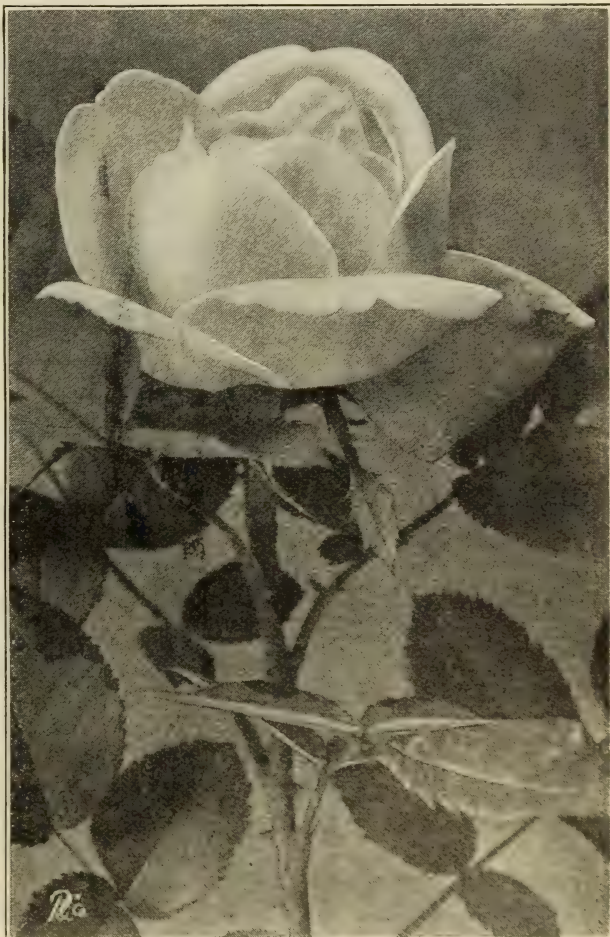

Extra large, flat flowers; color, a lovely shade of pale peach, deepening at center to rosy crimson.

Caroline de Sansal

Color, clear, brilliant rose, merging into rosy lilac, edged with bronze.

Coquette Des Blanches

Pure snowy white, sometimes faintly tinged with pale rose; blooms in large clusters; medium size, full and slightly fragrant.

CLIO

Price

of all roses on this page, except where noted, 15 cts. each; any 4 for 50c.; 9 for \$1; larger size, 20 cts. each; 3 for 50c., postpaid; two-year-old plants, 35 cts. each, 3 for \$1; \$3.50 per doz., by express.

Francois Levet

Beyond question one of the best of Hardy Roses; we recommend it highly for general planting. It is an unusually vigorous grower, and as free blooming as any variety in the list. Large, finely-made flowers almost the size of PAUL NEYRON; color, cherry pink, delicately shaded carmine and blush. Very fragrant. Extra good.

Fisher Holmes

A very beautiful and valuable Rose, resembling General Jacqueminot, but fuller and more constant bloomer; dark, rich scarlet, passing to deep velvety crimson; extra large, full flowers; very sweet.

General Washington

Color, bright, shining crimson; flowers are large and perfectly double; blooms the first season and almost constantly.

Gloire De Margottin

The flowers are very large, somewhat globular, very full and deliciously scented; the color is a clear, dazzling red; one of the most brilliant Roses ever seen.

Glory of the Exposition of Brussels

Large full flowers; fine fragrance; color, deep velvety, purplish amaranth, almost black; base of petals fiery red. A superb variety.

Haileybury

A beautiful Rose of extraordinary merit. Blooms with the greatest freedom, almost as freely as a Hybrid Tea. The flowers are of a charming, refined, round shape; color, bright crimson; a good, strong grower. A Rose that you should have, 25 cts. each; 3 for 60 cts.; two-year-old plants, 40 cts. each.

Duke of Connaught

Velvety crimson flushed with red. Flowers large, full and well formed. A vigorous grower.

Duke of Edinburgh

Brilliant scarlet crimson shaded with maroon. Large and full. Foliage very attractive. One of the old standbys.

Earl of Dufferin

Velvety crimson, beautifully shaded with rich maroon. Large, full and fragrant.

Empress of India

Color, dark brownish crimson. Very double and finely shaped flower; very distinct. A strong, vigorous grower.

Jubilee

A new Rose of wonderful beauty, bearing large flowers, five to six inches across, very full and double; buds long and graceful. Colors, glowing velvety crimson, fragrance delicious. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

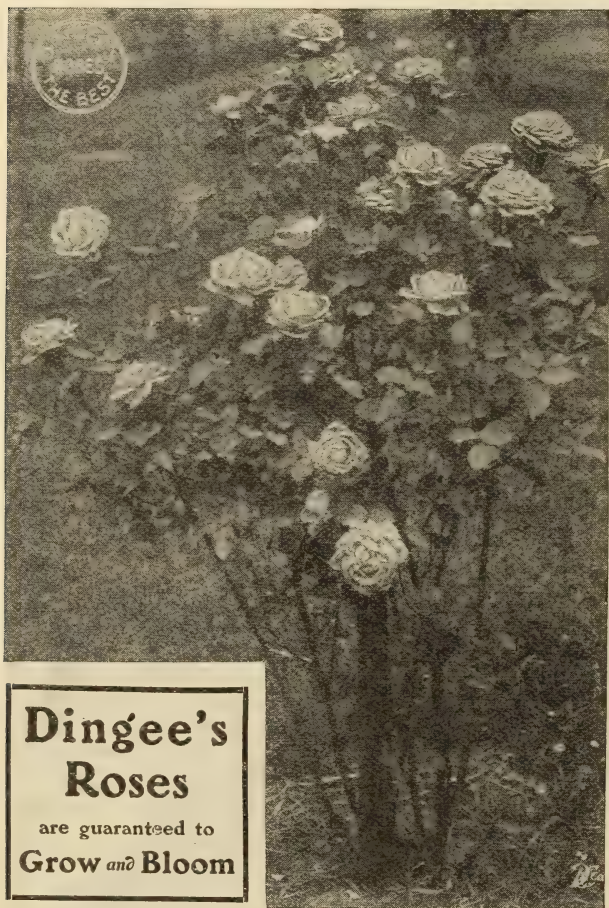

John Hopper

A magnificent Rose; flowers are large, very regular and full; color, brilliant rose, changing to bright glowing pink, shaded with rich crimson; very sweet and remarkably profuse bloomer.

Jean Liabaud

Color Nearly Black

The flowers are large, full and fragrant, and of the most intense dark rich velvety crimson imaginable, almost black; very rare and handsome.

Francois Levet

Dingee's Roses

are guaranteed to
Grow and Bloom

Price of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

Giant of Battles

A grand old favorite. One of the best, if not the best, hardy, vivid crimson Rose; large, very double and sweet; one of the finest sorts for general planting in cultivation.

Dinsmore

A grand Rose, popular for garden planting on account of its hardiness and vigor of growth; constant and profuse bloom, which begins soon after planting and continues all through the season. Flowers are large and perfectly double; color, rich crimson scarlet.

Prince Camille de Rohan

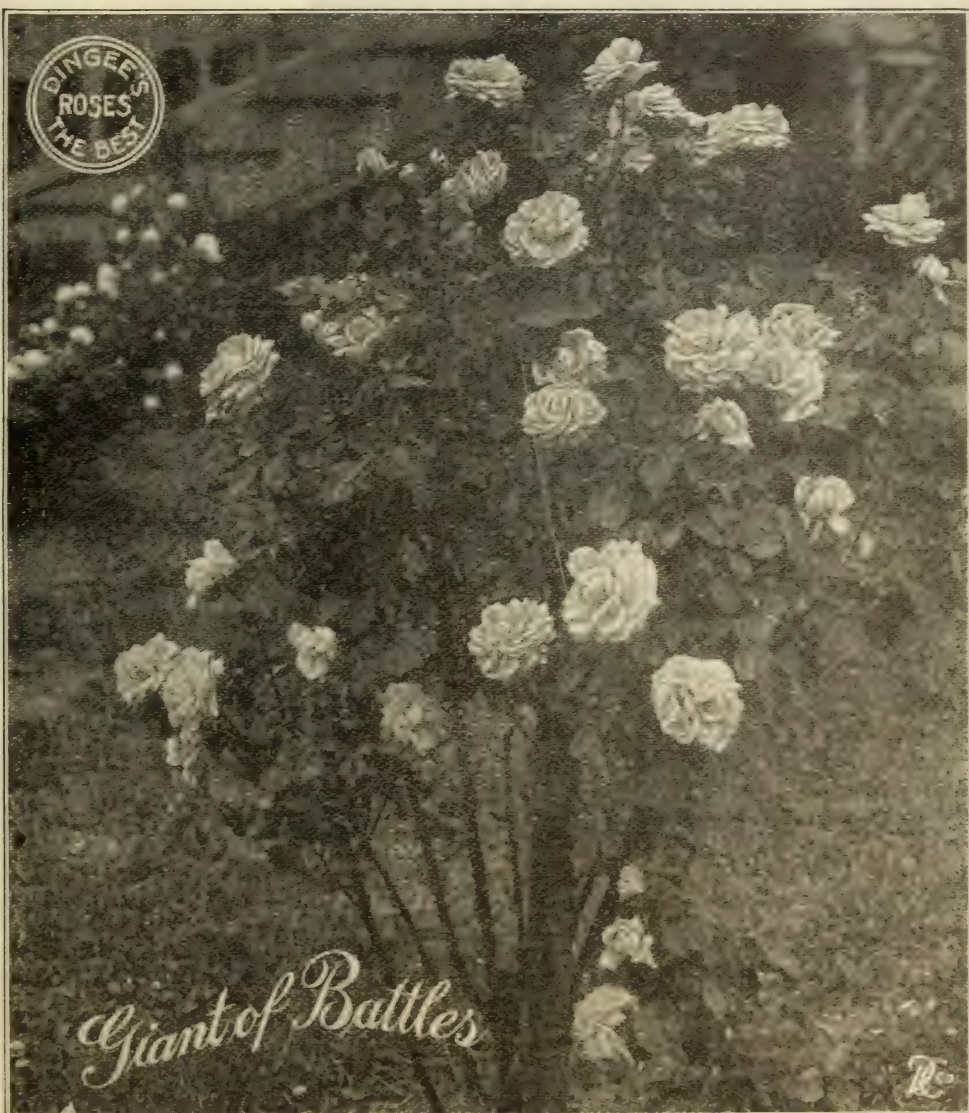

This is a magnificent Rose, celebrated the world over for its large, handsome, fragrant flowers and the freedom with which they are produced. The color is a deep, rich, velvety crimson, passing to intense maroon, shaded black; at a short distance they appear really black. This is one of the most handsome Roses we have ever seen.

John Keynes

Beautiful, double, globular flowers, shining red shaded with deep maroon. Large and fragrant.

Louis Van Houtte

Brilliant vinous crimson; large, full and fragrant; an excellent sort.

Price of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1. larger size 20 cts. each; 3 for 50 cts. postpaid. Two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen by express.

Cheshunt Hybrid

Cheshunt Hybrid

One of the very best Roses of its color, which is red shaded with violet. It is very free flowering; blooms large and full. Very distinct. Try it.

Gen. Jacqueminot

Bright, shining crimson, very rich and velvety; exceedingly brilliant and handsome; makes magnificent buds, and is highly esteemed as one of the best and most desirable for open ground and also for forcing.

Mrs. R. G. Sharman Crawford

Deep, rosy pink; outer petals pale flush; base of petals white, large and of perfect form. Received gold medal of the National Rose Society. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

Eugene Furst

Strong, vigorous grower, with thick, healthy foliage. Flowers are a beautiful shade of velvety crimson, shading to maroon. Highly scented and very beautiful.

Jules Margottin

A free flowering and hardy variety, with light green foliage, somewhat crimped. Large, full, somewhat flat flowers, of a fine carmine-rose color.

La Reine

Beautiful, clear, bright rose; very large, fine, full form; very fragrant and hardy.

Her Majesty

Of immense size; remarkably beautiful form; double; color, clear, rosy pink, passing to clear flesh. Very fragrant. One of the most famous Roses in the world; exceedingly hard to secure true to name. We offer only two-year-old low budded plants, \$1 each.

Hugh Watson

New; color, crimson shading to carmine. Blooms very large and of the finest finish; growth, vigorous, branching and free; very fragrant. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

Lord Raglan

Burgundy-crimson of a beautiful shade. Splendid flowers, distinct and beautiful.

Marie Bauman

Very productive; flowers of exquisite form and fragrance. Color, crimson-vermilion suffused with carmine. Large and full.

Marshall P. Wilder

Flowers are large, semi-globular, full and of good substance; color, bright scarlet crimson, richly shaded with maroon; very fragrant. Should be planted more generally.

Ruhm Der Gartenwelt

New; flowers, large and fine, on long, stiff stems. Color, pure deep red. Very free flowering. 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

Merville De Lyon

Of the highest type of beauty. Flowers are extra large, fine cupped form, full and regular and deliciously perfumed; color, ivory white, elegantly flushed with pure carmine; very beautiful. Strong three-inch pot plants, 35 cts. each; two-year-old plants, 50 cts. each.

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts. postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

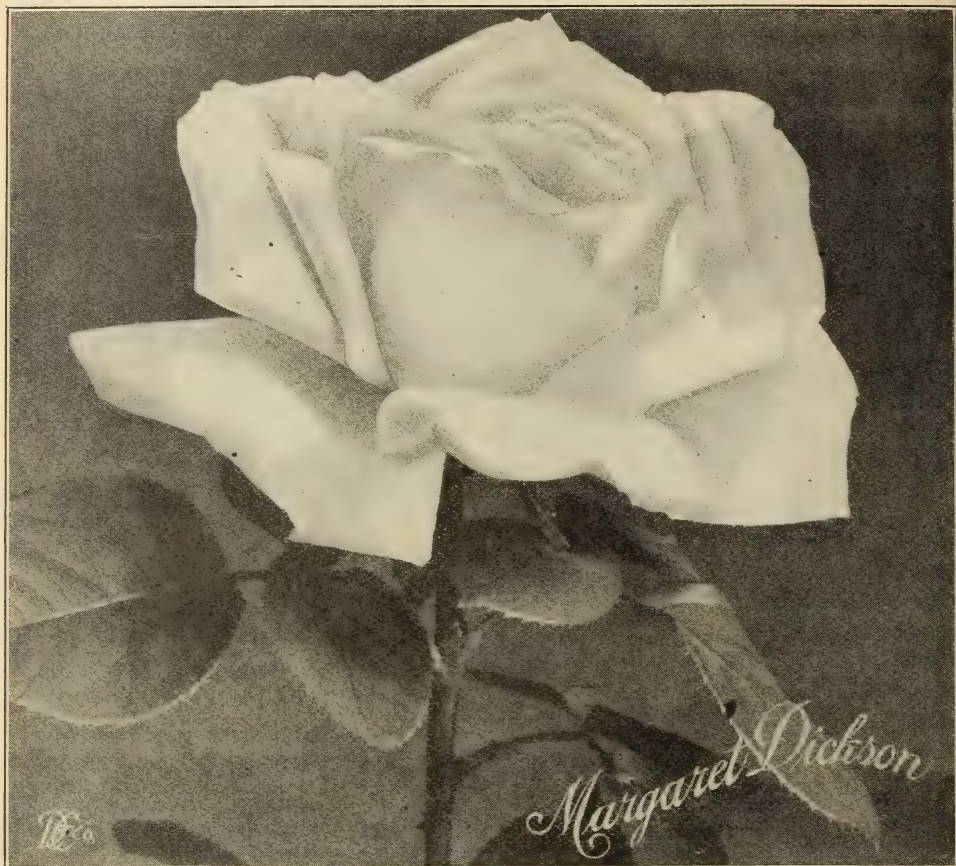

"Born
to Blush
Unseen"

GLOIRE LYONAISE

GREAT ROSES are made all the greater by the publicity given them. Frequently a variety of more than ordinary worth is allowed to "waste its sweetness on the desert air" because the public is unacquainted with its merits. This is especially true of this great variety. To our minds this is one of the greatest, if not THE greatest Rose of its color of any class in cultivation. We want the public to know this, hence we are giving it more than ordinary publicity. In many respects it is the peer of such varieties as WHITE AMERICAN BEAUTY, MARGARET DICKSON and AMERICAN BEAUTY, and when it blooms for you, which it will with the utmost freedom, you will understand why we are so enthusiastic about it. It makes a strong, upright bush, with beautiful deep green foliage; is practically thornless. While a Hybrid Perpetual, it blooms almost as freely as a Hybrid Tea, bearing in the greatest profusion large, pointed buds and massive flowers on long, stiff, heavy shoots; the open flower is enormous, full, deep and double. Color rich creamy-white, passing when open to a pale shade of salmon-yellow, deepest at the center. IT IS ABSOLUTELY HARDY EVERYWHERE, and we ask that you plant it freely. No matter where you live it will be a constant source of delight.

Price

15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid. Two-year-old plants, 35 cts. each; 3 for \$1.00; \$3.50 per dozen; extra large field grown plants, own roots, now in 6-inch pots, 50 cts. each; 6 for \$2.50; 12 for \$4.50, by express.

MARGARET DICKSON

Beyond question the finest white Hybrid Perpetual Rose yet introduced. Wherever exhibited it has received first honors. The flower is of magnificent form, very large in size, almost as large as Paul Neyron, the largest of Roses; the color is a pure waxy white, without spot or blemish; petals are very large, well shaped and of great substance. They are prettily curled back or reflexed, giving the flower inimitable grace and charm. The buds are large and globular, particularly handsome. It is a strong, vigorous grower, with fine foliage, a free bloomer, and indeed it is a remarkably fine Rose. Should be included in every order. 25 cts. each; 5 for \$1; larger size, 35 cts. each; 3 for \$1, postpaid; two-year-old plants, 50 cts. each; 3 for \$1.25; large field plants, now in six-inch pots, 75 cts. each, by express.

Vick's Caprice

The flowers are large, slightly cup-shaped, but full and deep; the petals are thick and lasting, having the ground color clear satiny pink, distinctly striped and dashed with white and bright carmine. It makes lovely, elegant shaped buds, which show the stripes and markings to great advantage. It is a vigorous, healthy grower, and blooms freely at short intervals during the whole season. One of the most popular Roses.

Magna Charta

A splendid Rose; extra large, full flowers, very double; of fine form, and sweet; color, clear rosy red, beautifully flushed with violet crimson; a sure and profuse bloomer; one of the hardiest and best for general planting.

Robert Duncan

Very distinct and of vigorous growth; flowers abundantly. Flowers, large, perfectly formed and of good substance; petals, large and shell-shaped; color, bright rosy crimson. Splendid. 20 cts. each; two-year-old plants, 40 cts. each.

Perle des Branches

Barring Margaret Dickson, one of the very finest pure white Hybrid Perpetuals. Very free bloomer and strong grower and satisfactory in every way.

Perfection des Blanches

A splendid white sort, ranking with Coq des Alps. Free blooming and a strong grower.

PRICE

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen; by express.

Mrs. John Laing

Immense flowers, full and double borne in great profusion on long, stiff stems, and exceedingly sweet. The color is a clear, bright, shining pink, exquisitely shaded. The buds are long and pointed.

Mabel Morrison

Rare and beautiful; extra large size; full, regular form; broad, shell-like petals; color, pure snow white, sometimes faintly tinged with pink. 35 cts. each; two-year-old plants, by express, 50 cts. each

Mad. Alfred Carriere

Extra large, full flowers, very double and sweet; color, rich creamy white, faintly tinged with pale yellow; exceedingly beautiful.

Mad. Plantier

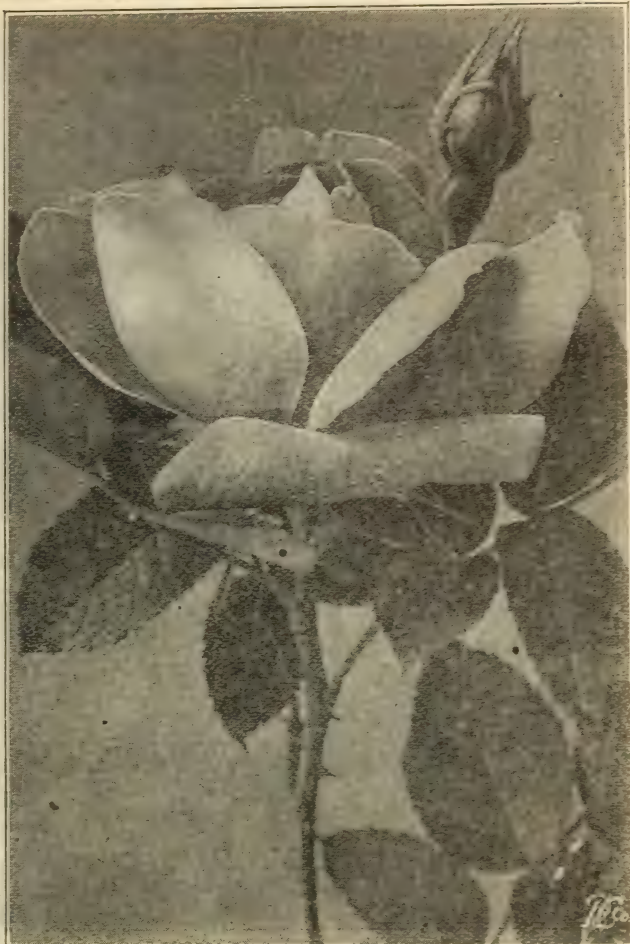

As permanent as an Hydrangea and as hardy as an oak; for outdoor planting, the best white Hybrid Perpetual. Especially good for cemetery planting. Flowers are pure white, very large and double; a continuous bloomer. Good, white hardy Roses are scarce—this is one of the very best.

Mad. Gabrielle Luizet

Extra large, elegantly formed, very double and full, fragrant; color, an exquisite shade of clear coral rose, suffused with lavender and pearl; once seen will always be remembered; good bloomer; hardy. 35 cts. each; two-year-old plants, by express, 50 cts. each.

Mme.**Alfred De Rougemont**

White tinged with pink. One of the old standbys, and none better of its color. Has good flowers, is a strong grower, and free bloomer.

Mad. Charles Wood

Marchioness of Lorne

Free flowering, with cup-shaped flowers of an exceedingly rich rosy color, slightly shaded in the center with vivid carmine. Large, very sweet and full. 20 cts. each; two-year-old plants, 40 cts. each.

Roger Lambelin

A decided curiosity among Roses—the color is very dark crimson with narrow band of white forming a sharp contrast. The petals fringed irregularly, like a double Petunia or a Carnation. Odd and unique. 20 cts. each; 3 for 50 cts.; two-year-old plants, 40 cts. each.

Pride of Waltham

Flowers delicate flesh color, richly shaded with bright rose, clear and distinct; very large and full, with petals of great substance; a fine sort.

Oakmont

Color, peach-pink, flowers large and sweet; good bloomer and always gives satisfaction.

Mad. Charles Wood

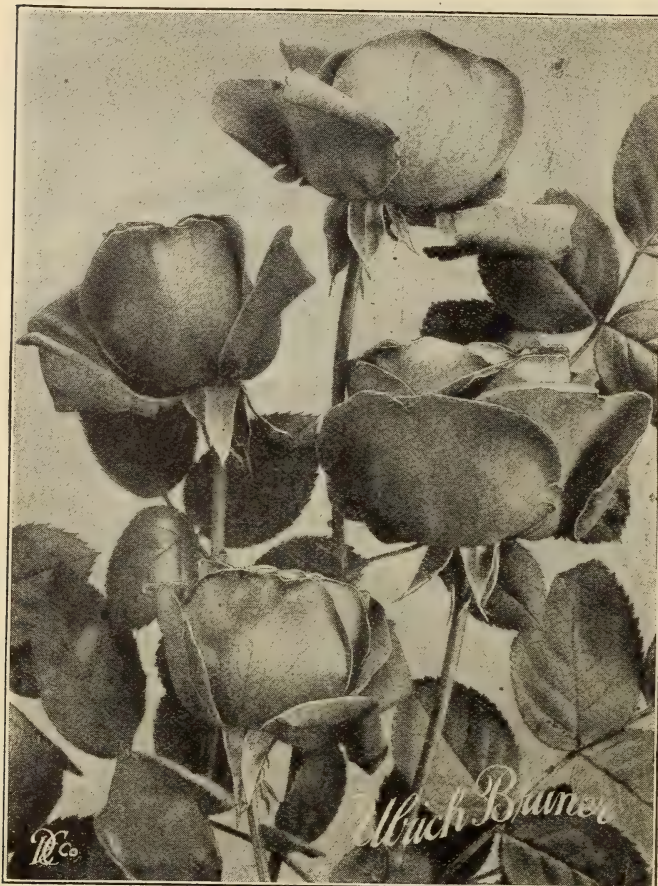

Begins to bloom almost as soon as planted, and continues all through the season; the flowers are extra large, double, full and quite fragrant; color, bright, fiery scarlet, passing to fine rosy crimson, shaded with maroon; showy and handsome, and one of the best Roses for general planting.

Mad. Masson

A superb Rose and one of the very finest Roses for garden cultivation; it is entirely hardy, blooms nearly all the time, bearing in profusion numbers of large, full, double flowers of unusual beauty and wonderful fragrance; color, clear, bright rose; distinct and charming.

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1, larger size, 20 cts. each; 3 for 50 cts. postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, by express.

Paul Neyron

We ask special attention to this grand Rose; the flowers are immense; probably the largest and finest Rose; bright, shining pink; clear and beautiful; very double and full; finely scented; blooms the first season and all Summer; no collection is complete without this magnificent variety

President Lincoln

Dark crimson, shaded red. Very good.

Ulrich Bruner

A Great Rose

known to all planters as one of the best in this class. Immense, large, bold flowers, full and globular; color, rich glowing crimson, elegantly flamed with scarlet. Hardy and unusually free bloomer. Highly fragrant.

Victor Verdier

Brilliant rosy carmine, beautifully edged with purple; extra large, full flowers.

Dr. Wm. Gordon

Extra large, deep petaled and high centered; brilliant satin pink; very free in bloom; 25 cts. each; 5 for \$1; two-year-old plants, 50 cts. each.

Special Collection

5 Nearest Black Roses

We will send the five nearest black varieties, Hardy Hybrid Perpetual Roses, postpaid, for 65 cts. This is a very popular collection of Roses.

York and Lancaster A Rare Old Rose

For nearly twenty years we have had this Rose in our collection, endeavoring to build up a stock, but inasmuch as it is a shy rooter we have been unable to offer it, and now have it only in limited quantities. This is perhaps the rarest and most extraordinary Rose in cultivation. It belongs to the Centifolia, a type celebrated for the exquisite fragrance of its flowers. It dates back to the time of the War of Roses, between the Royal Houses of York and Lancaster. Said to have originated when these warring factions became united, its colors representing the white of the Yorkists, and the red of the Lancastrians. The color is remarkable, red and white, sometimes blotched and sometimes striped; full and double. Perfectly hardy. First size, two-year plants, 75 cts. each; larger plants, limited supply, \$1 each.

Special Collection 7 Pure White Roses

We will send seven purest white varieties of Hardy Hybrid Perpetual Roses, postpaid, for 80 cts. This collection is specially adapted for cemetery planting; the varieties are entirely hardy.

Rubin

A NEW "RAMBLER" ROSE

For Sale Only by The Dingee & Conard Co.

Point for point, this is a better Rose than Crimson Rambler, which is sufficient recommendation. It is a stronger grower, has better foliage, and is entirely free from mildew in the open ground. The flowers are borne in loose, graceful clusters and are larger and more double than Crimson Rambler, and the color is bright, shining crimson-scarlet. Perfectly hardy in all localities. A strong, rampant climber, absolutely distinct, and has received the highest honor that can be given a rose—being awarded a certificate of merit by the German National Rose Society. We recommend it unqualifiedly as a great new Rose. Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1; two-year-old plants, 35 cts. each; 3 for \$1, by express.

Price

of all Roses on this page, except where noted, 15 cts. each; any 4 for 50 cts.; 9 for \$1, larger size 20 cts. each; 3 for 50 cts., postpaid; two-year-old plants, 35 cts. each; 3 for \$1; \$3.50 per doz., by express.

Extra Large Field Grown Roses

Two and Three Years Old Now in Six-inch Pots

A RARE OPPORTUNITY to secure large Rose stock. All on Own Roots, except where noted. The stock is limited and orders will be filled in rotation as received.

American Beauty, crimson. Price, 75c.
 Baroness Rothschild, satiny pink. Price, 75c.
 Boule de Nieve, pure white.
 Cheshnut Hybrid, red shaded violet.
 Crimson Rambler, crimson. Price, 60c.
 Climbing Clotilde Soupert, ivory white, shaded silvery rose. Price, 60c.
 Coquette des Alps, white, tinged pale blush.
 Crimson Baby Rambler, crimson. Price, 60c.
 Dorothy Perkins, pink. Price, 75c.
 English Sweet Brier, bright pink.
 Frau Karl Druschki (budded), pure white.
 Gloire Lyonnaise, creamy white. One of the best.
 Harrison's Yellow, yellow.

Louis Van Houtte, crimson.
 Mad. Plantier, white.
 Magna Charta, bright pink.
 Mad. Alfred Carriere, rich crimson.
 Margaret Dickson, pure waxy white. Price, 75c.
 Mabel Morrison, snow white, tinged with pink. Price, 75c.
 Merveille de Lyon, ivory white, flushed carmine.
 Perfection des Blanches, white.
 Sir Thomas Lipton, pure white.
 Soleil d'Or (budded), yellow.
 Vick's Caprice, striped.
 York & Lancaster, variegated. Price, \$1.25.

Price except where noted, 50 cts. each; 6 for \$3.00; \$5.00 per dozen, by express at purchaser's expense.

Hybrids of Rosa Wichuriana

Memorial Rose

The Memorial Roses are valuable for covering waste ground, stumps of trees, pillars, posts, trellises, rocky slopes, gravelly embankments, growing where other Roses could not possibly live. Absolutely hardy in any climate, remaining evergreen until Christmas. Flowers borne by the thousands; delightfully fragrant.

Prices Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid. Two-year-old plants, 35 cts. each; 3 for \$1; 12 for \$3.50 by express.

UNIVERSAL FAVORITE

The double flowers are over 2 inches across, a beautiful rose color, similar to Bridesmaid; deliciously fragrant.

EVERGREEN GEM

It is not only evergreen, but grows during mild weather in Winter; grows close to the ground. Flowers double; produced singly on stems, yellow buff in bud, when open almost white.

JERSEY BEAUTY

Flowers pale yellow, with cluster of bright yellow stamens; very fragrant.

MANDA'S TRIUMPH

Double, pure white flowers, 2 inches in diameter, on small side shoots literally covering the plant; beautifully imbricated.

GARDENIA

Bud, bright yellow; when open, cream color, incurving toward evening, as does Cape Jessamine (Gardenia Florida), hence its name. Very fragrant.

SOUTH ORANGE PERFECTION

Perfectly formed double flowers, about 1½ inches in diameter; soft, blush pink at the tips, changing to white.

PINK ROAMER

Color is bright, rich pink, with the center almost white, brightened with orange red.

WICHURIANA

Flowers are single and of good size; color, pure shining white; very fragrant and desirable Rose for cemetery planting.

Special Offer

One strong young plant each of the eight Wichuriana Roses described above, 75 cts., postpaid; one each two-year-old plants, 8 in all, \$2.00, by express.

Climbing Tea and Noisette Roses

All the varieties in this class are unusually free and continuous bloomers, producing flowers of rare and striking beauty and of delicious fragrance. They are mostly strong climbers, especially valuable for training over porches, pillars or trellises, where they can have support.

Varieties marked H. are hardy everywhere with slight protection; where marked M. H., they are moderately hardy, and especially valuable for open ground cultivation south of Philadelphia.

Price of all Roses on this page, except where noted, 10 cts. each; 6 for 50 cts.; \$1 per dozen; larger size, 15 cts. each; 4 for 50 cts., postpaid. Two-year-old plants, 30 cts. each; \$3.25 per dozen, by express, at purchaser's expense.

AMERICA, M. H.—Flowers rich creamy yellow, passing to orange.

CAROLINE GOODRICH, H.—Deep rich velvety crimson.

CELINE FORESTIER, H.—Pale sulphur yellow.

CHROMATELLA (Cloth of Gold), M. H.—Clear, bright yellow.

CLAIRE CARNOT, H.—Buff or orange yellow, with peach blossom center.

CLIMBING DEVONIENSIS, H.—A grand Rose; white tinged with blush; very sweet. 15 cts. each; 4 for 50 cts.; 9 for \$1.

A Glorious Rose—Marechal Niel, M. H.

The buds and flowers are superb; extra large, very double and deliciously perfumed. The color is deep golden yellow. Blooms with the greatest freedom. In the North should have very careful protection in open ground during the Winter; splendid for greenhouse and house culture.

CLIMBING HERMOSA, H.—The flowers are borne in great profusion, and in color are clear bright pink. 15 cts. each; 4 for 50 cts.

CLIMBING PERLE DES JARDINS, M. H.—Same as the grand old Perle des Jardins and equally good in every way, but of vigorous climbing habit. 15 cts. each; 4 for 50 cts.

FORTUNE'S DOUBLE YELLOW, M. H.—Bronzed yellow or copper and fawn color.

ZELIA PRADEL, M. H.—Pure white buds and flowers.

JAMES SPRUNT, M. H.—Deep cherry-red flowers, double and sweet.

GOLD OF OPHIR, M. H.—Nasturtium yellow, suffused with coppery red.

LAMARQUE, M. H.—Pale canary yellow, almost white.

MADAME BERARD, H.—Color, creamy white with amber and pale blush.

MADAME CAROLINE KUSTER, M. H.—Beautiful orange yellow, large and very double.

Glorie de Dijon, H.

Color, rich creamy white, beautifully tinged with amber and pale blush. 15 cts. each; 4 for 50 cts.; 9 for \$1.

MARY WASHINGTON, H.—Pure white; perfectly double to the center; sweet and borne in endless numbers in large clusters.

REINE MARIE HENRIETTE, H.—Extra large, finely formed flowers; very full and double, borne in clusters; color, glowing crimson.

REINE OLGA D'WURTEMBERG, M. H.—Fine, large, very double flowers, borne in clusters; color, clear cherry-red.

REVE D'OR, M. H.—Buff yellow; good.

SOLFATERRE, M. H.—Climbing habit; fine, clear sulphur yellow; large, full and double.

WASHINGTON, M. H.—Flowers large, pure white; double and borne in beautiful clusters.

WILLIAM ALLEN RICHARDSON, M. H.—Coppery yellow flushed with carmine.

Set of 24 Climbing Tea and Noisette Roses, Postpaid for \$2.00

They Give Quick Results

Always On Their Own Roots

Two-Year-Old Roses

The demand for our Two-Year-Old Roses has reached enormous proportions, for the reason that they make a fine appearance and yield an abundance of splendid flowers at once. We offer plants on own roots only. They are far superior to budded or grafted Roses which are always unsatisfactory. Our stock has been grown cool and without stimulants. Those who buy Roses from us this year will receive the best-grown plants in America at prices that are lower than the lowest, the quality of the stock considered. We will fill your order in a way to convince you of this fact. Our Two-Year-Old Roses are all pot grown. We guarantee the safe delivery of all goods to any post office or express office in the United States.

NOTICE.—These Two-Year-Old Roses, owing to their size, cannot be sent by mail, but must be forwarded by express at the customer's expense. The express companies, however, make a special reduction of 20 per cent. on plants, so that the charges on an average order will be inconsiderable. They weigh, when packed, about as follows: 12 plants, 15 lbs.; 25 plants, 30 lbs.; 50 plants, 50 lbs.; 125 plants, 100 lbs. For express rates, see page 5.

A Complete Index and Classification of all the Roses Offered in this Book

On this and the two pages following we give a complete alphabetical list of all the two-year-old Roses offered in this book, showing the class to which they belong, the page on which they are described and the price of each. We also include the price of three-to-five-year-old plants where we are able to furnish same. We think our customers will appreciate this classification for purposes of quick reference. For prices in dozen lots, see pages on which varieties are described.

Abbreviations Used.—Tea, Ever-blooming Teas; H. T., Hybrid Teas; B. C., Bourbon Bengal and China; H. P., Hardy Hybrid Perpetuals; C. T., Climbing Teas; C. N., Climbing Noisette; H. C., Hardy Climbing; M., Moss; T. P., Tea Polyantha; P., Polyantha or Fairy; Rug., Rugosa; W., Wichuriana or Memorial; H. Rug., Hybrid Rugosa; C. H. T., Climbing Hybrid Teas; N., Noisette.

Japanese Fern Ball

This charming novelty from the Orient has created a sensation. The ball is composed of dormant Japanese Fern roots and moss, so constructed as to send out leaves of beautiful emerald green from every point, until the whole is a mass of dainty green fronds. The foliage is delicate and lace-like and of splendid substance. The greatest introduction in years. Anyone can grow it successfully.

Directions for Starting.

Place ball in water for fifteen minutes, and then suspend in any desired position; repeat every two days until growth is started, after which sprinkle occasionally, as required.

Japanese Fern Ball

Large dormant balls, 5 inches and over in diameter, 50 cts. each, 5 for \$2, postpaid. Larger balls, 7 to 9 inches in diameter, 60 cts. each; 2 for \$1, postpaid. By express, at purchaser's expense, 40 cts. and 50 cts. each, respectively.

Nephrolepis Scottii

(Dwarf Boston Fern).—This variety is identical with the celebrated Boston Fern, except that it is smaller in all its parts and more compact. Strong young plants, 20 cts. each. Handsome 4-inch pot plants, 40 cts. each, postpaid.

Jacksonii Fern

A very strong-growing variety, one plant producing more fronds than three or four of an ordinary variety. The fronds, while erect, are exceedingly graceful. Strong plants, 15 cts. each; 3 for 50 cts. Handsome plants from 4-inch pots, 35 cts. each; 2 for 60 cts.

Pierson Fern

The fronds grow broad and heavy, and on account of their weight, the plant assumes an exceedingly graceful appearance. Each individual leaf of the frond is subdivided, making a perfect frond of each leaf, giving a beautiful feathery effect impossible to describe. Strong young plants, 20 cts. each; 3 for 50 cts. Strong, handsome, 4-inch pot plants, 35 cts. each, postpaid.

Tarrytown Fern

(Nephrolepis Elegantissima).—Our illustration of this wonderful new Fern does not give an idea of the grace and beauty of its feathery, plume-like fronds. It is a sport from the Pierson, but it is much more beautiful. The side pinnae are again subdivided, presenting an exquisite and beautiful effect. Strong young plants, 25 cts. each; 5 for \$1, postpaid. Strong, handsome plants from 4-inch pots, 50 cts.

Nephrolepis Whitmani

A Gem
Among Ferns

This magnificent new fern is a sport from the Boston Fern, but unlike other sports of this variety, such as Piersoni, Barrowsii and Elegantissima, it never reverts to the Boston type. Every frond is perfect. It is of the same feathery fronded type as the above varieties, but more dwarf and smaller in all its parts. The fronds are more dense and delicate than any other variety. It makes a beautiful symmetrical plant, even in small sizes, and large specimen plants are beautiful beyond description. Price of strong young plants, 25 cts. each; 3 for 60 cts., postpaid.

New Tarrytown Fern

Fern Amerpohlii

Pogostemon Patchouli

The true French perfume plant. Offered in America only by us. Very rare and much sought after. Easily grown as a Coleus. Has fine, large, deep green foliage, which when taken from the plant and dried emits the most delicious fragrance. A single leaf placed in an envelope or pocketbook throws out an exquisite fragrance found only in the finest French perfume. Scattered through one's linen gives it a most delightful and refreshing odor. In India this plant is extremely popular and is used for making the celebrated East India perfume. Strong plants, 25 cts. each; 3 for 60 cts.

Asparagus Plumosus

Foliage surpasses a Maidenhair Fern; in grace and finish resembles the finest lace. Elegant for cutting; one of the best plants in our collection. 20 cts. each; 4 for 50 cts.; larger size, 25 cts. each.

The Boston Fern

For hanging baskets or single specimens in pots or baskets, it is superb. We know of no other plant that withstands ill-treatment better, or thrives so splendidly under good care. It does equally well in sun or shade outdoors in Summer, and presents an imposing appearance indoors during Winter. It is grown by the thousand for market in all the large cities, and is steadily increasing in popularity. It forms an immense number of graceful drooping fronds, varying in length from 2 to 5 feet, which arch over like plumes in every direction, and which are always of a fresh, healthy and beautiful green color. These fronds keep in perfect condition for years. Strong plants, 15 cts. each; 4 for 50 cts., postpaid; larger plants, from 4-inch pots, 40 cts. each, postpaid.

The Boston Fern

Nephrolepis Philadelphia Amerpohlii Lace Fern

Of all the Ferns yet introduced with feathery fronds, this exquisite variety is the best and most sensational. Neither illustration or description will give an idea of its wonderful beauty. While of the same type as Whitmanii and Elegantissima, the fronds are more lace-like, dense and delicate. This variety has created a furore wherever shown. Is a strong grower, very easy to manage and is the best Fern of its class. If you have never seen this variety, by all means secure a plant—its beauty will astonish you. We make the price very low. Strong young plants, 30 cts. each; 4 for \$1; large specimen plants, 60 cts. each, postpaid.

Giant White Scented Snapdragon

A choice plant for pot culture. It is a perpetual bloomer, compact habit, sending up flower spikes almost as large and beautiful as a Gladiolus. Color, pure white, with lemontinged throat, and of lovely fragrance. 15 cts. each; 4 for 50 cts.

Asparagus Sprengeri

For planting in pots, vases or hanging-baskets has no equal. It droops most naturally, sending out numerous feathery, emerald-green fronds, which in a short time make a growth of 4 to 8 feet, forming a handsome and striking picture. A well-established plant is literally a mass of emerald green. Strong plants, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

Kentias—The Palms for the Masses

FOSTERIANA and BELMOREANA

Kentias are unquestionably the grandest of all Palms. For the amateur or professional grower they grow beautifully in the ordinary temperature of the living room and are uninjured by changes in temperature, while the splendid substance of the foliage remains perfect even when grown under the most adverse conditions. They are strong, tall growers, exceedingly robust, with deep, glossy green fan-shaped leaves split deeply into segments, as shown in our illustration. We offer two varieties—**Belmoreana** is the tallest grower, while **Fosteriana** has the broadest leaves; both are exceedingly graceful, and we recommend them as the best in Palms. **Strong plants, 8 to 12 inches high, 25 cts. each; 3 for 65 cts., postpaid; larger size, 40 cts. each; 2 for 75 cts., postpaid. Large plants, splendid specimens, from 5-inch pots, 60 cts. each, postpaid.**

Areca Lutescens

One of the most graceful Palms in all stages of growth. Its dark, glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stem are golden green. A strong, vigorous grower, quickly making large specimens. **Strong plants, 6 to 8 inches high, 25 cts. each; 3 for 60 cts., postpaid. Large plants, 14 to 18 inches high, 60 cts. each, postpaid.**

Palm, Kentia

Palm, Cocos Weddelliana

The most elegant and graceful of all the smaller Palms. It is an erect grower and is freely furnished with gracefully arching leaves of a rich green color. This variety is admirably adapted to growing in Fern dishes, being of slow growth and maintaining its beauty for a long time. **Strong plants, from 3-inch pots, 30 cts. each, postpaid.**

Latania Borbonica

Certainly no plant could be more ornamental or satisfactory than this superb variety, which is conceded to be one of the best decorative Palms now known. It is immensely popular, because it is not only remarkably beautiful, but of the easiest culture, standing neglect well, and attains a great size. The leaves are large, deeply divided and fan-shaped. Requires fairly good soil, moderate moisture and partially shaded situation. **Strong plants, 20 cts. each; 3 for 50 cts.; larger size, 30 cts. each, postpaid. Handsome specimen plants, 15 to 18 inches high, from 5-inch pots, 50 cts. each, by express.**

Palm, Latania Borbonica

Dracaena Indivisa

Of graceful habit, an exceedingly rapid grower and is not affected by sunshine, storm or drought. Forms a Palm-like tree, and does equally well indoors or in the open ground, quickly attaining immense proportions. **Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1.**

Norfolk Island Pine

Araucaria Excelsa

A superb decorative plant of the highest class. It resembles a miniature evergreen of perfect symmetry and graceful proportions. It is admirably adapted to house culture. The dark green branches are arranged in perfect whorls, presenting a unique and graceful appearance. It is a strong, compact grower, easy to manage and quickly makes a plant of splendid dimensions. **Strong plants, 8 to 10 inches high, 75 cts. each, postpaid. Large plants, 12 to 15 inches high, from 6-inch pots, \$1 each, by express.**

Norfolk Island Pine

Ever-Blooming Carnation Pinks

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground or in pots quickly make large specimens, producing a profusion of flowers all Summer. When brought indoors in the Fall they produce an abundance of flowers throughout the entire Winter. Carnation blooms are expensive. Don't buy them—grow them yourself. If wanted for Winter blooming, pinch the plants back frequently during the growing season. In the Fall bring indoors, place in a 4 or 5-inch pot, keep in a temperature of 40 to 50 degrees at night, and they will yield an immense number of flowers with splendid stems. We offer the finest varieties in existence.

The Novelty Set of New Carnations

A Collection of the Best Novelties of Recent Introduction.

Strong plants, 15 cts. each; 5 for 50 cts. Set of 12 varieties for \$1, postpaid. (Please order as "The Novelty Set.")

CRISIS.—Color, richest scarlet. Superb.

ENCHANTRESS.—A most popular light pink variety. One of the best.

ESTELLE.—The best, freest and finest of all the scarlets. Grand flowers, superbly made.

FLAMINGO.—Magnificent large scarlet flowers of perfect form and largest size.

HARLOWARDEN.—The best standard crimson on the market. Very free.

HELEN GODDARD.—Rose-pink color, lighter than Lawson; continuous bloomer.

LADY BOUNTIFUL.—Pure white, immense blooms; good clove fragrance.

LIEUT. PERRY.—Snow-white. Vigorous.

PROSPERITY.—Color unique. White mottled pink, deepening toward center like an Azalea.

QUEEN LOUISE.—The best white yet introduced. Very large.

ROBERT CRAIG.—An ideal scarlet; enormous bloom.

VICTORY.—Fine scarlet; large flowers.

SPECIAL OFFER.—For \$1.60 we will send, postpaid, one each of the Carnations offered on this page, 24 in all. This is the best value ever offered for the money.

The Choicest Geraniums

On this and the following page we offer the best Geraniums—new and old—of the hundreds of varieties now in commerce. These Geraniums are the choicest in the world, having been thoroughly tested and found to possess distinct merit. To be appreciated their superb flowers must be seen. They are beautiful beyond description, the richest solid colors and most gorgeous variegated varieties being included in the various lists. Such a wonderful improvement is shown in the Geraniums of recent introduction that it is difficult to compare them with the old-fashioned Geranium of many years ago. For ease of culture, brilliant and attractive covering, general usefulness and diversified types the Geranium is unexcelled.

The Best New Double Geraniums

Geranium, Jean Viaud

Thomas Meehan

(New Bruant Geranium).—Fine, semi-double, of a bright magenta shade. Superb.

PRICE: Strong plants, 15 cts. each; 4 for 50 cts.; set of 8 for 90 cts.

Jean Viaud

Soft, pure pink, semi-double, with two white blotches. Dwarf, stocky grower, producing continuously large trusses of perfect florets throughout the season.

Double New Life

Outer flowers large and brilliant red; in the center of this appears another semi-double flower, pure white in color.

E. H. Trego

One of the most beautiful shades of dazzling scarlet, with an exquisite, soft, velvety finish on a saffron ground. Flowers large, semi-double; produced in enormous trusses.

Hubert Charron

One of the finest double Geraniums, each petal edged with rosy red around a pure white center.

Dr. Despres

Color, changeable, bright violet marked vermillion on the upper petals.

Jean Lahor

Border of petals is rich vermillion red, center clear violet lilac mauve, while the base of the upper petals is shaded orange, making a superb effect.

Alphonse Ricard

Semi-double, of a brilliant shade of orange-red.

The Choicest Double Geraniums

PRICE: Strong plants, 12 cts. each; 5 for 50 cts.; 12 for \$1, postpaid.

SPECIAL OFFER: Complete collection of 16 Double Geraniums, named below, for \$1.25.

Bruant.—Rich vermillion-red. Large trusses.
Beaute Poitevine.—Bright salmon-pink.
Countess De Harcourt.—Pure snow-white.
Double General Grant.—Scarlet flowers.
Dr. Blanche.—Bright orange-red.
F. Perkins.—Rich carmine flowers.
Gladys Spaulding.—Brilliant scarlet.
Heteranthe.—Bright scarlet. Fine.
John Doyle.—Rich scarlet. Very effective.
Le Pilote.—Glowing crimson scarlet.
Marvel.—Dark red; large and fine.
M. Ott.—Magenta, shading to pure violet.
Mme. Buchner.—Snow white; vigorous.
Mrs. Gladstone.—Grand, pure white, shaded flesh pink towards the center.
Pink Beauty.—Color, rich, deep pink, shading at base to brighter pink.
Rosebud.—Color, scarlet shaded lilac.
R. Roland-Gosselin.—Center chamois, bordered with rose and marked with white.
S. A. Nutt.—Rich, dark crimson. Superb.

Sweet-Scented Geraniums

15 cts. each; 4 for 50 cts., postpaid.

Apple-Scented.—A grand old favorite; a plant will fill a room with delicious apple-scented fragrance.

Rose-Scented.—Both large and skeleton leaf. Fine for bouquets. Delightful rose scent.

Lemon-Scented.—Small leaves, deliciously scented. One of the best.

Pelargoniums

15 cts. each; 4 for 50 cts., postpaid.

Lady Washington.—Beautiful flowers that are large and marked in the most charming fashion, similar to Phloxes or Pansies; color, lilac pink, with center of pure carmine.

New Pansy Pelargonium.—A free blooming, dwarf growing sort, practically in bloom the entire season; flowers pink and crimson, with dark blotches, sometimes feathered white.

The Best New Single Geraniums

Price : Strong plants, 15 cts. each ; 4 for 50 cts. ; 10 for \$1 postpaid.

Andrew Lang

Rich, glowing scarlet, with large white blotch on the two upper petals; center suffused with carmine.

Crabbe

Charming shade of cherry-red; over 2½ inches across; beautifully arranged.

Southey

Bright vermilion with white blotch in center of flower and running up into the two upper petals, which are suffused with crimson.

General Wolseley

A striking single variety, producing clear rosy-red flowers, blotched and mottled with white.

Mme. Landry

(New Bruant Geranium).—Semi-double. Color, rich salmon, shaded orange, edge of petals of a brighter shade than rest of the flower.

M. P. Morlan

Enormous trusses of large flowers; rich, rosy salmon; center, white, suffused bright salmon.

Mme. L. Moyot

A very distinct variety with striped flowers. Large white center, bordered with vermilion.

The Choicest Single Geraniums

PRICE: Strong plants, 12 cts. each; 3 for 30 cts.; 7 for 60 cts.; 12 for \$1, postpaid.

Columbia.—High scarlet of dazzling brightness; two upper petals, white, scarlet on the edges.

Countess De Blancas.—Color, light salmon pink.

Dr. Marmoteek.—Lower petals bright violet, changing to carmine at the base and marked in white; marbled and laced with violet and carmine.

Jacquerie.—Magnificent shade of very dark crimson scarlet. Bold.

Madame Bruant.—Totally distinct; large trusses, white veined with carmine lilac. The five petals regularly bordered with bright solferino. Superb.

Negus Menelik.—Creamy white, shading into a deep border of bright pink. Good truss.

Mme. Coralie Bajac.—The center flower is white; the five petals regularly bordered with rosy carmine, which shades into pale violet.

La Favorite.—Massive trusses of snowy-white flowers; large, perfectly double. Superb.

Puritan.—White ground, shaded salmon, deepening to a distinct ring around the center.

Special Offer Complete Set of 11 Single Geraniums, postpaid, 90c.

General Fitzhugh Lee

Very large florets; white and crimson.

Dryden

Bright rosy-red with white blotches on the petals.

Telegraph

This variety is undoubtedly the most distinct introduction in this line for many years. It is a strong, vigorous grower, bearing immense trusses of single flowers of mammoth size; the color is a rich, deep orange cerise.

Geranium—Telegraph

Triomphe De Nancy.—Semi-double flowers, carmine red with white margins.

Vincennes.—Our first single pink variety.

Fancy Leaved Geraniums

Strong Plants, 15 cts. each; 4 for 50 cts.

Arbutus.—Golden-leaved variety, bearing profusely light, salmon pink flowers.

Happy Thought.—Dark green foliage, having a light cream, almost white, center; dark band about the light zone.

Madame Salleron.—Leaves very small, clear green, irregularly dotted with white. Fine for bordering and edging, or as a pet plant.

Prince Bismarck.—A good dark bronze.

Ivy-Leaved Geraniums—Beautiful and Striking

Below we offer the best Ivy Leaved Geraniums, which have been selected for their diversity of color, ease of culture, unique and striking appearance. They are particularly desirable for baskets, vases or where a trailing or climbing plant may be used. The bright, shining foliage, shaped like English Ivy, is always beautiful and attractive.

PRICE: Strong plants, 15 cts. each; 3 for 40 cts. Set of 6, postpaid, for 75 cts.

August Hardy.—A fine double pink variety. Very desirable.

Centenaire.—Color, brilliant solferino; extra large double flowers.

Corden's Glory.—Bright scarlet; perhaps the very best of its color; free grower.

Jean d'Arc.—A grand variety. The nearest approach to pure white.

Mrs. Fink.—Large rosy crimson; very full and double; resembles a Camellia flower.

Souv. de Charles Turner.—Bright pink in color, approaching scarlet; upper petals feathered with maroon.

American Wonder Lemon

The Largest Edible Lemon in the World—Actual Weight, Two and One-Half Pounds

American Wonder Lemon

Sword Fern (Cordata Compacta)

Lack of space prevents us from showing an illustration and giving an extended description of this grand variety. As indicated by the name, it is a compact, erect growing plant with strong, firm fronds, color very deep shining green, as if varnished; very hard and firm, and in consequence not easily injured. Attains a height of two feet and arches beautifully. It will stand a lower temperature than other varieties, and even when quite small makes handsome specimens. Holds the foliage better than any other variety. All Ferns like a shaded situation. Strong plants, **15 cts.** each; 4 for **50 cts.** Strong, handsome, 4-inch pot plants, **35 cts.** each; 3 for **\$1**, postpaid.

Ficus Elastica (Rubber Tree)

A well-known variety, so familiar to flower lovers that a description is almost unnecessary. We have a splendid stock of this useful and ornamental plant, which we offer in two sizes as named below. It will flourish under the most unfavorable conditions and responds most readily to good treatment. Its thick, glossy foliage is exceedingly attractive, and the plants are singularly free from insect pests. Strong plants, 12 to 15 inches high, **75 cts.** each; 2 for **\$1.25**, postpaid. By express at purchaser's expense, **60 cts.** each; 2 for **\$1**. Plants 20 to 24 inches high, **\$1** each, postpaid, by express at purchaser's expense, **80 cts.** each.

This is one of the most extraordinary novelties that has been sent out in many years. Our illustration, taken from a photograph, much reduced in size, gives an idea of the fruit. Single specimens have been taken from the trees weighing over three pounds each. In addition to its fruit-bearing qualities, it makes a very handsome specimen plant for house culture. The dark green foliage is very large, and the handsome, pure-white waxy flowers, with yellow stamens, are nearly as large as tuberosa blooms, and as fragrant as orange blossoms, which they greatly resemble. The lemons have a very thin rind for such large fruit, and are full of rich, acid juice, and are equal to eight or ten ordinary lemons. It makes delicious lemonade, and for every purpose that the lemon is useful it has no equal. The plants that we will send you will produce their magnificent large fruits under ordinary cultivation the second year, and will prove a source of genuine delight. This is certainly a wonderful novelty and one of the greatest we have ever had anything to do with. Plant it in ordinary soil, in a pot or tub, and it will make a most interesting and valuable plant, not only ornamental, but useful, as it will bear each season a fine crop of these superb Lemons. Very hardy.

Strong plants, **20 cts.** each; 3 for **50 cts.**; larger size, **25 cts.** each; 5 for **\$1**. Two-year-old plants, **50 cts.** each, postpaid.

Ficus Elastica (Rubber Tree)

PAINTED LEAF OR REX BEGONIAS

OURS THE LARGEST AND MOST GORGEOUS COLLECTION IN AMERICA

We make a specialty of this marvelous family of plants, which are without doubt the most beautiful ornamental foliage plants in existence. Descriptions and illustrations fail to convey an idea of their exquisite color effects, which include nearly every known color. We offer a collection of the finest varieties, including new and rare kinds that cannot be had elsewhere. They require light soil composed of rich loam, loose woods earth and sharp sand. They like a moist, warm atmosphere, and should be kept shaded during the Summer. Do not allow the sun to strike the leaves when wet, or do not over-water. Be sure to try a few of these wonderful plants.

STRONG HANDSOME PLANTS, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each; 3 for 50 cts., postpaid.

Comte Alfred De Liminghi.—Branching habit. Bright silver zone, dark green center, and lighter edge, both mottled white.

Countess Louis Erdody.—Dark silver in center, shading to coppery rose at margin, yellowish-green vein on both sides of leaf. From the curious whorl at base of leaf, known as the Corkscrew Begonia.

Duchess De Brabant.—Plum-green center and edge, broad silver zone, shading to bright green.

Enfant De Nancy.—Silver zone with reddish brown edges; strong grower.

Fred Heineman.—Irregular zone of greenish white, broken where ribs of leaf intersect with dark green; under side rich red.

Fuersten Bleusen.—Very distinct dark-green center, extending into a silvery zone, surrounded by light green with sharply defined inner edge, outer edge reddish, sometimes spotted with silver.

Grandi.—Bright steel zone. Light green center; green edge, mottled white, tinged maroon. Under side of leaves maroon.

Helen Upton.—Dwarf growth. Light greenish white with small silvery leaves and hairy light green stems, under side of leaf reddish.

Illustris.—Dark green center, irregular silver zone; light green border, with white dots.

Indianapolis.—Solid silver leaves with tinge of green at edge. Small whorl at the base of leaf.

Kaiser Wilhelm.—Deep green velvety center, outer edge darker. Very distinct.

Leopardini.—Silvery zone. Bronze green center; lighter green edge.

Louis Closson.—One of the richest and most beautiful Rex Begonia. The predominant color effect is: center, deep bronze with broad band of silvery rose, edged with bronze, giving the whole leaf a purplish tint.

Mme. Gache.—A rosy bronze variety; very highly colored; a fine companion for Louis Closson.

Mad. Halpon.—Silvery zone with dark-green margin dotted with silver; fluted edges.

Mad. Le Boucq.—Very distinct, entire leaf soft, rosy mauve of a light silky lustre, plum green.

Magnifica.—A splendid grower, with soft velvety bronze green foliage; silver blotches and handsome stripes.

Mangel.—Bright silver zone. Dark green center and green edge tinged red. Both mottled white.

Modesto.—Dark green leaves mottled white, under side bright red. Very odd.

President Carnot.—Strong grower; light brown and silver gray foliage, looks like frosted silver.

Quadricolor.—Immense leaves, center deep green with band of silver, with a third band of bright-green edged with bronze.

Queen Victoria.—Solid silver leaves with crepe-like texture. Superb.

Rex.—One of the most effective, though the oldest variety. Center and edge soft, velvety green, with broad zone of silver.

Rob Jenkins.—Silver tinged pale green, with dark center. Narrow dark green edge, with light green markings.

Spiralis.—Broad center of light green extending into a narrow silver zone, with light green edges. A distinct whorl at base of leaves, hence its name.

Van der Muelen.—Large, velvety, dark green center, shading to lighter green, surrounded by silver zone, with narrow green edge.

Rex Begonia—Louis Closson

NOTCHED LEAVED VARIETIES

In the following list are kinds the foliage of which is similar in shape to grape or oak leaves. Very odd and striking.

Beauty of Richmond.—Edge of leaf green, dotted with silver. Center, dark green, banded with bright silver. Deeply notched.

E. Cliffe.—Metallic green ground, shaded red at center and edges. Spotted and blotched with silvery white. Leaves pointed and notched.

Elsie Coles.—Center of leaves reddish green, extending into a glossy steel zone with small margin with reddish green at the edges.

Gloire De Vesinet.—Distinctly notched. Steel colored leaves with dark green center.

Mlle. Kaurell.—A small reddish green center, extending into a wide glossy silver zone, blotched with reddish green at the extreme edge.

Mrs. A. G. Shepherd.—Slightly notched silvery leaves, with center and edge greenish maroon.

Quimitable.—Small light green center and broad silver zone; edge tinged with light green spots on ribs, and faint tinge of light red.

Silver Queen.—Apple green with olive-green veins extending to edge. Medium size notched leaves.

Special Offer For 50 cents we will select from the extended list of varieties above five splendid sorts, all different; for \$1.00 we will select 11 different varieties; for \$1.60 we will select 18 different varieties. All plants properly labeled.

Otaheite Orange

A dwarf reproduction of the genuine fruit-bearing Orange tree, the flowers being identical. It flowers and fruits in pots and blooms continuously. The fragrance of the flowers is delicious, and with one or two plants one can have a generous supply of highly prized and much coveted orange blossoms. Fruits immediately after flowering; the fruit measures about three inches in diameter and is quite edible. On a single bush, 20 inches high, 164 buds were counted. **Strong young plants, 15 cts. each; 4 for 50 cts.; larger size, 25 cts. each; 5 for \$1, postpaid.**

GREVILLEA ROBUSTA

The Australian Silk Tree

A magnificent plant for decorative purposes; quicker growing than a Palm and equally effective; of easy growth; finely cut foliage, rivaling a rare Fern; attains magnificent proportions. The leaves are very fine for designs and do not wilt. **15 cts. each; 4 for 50 cts.**

RUSSELLIA LEMOINII

A new and rare plant, particularly desirable for hanging baskets, pots or vases. Profuse bloomer the entire year. Easily grown and sure to bloom. It has the drooping habit, with small, wiry branches, and small leaves completely hidden by hundreds of vivid scarlet tubular flowers. Exceedingly floriferous, small pot plants showing more flowers than leaves. **Strong plants, 15 cts. each; 4 for 50 cts.**

Jessamine Maid of Orleans

A magnificent new variety, with large, double flowers; blooms profusely all Summer; large, double, waxy-white flowers of great substance, produced freely throughout the Summer. We know of no pot plant more desirable than this; the fragrance of the flower is delicious, sweet and elegant. **15 cts. each; 4 for 50 cts.; 9 for \$1.**

Jessamine Grand Duke of Tuscany

A magnificent, ever-blooming plant, with large, double, waxy, creamy-white flowers, with the most delicious fragrance of any flower we know; sweeter than a Tuberose; looks like a large, double white Rose. Blooms throughout the season. A superb pot plant; of dwarf, sturdy habit of growth. **15 cts. each; 4 for 50 cts.; 9 for \$1.**

Confederate Jessamine

(*Rhynchospermum Jasminoides*).—A beautiful pot plant, with glossy, evergreen foliage, producing masses of pure white, jessamine-like flowers of most exquisite fragrance; climbing habit; exceedingly fine for trellis and window garden. **15 cts. each; 4 for 50 cts.; 9 for \$1.**

Water Lily *Nymphaea Odorata*

The well-known Water Lily, famous for the fragrance of its beautiful white flowers, which attain a size of five or six inches across. A free bloomer; a strong, sure grower, of the easiest cultivation. A tub or half-barrel may be utilized to grow it in, if you do not have a pond or pool of water. Plant the roots in muck or loam, covering the latter with about two inches of sand or fine gravel, to hold them in position. The root should be barely covered. Give plenty of sunshine. **Strong roots, 20 cts. each; 3 for 50 cts.; 7 for \$1.**

The Water Hyacinth

A curious plant of great beauty. Has smooth, round, green leaves, to which is attached a puffed, bladder-like stalk, by which means the plant is enabled to float on the surface of the water until the roots secure themselves firmly in the soil below. The flowers come in beautiful, long spikes, and each flower is the size of a silver dollar; color, a lovely shade of lilac-rose tinted azure blue, with the center rich, golden yellow. Beautiful. Plant in tubs or bowls, and give plenty of sun. **Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1.**

The Pitcher Plant *Saracenia Purpurea*

The wonderful Pitcher Plant, the leaves of which will hold a good-sized teacupful of water. A never-ending source of amusement and pleasure. The pitchers or leaves have a well-defined and handsome spout, and are from eight to twelve inches long; color, deep red and green variegated and veined. The flowers are large, color deep purple. Does well in pots or in open ground. Likes shade and plenty of moisture. Evergreen and hardy. **20 cts. each; 3 for 50 cts.; 7 for \$1.**

SPECIAL OFFER—1 each Pitcher Plant, Water Hyacinth, Water Lily, 50 cts., Postpaid.

Miscellaneous Plants For Bedding and Pot Culture

BELOW we offer some of the very choicest plants suitable for designs, borders, bedding and potting purposes, and owing to their attractiveness and small cost they should find a place in every flower garden. But limited descriptions are needed, as these plants are all well known and popular.

Hibiscus Sinensis

A beautiful class of plants with handsome, glossy foliage and brilliant showy flowers. All varieties 15 cts. each; 4 for 50 cts.; 9 for \$1.

H. VERSICOLOR.—Handsomely striped crimson, buff, rose, white and many other colors.

H. COOPERII TRICOLOR.—Foliage beautifully variegated with dark green, pink and white. Flowers single, very large; color, crimson.

H. MINIATUS SEMI-PLENUS.—Semi-double flowers, bright vermilion-scarlet; petals waved and recurved.

H. PEACHBLOW.—Color, pink with crimson center. The only variety of this color.

Hydrangeas

15 cts. each; 4 for 50 cts.; 9 for \$1.

OTASKA.—Beautiful large flowers, at first deep, rich pink, gradually changing to snow white.

RED BRANCHED.—Has dark red branches, brightening to clear crimson as they near the flower trusses; produce immense heads of deep rose-colored flowers.

THOMAS HOGG.—A pure white variety. When full grown attains a height and width of six feet. Fine for cemetery purposes. Hardy.

NEW JUSTICIA VELUTINA.—A dwarf, stocky, compact plant, bearing large, pink, leathery flower heads, which last a long time. The foliage is heavy in texture and very velvety. 15 cts. each; 4 for 50 cts.

NEW BOUGAINVILLEA SANDERIANA.—Camellia-like foliage, deep, shining green, bearing flowers of a dazzling rosy-crimson color, with golden yellow anthers, lasting long in perfection. 15 cts. each; 4 for 50 cts.

SHOWER OF GOLD (Genista Canariensis).—When in flower it presents a dense mass of golden yellow. Very popular. 15 cts. each; 4 for 50 cts.

HOYA CARNOSA (Wax Plant).—The flowers are bluish-white in color, resembling wax, and are borne profusely in large umbels. The foliage is thick and fleshy; extremely handsome in appearance. Very scarce. 20 cts. each; 3 for 50 cts.

COLEUS.—We offer grand named and mixed varieties, solid colors, striped, variegated and mottled. When ordering, state your preference as to color, and we will select same. 10 cts. each; 6 for 50 cts.; 15 for \$1.

VERBENAS.—We have a fine collection of this well-known plant in assorted colors. 10 cts. each; 6 for 50 cts.; 15 for \$1.

SALVIA SPLENDENS (Scarlet Sage).—The finest scarlet bedder. Makes a brilliant blaze of fiery scarlet color long after other flowers are gone. 10 cts. each; 6 for 50 cts.; 15 for \$1.

Acalyphas

You should by all means include some of these plants in your order. With their wonderful color effects and decorative value they will give you splendid satisfaction. 15 cts. each; 4 for 50 cts.; 9 for \$1.

A. TRIUMPHANS.—The color of the foliage is impossible of description. The predominant color is red, marbled, lighted and darker, streaked and dashed green, yellow, white and other colors, making it even more attractive than Crotons.

A. SANDERL.—Strong and free growing, branches spread widely and throw out long, dazzling, crimson, fluffy spikes, 12 to 18 inches long, between the large, bright green leaves. Baffles description.

A. BICOLOR COMPACTA.—Surpasses the finest Coleus or Rex Begonias in the beautiful coloring of its foliage. Bright green ground, margined with wide, regular band of lemon yellow, with white bars running lengthwise with the leaves, blotched with yellow.

A. MARGINATI.—A beautiful variety that grows similar to Triumphans, but entirely different in coloring effects. The leaves combine almost every color, red, green, bronze and intermediate shades, some edged with white, others with reddish-white, some with pure red.

SWAINSONIA SPLENDENS (Pink).—Identical with Alba, with the exception of the flowers, which are deep, shining pink. 15 cts. each; 4 for 50 cts.

MYROSMA CANNAEFOLIA.—A number of years ago this was offered as a white Canna at a tremendous high price. Pure white flowers, with fragrance as sweet as that of orange blossoms. 15 cts. each; 4 for 50 cts.

ALTERNANTHERAS.—Very compact; splendid for borders. Two colors, red and yellow variegated. 10 cts. each; 6 for 50 cts.; 15 for \$1.

ACHYRANTHES.—Smooth red foliage, similar to Coleus, and used for the same purpose. 10 cts. each; 6 for 50 cts.; 15 for \$1.

NEW AGERATUM (Princess Pauline).—Dwarf, compact habit; produces large clusters of flowers of richest blue. 15 cts. each; 4 for 50 cts.

WHITE AGERATUM.—Identical with the above variety, except in the color of the flowers, which is pure white. 15 cts. each; 4 for 50 cts.

SWAINSONIA ALBA (White).—Pure white flowers, produced in elegant sprays; the individual flowers strongly resemble Sweet Peas. The foliage is exceedingly pretty. 15 cts. each; 4 for 50 cts.

Splendid Free-blooming Fuchsias

Easily Grown and Sure to Bloom

Type of Fuchsia

For ease of culture, varied colors, profusion of bloom and adaptability to all locations we strongly recommend Fuchsias, the best varieties of which are offered in the following list. They are suitable alike for winter blooming or for growing outdoors, either in beds or in pots, boxes or vases, as the case may be. A collection of flowering plants is not complete without Fuchsias, and the extremely low price at which splendid sorts are offered permits of a choice collection of different varieties at a small cost. **Strong plants, sure to thrive and bloom, 10 cts. each; 4 for 35 cts.; 6 for 50 cts., postpaid.**

Baby Fuchsia.—A little beauty. A dwarf growing variety, wonderfully free blooming, being simply covered with perfectly formed flowers; color, purple corolla with white sepals. A decided novelty.

Speciosa.—A genuine ever-bloomer. Elegantly shaped and of good substance. Orange scarlet corolla and white sepals; calyx rose-carmine. One of the best in cultivation.

Trophy.—Splendid large purple flower, with rich crimson shading.

Rozains Patrie.—New double white variety with extra large flowers, deep carmine sepals.

Duke of Albany.—Constant bloomer of drooping habit. Extra large, violet purple flowers.

Mme. Thebaud.—Bright carmine bordered with white. Splendid double flowers with reflexed petals.

Constancy.—Large, single flowers; bright carmine corolla; white sepals.

Trailing Queen.—Splendid variety of trailing habit. Fine for pots and vases. Wine color, with bright carmine sepals.

Mrs. C. Blanc.—Rich magenta purple, with sepals of bright red.

Lovely.—Large, semi-double flowers. Color, rosy mauve, scarlet sepals.

Jupiter.—Extra large and very double flower. Long, deep tubes and handsome corolla; bright, rich carmine.

Wave of Life.—Distinct and beautiful. Elegant golden yellow foliage; crimson tube and sepals; royal purple corolla; an abundant bloomer.

Phenomenal.—The finest, freest blooming, double, large flowering Fuchsia in cultivation; flowers enormous, borne with great freedom; short tubes and sepals of bright crimson color; corolla bright violet purple.

SPECIAL OFFER The entire collection of 13 splendid Fuchsias described above, postpaid, for \$1.00.

New Lace Fern

A grand decorative Fern of the most distinct type. It is low-growing, bushy, exceedingly graceful and thrives in almost any situation. It is destined to become popular because it is easy to get along with and because it will thrive and retain its beauty for years with ordinary care. New and rare. Strong plants, 20 cts. each; 3 for 50 cts. postpaid.

Clerodendron Balfouri

A most satisfactory plant for pot culture; a vigorous, rapid and healthy grower, producing an abundance of blooms, which are bright crimson, surrounded by pearly white petals, affording a striking contrast against the dark green foliage. Likes partial shade. Strong plants, 15 cts. each; 4 for 50 cts.; larger plants, 20 cts. each; 3 for 50 cts.

Chrysanthemums

How to Grow Them

By An Amateur

I am glad to give you all the information I can in regard to the methods employed in growing my Chrysanthemums. I am an amateur and have gotten splendid results, as the photograph I send will show, and this without the aid of a greenhouse. I hope that the information I can give will prove valuable to others in cultivating Chrysanthemums, the loveliest flower that I know of, and one that gives a greater reward for pains taken in its culture than any other.

Procure good, strong plants from reliable florists about the first of June. Put them in 3 or 4-inch pots at first, in good, rich soil, and plunge the pots in the ground, or, better still, dig a trench and set the pots in it, filling in around with coal-ashes. This keeps the worms out of the pots and keeps the roots nice and cool. Chrysanthemums require lots of water, and should never be allowed to become dry. Evening or early morning is the best time to water. Water and shower thoroughly, as one good watering is worth half a dozen if only half done. Repot the plants about twice, first in a 6-inch and last in an 8-inch pot. Make the soil a little richer each time the plants are repotted. The plant can also be mulched with manure, which answers the double purpose of keeping the roots cool and moist and also furnishes food for the plant. As soon as the buds form in the Fall it is better to add a little manure water when sprinkling, weak at first, but gradually adding more, increasing the watering until it can be used every day. For insects, such as black aphid, use tobacco dust. If large flowers are desired, pinch off all buds and allow only a few to bloom. If a big, single flower is desired, pinch off all the side branches, leaving only the crown bud to bloom. After the frosty nights come in the Fall the pots are taken in the house and kept in a cool room, where the flowers will develop and remain nice for a long time. After blooming, the plants can be stored in the cellar and kept until next year. I send you a photograph (see page 81) of some specimens grown this year. I succeed best with such varieties as Mrs. Robinson, Ivory, Thornden, Merry Xmas, Modesto, Shilowa, Glory of the Pacific, Silver Wedding.

J. E. HILL, Sabina, O.

Chrysanthemums

Two hundred years ago the Chrysanthemum first became known in Europe. Since that time the interest in it has never been allowed to abate, and through the indomitable enterprise of the American growers, who have paid it wonderful devotion, it has as if by magic developed into the unquestioned Queen of Autumn-blooming flowers. For massive flowers, grandeur of color, ease of culture and certainty to bloom, either in the open ground or in pots, there is no plant that will surpass it, and but few that equal it. Their season of bloom lasts up until severe frost. As in Roses, we carry all that is good. No varieties of merit have escaped our notice.

When grown in pots, if treated in the manner described by a customer on page 80, who gives his experience, fine, large specimen flowers can be secured. There is absolutely no uncertainty as to your success if you will but follow the instructions given. If you have never seen the beauties of the newer Chrysanthemums, the varieties which we offer, grown as described on page 80, will prove revelations to you. We offer them at low prices, and they should be included in every order. We would like to see the Queen of Autumn growing in every home. It is the people's flower.

New Chrysanthemums

The varieties offered below are the very latest and best introductions. These varieties were selected from all the principal exhibitions, where they won first honors. They are superb in every way.

PRICE—Strong plants of all the varieties on this page, 15c. each; 4 for 50c.; 9 for \$1; \$1.25 per dozen postpaid.

The above illustration, reproduced from a photograph, shows the splendid results obtained by amateur cultivation in open ground, without the aid of a greenhouse. This photograph was sent to us by J. E. Hill, Sabine, Ohio.

A. J. Balfour.—Beautiful, bright rose-pink, one of the most beautiful of its color.

Col. Appleton.—Well named the King of the Yellows. Immense, bright yellow.

Dr. Enguehard.—In color, it is a remarkably beautiful shade of true pink.

F. J. Taggart.—A striking novelty. A superb new ostrich-plumed or hairy Chrysanthemum. Color, beautiful light yellow.

Jeannie Nonin.—The queen of commercial whites for Thanksgiving and later. Color, pure white; largest size.

John Shrimpton.—A neat, compact grower and abundant bloomer. Deep, bright crimson flowers.

Helen Frick.—A grand new variety. Color of the flower is a beautiful shade of pink. Late flowering.

Merza.—An enormous, pure white Japanese incurved variety, of perfect form and finish.

Marie Liger.—Dwarf grower and an early bloomer. The flower is beautiful pearl pink, deepening to a bright shade at the base of petals.

Merstham Red.—Spreading florets, bright red color.

Merstham Yellow.—Flowers very large and compact in form, and broad reflex. Color, a beautiful shade of bright yellow.

Miss Clay Frick.—A sport from Wm. Duckham, with which it is identical except in color, which is pure white. Superb.

Mrs. S. T. Murdock.—The purest and brightest soft pink up to date.

President Roosevelt.—Its color is unique, but exceedingly beautiful, being white ground with light shell-pink center and on tips of each petal, giving the entire bloom a light pink appearance.

Robert Halliday.—A bold, handsome yellow variety, bearing magnificent blooms of tremendous size.

Timothy Eaton.—This magnificent variety stands out head and shoulders above any white in cultivation. The flower is purest white, stems stout, erect and stiff.

Wm. Duckham.—Flowers extra large, massive and incurved, and in color an exquisite shade of pink without any trace of purple.

Yellow Eaton.—A sport from Timothy Eaton, differing from it only in color, which is bright yellow.

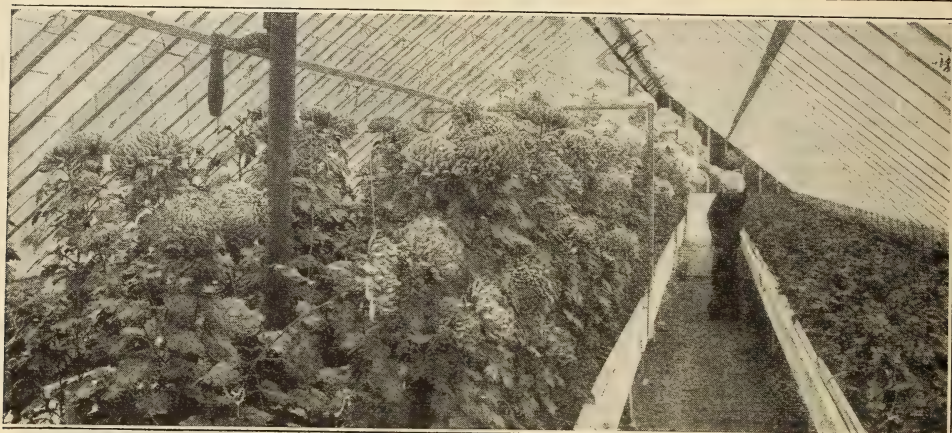

Special Offer

Set of 18 Superb New Chrysanthemums described above, postpaid, for \$1.75. Please order as "THE NOVELTY SET."

New and Rare Chrysanthemums

On this page are described new and standard varieties, the best and most distinct of their color to be had in America.

Our collection positively includes the finest varieties in existence. Follow cultural directions given on page 80 and they will prove a revelation to you. Note our low prices.

CHRYSANTEMUMS—COL. APPLETON in foreground, TIMOTHY EATON in background.—From a photograph taken in our establishment.

PRICES of all varieties described on this page, strong, healthy plants, 10 cts. each; 3 for 25 cts.; 6 for 50 cts.; \$1 per dozen, postpaid.

BLACK HAWK.—Dark crimson-scarlet.
CREMO.—A light yellow sport of *Glory of the Pacific*; identical, save in color.
CULLINGFORDI.—A fine shade of crimson.
COLUMBIA.—Pure pink. Splendid foliage; immense blooms.
CONVENTION HALL.—One of the finest whites. Immense flower, broad center petals, incurving closely.
CLIPSE.—Lemon-yellow. A sport from Wm. H. Chadwick, except in color.
ESTELLA.—Large, creamy-white. Beautiful.
GEORGE S. KALB.—Best early white.
GLADYS VANDERBILT.—Pearly white with lemon-shaded center.
GLOBOSA ALBA.—Globular form; pure white.
GLORY OF THE PACIFIC.—The best early pink. Showy, clear pink color.
GOLDEN SUNRISE.—Anemone. Outside petals terra cotta; inside bronze or old gold.
GOLDEN WEDDING.—Still one of the best yellows.
HARRY A. PARR.—Perfect ball-shaped flowers. Color, lemon-yellow.
IVORY.—The standard variety by which others are judged. Color, snow white.
JOHN K. SHAW.—The flowers form a perfect ball of beautiful popular pink.
LIBERTY.—Beautiful rich yellow. A grand late variety.
MARION HENDERSON.—One of the earliest golden yellows.
MAUD DEAN.—The best of its color. Violet-pink.
MISS MINNIE BAILY.—Color, bright pink. Very distinct.
MAJOR BONNAFFON.—The most popular variety in cultivation. Color, golden yellow.

M. FROMONT.—Color, dark red. Incurved flowers, nicely plumed.
Mlle. LUCIE FAURE.—Pure white flowers. Round as a globe; incurved petals. Immense size.
MODESTO.—The grandest deep golden yellow; enormous flowers.
MRS. COOMBES.—Bright rose color. The flower is immense.
MRS. J. G. WHILDEN.—One of the finest very early yellows.
MRS. JEROME JONES.—Perfect in form and color, which is waxy white.
MRS. PERRIN.—A beautiful shade of rose pink.
MRS. J. J. MITCHELL.—Japanese incurved. Clear cream color.
OCTOBER SUNSHINE.—Very fine. Early blooming; enormous flowers; sulphur yellow.
OPAH.—Color, pure white, shading blush pink.
OTHAETTE.—Color, deep red and clear golden yellow. Very bright.
PERLE LYONAISE.—Bright golden yellow of medium size, finely plumed.
PINK IVORY.—Identical with Ivory, save color, which is a soft pearl pink.
PLUMA.—A beautiful hairy variety; the most perfect of its type. Color, very delicate pink.
POLY ROSE.—White *Glory of the Pacific*
SILVER WEDDING.—Flowers 7 to 7½ inches in diameter. Color, pure white.
SIMPLICITY.—Bright, golden yellow. Superb.
WHITE BONNAFFON.—Pure white. Fine form.
WILLOW BROOK.—The earliest of all whites. Strong, dwarf grower.

SET NO. 100—20 CHRYSANTEMUMS FOR \$1.00

Special Offer

FOR ONE DOLLAR we will send to any address, postpaid, 20 choice Chrysanthemums, our selection, distinct and different, all labeled. You will not be disappointed by leaving the selection to us.

Giant Flowering Caladium

The Most Magnificent Foliage Plant of Recent Introduction

**GIANT FLOWERING
CALADIUM**

Conditions being equal, it will grow three to four times as fast as the common variety. Plants from 8 to 10 feet high, with bright green leaves 4 to 5 feet long and 2 to 3 feet wide, are not unusual. Another distinct feature of this variety is that the mid ribs and veins are sunken, giving the surface of the leaf a rich quilted appearance. The leaves are borne erect and do not droop under the hot sun like common Caladium. It is also much hardier and endures drought better. A novel feature of this plant is that it produces in abundance immense, snow white, fragrant flowers. The plant commences to bloom when four or five months old, and blooms in constant succession. The flower buds appear at the base of leaf stalks, each stalk producing 6 to 12 buds, which open in succession. The flowers resemble Giant Callas, remaining open for three days and nights. The color at first is pure

snow white, changing later to pale yellow. The flowers are remarkably fragrant—spicy and aromatic. This fragrance is exhaled only at night. The plants require rich soil, the richer the better, and plenty of water. The plants can be taken up in the Fall and wintered in the house or cellar. **Strong, well-rooted plants, postpaid, 20 cts. each; 3 for 50 cts.; 7 for \$1.**

New Weeping Lantana

One of the most beautiful plants ever introduced for baskets, vases, pots or for culture outdoors. Produces its clear lilac-pink flowers in clusters by the hundreds from early Summer until severe frosts. Deliciously fragrant. Has a most graceful drooping habit of growth. Superb. **15 cts. each; 4 for 50 cts.**

Asparagus Sprengeri

For planting in pots, vases or hanging baskets has no equal. It droops most naturally, sending out numerous feathery, emerald-green fronds, which in a short time make a growth of 4 to 8 feet, forming a handsome and striking picture. A well-established plant is literally a mass of emerald green. Strong plants, **15 cts. each; 4 for 50 cts.; 9 for \$1; larger size, 20 cts. each; 3 for 50 cts.**

New Heliotrope Madam Bruant

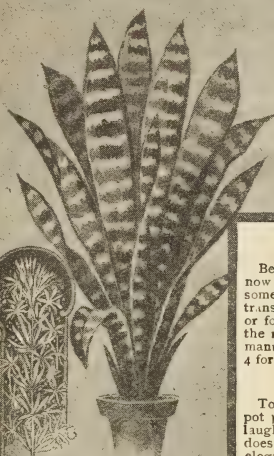

This is a superb new variety with large, dark flowers; color, deep lavender blue. The size and beauty of the flower, in connection with the exquisite fragrance, makes this a variety of rare value; it is a strong grower and blooms continuously. **15 cts. each; 4 for 50 cts.; 9 for \$1.**

CAREX JAPONICA.—A remarkable new plant with fine, spray-like foliage drooping gracefully from the center. The leaf-blades are beautifully edged with a golden band. One of the grandest new plants; quickly makes large and attractive specimens. **15 cts. each; 4 for 50 cts.**

The Genuine Smyrna Fig

For many years we have had this plant in our collection, having imported it from the Far East. We offer now, in limited quantities, strong plants on own roots, grown from fruiting wood, which will commence to bear at once. As a pot or tub plant, it is extremely valuable, either indoors or outside. It will winter safely in an ordinary cellar, or it can be allowed to harden off with a few frosts in the early Fall and then brought indoors for growing during the Winter. It will produce three crops in a season. The fruit is delicious beyond description, being large and sweet and almost seedless; especially when eaten fresh from the tree. This is one of the rare plants that you should not miss getting. Orders filled in rotation as received. Strong plants, **40 cts. each; 4-inch pot plants, 75 cts. each; 6-inch pot plants, \$1 each, postpaid.**

SANSEVIERIA ZEALANICA

CISSUS

DISCOLOR

CISSUS DISCOLOR (Trailing Begonia)

Beyond doubt the most beautiful-leaved climber; plant now known. The leaves are long, heart-shaped and as handsomely marbled and mottled as a Begonia Rex; the underside is transparent wine red. For trailing over the side of a window box, or for hanging basket, or grown on a trellis in pots, it is one of the most useful and beautiful plants. Likes heat and a little moisture water now and then. Strong plants, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

SANSEVIERIA ZEALANICA

Too much cannot be said in favor of this as a decorative pot plant. There are few that will stand neglect so well; it laughs at ill treatment; thrives without water; gas or dust does not affect it. Has long, leathery, sword-like leaves, elegantly marked with bars of silvery gray. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

THE MANETTIA VINE

In order to get the most successful results from this lovely vine, allow the roots to become pot-bound. This causes the plant to bloom profusely when quite small. There is not another vine prettier for window or pot culture. Beyond the one point given above, it thrives for all with small care; the lovely wreaths and garlands of brilliant scarlet and orange-colored flowers, interspersed with bright, oblong foliage, present a striking contrast. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

GARDENIA FLORIDA, CAPE JESSAMINE

Well-known and popular; blooms pure white, large, very fragrant. Splendid for pot culture. 15 cts. each; 4 for 50c.; larger size, 20c. each.

GIANT WHITE SCENTED SNAP-DRAGON

A choice plant for pot culture. A perpetual bloomer, compact in habit, sending up flower spikes by the dozen, 1 to 2 feet in height; almost as large and as beautiful as a Gladiolus. Color, pure white, with lemon-tinged throat, and of lovely fragrance. 15 cts. each; 4 for 50c.; larger size, 20 cts. each.

SOLANUM RANTONETTI

The true blue Solanum. It forms a neat little bush 2 feet high, covered with bloom during the entire Summer and almost until Christmas. The flowers are deep clear blue, with yellow center, presenting a striking contrast. 20 cts. each; 3 for 50 cts.; larger size, 25 cts. each.

NEW ABUTILON, SOUVENIR DE BONN

Singularly beautiful and unequalled for decorative purposes; makes a large bush and produces a great number of lovely flowers. Foliage handsome—green leaves edged with a pure white band, 15 cts. each; 4 for 50c.; larger size, 20 cts. each.

NEW ABUTILON SAVITZII

Entirely different from Souvenir de Bonn; the contrast between the green and white is sharper, and the habit of the plant dwarfier. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

STROBILANTHES DYERIANUS, ROYAL PURPLE

Its remarkable beauty has won, besides numerous gold medals, the admiration of all who have seen it. Compact plants 18 inches high, of most intense metallic purple, shading into light rose with green margin; flowers violet blue. 15 cts. each; 4 for 50 cts.; larger size 20 cts. each.

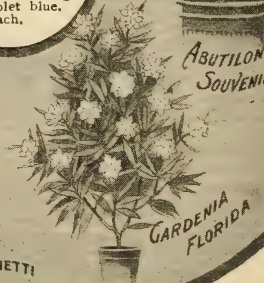

GIANT WHITE SNAPDRAGON

STROBILANTHES DYERIANUS

SOLANUM RANTONETTI

GARDENIA FLORIDA

YELLOW JESSAMINE

MANETTIA VINE

ABUTILON SOUVENIR DE BONN

BLUE PALM—The leaves rarely attain a height of more than 2 feet, and are of a bluish-green color; easily grown and very hardy, and by no means common. As desirable as *Latania Borbonica*, which it resembles somewhat. Strong 3-inch pot plants, 20 cts. each; 3 for 50 cts.

PHOENIX CANARIENSIS.—It is a Date Palm and in the South matures its fruit. It makes a fine specimen plant and should be included in every collection. Nice plants, 20 cts. each; 3 for 50 cts.

FARFUGIUM GRANDE.—The leaves become immense; clear, bright green, heavily blotched with golden yellow. 15 cts. each; larger size, 20 cts. each.

CYPERUS ALTERNIFOLIA (Umbrella Plant).—A splendid house plant. Resembles a Palm. Of the easiest culture. Can be grown in bowl, dish or vase, half filled with rich soil, then with water. Requires little or no attention, and remains evergreen throughout the year, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

CYPERUS GRACILIS.—More dwarf than the above variety, with narrower leaves, more shapely appearance. A very handsome decorative plant. 15 cts. each; 4 for 50 cts.

ARECA LUTESCENS.—One of the most valuable and quickest growing Palms. Its dark, glossy, green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stems are golden yellow. Strong plants, 25 cts. each; 5 for \$1; large specimen plants, 15 to 20 inches high, \$1 each, postpaid.

PHRYNIUM VARIEGATUM.—The leaves are bright, pale green, beautifully variegated with white and gold, the variegations being extremely diversified. In some leaves the whole area is white, in others only one-half, in others again it is confined to the interspace between two or three of the nerves, while in others it is reduced to a few stripes. 20 cts. each; 3 for 50 cts.; 7 for \$1.

CYCAS REVOLUTA.—One of the most valuable decorative plants both for lawn and house decoration. Graceful, heavy, glossy, deep green foliage, which resists alike gas, dust, and cold. Fine, large plants from 5-inch pots, 15 to 18 inches high, 5 to 8 leaves, \$1 each, by express only.

CROTONS.—Splendid pot plants for the piazza or window garden. Leaves are brilliantly variegated in every color of the rainbow, and present a fine appearance. A grand bedding plant, standing the hottest sunshine, which adds great brilliancy to their colors. 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

OXALIS ORTHGIESI.—It is a shrubby plant, like a Geranium or Fuchsia, in which respect it differs from other Oxalis. From 10 to 15 inches in height. Blooms profusely, until it is one enormous cluster of large, golden, star-shaped flowers, which do not close at night. Strong plants, 15 cts. each; 4 for 50 cts.; larger size, 20 cts. each.

THE VIOLET "THE SWEETEST FLOWER THAT GROWS"

The Results from \$1.00 Spent for our Violets will Prove a Revelation to the Investor

RICH in modest beauty and famed for its enchanting fragrance, the violet continues to increase in popularity. With the last snows of winter still about it this gentle flower shyly appears from out its icy bed heralding the coming of spring. Sturdily it grows and sweetly it blooms, and all the world loves it. Violets are perfectly hardy and enjoy shady situations, where a light covering of leaves or litter during the winter will prove beneficial.

Special Notice We offer only the leading varieties, which we produce in enormous quantities. All our stock is absolutely clean and healthy, which cannot be said of all stocks. Once planted Violets increase in beauty and productiveness each successive year. They bloom with the utmost freedom, and \$1.00 spent here will produce truly marvelous results. You can have Violets all the time for this small expenditure.

Prices Strong plants, 10c. each; 3 for 25c.; any 7 for 50c.; any 15 for \$1.00; \$6 per 100; larger plants, 15c. each; any 4 for 50c.; any 10 for \$1.00; \$8.00 per 100, postpaid.

California

The largest and most productive Violet in cultivation. The flowers are single in form, and while almost as large as a silver dollar, they have that sweet simplicity peculiar to the Violet. The color is pure, rich violet-blue and does not fade. The flowers are borne on long stems, 10 to 14 inches in length, well above the foliage, which is an unusual feature among Violets. The foliage is especially dark, very large and thick, and impervious to disease of all kinds. This great Violet is grown by the millions for its flowers, which bring the highest prices.

Swanley White

The grandest favorite of all. True stock very scarce. Vigorous and healthy, bearing in profusion quantities of pure snow-white, perfectly double, fragrant flowers. Ours is the genuine stock, absolutely clean and healthy. Difficult to secure elsewhere.

Luxonne

A grand new French Violet with immense large flowers, borne on strong, stout stems, which bloom continuously throughout the season. Color, soft violet-purple; fragrance delicious.

Admiral Avellan

A great new Violet of a distinct color, entirely different from all others—rich, dark purplish-red; exceedingly rare and handsome. The flowers are extra large, on strong, stiff stems, and are produced well above the foliage, which is clean and healthy. A decided novelty.

Princess of Wales

This dainty French introduction we recommend as one of the best of all Violets, being a strong, vigorous grower, wonderfully free blooming, with splendid large foliage. The grand single flowers are true blue; large and deliciously fragrant. Very distinct and excellent.

Farquhar

A strong, healthy grower, perfectly hardy and free blooming, producing in the greatest abundance lovely deep, double flowers of delicate fragrance, of the finest color, warm, deep blue. The flowers are of excellent size.

Dorsett

This new single variety is one of the most productive of all violets. One clump will bear about two hundred blooms during the season, appearing to be always covered with bloom. Stems are strong and about seven inches in length, bearing flowers as large as fifty-cent pieces; of the darkest deep violet blue color; a splendid keeper and one of the best for cut-flower purposes.

Governor Herrick

New single Violet; remarkable for its freedom of bloom. Color is rich, dark purple, stems are long and strong, carrying the flowers erect. Very fragrant.

Lady Hume Campbell

The leading and the best double blue Violet. Stands any amount of hardship; strong, healthy and perfectly hardy. Extremely free flowering, bearing in immense quantities the loveliest deep violet-blue flowers of the daintiest and most refined form, almost like a camellia; perfectly double and deliciously fragrant. Flowers frequently measure an inch in diameter.

Bignonia Grandiflora

Mammoth-Flowered Trumpet-Creeper.

THIS is one of the most superb climbing vines in existence. It is absolutely distinct, both in foliage and flower. Grows with rapidity and abandon that is nothing short of remarkable, is perfectly hardy everywhere, having withstood unprotected in our ground a continued temperature of **16 degrees below zero**; while its large, showy flowers are produced in the most amazing profusion. It will give absolute satisfaction. For covering unsightly places, stumps, dead walls, fences, or for training over a porch or trellis; in fact, wherever a beautiful climbing vine is needed, it is unequalled. The flowers are trumpet shaped, of large size, fully 3 inches long, and borne profusely in clusters of 25 to 35 each, for several weeks during the growing season. The color is warm orange-red. The foliage is exceedingly beautiful, rich, dark green, shining as if varnished like that of the Camellia. Do not confuse it with the old-fashioned Trumpet-Creeper. It is as far superior to it as the **American Beauty Rose** is to the old-fashioned single rose.

Strong plants, 20 cts. each; 3 for 50 cts.; 7 for \$1; \$1.60 per dozen, postpaid. Larger plants, 35 cts. each; 3 for \$1; \$3.50 per dozen, postpaid.

The True Magnolia Scented Moonflower.

The Most Rapid - Climbing Vine in Existence.

FOR making a quick, dense screen small pot plants in a month to six weeks afford shade for a porch of ordinary size. Its vigor of growth is something amazing; a single vine has been known to cover twenty-five square feet in a very short time. It is a wonderfully profuse bloomer; upwards of a **thousand Buds and Flowers** are frequently seen on a single vine. It will grow in any ordinary situation. The flowers are 4 to 6 inches in diameter, of a beautiful silvery or moonlike whiteness; delightfully perfumed, with a rich Magnolia odor, and are open in greatest profusion in the evening and on cloudy days. A Moonflower vine, in full bloom on a moonlight evening in Summer, is indeed an object of lovely beauty; the illustration gives a good idea of the general effect, but it must be seen to be fully appreciated.

Price, strong plants, 15 cts. each; 4 for 50 cts.; 10 for \$1.

NOTICE. Neither *Ipomoea Noctiflora* nor *Leari* are hardy; after the first frost the tops should be cut back to within about one foot of the ground; then remove the roots indoors to living room.

The Blue Moonflower (*Ipomoea Leari*)

This distinct and charming novelty is valuable on account of being in beautiful contrast with the **White Moonflower** (described above); habit of growth and flowering the same. The color is exquisite clear satiny blue, with well defined crimson bars; very distinct. We recommend planting the **Blue Moonflower** with the **White Ipomoea Noctiflora**, as the effect will be novel and attractive. **Price, strong plants, 15c. each; 4 for 50 cts.; 10 for \$1.**

Special Offer

The Blue Moonflower and the White Moonflower, one plant of each, 25 cts.; 2 of each for 50 cts.; 5 of each for \$1.

Japan and Other Lilies

This ancient and aristocratic family, with its long line of distinguished posterity, is so well and favorably known that descriptions are unnecessary, even were it possible for the pen or brush to portray their almost savage beauty. They are hardy and of rapid and vigorous growth, and a bed of them, once established, becomes a permanent fixture that will long survive as a wondrous and attractive feature of the garden. They succeed best if given a good light, dry soil and a sheltered location, such as the proximity of shrubbery or trees (if not too large and dense), or snug nooks, such as the angles of buildings usually afford. The bulbs should be planted about 6 to 8 inches deep. The varieties offered below are among the finest types, carefully selected with reference to the demands for general cultivation.

Remember, the Bulbs offered are large, sound and solid and are far superior to the small bulbs frequently offered. All our Bulbs are sure to grow and bloom.

Lilium Auratum

Magnificent pure white flowers, often measuring a foot across, exquisitely spotted with rose, and rayed and banded with golden yellow in the most beautiful manner; maroon-tipped stamens in high contrast with the flowers. This noble Lily is certainly one of the most valuable and ornamental flowers, either for pot or garden culture, and should be planted by everyone. Fine large, extra selected blooming bulbs, 20c. each; 3 for 50c.; 7 for \$1; enormous bulbs, 25c. each; 3 for 60c., 5 for \$1.

LILIUM AURATUM

Batemanii.—A new Lily; grows 3 to 4 feet high; clear apricot-colored flowers, without spot or stain. 20 cts. each; 6 for \$1.

Brownii.—Very rare and beautiful; immense trumpet-shaped flowers, chocolate purple; outside, white satin. 30 cts. each; 4 for \$1.

Excelsum.—A superb variety, attaining a height of 5 to 6 feet; it produces from 8 to 12 rich apricot blooms; delightfully fragrant; a great favorite. 40 cts. each; 3 for \$1.

Giganteum.—A magnificent variety, growing 6 to 10 feet high, and frequently bearing 12 to 20 flowers, 5 to 6 inches long; color, creamy white, with a purple throat. 25 cts. each; 5 for \$1.

Humboldtii.—A remarkably fine variety; grows 3 to 5 feet high and produces its flowers with great freedom; color, golden yellow, spotted with purple. 30 cts. each; 4 for \$1.

Washingtonianum.—A beautiful scented Lily, growing several feet high, bearing delicately tinted white blossoms, which are freely spotted with black. 30 cts. each; 2 for 50 cts.

Bermuda Easter Lily.—Most popular of all Lilies for house culture. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Longiflorum.—Well-known, beautiful snow-white fragrant Lily. 15 cts., 20 cts. and 25 cts. each.

Elegans

The Elegans species of Lily, Croceum and Elegans Mixed are among the best hardy varieties; large, bell-shaped flowers, borne in clusters and produced in early Summer in great profusion.

Croceum.—The old Orange Lily, very graceful and distinct; beautifully shaped flowers, orange and black in color. 25 cts. each; 5 for \$1.

Elegans Mixed Varieties.—The richest hues of yellow, crimson, red and dark red. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Mrs. L. H. Gray, Seattle, Washington, in a letter dated October, 24th, 1907, says: "About four years ago I purchased an Auratum Lily Bulb from you for 25 cents. Each August it has been a joy; this season it was a royal show, for it bore eighty perfect blooms. If anyone has a better report from an ordinary bulb I should like to know it. I enclose a poor photograph of this handsome Lily. All the bulbs I have ever had from you have been exceptionally fine."

Japan and Other Lilies (Continued)

Speciosum or Lancifolium are the most popular and satisfactory of all Lilies. We offer below the best varieties; all are distinct, graceful and very popular.

Album.—Pure white and very fragrant. 15 cts. each; 7 for \$1.

Melpomene.—This is a variety of most wonderful beauty. It is both scarce and valuable. Frosted white, spotted, clouded and bearded with pinkish crimson. Petals deeply recurved and widely bordered. 20 cts. each; 6 for \$1.

Rubrum.—One of the finest of Japanese Lilies; bright crimson and white flowers, in clusters; grows 2 to 3 feet. 15 cts. each; 7 for \$1.

Tigrinum fl. pl. (Double Tiger Lily).—This magnificent Lily is borne in immense clusters on tall, strong stems; the flowers are very large, frequently 6 inches, and very double; color, deep fiery red, spotted with black. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Tiger Splendens (Single Tiger Lily).—This splendid Lily is one of the best; flowers large and of excellent form, blooming in large clusters; color, orange, with intense dark spots. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Krameri.—Entirely distinct from any other Lily known; flowers beautiful soft-rose color. 15 cts. each; 9 for \$1.

Candidum.—The old white garden Lily (not Japan), a splendid sort; elegant, large, pure white flowers in clusters. 20 cts. each; 3 for 50 cts.; 7 for \$1.

Pardalium (Leopard Lily).—A very beautiful Lily from California; entirely hardy; grows 3 to 5 feet high; very free flowering; color, bright orange red with lighter orange center; large clusters. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Lily of the Valley.—The exquisite white flowers and pale green foliage render this one of the most admired of plants. Succeeds in open ground in almost any situation, but prefers shade, with plenty of moisture; once planted and established, the crowns increase each year. The larger ones flower each season. Strong-flowering crowns, postpaid, 5 cts. each; 6 for 25 cts.; 12 for 50 cts.; 25 for \$1.

The Best Flowering Begonias

A beautiful class of plants with free-blooming qualities which make them especially desirable. The foliage is attractive and odd, while the flowers are exceedingly graceful and beautiful. For Summer blooming in a shaded location, window boxes or for veranda decorations these varieties are unexcelled.

STRONG PLANTS, 15 cts. each, except where noted; 4 for 50 cts.; 9 for \$1.00, postpaid.

Flowering Begonia

President Carnot.—A very strong growing variety of stiff upright habit; foliage, large, similar in style to Begonia Rubra, but more than twice as large; upper side deep green, under side purplish red. Flowers beautiful coral red, borne in large panicles.

Rubra.—Strong slender branches, heavy waxy green leaves with panicles of coral covered flowers.

Alba Pieta.—Long, pointed, slender leaves, thickly spotted with silver white; foliage small and elegant; white flowers in clusters.

Argentea Guttata.—Has the silvery blotches of Alba Pieta, and in grace is not equaled by any other variety. Beautiful fringed oblong leaves, with silver marking; white flowers in clusters on ends of growth stems.

Foliosa.—One of the most graceful of all Begonias. Foliage small; in fact, the smallest leaved of any Begonia. Bright pink flowers.

Gloire De Lorraine.—The greatest of all Begonias. Grows from 10 to 12 inches high. Throughout the entire Winter completely hidden with soft, rosy-pink flowers. This is one of the great plant novelties, specimen plants selling from \$1 to \$2 each. Strong plants, 35 cts. each; 3 for \$1.

Hybrida Multiflora.—Lovely variety producing a profusion of rosy-pink flowers. Very satisfactory.

Metallica.—Distinct; good grower and free bloomer; flowers white; foliage a lustrous metallic bronze.

Marjorie Daw.—New Trailing Begonia. Bears great clusters of large shining pink flowers that droop from long stems.

Sandersonii.—One of the best. Flowers are scarlet, shading to crimson. Borne in profusion continuously. Known as Coral Begonia.

Vernon.—A grand sort of unusual merit; flowering continuously. Foliage rich, glossy green, shading to deep bronze. Flowers deep red, changing to clear rose when fully open. Thrives under the most ordinary conditions.

Weltoniensis Rosea.—A very distinct sort, forming a bulb at the roots, but in other respects similar to the flowering Begonia; stiff, upright grower with beautiful white and pink flowers.

SPECIAL OFFER—The Set of 12 Flowering Begonias for \$1.25 Postpaid

Cannas

The CANNA
is a Specialty with Us

Cannas

No plant is so responsive as the Canna to hybridization; hence, each year great numbers of new varieties are thrown on the market, many of which are inferior to existing sorts. When new varieties of merit are brought out they are added to our collection, but not until we are satisfied that they are better than varieties already listed. The Canna is easily grown, attaining large size in ordinary soil. For summer blooming they are unequalled. They are not hardy. Plant after all danger of frost is past, and take up again when the tops are killed by frost, and store away in a cool, dark place. Height when full grown is indicated after each variety.

Dormant roots, such as are usually sent out, do not give satisfaction; therefore, we offer strong, well-rooted plants from pots. We guarantee every plant to grow. Note the low prices.

PRICE.—Strong growing plants from pots, amply foliaged and well rooted, 15 cts. each (except where noted); 4 for 50 cts.; 9 for \$1; \$1.35 per dozen, postpaid.

Best New Cannas of Recent Introduction

Mrs. Wm. Kasting

This new Canna is the grandest crimson variety of recent introduction. Color is intense and clear, while the flowers are beautifully made; of large size and borne in immense trusses with the greatest profusion. Deep green foliage and dwarf habit. A gorgeous Canna. 25 cts. each; 5 for \$1.

Buttercup

Large, beautifully formed flowers borne in handsome trusses. Color, bright buttercup yellow. The best pure yellow Canna in existence. Three feet. 20 cts. each; 3 for 50 cts.

New White Canna, Mont Blanc

The nearest approach to a pure white Canna, and an improvement over Alsace. The flowers open creamy white and fade pure white. The form is all that could be asked for, and the substance good; produced in large, erect spikes. Has bright, glossy green foliage. 25 cts. each; 4 for \$1; \$2 per dozen. (3 ft.)

Alice Roosevelt

The color is brilliant crimson, with scarlet shading. Large trusses, dwarf habit and deep green foliage. 20 cts. each; 3 for 50 cts.

King Humbert

A new giant-flowering Canna. The flowers are as large as the largest of the orchid-flowering varieties. The color is brilliant rich orange-scarlet, striped with crimson. The foliage is a rich bronze color, with brownish-green stripes, very large, thick and leathery. Very beautiful. 35 cts. each; 3 for \$1. (4½ ft.)

Louisiana

A new orchid-flowering Canna. It is a vigorous grower, producing a thick mass of glossy green foliage, each leaf edged with a narrow purple band. The flowers are immense, often measuring more than 7 inches across; color, vivid scarlet. A gorgeous beauty. 30 cts. each; 4 for \$1. (7 ft.)

Jupiter

A magnificent New Canna with immense foliage, some of the leaves one foot wide and three feet long, and nearly as dark as Black Beauty. It grows about six feet high and furnishes right down to the base with an abundance of deep purple foliage. The massive foliage is crowned with a beautiful mass of rich red flowers, which gives it a most striking effect. (6 ft.) 35 cts. each; 3 for \$1, postpaid.

Venus

This New Canna has attracted much attention. The color is a gay rosy pink, with a mottled border of creamy yellow. It has a strong constitution; foliage bright green. (3 to 4 ft.) 35 cts. each; 3 for \$1, postpaid.

The Choicest Orchid Flowering Cannas

Remarkable for large flowers of splendid substance and magnificent colors and immense plants, with heavy, healthy foliage.

Allemania.—A gigantic flowering Canna, producing flowers nothing short of marvelous in size. Outer petals scarlet, with broad, golden-yellow border. Inside scarlet and dark red. (5 to 6 ft.)

Austria.—Giant flowers, 5 to 6 inches across, in large, bold, erect trusses; deep golden yellow, dotted with carmine. Strong, sturdy grower, with immense leaves. (5 to 6 ft.)

Burbank.—Gigantic flowers like Austria and Italia; wonderfully profuse bloomer, and strong grower, producing immense clumps; rich canary yellow, lower petals spotted crimson. (6 ft.)

Italia.—Enormous flowers, 8 inches across. Immense trusses; bright scarlet surrounded by a golden yellow band. Massive foliage. (7 ft.)

Black Prince.—Immense flowers, frequently 5 to 6 inches across. Color, an intense, dark velvety maroon, almost black. A magnificent variety. Height, about 5 feet.

Mrs. Kate Gray.—A giant flowering Canna, one of the largest ever introduced, the flowers frequently measuring 6 inches in diameter. Color, deep, brilliant orange. Very free blooming. 20 cts. each; 3 for 50 cts. (4 ft.)

Pennsylvania.—One of the tallest growing, largest flowered sorts, and the only deep red Orchid flowering variety. Immense flowers, 7 to 8 inches across; petals, 2½ inches broad. Massive spikes always blooming. Deep green foliage, of enormous size. 20 cts. each; 3 for 50 cts. (7 ft.)

Ornamental Leaved Cannas

The Best for Foliage Beds.

It has only been within recent years that dark-leaved Cannas have been grown other than for their foliage, but many splendid varieties have been introduced, with bronzed and variegated dark foliage, and the most beautiful flowers. In the following collection will be found the best ornamental-leaved Cannas with magnificent flowers of the most beautiful colors, and large size.

Brandywine.—A beautiful bronze-leaved variety. A strong, healthy grower; color is intense vinous red, beautifully dotted with deep crimson, petals sometimes narrowly edged with bright gold. (4½ ft.)

David Harum.—Dark bronze foliage; grand grower and free bloomer; fine, large flowers with round petals. Bright vermilion-scarlet, dotted with crimson spots. (3½ ft.)

Eastern Beauty.—Splendid dark foliage. Color, light salmon or orange, changing to a most attractive flesh pink. A very free bloomer and beautiful. (4½ ft.)

Allemania

Egandale.—Splendid dark foliage, with large, scarlet flowers of nice form and excellent substance. (3½ ft.)

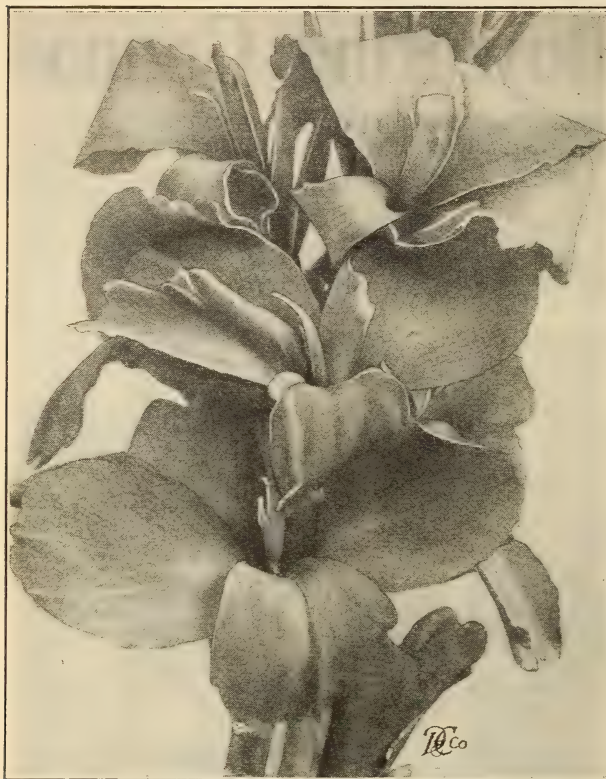

Evolution.—Handsome dark bronze foliage. Color, rich golden yellow, shading to a canary and sulphur to a center of beautiful blush pink.

John White.—New, variegated-leaved Canna. Foliage broad and massive; beautifully striped with white, yellow and rose, edged with red. Small, broad, red flowers. (5 ft.)

Shenandoah.—Rich ruby-red or bronze foliage, exquisitely veined and tinted. The beautiful rose-pink flowers are produced in large trusses, very early and abundantly.

Price of all Cannas offered on this page, strong growing plants from pots, amply foliaged and well rooted, 15 cts. each (except where noted); 4 for 50 cts. \$1.35 per doz., postpaid.

Cannas Standard Varieties

Betsy Ross

Betsy Ross.—A splendid new pink Canna, named after the maker of the first American flag. The flowers are of medium size, of a beautiful, soft pink. Rich green foliage. The best soft pink Canna in existence. 20 cts. each; 3 for 50 cts. (3 ft.)

Fairhope.—A magnificent new Canna. It is a free, continuous bloomer, with large, compact trusses of solid crimson flowers. Highly recommended. 20 cts. each; 3 for 50 cts. (3½ ft.)

Pierston's Premier.—Carmine-scarlet, intermediate in color between Queen Charlotte and Souv. de Antoine de Crozy, the center of the petals being darker and richer than Queen Charlotte, with a narrow gilt edge. (2½ ft.)

President McKinley.—A new crimson Canna. The flowers are deep, rich crimson, beautifully formed. (2½ ft.)

Striped Beauty.—Rich canary yellow, prettily streaked with lines of rich glowing crimson, that radiates from a center of deep red. 20 cts. each; 3 for 50 cts. (3 ft.)

West Grove.—A beautiful pink Canna. Flowers extra large, color bright, rich coral-pink, delicately overlaid with glistening orange-scarlet bloom; petals finely dotted and lined with deep crimson. (4½ ft.)

Niagara.—One of the best of the low-growing variegated Cannas. Color, rich, deep crimson, with a wide, irregular border of deep golden yellow. Rich green foliage. (3 ft.)

Governor Roosevelt.—Color, bright red and yellow striped, with the most wonderful variations. 20 cts. each; 3 for 50 cts.

Alsace.—The White Canna. An early, continuous bloomer, producing large, densely crowded spikes; splendidly formed; creamy white flowers without a spot. (3½ ft.)

Beaute de Pottevin.—Large, finely-made flowers; immense spikes. Color, bright rich crimson.

Charles Henderson.—A free, continuous bloomer; large, compact trusses of solid crimson flowers; blooms very late. (3½ ft.)

Compte de Bouchard.—Golden yellow flowers spotted red. (4½ ft.)

Duke of Marlborough.—Large, splendidly formed flowers in immense trusses. Rich crimson maroon, or shining purplish black; the darkest colored Canna. (3½ ft.)

Florence Vaughan.—Very large blooms; bright yellow, heavily dotted with scarlet. Extra fine. (4 ft.)

Florida.—A Canna of extraordinary merit. Large, finely formed flowers, rich scarlet, with deep golden band. (2½ ft.)

George Washington.—Color, deep velvety crimson, a beautiful shade. Flowers are large, have broad petals and are borne erect in bold, massive trusses. (3½ ft.)

J. D. Eisele.—Bright vermilion scarlet overlaid with orange, large heavy trusses raised well above the green foliage. (3½ ft.)

Mad. Crozy.—Rich orange-scarlet flowers edged with bright, golden yellow. (2½ ft.)

Louise.—Color, soft, deep, rich rose-pink, delicately dappled and streaked with red. (5 ft.)

Miss Sarah Hill.—Medium size flowers; splendid spikes. Color, carmine crimson. (4 ft.)

Martha Washington.—Deep, bright pink; massive flowers; long, broad petals. Massive trusses. 20 cts. each; 3 for 50 cts. (3 ft.)

Maiden's Blush.—One of the best pink Cannas. Height, 3 ft.

Mlle. Berat.—Large, well-filled heads of bright pink flowers. (4 ft.)

Rosemawr.—Rosy pink with throat of gold. Flowers are borne in very large trusses. (3 ft.)

Philadelphia.—Crimson-scarlet flowers of good size and substance. (3 ft.)

Pillar of Fire.—A tall growing variety; the foliage is fine and the color a rich crimson scarlet. Height, 6 to 7 feet.

Queen Charlotte.—In color, size, substance, form of truss and perfection of bloom, this is one of the best; bright, orange scarlet, irregularly banded with a wide margin of golden yellow. (3 ft.)

Queen of Holland.—Beautiful, pure, deep orange colored flowers, borne in erect trusses. Purple foliage. (3½ ft.)

Robusta.—Immense, massive, tropical foliage. (6 to 8 ft.)

Musafolia.—Unequaled for tropical effect; bronze foliage. Flowers, white and sweet scented.

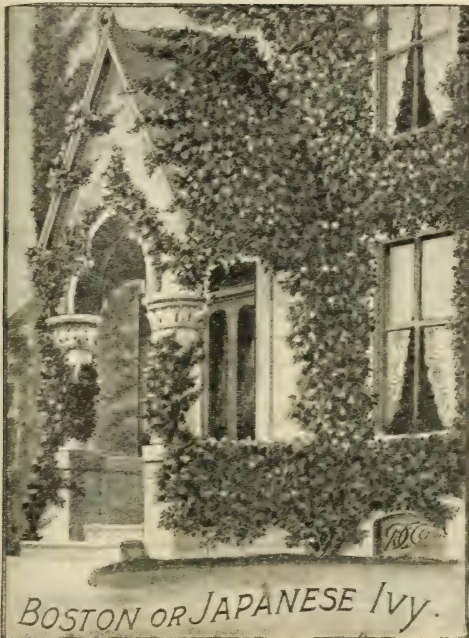

Souv. d'Antoine Crozy.—Large, well rounded flowers of the most intense scarlet crimson, with broad band of golden yellow. (3 ft.)

MIXED CANNAS, comprising good kinds, our selection, superb for bedding or massing. Strong Plants, 10 cts. each; 6 for 50 cts.; 12 for \$1, postpaid; \$7 per 100, by express.

Price of all Cannas offered on this and preceding page, strong growing plants from pots, amply foliaged and well rooted, 15 cts. each (except where noted); 4 for 50 cts.; \$1.35 per dozen, postpaid.

Beautiful Hardy Climbing Vines

The **Climbing Ivies** are used extensively for covering old buildings, dead trees or other unsightly objects, for which purpose they are superior to other species of vines. The American varieties, **Ampelopsis Veitchii** and **Ampelopsis Virginica**, are deciduous, while the English is evergreen. They are all desirable, and their general appearance and habit very much the same. The former are of exceedingly rapid growth, the latter somewhat the reverse. They are extensively employed for ornamental purposes, and also for the protection of disintegrating brick or stone walls of old buildings from the effects of dampness, as their leaves, overlapping each other like tiles, serve to break the force of driving rains and the tendrils to absorb the redundant moisture. The different varieties are all extremely hardy, and possess remarkable vigor and vitality, often surviving for ages and attaining immense proportions, draping large buildings, churches and cathedrals in mantles of living green.

Ampelopsis Veitchii

(Boston or Japanese Ivy)

A most satisfactory and beautiful climber; it is entirely hardy and can adapt itself to any locality or exposure; clings fast to stone, brick or wooden walls, and is extensively used on residences, churches, factories, etc., where in Summer it covers all with a perfect mat of dark-green, leathery foliage, which changes as Autumn approaches to brilliant crimson; the foliage serves as a great protection to buildings, the leaves lapping over like tiles on a roof, preventing effectually the rain from penetrating the walls. Fine plants, **15 cts.** each; 4 for **50 cts.**; 9 for **\$1.** Three-year-old plants, 3 feet in length, **30 cts.** each; 2 for **50 cts.**; 4 for **\$1.** postpaid; **\$2.50** per dozen, by express.

Ampelopsis Virginica

Pre-eminent one of the very finest ornamental indigenous climbers, and really worthy of more extensive planting; a strong, rapid grower, adapted to any locality or soil, and perfectly hardy; very tenacious, clinging firmly to stone, brick or wooden walls, and specially valuable for disguising unsightly objects or running over verandas, porches, trunks or trees, etc.; large, dark-green foliage, changing in Autumn to a brilliant scarlet and orange. **15 cts.** each; 4 for **50 cts.**; 9 for **\$1.** Extra large plants, by express, only **25 cts.** each; 5 for **\$1.**

Akebia Quinata

(Japan Akebia)

A new twining climber, suitable for pillar or trellis; handsome and distinct foliage, chocolate-colored, fragrant flowers; very desirable. **15 cts.** each; 4 for **50 cts.**

Wistarias

For training over buildings, piazzas, verandas or trellis, the **Wistaria** is of superior excellence, and the decorative features which their long, graceful blossoms afford make a particularly pleasing effect. They are entirely hardy, rapid growers, and easy to cultivate. They may be trained to a shrub form by cutting away the new growth for several seasons.

PRICE (except where noted) **20 cts.** each; 3 for **50 cts.**; 9 for **\$1.** Larger plants, **35 cts.** each, postpaid.

CHINESE BLUE.—A vigorous strong-growing vine, producing in early Summer a great profusion of large clusters of lovely, rich, violet-blue flowers, deliciously sweet and exceedingly handsome.

AMERICAN BLUE (Frutescens).—An elegant climbing vine, hardy and vigorous, that blooms later than the other varieties; pretty violet-purple flowers, borne in compact clusters and very fragrant.

MAGNIFICA.—Truly a grand variety and well worthy of its name, beautiful and distinct. The finest **Wistaria** of its color now known. Extremely vigorous, growing 30 to 40 feet in one season when well established. The flowers are pale lilac, and the immense clusters of drooping racemes, which measure 12 to 18 inches in length, emit a deliciously fragrant odor.

DINGEE'S ROSES—THE BEST

Honeysuckles and other Hardy Vines

HONEYSUCKLES.—For real home vines, to be near you, climbing over your windows and doorways, there is nothing prettier than fine, sweet-scented Honeysuckles; the foliage is pretty, neat and clean, the flowers almost continuous, and their fragrance delicious. The varieties described below are the very best.

HONEYSUCKLE HEDGES.—Some of our friends have conceived the idea of planting Honeysuckles along the division fences, and it is wonderful what pretty hedges they make. Iron or wire fences are the best, but almost any kind is soon covered with a mantle of living green, making a very pretty and cheap border for lawns, drives, parks, cemeteries, etc. Other climbing vines will answer the same purpose, but the sweet-scented Honeysuckles are both fragrant and beautiful. They should be planted two feet apart.

PRICE.—Strong two-year-old plants of Honeysuckle, assorted varieties, by express, \$1.50 per dozen; \$10 per hundred.

CHINESE SWEET-SCENTED HONEYSUCKLE.—A fine variety of vigorous growth; white and yellow flowers; a very fragrant and constant bloomer. 15 cts.; larger size, 20 cts.

EVERGREEN SWEET-SCENTED HONEYSUCKLE.—A hardy, vigorous grower; blooms nearly all the season; deliciously fragrant; flowers buff, yellow and white; very desirable for veranda and trellis-work. 15 cts.; larger size, 20 cts.

RED CORAL HONEYSUCKLE.—A hardy, rapid grower, suitable for rock-work, etc.; bright red trumpet-shaped flowers. 15 cts.; larger size, 20 cts.

YELLOW CORAL HONEYSUCKLE.—This grand variety is the only true golden yellow Honeysuckle now in cultivation; foliage clean, glossy light green, making a beautiful contrast when planted with other varieties. 20 cts. each; larger size, 25 cts.

GOLDEN-LEAVED HONEYSUCKLE.—An elegant and very desirable variety of moderate growth; leaves beautifully veined and spotted with clear yellow, so that the prevailing color of the foliage is a bright yellow; flowers yellow and fragrant; admirable for pillar and trellis-work. This beautiful Honeysuckle is so distinct that it is one of the best varieties to plant with other vines for a striking contrast. (See illustration). 15 cts.; larger size, 20 cts.

NEW HALLIANA HONEYSUCKLE.—Evergreen and a constant bloomer; flowers pure white, changing to yellow; very fragrant; good for trellis or pillar; one of the very best varieties for all purposes. (See illustration). 15 cts.; larger size, 20 cts.

NEW HECKROTTI HONEYSUCKLE.—A vigorous and continuous bloomer, remaining in bloom all Summer; flowers clear rose, sometimes a reddish brown color, yellow at the base; very sweet and fragrant. 15 cts. each; larger size, 25 cts.

Special Offer The set of seven Honeysuckles, postpaid, for \$1.

DUTCHMAN'S PIPE (*Aristolochia Sipho*).—A very rapid-growing, hardy climber. In a short time its large heart-shaped leaves make a dense shade. The flowers are long and pipe-shaped, hence the name. Large, imported plants, 35 cts. each; 3 for \$1, postpaid.

EUONYMUS, VARIEGATED (Silver-Leaved).—This is one of the most attractive and useful of the hardy climbing vines. It will cling to any kind of wall, and is also very effective in rockeries where hardy plants are most desired; growing to a good height, with beautiful silvery-like foliage, it is the most desirable of evergreen climbers. 15 cts.

ENGLISH IVY.—A splendid evergreen climber, with dark, glossy green leaves; clings firmly to stone or brick walls, without trellis or support; very desirable. 15 cts.; larger size, 20 cts.

VIRGINIA SILK VINE (*Periploca Graeca*).—A highly ornamental, rapid-growing, twining climber, suitable for trees and wild gardens; pretty pale-blue flowers. 15 cts.; larger size, 20 cts.

The above illustration from a photograph shows the wonderful profusion of bloom of *Clematis Paniculata*. Exceedingly fragrant; the sweetest of all *Clematis*.

Fine Hardy English And Other Clematis

The *Clematis* is undoubtedly the most beautiful of all hardy flowering vines. The flowers are superbly beautiful, of large size, measuring from 4 to 6 inches in diameter, and are borne in gorgeous wreaths, forming an array of beauty not seen in any other climber. Give good, rich ground, and if damp and moist and partially shaded, so much the better. While perfectly hardy in all localities, it is desirable to place a thick coat of leaves or litter over the roots as a protection during the Winter. They require support, such as a rod, pole, trellis or wire that they can twine around.

The Best Hardy English Clematis

We offer large, strong, imported two and three-year-old plants on own roots, which are far superior to grafted plants. Postpaid by Mail, for 40 cts. each; 6 for \$2.25. \$4.00 per dozen.

JACKMANX.—Immense flowers, 4 to 5 inches across; borne in great masses; color, exquisite deep royal purple. One-year-old plants, 20 cts. each; two-year-old, 40 cts. each, postpaid.

ANDERSON HENRY.—Extra large, creamy white, fine.

VILLE DE LYON (New).—The finest of all reds. A very free growing variety. Flowers brilliant carmine red.

NELLY MOSER.—Beautiful white, with delicate red stripes.

MADAME EDOUARD ANDRE.—A strong, vigorous grower, resembling *Jackmanni*, except color of flower, which is a beautiful carmine red. See page 108 for illustration and description. One-year-old plants, 20 cts. each; two-year-old, 40 cts. each, postpaid.

FAIRY QUEEN.—Beautiful delicate pink color.

Clematis Paniculata

A Magnificent Hardy Climbing Vine

The flowers are pure white and are borne in great panicles or clusters of bloom, fairly covering the plants, so that it is a mass or sheet of fleecy white. The fragrance is delicious, resembling the English Hawthorn blossom, and so subtle and penetrating that a large plant in bloom fills the air with its exquisite fragrance. It begins to bloom late in August or early in September, when other hardy climbers are out of bloom. Grows quickly and strongly, reaching a height of 15 to 20 feet. Hardy in all sections of the country. There is no better hardy vine. (See illustration above). Strong, field-grown plants, 15 cts. each; 4 for 50 cts.; 9 for \$1. Strong, two-year-old, field-grown plants, 25 cts. each; 3 for 70 cts.; \$2.50 per dozen, postpaid. Extra large size, three-year-old, 35 cts. each; 3 for \$1, postpaid. \$3.25 per dozen, by express.

Rare Miscellaneous Clematis

CLEMATIS, SWEET-SCENTED (Crispi).—Pretty bell-shaped flowers, produced continuously from June until frost; delicate lavender blue; fragrant and sweet. Splendid. 20 cts. each; 3 for 50 cts.

CLEMATIS, NEW CORAL (Coccinea).—Grows 8 to 10 feet; constant bloomer; rich, coral scarlet, tulip-shaped flowers, borne throughout the entire season. 20 cts. each; 3 for 50 cts.

CLEMATIS VIRGINIANA.—Pure white, fragrant flowers. Large field plants, 15 cts. each; 4 for 50 cts. Larger plants, 20 cts. each; 3 for 50 cts.

The 4 rare *Clematis* described, *Paniculata*, *Crispi*, *New Coral* and *Virginiana*, postpaid, for 65 cts.

Dingee's Dahlias We offer Field Roots.

For several years back we have made a specialty of this popular flower, and our collection now includes the very finest varieties in cultivation, and we have grown them in large quantities to meet the increasing demand. If the public knew how useful and beautiful the Dahlia is, they would be planted in every garden in the country. They require little or no attention, and succeed in almost any soil or location. Their flowers are produced in splendid profusion at a time of the year when flowers of all kinds are very scarce—in the Fall. Many of them equal the finest Chrysanthemums in form, while others resemble Roses and Paeonies. No class of plants present more magnificent colors, almost every tint being shown in them. After blooming, the roots can be taken up and stored away in a dry cellar like potatoes, where they will keep safely through the winter. Plant of them freely. Satisfaction is assured.

SPECIAL NOTICE.

All orders will be filled with strong field-grown roots which may be sent safely, and this we guarantee, to any post office or express office in U. S. A.

Mrs. Roosevelt

Primrose Dame.—Clear primrose yellow; early and profuse.

Professor Baldwin.—Deep orange-scarlet flowers of striking form. Petals beautifully twisted at the tips, giving the flower a very pleasing appearance.

Standard Bearer.—A magnificent Cactus variety. Rich fiery scarlet. One of the very best; good stem.

Stella.—Vivid crimson.

New Cactus Dahlias of Special Merit

Capstan.—Bright red and apricot; free and early flowering.

Countess of Lonsdale.—Salmon red; profuse and very large flowers.

Floradora.—Wine crimson, incurved flower; free bloomer.

Furst Bismarck.—Large, rosy crimson, with beautiful bluish sheen.

Gabriel.—Ground color, soft velvety crimson, tipped with pure white.

Gloriosa.—One of the most superb Dahlias in existence. The color is bright, velvety crimson.

Hohenzollern.—A rich, bronzy orange-red color with golden sheen.

Innovation.—Base of petals rich crimson, passing gradually toward the tips to pure white.

J. W. Wilkinson.—Deep, rosy crimson. Finely formed.

John H. Roach.—Soft yellow, edged sulphur yellow, petals long and twisted.

Kriemhilde.

This variety has more good qualities than any Cactus Dahlia yet produced. The color is fresh, delicate pink, shading to white in the center; splendid form.

Fancy and Miscellaneous Dahlias

Admiral Schley.—A seedling of, and a great improvement on American Flag. Rich, glowing crimson, with a broad white stripe running through the center of each petal.

American Flag.—Bright cherry red, with center of each sharp-pointed petal striped with white. Striking and unique.

Fern Leaf Beauty.—Totally unlike any other. Fern-like foliage of dwarf branching habit; creamy white flowers, each petal having a dark crimson margin.

Snow-Clad.—Snow white, dwarf grower; very early and free blooming.

Frank Smith.—One of the best Fancy Dahlias. Rich purplish maroon tipped with pinkish white, the two colors blending handsomely.

Uncertainty.—Varies from white marble flush and carmine to solid crimson maroon on the same plant, with intermediate variations.

20th Century.—A magnificent new Orchid Flowering Dahlia. A strong, vigorous grower and very free flowering. Immense single flowers, $4\frac{1}{2}$ to 6 inches in diameter; perfect form and exquisite finish. Color, intense rosy crimson, with white tips and white disc around yellow center. Entirely distinct.

PRICE of all Dahlias on this page, strong field-grown roots, purchaser's selection, 25c. each, 5 for \$1.00; \$2.00 per dozen; our selection 20c. each; 7 for \$1.00. \$1.50 per doz. postpaid.

SUPERB NEW DECORATIVE DAHLIAS

Admiral Dewey.—A grand new variety with flowers of perfect form. Brilliant royal purple, elegantly shaded.

Catherine Duer

Flowers of immense size, measuring 7 to 8 inches in diameter; petals very broad and well formed. Color, beautiful glowing red. A strong and robust grower.

Clifford W. Bruton.—The finest clear yellow decorative Dahlia in existence. Flowers are immense in size, 5 to 6 inches across, perfectly full and double, like a *Chrysanthemum*. Rich, deep, lemon-yellow flowers are produced on tall, stiff stems, desirable for cutting.

Constancy.—Rich reddish-orange shaded bronze, tipped with white. Beautiful and perfect.

Grand Duke Alexis.—Probably the finest type of the large, double-quilled Dahlia. It bears a magnificent flower of the largest size, distinctly unique in form, the petals are rolled up so that the edges overlap. Color, pure, soft white, the tips of the petals edged and suffused with delicate pink.

Kaiserin Augusta Victoria.—A magnificent new decorative Dahlia. A most profuse bloomer. Immense flowers, pure white; long stem. Fine for cutting.

Lemon Giant.—Immense size. Pure lemon yellow without tint or streak.

Maid of Kent.—A beautiful variety, scarlet-maroon at base of petal, point of each petal white.

Nymphaea.—This variety is the most delicately beautiful Dahlia ever introduced, and is an early and profuse bloomer. The flowers are delicately colored light pink, shaded lighter toward the center, giving the exact appearance of a pink *Water Lily*.

Orange King.—Rich, glowing orange, from which color it derives its name. Fine for bedding.

Sylvia.—One of the most valuable decorative Dahlias ever produced. Flowers of fine form; color white, shading to soft pink.

Mrs. Roosevelt

A new giant-flowering Dahlia. Flowers are perfectly double, of the largest size, measuring 6 to 8 inches in diameter. Color, delicate pink, shading to soft, clear pink. Long stems, good keeper; splendid for cut flowers.

Oban.—Very large, rosy lavender, overlaid delicate silvery fawn.

NEW AND RARE SHOW DAHLIAS

A. D. Livoni.—Very valuable as the best clear pink. Magnificent flowers, perfectly full and double, of a beautiful soft pink. The petals are quilled, of splendid substance and closely formed about the center.

Black Diamond.—The largest and best dark Dahlia yet introduced. Flowers of immense size, full regular form, high round center; color, rich, velvety maroon, shaded jet black.

Harry Freeman.—Color, glistening snow white, medium size and good form.

Magnificent.—Pure light yellow, lightly shaded. A profuse bloomer.

Miss May Lomas.—Large, perfectly formed flowers of a lovely flesh color. Faintly tinged violet.

Queen Victoria.—Pure, deep yellow flowers, magnificently formed. Strong, stiff flowers.

Ruby Queen.—A distinct variety, with large, full flowers of fine ruby purple. Free blooming.

Wacht am Rhein.—A magnificent dark red, shaded maroon.

White Swan.—One of the grandest large flowering white varieties; magnificent pure white flowers.

PRICE of all Dahlias on this page, strong field-grown roots, purchaser's selection, 25c. each; 5 for \$1.00; \$2.00 per dozen, postpaid; our selection 20c. each; 7 for \$1.00; \$1.50 per dozen.

The Choicest Hardy Perennials

Plants of this class are perfectly hardy in the open ground, and die down only to the roots at the approach of cold weather. Once planted they become a lasting pleasure. Failure with them is practically impossible.

Rhododendron

The showiest and most magnificent hardy ever-green shrub that grows. Prefers well-prepared soil of leafmold, muck and peat mixed, and partial shade. Grand foliage; in June the plants are a magnificent array of gorgeous flowers in clusters, beautiful beyond description. During the Winter protect with leaves and brush.

We offer strong, bushy imported plants, in four colors, Pink, Red, White and Purple. They are well set with flower buds, sure to bloom this year, and include the finest varieties. Strong plants, 1 to 1½-2 feet high, \$1 each, by express only.

Rhododendrons.

DICENTRA SPECTABILIS (Bleeding Heart).—Fine for borders, pots or open ground. Potted in November and left outside until it has formed new roots, and then brought into gentle heat, it will flower early in March. Beautiful rose-colored flowers, heart-shaped. Absolutely hardy. 20 cts. each; 3 for 50 cts.; 7 for \$1.

New Hardy Herbaceous Spiraeas

COMPACTA MULTIFLORA.—Compact growth, ample foliage of bright green, and wonderfully free production of feathery white flowers in plume-like panicles.

ASTILBOIDES FLORIBUNDA.—Large plumes of feathery-white flowers, splendid for bouquets.

WHITE SPIRAEA (*Astilbe Japonica*).—Handsome herbaceous plant. Very popular for Winter forcing. Splendid in the open ground. Light and feathery panicles of fragrant white flowers.

Strong field-grown plants of these varieties, 15 cts. each; 4 for 50 cts.; 9 for \$1. Larger plants, 20 cts. each; 3 for 50 cts. Set of 3 grand new Spiraeas, postpaid, for 35 cts. One each, larger plants, postpaid, 50 cts.

Hardy Perennial Phlox.

Tuberous Rooted Clematis

(*Platycodon Leichtlinii*)

A grand new hardy bedding plant. It is not a climber, but a low growing, bushy, herbaceous plant with handsome deep green foliage and bearing enormous masses of beautiful, large, bell-shaped flowers of lovely violet blue, similar to the **Jackmanii Clematis**. It makes a handsome, vigorous plant, blooms very quickly, and continues loaded with flowers from June until October. It is entirely hardy. 15 cts. each; 4 for 50 cts.

Rudbeckia, Golden Glow

Grows 3 feet high, branching freely and bearing by the hundreds, on long, graceful stems exquisite double flowers of the brightest golden yellow. Hardy. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Hardy Perennial Phlox

Diversified and brilliant colors, profuse and continuous bloom and adaptability to almost any situation or soil, places **Hardy Phlox** in the front rank of hardy Perennials. The greatly improved varieties offered below will prove a revelation to those unacquainted with this class of plants, and once established will improve and multiply from one season to another. They are perfectly hardy and produce in gorgeous profusion great showy heads or panicles of bloom from early Spring until checked by frost. Price, strong plants, 15 cts. each; 4 for 50 cts. Set of 10 for \$1.15.

ANDREAS HOFFER.—Early and continuous flowering; pure white.

AQUILON.—Bright, deep pink, with bright crimson eye.

COQUELICOT.—A fine pure scarlet, with deep carmine eye; the brightest of all Phlox.

CHAMPS ELYSEE.—Fine, rich purplish crimson.

ECLAIREUR.—Purplish crimson with light halo; large flower.

JEANNE d'ARC.—Late flowering, pure white.

PANTHEON.—Fine, deep salmon-rose.

R. P. BONNETAIN.—Rose overlaid salmon.

R. P. STRUTHERS.—Brilliant rosy-red with crimson eye.

VON GOETHE.—Tyrian rose suffused with carmine lake.

Herbaceous Paeonies

A Clump of Paeonies Reproduced from a Photograph

The wonderful improvements made during recent years in these old-fashioned hardy plants have made them immensely popular. After they are once planted they require little attention and care, thriving almost anywhere, and are absolutely hardy everywhere, requiring no protection whatever even in the most severe climate. They do best in good, rich soil and an open sunny position, but this is not absolutely necessary. They like a liberal supply of water during their growing season. The abundance and wealth of the gorgeous flowers which they produce are sufficient to satisfy the most enthusiastic, their flowers rivaling the finest roses in size, form and coloring. They are not troubled with insect pests or disease of any kind, and once planted they take care of themselves, increasing in beauty each year. We offer the choicest and most distinct varieties.

Superb New and Rare Double Herbaceous Paeonies

Duchesse de Nemours.—Extra fine. Large, pure white; very fragrant. 50 cts. each.

Delectissima.—Large; color, purple rose, salmon center. 50 cts. each.

Festiva Maxima.—The grandest of all Paeonies. Color, pure white; center petals flaked red. 50 cts. each.

Standard Varieties Double Herbaceous Paeonies

PRICE.—35 cts. each; 3 for \$1.00; \$3.00 per dozen, postpaid.

Achillea.—Delicate pink, fading to blush-white.

Andre Lauris.—A rosy red. Very free; late bloomer.

Bodicea.—Large guards, high, full center. Creamy blush white, dotted and flushed rosy; fades white; center petals edged carmine.

Delacheii.—Dark, velvety purple. Late flowering.

Edulis Superba.—Beautiful brilliant pink. Early.

Humeii.—Very large. Striking cherry-pink flower; highly cinnamon scented.

Louis Van Houtte.—Bright, violaceous red of dazzling effect.

M. Andre.—Purplish pink, salmoned fleshy center; pinkish reflex.

Ne Plus Ultra.—Large, rosy-purplish guards; salmon straw colored center. Very fine.

Whitleyii.—A fine, pure white. One of the very best for cut flower purposes. Very free.

SPECIAL OFFER.—Set of 10 Standard Varieties for \$2.50, postpaid.

Paeonia Officinalis

This type is the real old-fashioned Paeony, and comes into bloom from ten days to two weeks ahead of the above sorts. Perfectly double, and, once planted, it increases in beauty year after year. 30 cts. each; \$3 per dozen, postpaid.

Alba.—Blush white.

Rubra.—Brilliant glowing deep crimson.

Rosa.—Bright rose pink.

Paeony Tenuifolia Fl. Pl.

Interesting and handsome, not only on account of its rich crimson, double flowers, but the feathery foliage makes it a handsome ornamental plant, even if it never produced a bloom. 35 cts. each; 3 for \$1, postpaid.

Lilium Philippensis

This rare and beautiful Lily is a native of the Philippine Islands. The flowers are gracefully tapering trumpet shape, snow white in color and deliciously delicate fragrance. It is a superb garden Lily, and four or five bulbs planted in a Lily or flower bed will make a beautiful clump and prove most delightful. Perfectly hardy. Price, 25 cts. each, 6 for \$1, postpaid.

Funkia Grandiflora (White Day Lily).—Broad leaves of light green; flowers are borne in large clusters, very sweet-scented and waxy white. Perfectly hardy. 20 cts. each; 3 for 50 cts.

Funkia Undulata Variegata.—Bright, blue flowers and long narrow leaves, fluted and edged with white. Perfectly hardy. 20 cts. each; 3 for 50 cts.

Hardy Ornamental Grasses

EULALIA JAPONICA ZEBRINA

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The clumps enlarge in size yearly, each season's growth dying to the ground every Winter, but is supplanted by newer, denser and more vigorous increase. In the Fall the grass may be cut and utilized for the Winter protection of tender plants and Roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and are useful for interior decoration. Absolutely hardy.

Price of all *Eulalias* and *Erianthus* described below, 15 cts. each; 4 for 50 cts.; 9 for \$1. Large clumps, 35 cts. each; 3 for \$1, postpaid.

Eulalias

GRACILLIMA UNIVITTATA.—Forms exceedingly handsome clumps four to five feet high, which are hardy in all parts of the country. The graceful, narrow foliage is beautiful shining green, with midrib of silvery white.

JAPONICA ZEBRINA.—Grows four to seven feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white, as shown in engraving.

JAPONICA VARIEGATA.—Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with a broad margin of bright green. Plumes are very beautiful.

Erianthus

RAVENNAE.—An entirely hardy, reed-like Ornamental Grass, throwing up thirty to forty fine, erect flower stalks, eight to ten feet high, the first season. The plumes are soft gray in color, and highly valued as parlor ornaments; very effective as lawn plants.

SPECIAL OFFER.—We will send by mail, postpaid, one each of the 4 grand Ornamental Grasses described above for 50 cts.; one large clump of each of the above, by mail, for \$1.25.

Iris Kaempferi

The most gorgeously colored plants in existence; beautiful. Price of single and double named varieties, 15 cts. each; any 4 for 50 cts., postpaid. The set of 10, postpaid, for \$1.

Single Varieties

Date-Dogu, No. 1.—Rich violet purple, with yellow center.

Kimi-no-Megumi, No. 2.—Pearly-white petals, delicately veined with ultramarine blue.

Shishi-Ikari, No. 3.—White ground, veined and mottled dark purple, yellow center.

Shippo, No. 4.—Light lilac, densely veined purple.

Shuchiukwa, No. 5.—Crimson purple, white veins.

Mixed Varieties, double and single, 2 for 25 cts.; \$1 per dozen.

Double Varieties

Kagaribi, No. 6.—White, traced with blue, golden star center.

Koko-no-Iro, No. 7.—Rich royal purple, golden center.

Shishi-Odori, No. 8.—Rich deep purple, golden center.

Uchiu, No. 9.—Bright purple, with crimson sheen and few white veins.

Yomo-no-Umi, No. 10.—The finest white.

Our Famous Tuberoses

In tender beauty and delicious fragrance these lovely flowers have no equal.

Dwarf Excelsior Pearl Tuberose

Flowers pure white, very double, of immense size and sweetly scented. 3 for 10 cts.; 9 for 25 cts.; 30 cts. per dozen, postpaid.

Orange-flowered Tuberose

Bears snow-white flowers, resembling Orange blossoms, with fragrance as sweet. 5 cts. each; 7 for 25 cts.; 40 cts. per dozen, postpaid.

New Variegated-leaved Tuberose

The deep green leaves are finely edged and bordered with white; large white flowers, exquisitely sweet. 5 cts. each; 7 for 25 cts.; 40 cts. per dozen, postpaid.

SPECIAL OFFER.—We send, postpaid, 9 Excelsior Pearl Tuberoses, 3 Orange-flowered and 3 New Variegated-leaved—15 in all—for 40 cts.

EXCELSIOR PEARL TUBEROSES

The Best Hardy Flowering Shrubs

Ornamental and hardy flowering shrubs have grown immensely popular and deservedly so. They are absolutely hardy, and once planted last indefinitely, increasing in size and beauty year after year. For cold climates, where hardy plants are needed, they stand without an equal. Planted in clumps, masses or used for hedges, screens, or for filling unsightly corners, they make a glorious show. They are indispensable, and supply that certain something which is lacking in every yard, where hardy shrubbery is not found. They last a life-time and are sure to give satisfaction. No protection required. They may be planted as soon as the ground is ready to dig up until late Spring. We urge early planting. Orders booked at any time and shipped at the proper planting season.

Deutzia Crenata

Deutzia

A showy class of shrubs, especially valuable owing to their compact growth, luxuriant foliage and free flowering qualities.

CRENATA.—Strong, stately grower; attains the height of 4 to 6 feet; flowers white, tinged rose on outside of petals; very double and full.

FORTUNII.—Attains the height of 4 to 6 feet; one of the most beautiful and profuse flowering varieties; pure white.

GRACILIS.—Dwarf, compact form, 2 to 2½ feet in height; branches gracefully drooping, loaded with magnificent snow-white bells.

PRIDE OF ROCHESTER.—Resembles Crenata, except that the flowers are pure white with a faint shade of blush on outside of petals.

LEMOINEI (New).—Immense. Purest white. An improvement over Gracilis.

PRICE of all Shrubby { 1-year-old size, 15 cts.; 4 for 50 cts.; 9 for \$1, postpaid.
on this Page { 2-year-old size, 35 cts.; 3 for \$1; 10 for \$2.50, by freight or express.
{ 3-year-old size, 50 cts.; 5 for \$2; 10 for \$3.50, by freight or express.

Althaea (Rose of Sharon)

Altheas are among the most beautiful of all flowering shrubs. The flowers are brilliant and striking in color. 9 to 12 feet high when matured. They bloom during August and September, when few other shrubs are in bloom. Splendid for hedges and single specimens.

ALBA PLENA.—Splendid grower, with large, double, pure white flowers; petals beautifully blotched at the base with rich rose.

BLANCHE.—The flowers are larger than Alba Plena. This is the nearest pure white of any double variety grown.

NEW BANNER.—Flowers as large as a rose; color, clear, rosy pink, striped with rich crimson. Blooms the first year.

BUIST'S VARIEGATED LEAVED.—Beautiful; leaves green, broadly margined, silver white; flowers double. First size only.

DOUBLE PURPLE.—An erect and vigorous grower, free bloomer, flowers perfectly double; color, deep reddish purple.

CARNATION STRIPED.—Pink with crimson stripes. Very fine.

TOTUS ALBUS.—Moderate grower, free bloomer. The finest single Pure White Althaea.

Andromeda Mariana

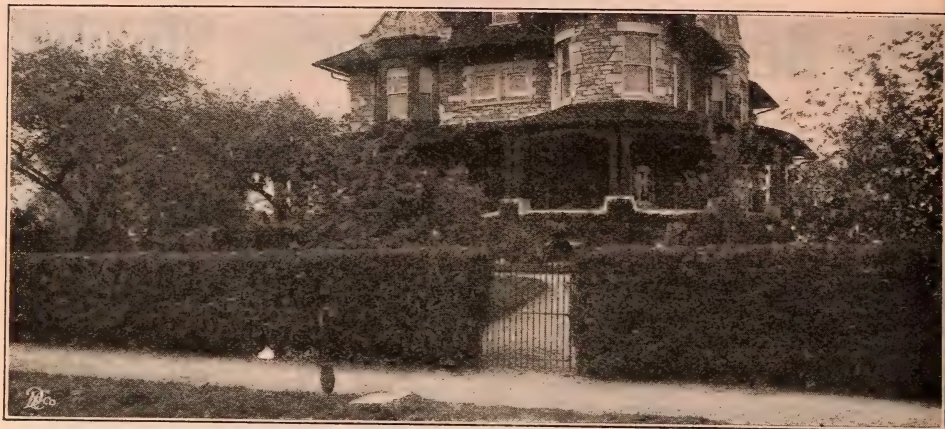

A beautiful and highly popular hardy flowering shrub, healthy and vigorous, making a neat, compact, shapely bush from 2 to 3 feet high; producing great sheaves of graceful sprays covered with lovely bloom. The individual flowers are long and tubular, and of nearly even size at each end; very fragrant and of a beautiful waxy white.

Berberis (Barberry)

THUNBERGIA.—New and handsome, desirable for lawn and garden; grows 3 to 4 feet high; small, perfectly shaped, rich green leaves, turning in Autumn to bright scarlet; flowers a delicate shade of coppery yellow; beautiful, brilliant, red berries; these remain on the bush throughout the Winter, giving it a bright and pleasing appearance.

Calycanthus (Caroline Alsprice)

FLORIDUS.—This beautiful, sweet-scented shrub is very widely known; flowers purple, quite double, exquisitely fragrant and borne in profusion during the entire season.

A Hedge of California Privet

CALIFORNIA PRIVET The Great Hedging Plant

Conceded to be the best plant for hedging purposes. Remarkable for the beauty of its evergreen foliage and strong, regular, symmetrical growth. The foliage is dark green, very glossy and wax-like; hardy everywhere. It is not subject to insects or scale attacks, and will stand pruning to any extent at all seasons. Better than Boxwood or any other hedging plant that you can secure.

Price { First size, 15 to 24 inches, 10 cts. each; 6 for 50 cts., postpaid; \$4.50 per hundred, by express or freight.
 Second size, 2 to 3 feet, 15 cts. each; 5 for 50 cts.; \$1 per dozen; \$6 per hundred, by express or freight. (Orders for 50 filled at 100 rates.)

CYDONIA (Japan Quince)

SNOW WHITE.—Fine, bushy shrub, with glossy green leaves and sharp thorns, blooming profusely in early Spring. The only pure white flowering Japan Quince.

JAPONICA.—Foliage and growth resemble Snow White; flowers beautiful, bright crimson and of good substance.

CATALPA (Indian Bean)

TEA'S JAPANESE HYBRID.—Of spreading habit, with heart-shaped foliage. Flowers beautiful creamy white, elegantly tinted with yellow and purple and highly fragrant. Two and three-year size only.

SPECIOSA.—Finer and harder than the common Catalpa. It blooms quite early in the season. Two and three-year size only.

CLEMATIS (Virgin's Bower)

STANS.—Of low spreading growth, and blooms profusely in late Fall; pure white, borne on long pendulous stems, and somewhat resembles Lily of the Valley in form and fragrance.

NEW HARDY ORANGE

Citrus Trifoliata

This is a true Citrus, and has all the characteristics of the real Orange Tree, which it closely resembles. The tree is of dwarf, symmetrical form; the leaves are thick and glossy, deep shining green; the flowers are lovely pure white, real orange blossoms, deliciously sweet during the growing season; the fruit is small, bright red in color, but not eatable.

FORSYTHIA (Golden Bell)

VIROIDISSIMA.—Height 3 to 4 feet; bright yellow, bell shaped flowers; blooms early in Spring.

KERRIA JAPONICA

A graceful, slender shrub, growing 4 to 5 feet high. Flowering with double yellow flowers from early Summer to Fall.

JASMINUM (Jasmine)

NUDIFLORUM.—Handsome bell-shaped, golden yellow, sweet-scented flowers; produced in wonderful profusion in early Spring. The flowers are borne close to the stem before the foliage appears, hence the name "Nudiflorum."

LONICERA (Honeysuckle)

TARTARIAN.—Forms a graceful, branching, ornamental bush, 3 to 5 feet high; very desirable for lawn or garden; foliage dark green, blossoms in May and June. Three colors, white, red and pink.

DIERVILLA (Weigela)

This valuable family of Japanese shrubs can be used to advantage for single lawn specimens or for massing; strong, vigorous growers, drooping slightly when matured.

CANDIDA.—Fine light green foliage; pure snow-white flowers, borne in great profusion the last of June until Autumn.

LAVELLEI.—Deep red flowers, entirely unlike other Weigelas; distinct and beautiful.

ROSEA.—This is one of the most charming shrubs in cultivation; the flowers are large and of a deep rosy color; borne in great profusion.

VARIEGATED LEAF.—Deep green leaves, with a broad margin of pure white; flowers beautiful, clear blush.

EVA RATHKE.—New and gorgeous. Rich reddish purple.

RUBRA.—Red, shading to light pink; beautiful and desirable.

STYRAX

JAPONICA.—A fine, hardy flowering shrub, of low growing, dwarf habit; small, round leaves and smooth, light-colored bark, forming an unusual and remarkably picturesque-looking little tree. Blooms freely in June; the flowers are silvery white; bell-shaped, and highly fragrant.

Price of all shrubbery on this page except where noted. { 1-year-old size, 15 cts.; 4 for 50 cts.; 9 for \$1, postpaid.
 { 2-year-old size, 35 cts.; 3 for \$1; 10 for \$2.50, by freight or express.
 { 3-year-old size, 50 cts.; 5 for \$2; 10 for \$3.50, by freight or express.

SYRINGA (Lilac)

NEW PERSIAN.—This grand Lilac blooms in early June. Flowers beautiful deep purple, very fragrant, and borne in profusion; leaves, rich, dark green, rather small and delicately shaded; habit of growth very neat and compact.

WHITE.—This rare and beautiful white Lilac is much sought after.

TAMARIX (Tamarisk)

AFRICANA (African Tamarix).—A graceful, erect growing shrub, having pretty pink flowers, and leaves like an evergreen.

VIBURNUM (Arrow Root)

OPULIS STERELIS (Snowball).—A strong, hard grower, with elegant ornamental foliage, covered with large balls of pure white flowers.

YUCCA FILAMENTOSA

(Spanish Bayonet).—A low-growing, hardy evergreen plant with long, narrow leaves; almost tropical in appearance. The flower stalk is from 2 to 4 feet high, and rises from the center. It bears a profusion of creamy-white, bell-shaped flowers.

PHILADELPHUS (Mock Orange)

GRANDIFLORA.—Blooms in early June; flowers beautiful creamy-white and very fragrant.

Philadelphus Grandiflora

Spiraea Van Houtti

SPIRAEA (Meadow Sweet)

No other class of shrubs embraces a more extensive variation of flowers, foliage and habit of growth than Spiraeas.

AUREA (Golden Leaved Spiraea).—Bright golden yellow foliage and small white flowers, forming a nice contrast.

BILLARDI.—Fine spikes of beautiful rose-colored flowers; blooms profusely in July and August; very desirable.

BUMALDA.—A dwarf growing variety, producing beautiful rose-colored flowers all Summer and Autumn.

CALLOSA ALBA.—Dwarf white-flowering variety; blooms in July and August.

CALLOSA RUBRA.—A bushy, compact shrub, growing 3 to 4 feet high; deep rosy red flowers.

CALLOSA SUPERBA.—A very handsome variety from Japan; grows 3 to 5 feet; deep rosy red flowers.

PRUNIFOLIA (Bridal Wreath).—Erect habit; double; flowers pure white, borne entire length of branches. First size only.

REEVESII.—Single, pure white; blooms latter part of May; attains a height of 4 to 6 feet.

THUNBERGII.—Blooms in early April; compact, regular growth and pretty fern-like leaves; flowers borne in clusters.

VAN HOUTTI.—The hardiest of all Spiraeas. The bushes form fine, compact clumps. The pure white flowers are borne in such masses as to look like a snow-bank of bloom.

Perpetual Blooming Crimson Spiraea.

ANTHONY WATERER

It makes a low, compact bush 15 to 18 inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers, which measure nearly a foot across. Blooms the first and every year, and is seldom out of flower. As a pot plant or for growing in the open ground nothing can equal it. Perfectly hardy.

Strong, field-grown plants, 15 cts. each; 4 for 50 cts.; 10 for \$1; larger plants, 25 cts. each; 5 for \$1, postpaid.

**BLUE SPIRAEA
(Caryopteris Mastacanthus)**

Blue Spiraea is a fitting name for this remarkable new hardy plant. The dense flower heads are of a rich lavender blue, a rare color among flowers.

Strong, field-grown plants, 15 cts. each; 4 for 50 cts.; 10 for \$1, postpaid; larger plants, 25 cts. each; 5 for \$1, postpaid.

Price of all shrubbery on this page except where noted.

1-year-old size, 15 cts.; 4 for 50 cts.; 9 for \$1, postpaid.
2-year-old size, 35 cts.; 3 for \$1; 10 for \$2.50, by freight or express.
3-year-old size, 50 cts.; 5 for \$2; 10 for \$3.50, by freight or express.

R.

Double Japan Snowball

Viburnum Plicatum.—The king of hardy flowering Shrubs. Blooming in June, when the whole bush is loaded down with great compact balls of pure white double flowers, like miniature Roses, borne in such profusion that they almost completely hide the leaves and branches, while the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high, with deep green leaves peculiarly crinkled and crinkled. Entirely hardy, needing no protection. Our illustration, reproduced from a photograph, gives some idea of its wonderful beauty.

**Price
Field-
Grown
Plants**

3 year size, 50 cts. each; 5 for \$2. \$4 per dozen, by freight or express.
7 year size. Special sale. Extra large specimen plants, \$1 each, by freight or express.

Border Group of *Hydrangea Paniculata Grandiflora* reproduced from a photograph.

Hydrangea Paniculata Grandiflora

The Best and Most Ornamental of all Hardy Shrubs

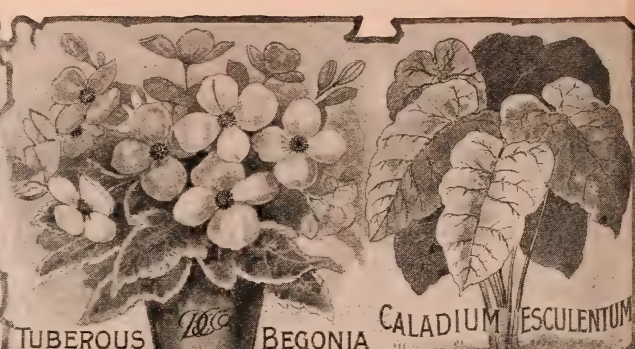

RECOGNIZING the sterling worth of this grandest of all hardy flowering Shrubs, we have for many years past made it a leading specialty, growing and selling annually upwards of one hundred thousand plants; as a result of our efforts it is to-day the most popular of all shrubs for yard, lawn and cemetery planting; it is extensively used for hedge planting and for clumps and screens. The great reduction now made in the prices should still further its popularity. It readily attains a height of five to seven feet; hardy in all localities, and needs no protection in Winter; blooms the first and every season in July and August, when other flowers are scarce, and continues in bloom for two or three months; the flowers are massive, cone shaped, often measuring ten inches in length, and have a pleasing variation of color, changing from the original pure white to pink, and finally a beautiful rich coppery red. When the flowers mature they can be cut and utilized as parlor ornaments, where they retain their natural beauty for an indefinite time. Our engraving, reproduced from a photograph of a group of border plants, does not exaggerate in the slightest degree the flowering propensities of *Hydrangea Paniculata Grandiflora*. All our plants will give a like result, and cannot fail to prove a source of genuine pleasure and admiration.

Treatment

No special treatment is required; the *Hydrangea* will grow and thrive in all ordinary situations. Plant in either Spring or Fall, and cut back each successive Spring at least one-half of the previous season's growth. Dig and manure. The finest flowers are borne on the new or young wood, and are largest and best when the plant has made a strong, vigorous growth.

Extra Strong and Well Rooted Field-Grown Plants that will bloom this year, 20 cts. each; 3 for 50 cts.; 7 for \$1.00, postpaid. By express or freight, 50 for \$5.00; \$8.00 per 100; Strong Two-year-old Field-Grown Blooming Plants, 30 cts. each; 4 for \$1, postpaid; by express or freight, 12 for \$2; 25 for \$3.75; \$12.00 per 100.

Extra size Two-year-old Field-Grown Blooming Plants by express or freight, only 35 cts. each, 3 for \$1.00; 6 for \$1.75; \$3.25 per dozen. Extra strong Three-year-old Field-Grown Blooming Plants by express or freight only 50 cts. each, 5 for \$2.00; \$4.00 per dozen.

TUBEROUS-ROOTED BEGONIAS.—Unsurpassed for bedding and pot culture. As easily cared for as a Geranium. The large bulbs we send out produce all Summer in profusion, gorgeous and brilliant flowers, 3 to 5 inches in diameter.

Price of separate colors, 15 cts. each; any 4 for 50 cts.; 9 for \$1.

Superb Pink.—Very bright, Superb Scarlet.—Intense, flame-colored flowers.

Superb Yellow.—Brilliant and glowing yellow color.

Superb White.—Large, pearly white flowers.

Superb Rose.—The beautiful flowers are soft, shining rose color.

1 each 5 superb colors described above for 60 cts.

Superb Single Mixed Colors.

—Embracing a gorgeous array of colors. 10 cts. each; 6 for 50 cts.; \$1 per dozen.

Double Mixed.—Very scarce.

Beautiful double flowers, all colors. 25 cts. each; 5 for \$1.

RARE NEW TIGRIDIAS.—They produce in constant succession immense, bold, shell-like flowers of marvelous beauty. **Price of Tigridias named below, 5 cts. each; 50 cts. per dozen.**

Conchiflora.—Yellow flowers, spotted with crimson.

Grandiflora.—Large crimson flowers, marked with golden yellow.

Grandiflora Lilacea.—Lilac, with purple and white spots.

Grandiflora Mixed.—All colors.

Grandiflora Alba.—Pearly white, marked at base a clear brown.

Grandiflora Rosea.—Bright rose, rich yellow in center.

Grandiflora Aurea.—Large flowers; pure deep golden yellow; rich.

MONTBRETIA CROCOSMIAEFLORA.—Throws up numerous flower stalks which are loaded with slightly drooping spikes of trumpet-shaped orange-scarlet flowers. 5 cts. each; 3 for 10 cts.; 10 for 25 cts.

CALADIUM ESCULENTUM.—A magnificent ornamental foliage plant. Grows 4 to 6 feet high; leaves immense, often measuring 4 feet in length by 2 feet in breadth. Beautiful bright green. Fine bulbs, 15 cts. each; 4 for 50 cts.; 10 for \$1. Large size, 25 cts. each; 5 for \$1.

TRITOMA UVARIA (Blazing Torch).—Produces tall spikes, brilliant flame-colored crimson and yellow flowers from August until severe frosts. Hardy, with protection. Very effective. 15 cts. each; 4 for 50 cts.; 9 for \$1.

SUMMER-BLOOMING HYACINTH (Hyacinthus Candicans).—Blooms from August until October; grows 18 inches to 2 feet high; large spikes of pure white, bell-shaped flowers. Perfectly hardy. 5 cts. each; 6 for 25 cts.; 50 cts. per dozen.

ZEPHYRANTHES.—Beautiful Lily-like plants of rare beauty; splendid in the garden or in pots.

Sulphurea.—Magnificent, large flowers; color, clear, brilliant sulphur yellow. 10 cts. each; 3 for 25 cts.; 7 for 50 cts.; 15 for \$1.

Candida.—Fine white flowers. 3 for 10 cts.; 10 for 25 cts.; 25 for 50 cts.

White.—At first pale pink, changing to pure white. 3 for 10 cts.; 10 for 25 cts.; 25 for 50 cts.

Rosea.—Blooms all the time. Large rose colored flowers. Superb. 3 for 10 cts.; 10 for 25 cts.; 25 for 50 cts.

Set of 4 Zephyranthes for 15 cts.; 4 Sets for 55 cts.

SUMMER-FLOWERING OXALIS.—Splendid for bordering or edging; also for pots and hanging baskets. Fine foliage of the brightest possible green.

Price, 15 cts. per dozen; 50 for 25 cts.; 40 cts. per hundred.

Lasiandra.—Rosy pink.

Mixed Colors.—All varieties mixed.

Dieppi.—Pure white.

SCARLET FREESIA.—Similar in bulb, foliage and habit to the **White Freesia**, but the flowers in brilliant

contrast are brightest scarlet, lower petals distinctly blotched. Really a grand bulb. 3 for 10 cts.; 10 for 25 cts.

CRINUM ORNATUM.—One of the most magnificent decorative plants in existence. Grand in pots or in the garden. Sure to grow and bloom. Grows one-and-a-half to five feet high, bearing a crown of twelve to twenty large, lily-like blooms; color, white, with deep pink stripe down the center of each petal. Exquisitely scented. Grows larger and better each successive year. We offer enormous bulbs. We give an idea of the circumference, 9 to 11 inches. 25 cts. each; 5 for \$1, postpaid. 14 to 16 inches (enormous) 60 cts. each; 2 for \$1, postpaid.

THE CHINESE SACRED LILY.—Blooms within twenty to thirty days after planting. Place two or three bulbs in a vessel of sufficient size, then fill with coarse gravel or sand and cover with water. Produces masses of deliciously-scented flowers. 15 cts. each; 2 for 25 cts.; 4 for 50 cts.; 9 for \$1.

GIANT PERSIAN CYCLAMEN.—A beautiful and decorative pot plant. The foliage is broad, massive and graceful, of a dark, olive green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in boundless profusion for several successive months, and are delightfully perfumed. Assorted colors, 20 cts. each; 3 for 50 cts.; 7 for \$1.

GLOXINIAS.—Quick, vigorous and healthy in growth, with large, handsome, velvety green foliage, surmounted with clusters of lovely trumpet-shaped flowers, which combine gorgeous blending of colors of exquisite beauty seen in no other flower. Splendid in open ground and for pot culture. Special colors, 20 cts. each; 3 for 50 cts.; 7 for \$1.

Scarlet.
Violet with White Border.
Red with White Border.
White.
Blue.

Mixed Colors.—A selection embracing a wide range of colors. 15 cts. each; 4 for 50 cts.; 10 for \$1.

CINNAMON VINE.—A beautiful, hardy Climbing Vine, which will quickly surround an arbor, window or veranda with a profusion of vines covered with handsome, glossy, heart-shaped leaves, bearing great numbers of delicate white blossoms which emit a delicious cinnamon fragrance. Perfectly hardy, thriving everywhere. Price, 3 bulbs for 15 cts.; 6 for 25 cts.; 12 for 50 cts.; 25 for \$1, postpaid.

MADEIRA VINE.—Climber, for hanging baskets, trellis, rock work, etc. Clusters of pure white, fragrant flowers. Free bloomer. 3 for 10 cts.; 10 for 25 cts.

NEW SCARLET MEXICAN LILY (Amaryllis Formosissima).—Produces immense numbers of magnificent, large, velvety, deep dark scarlet flowers, rich beyond description. 10 cts. each; 6 for 50 cts.; 12 for \$1.

AMARYLLIS EQUESTRE (The Barbadoes Lily).—Immense, flaming orange-scarlet flowers; center purest white, produced in great profusion. One of the most attractive of varieties for pot culture. 15 cts. each; 4 for 50 cts.

AMARYLLIS "REGINA."—The magnificent lily-like flowers of large size are borne in umbels or clusters. They are wide open or spreading shape. Color, soft light scarlet with light center or throat. Strong blooming bulbs, 15 cts. each; 3 for 40 cts.; 6 for 75 cts., postpaid.

AMARYLLIS JOHNSONII.—One of the handsomest in the whole family. The bulbs send up from 2 to 4 flower spikes at one time, each bearing from 4 to 8 large, brilliant, velvety crimson flowers, each petal striped through the center with broad band of pure white. 25 cts. each; 5 for \$1.

BELLADONNA LILY.—Each spike bears immense clusters of sweet and delicate, large, Lily-like flowers; color, soft rosy pink, splendid for potting or for bedding out. Extra large bulbs, 20 cts. each; 3 for 50 cts.

AGAPANTHUS UMBELLATUS (The Blue African Lily).—Luxuriant foliage, handsome flowers, borne in large clusters of 20 to 30; flower stalks grow 15 to 18 inches high. Color, bright, rich blue. 25 cts. each; 5 for \$1.

Clematis

Madame Edouard Andre

This is a magnificent new variety, entirely distinct, perfectly hardy and the nearest approach to a bright red ever sent out. It is a strong, vigorous grower, being an offspring of the popular **Jackmanii**, which it resembles in vigorous growth, freedom of bloom, shape and size of flower. Color is a beautiful deep carmine red, a novel and most pleasing shade, entirely different from all other varieties. Exceedingly scarce. Strong plants, sure to give satisfaction. Mailing size, 20 cts. each; two-year-old, 40 cts. each.

Baby Primrose

Our illustration shows how freely it bears its long-stemmed flowers of delicate rose. It blooms throughout the entire year, producing a succession of flowers. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Calla Lilies

The Greatest Offer Ever Made!

Set of 7 for \$1.00, postpaid.

Ease of culture, freedom of bloom and beauty of flower have made these Lilies almost indispensable.

We Offer Large Bulbs of Each Variety

LITTLE GEM.—Is indeed a pigmy, scarcely ever growing more than twelve inches high, yet it produces its snowy-white flowers with the greatest freedom. 15 cts. each; 2 for 25 cts.; 9 for \$1.

SPOTTED CALLA.—Leaves dark, rich green, dotted with white. Ornamental even when not in flower. Beautiful white flowers with deep, black throat. 15 cts. each; 2 for 25 cts.; 9 for \$1.

LILY OF THE NILE.—The old favorite White Calla. Grand, white flowers—chaste and beautiful. We offer strong plants, 15 cts. each; 2 for 25 cts.; 9 for \$1.

THE TRUE BLACK CALLA (Arum Sanctum).—A native of the Holy Land. Inside of flower purplish black, outside pleasing green. 15 cts. each; 4 for 50 cts.

NEW YELLOW CALLA.—A grand novelty. Large, rich, clear yellow flowers similar to the old White Calla in form; very fragrant. 15 cts. each; 4 for 50 cts.

NEW PINK CALLA RHEMANNI.—A magnificent new Calla. The flower is a rich deep shade of pink that is perfectly exquisite. One of the most sensational floral novelties of the age. 30 cts. each; 4 for \$1.

CHILDSIANA.—The latest sensation in Callas. Dwarf and compact, with large blooms borne in great profusion. Flowers beautifully shaped and the most snowy white. 30 cts. each; 2 for 50 cts.

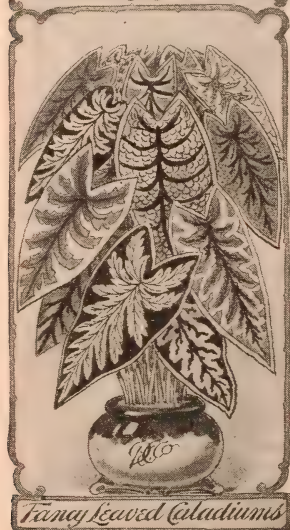

FANCY-LEAVED CALADIUMS.—Nothing can equal these in brilliancy of foliage; to say there are over 400 combinations of colors is sufficient. The large leaves are beautifully spotted, margined and variegated with every imaginable color except blue. They are best suited for pot culture in the house, conservatory or shaded situation. Large bulbs, 20 cts. each; 3 for 50 cts.; 7 for \$1.

Baby Primrose

Calla Little Gem

Spotted Calla

Calla Lily of the Nile

Gladiolus America

New Giant Gladiolus

Enormous flowers. The color effects are simply gorgeous. 6 cts. each; 5 for 25 cts.; 12 for 50 cts.

Lemoinii or Butterfly Gladiolus

Known as Orchid-flowering Gladiolus. All shades of crimson, white, brown, pink, etc. 4 for 10 cts.; 12 for 30 cts.

12 New and Rare Named Gladiolus for 50 cts.

Selected from hundreds of the best varieties. In size of flowers, blooming capacity and diversity of color no collection now offered will compare with this. Remember, we send out only strong-blooming bulbs.

MAD. MONERET.—Delicate rose; rich deep shadings; beautiful.

LA MARCK.—Cherry-scarlet, shaded orange; bold white center.

GLORY OF BRIGHTWOOD.—Scarlet, with lemon throat.

NAPOLEON III.—Bright scarlet; white line in each petal.

BRENCHLEYENSIS.—Bright scarlet vermillion; old, but popular.

CERES.—Large, pure white, flamed with lilac. Splendid.

JOHN BULL.—White slightly tinged with sulphur. Very dainty.

HENRY GILLMAN.—Deep salmon-scarlet, pure white bands through each petal; mottled throat.

EMMA THURSBY.—White ground with carmine stripes.

MME. LEMOINER.—White tinged salmon; violet maroon blotches.

COLUMBIA.—Light orange-scarlet, blotched and penciled with bluish-purple.

MAY.—Rosy pink, splashed and striped carmine.

Special Offer The above collection of 12 choice varieties, blooming bulbs, all labeled, postpaid, for 50 cts.; single varieties, 5 cts. each.

Our New American Seedling Gladiolus

The most celebrated strain of Gladiolus in existence. Each bulb will bloom after planting in ten weeks to three months. It embraces the widest range of colors, 4 for 10 cts.; 12 for 25 cts.; \$1.75 per hundred, by mail. By express, \$1.25 per 100; \$10 per 1000.

Gladiolus

One's collection of flowers is indeed deficient without Gladioli; they are the popular Summer flower and among the most brilliant and gorgeous decorative plants now known. We offer the best of all the varieties now in cultivation, and our prices are the lowest to be found anywhere. We send out none but first-class, blooming bulbs, sure to give perfect satisfaction.

CULTURE.—Plant in open ground, after all danger of frost is past, in a position fully exposed to the sun, in well-enriched garden soil. Avoid contact with manure, which should never be fresh, and plant from 2 to 4 inches deep and 4 to 6 inches apart. Bring bulbs indoors before the ground freezes, cutting the stalk off close, and store in a dry, cool place.

NOTE.—For best results from blooms, cut the spikes when the first flowers open; and finish blooming indoors. This is also a great benefit to the bulbs.

New Gladiolus America

An entirely new Gladiolus, and the most beautiful and useful variety yet in cultivation. The color is a beautiful soft flesh pink, very light, slightly tinged with lavender, which gives it the most delicate coloring effect. It is specially valuable for forcing purposes, being an absolutely new, delicate and attractive color, and the rich, dark green foliage makes it most desirable for bedding. 15 cts. each; 4 for 50 cts.; 9 for \$1.

Groff's Hybrid Seedlings

This mixture will produce the purest and most delicately tinted flowers. 5 cts. each; 4 for 25 cts.; 40 cts. per dozen.

New Gladiolus Augusta

A lovely pure white variety with blue anthers; the nearest pure white variety. 10 cts. each; 3 for 25 cts.; 7 for 50 cts.

NEW BLACKBERRIES

ICEBERG (The New White Blackberry).—Bears large clusters of snowy-white, transparent berries; delicious flavor, tender and melting. Strong plants, 15 cts. each; 4 for 50 cts. Larger plants, 25 cts. each; 5 for \$1, postpaid.

Blackberry Iceberg

Hardy. Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid. Larger plants, 25 cts. each; 5 for \$1, by express.

OHMER.—Black when ripe; an immense bearer; entirely hardy, with superb flavor. 15 cts. each; 4 for 50 cts., postpaid. Larger plants, 25 cts. each; 5 for \$1, by express.

NEW RASPBERRIES

CUMBERLAND.—The "business black cap." Fruit immense in size, finest quality and wonderfully productive (see cut). Large plants, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid.

Cumberland

delicious flavor. Strong plants, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid.

LOGAN

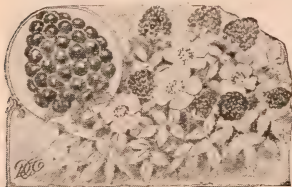

Raspberry-Blackberry

One of the greatest of all fruits; a thornless Raspberry-Blackberry, with large purplish red berries, as large as the largest Blackberry. Flavor delightful. Hardy. 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid.

STRAWBERRY-RASPBERRY

A remarkable new fruit; large red fruit borne in immense quantities the first and every season. Flavor is a combination between a Strawberry and a Raspberry. 15 cts. each; 5 for 50 cts.; \$1 per dozen, postpaid.

ELAEAGNUS EDULIS

The true fruit-bearing *Elaeagnus*, very scarce. Of dwarf, compact habit, with dark green foliage above, silvery white beneath, small yellow flowers; fruit oblong, bright red, covered with small white dots, and is edible and highly ornamental. Large bearing plants, 50 cts. each, by express.

ELAEAGNUS LONGIPES

Similar to *Edulis*. Fruit somewhat smaller. Fine flavor. Bears most abundantly. Large bearing plants, 4 to 6 feet, 50 cts. each, by express.

MULBERRIES

RUSSIAN.—A native of Northern Russia. Very valuable either for shade, fruit or timber. Bears abundantly, the fruit hanging in fine clusters; very juicy, luscious and of fine flavor. Transplanted trees, cut back for planting, by mail, postpaid at 20 cts. each; 3 for 50 cts.; 6 for \$1; larger size, by express only, 25 cts. each; 5 for \$1.

CURRENTS

Price, 15 cts. each; 4 for 50 cts.; 9 for \$1, postpaid. Larger plants, 20 cts. each; 3 for 50 cts., by express.

VICTORIA.—Fine, large berries; quality excellent; very productive. Thought by some to equal *Fay's Prolific*.

FAY'S PROLIFIC.—One of the best of all Currents. Large, cherry red berries of finest quality; very heavy cropper.

RED DUTCH.—Excellent and well known.

WHITE GRAPE.—Large, creamy-white, sweet Currant.

NORTH STAR.—The strongest grower among all red varieties.

Set of Currents, 5 in all, for 60 cts.

CHOICE HARDY GRAPES

Price, one-year-old plants, 15 cts. each, except where noted; 9 for \$1, postpaid. Two-year-old plants, 25 cts. each, except where noted; 5 for \$1, postpaid.

BRIGHTON.—A very early sort, also a very beautiful one. Color, bright red; sweet and delicious; hardy and vigorous.

CAMPBELL'S EARLY.—One of the very best New Early Grapes for the family garden. Handsome clusters of large, fine flavored Grapes. Rich, glossy black. Very vigorous and hardy. One-year-old, 25 cts. each; two-year-old, 40 cts. each.

CONCORD.—This fine old variety has so many good qualities that it is called the Grape for the millions. Large bunches; color, blackish purple.

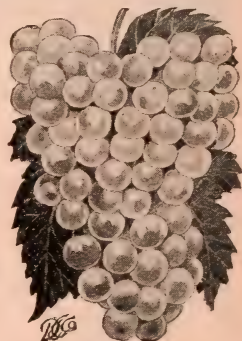

EATON.—Hardy, vigorous, productive and healthy. Berries unusually large; borne in immense clusters; color, black. One-year-old, 20 cts. each; two-year-old, 35 cts. each.

MOORE'S DIAMOND.—A fine white variety, of excellent quality; skin smooth and clear. Considered one of the best.

NIAGARA.—The great white Grape, perhaps the most valuable of its kind wherever introduced. Bunches large and compact; color, pale green at first, changing to pale yellow when fully ripe. Tender and sweet. Very productive (see cut).

SALEM.—Red; bunch and berry very large, healthy, hardy and vigorous; early; good keeper. Best quality.

WORDEN.—Resembling *Concord*, but earlier. Large, black fruit, of fine quality. Hardy and vigorous.

Niagara

Special Offer Set of 8 Grapes, one-year-old plants, \$1.10; two-year-old plants, 8 in all, \$1.75.

GOOSEBERRIES

DOWNING.—Fruit handsome pale green. 15 cts. each; 4 for 50 cts.; 9 for \$1; large size, 20 cts. each; 3 for 50 cts.; 12 for \$2.

HOUGHTON.—Pale red in color; enormously productive. 15 cts. each; 4 for 50 cts.; 9 for \$1; large size, 20 cts. each; 3 for 50 cts.; 12 for \$2.

NEW INDUSTRY.—By far the heaviest cropper yet known; free from mildew; berries one to one and a half inches in diameter. Color, handsome dark red. 20 cts. each; 6 for \$1; \$2 per dozen. Large plants, 30 cts. each; 4 for \$1.

THE FAMOUS

Dingee Seeds

Seed

Department

**Good because they are the best—none better
Guaranteed to be absolutely pure and fresh
We offer both flower and vegetable seeds**

DINGEE'S SEEDS have a reputation for freshness, pureness and reliability second to none. We do not say that ours are better than any other seed offered, but we do say that our stock is absolutely as good and in some instances better. It is good to the extent that it is the best it is possible to procure in any part of the world.

Our Customers may depend upon receiving liberal packets of fresh seed true to name. We want to say a word in regard to our prices, they are as low as is consistent with an honest margin of profit. We want to say further that as a rule every honest business house gives its patrons the value of their money.

If a packet of seed is sold for 5c. you will undoubtedly get the full valuation. When it is sold for 3 and 4 cents, or 8 cents or any other sum, you will get just that amount of seed.

It is but fair to assume that no one is willing to sell goods at a loss, therefore we wish to repeat that our prices having been weighed carefully, are honest, and you will get the full value for your money. We solicit your seed orders, and promise you faithful, honest service.

We Pay Postage

Bear in mind that we pay postage on all Seeds by the packet, ounce, quarter-pound, pound, pint and quart, except where noted. If goods are sent by express or freight deduct 15 cents from the mail price quoted for each quart ordered.

All seeds offered in this book 5 cents per packet, except where otherwise noted. 6 packets for 25 cts., 12 packets for 50 cts., 25 packets for \$1.00. Full cultural directions are given with each packet.

It pays to buy good seed. Our aim is to furnish the very best quality. DINGEE'S SEED is guaranteed to be pure and fresh.

THE PIONEER ROSE GROWERS

Flower Seed Novelties of Merit

The varieties offered on this and the following page can be depended on as being absolutely new and distinct. The seed is of the very best quality, and with proper treatment sure to give entire satisfaction. We can strongly recommend any of the following varieties to our customers.

Aster "Ideal"

New Ever-blooming Aster "Ideal"

This magnificent new Aster produces perhaps more saleable cut flowers to the plant than any other kind. The plants run from 16 to 18 inches high, and are in bloom from the beginning of August to the end of September, almost uninterruptedly. In shape the plants resemble the Victoria type, except the flowers are looser, which gives them a very graceful appearance. The flowers range from white, light blue, dark blue and crimson. Per pkt., 10 cts.; 3 pkts., for 25 cts.

New Plume Celosia "Magnificent"

This new strain of Celosia is of unusual beauty, growing either in a border or as single specimens. The plants are of compact, pyramidal growth, about two feet in height and the same in diameter. They branch freely, and are well set with dark green foliage, and each stem or branch terminates in a large, broad, feathery head of the most attractive plume-like character. The colorings are most brilliant and varied; some of the plumes are in clear, glowing shades of yellow, others crimson, scarlet and bright red, with a large range of intervening shades. We specially recommend it as the best and brightest Celosia in cultivation. Per pkt., 10 cts.; 3 pkts., for 25 cts.

New Success Coleus

This valuable selection has proven a success, surprise and delight. Every variation, color and marking is included in the "Success Coleus." Start the seed indoors. When the little plants show four leaves, thin out by transplanting a proportion to other pots, etc., and thus "Success Coleus" can be grown until all danger of frost is past; then plant in beds. A single packet can be depended on for a complete collection of colors and sufficient plants for a medium sized bed. Per pkt., 15 cts.; 2 pkts. for 25 cts.; 4 pkts., 50 cts.; 9 pkts., \$1.

New Annual Chrysanthemum Northern Star

The bloom of this Giant Flowering Chrysanthemum measures on an average of $3\frac{1}{2}$ inches across. The robust plants 18 inches in height. The radiant white of the petals passing toward the center into a soft yellow, shows up strikingly against the bold black disk, and there is no doubt that this new Chrysanthemum will prove a real treasure to growers of flowers for cutting. Per pkt., 15 cts.; 2 pkts. for 25 cts.; 4 pkts., for 50 cts.

Candytuft Large Flowered Dwarf Hybrids

Each plant forms a neatly rounded bush covered with flowers. The plants are more dwarf and compact than in any other strain; have several times as many and larger flowers. We offer finest mixed colors, 10 cts. per pkt.; 3 pkts. for 25 cts.; 7 pkts. for 50 cts.

Dianthus Purity

The large, double, pure white flowers possess the unique merit of delicious fragrance—heretofore not existing in the annual varieties of Chinese Pinks. Splendid for pot culture and cut flowers. Per pkt., 10 cts.; 3 pkts. for 25 cts.; 7 pkts. for 50 cts.

New African Marigold—Lemon-Ball

The extra large flowers are perfectly round—of nearly ball-like form; color is a clear canary yellow. The brightness of color and perfection of form make them resemble large, double Yellow Dahlias—only produced much more abundantly and for a longer season. Per pkt., 10 cts.; 3 pkts., for 25 cts.

New Annual Hollyhocks

Bloom from Seed the First Year.

This new strain possesses the virtue of the double old-fashioned Hollyhock, with the additional advantage of blooming from seed the first year; plants started from seed sown in March or April, in the house or hot-bed, transplanted in May in their permanent place, will bloom in August and continue until late in the fall. The plants branch out freely and grow to a respectable height, and are not easily attacked by the Hollyhock fungus, therefore, retain their fresh, bright green leaves until late. Flowers are double, semi-double, or single. Per pkt., 20 cts.; 3 pkts. for 50 cts.

New Petunia "Enchantress."

A beautiful bedding strain comprising all the finest colors in the small-flowering type. Plants are of compact, bushy growth, fifteen to eighteen inches in height, bloom most profusely throughout the Summer and Fall. For a continuous show of bright, attractive flowers throughout the season this strain will be found very satisfactory. Per pkt., 10 cts.; 3 pkts. for 25 cts.

New Tall Nasturtium "Coquette."

In size of flowers, brilliant blending and diversity of colors on the same plant, this variety is a vast improvement over the popular French "Chameleon." Not only do the flowers vary on a single plant, but the plants vary so greatly in bloom from each other that it is almost impossible to find any two that are at all alike. A charming novelty. Per pkt., 10 cts.; 3 pkts. for 25 cts.

New Orchid-Flowering Sweet Pea "Countess Spencer."

A grand, large flower of finest form and most beautiful coloring. The flowers are not only of extremely large size, but are distinct in having the outer edges of the standard and wings beautifully crumpled or waved. The coloring is a silvery white, suffused with soft rose pink, which deepens at the outer edges. In size, form and coloring, Countess Spencer is simply exquisite, beyond power of words to describe. Per pkt., 15 cts.; 4 pkts. for 50 cts.

New "Frilled and Fancy" Japanese Morning Glory.

In these magnificent new sorts in some of the flowers the tissue of the corolla is so ample that it lays in heavy, overlapping folds and the outer edges are deeply lobed. Apart from these distinct ruffled flowers, the remainder of the flowers are very superior in size, variety of colorings and entirely distinct shades. Per pkt., 10 cts.; 3 pkts. for 25 cts.

New Salvia "Fireball."

New Annual Hollyhocks.

Nicotiana Sanderae

This beautiful new Hybrid Nicotiana with its rosy carmine flowers produces a startling beautiful effect in the garden. Such an intensely rosy carmine flower is unknown in any plant of similar character; magnificent either for flower beds, shrubbery borders or in the wild garden. There is no plant easier to grow. The care given to the most ordinary annual will suit this new Nicotiana admirably and its orchid-like blossoms can be had in the garden all Summer and Fall. Per pkt., 10 cts.; 6 pkts. for 50 cts.

New Salvia Splendens "Fireball."

Of the many sorts of Salvia which are now cultivated this splendid novelty is beyond any question of doubt the finest of all. It has larger flowers, and is also more free flowering than any other kind. It forms a bush of about 15 to 20 inches high, from which spring broad, long spikes covered with a great number of flowers of the most fiery scarlet. The plants branch freely and are most profuse bloomers. It is the earliest of all, flowering by the beginning of July and continues without a break until frost. It is easily raised from seed and comes true. Per pkt., 10 cts.; 6 pkts. for 50 cts.

THE NEW VEGETABLES FOR THE BEST 1908

NOVELTIES AND SPECIALTIES OF MERIT

On this and the following page will be found illustrated and described the finest novelties and improved strains of the well-known standard sorts of vegetables. All these have been carefully tested and possess qualities not found in varieties of the same class as usually offered.

Cabbage "Stonehead"

for use about the same time as Burpee's All Head Early. The heads are quite large, the very finest and best heads of early Cabbage that we have ever grown. Not only a superb early Summer variety, but valuable for Fall planting in the South for early Spring market. Per pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; $\frac{1}{4}$ lb., 90 cts.

BURPEE'S BUSH LIMA BEAN

It is the only bush form of the true large Lima Bean, and has proven to be the most valuable introduction of recent years. Burpee's Bush Lima comes absolutely true from seed, producing bushes 18 to 20 inches high, of stout growth, always erect, yet branching vigorously, each plant developing into a magnificent circular bush from two to three feet in diameter. It is a prolific yielder, the handsome large pods being well filled with large Beans, identical in size and flavor with the well-known large pole Limas. The strain has been greatly improved within the past few years, until this variety now stands without a rival. Per pkt., 10 cts.; per pint, 30 cts.; quart, 50 cts., postpaid.

NEW EGG PLANT BLACK BEAUTY

This is the first distinct new Egg Plant of importance that has been introduced within the past twenty-five years. Not only does it produce its fruit ready for use ten days earlier than any other variety, but it is also of larger size, finer flavor and more attractive appearance. The plants branch freely near the ground, growing in broad, well-rounded bushes. The fruits are broad and thick, of the most attractive form and fine flavor. Per pkt., 10 cts.

NEW TOMATO "CHALK'S EARLY JEWEL"

The finest and hardiest early red or scarlet Tomato, being in the same class and quality as the New Matchless, but earlier in the season. Owing to the finer quality and flavor of the Early Jewel, as well as the handsome appearance, the Tomatoes have sold at retail in local markets at two to three times the price commanded by other early varieties. The hardy, vigorous growth admits of the very early planting in the field, which is essential in getting the earliest Tomatoes. Per pkt., 15 cts.; 4 for 50 cts.

NEW PEA "BRITISH WONDER"

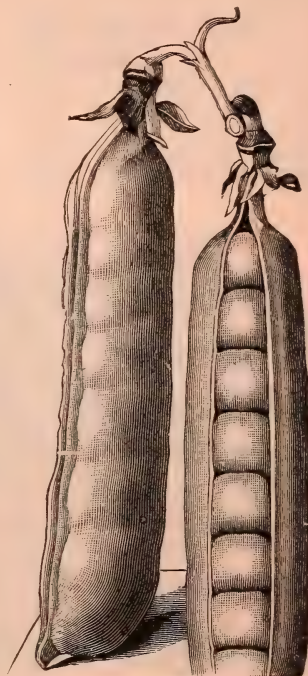

The growth is similar to Carter's Daisy, except that the foliage is darker green and the pods are not pointed. It is, however, more reliable as it is a sure cropper. The vines grow from fifteen to eighteen inches higher, and the pods produce most abundantly and are well-filled with dark green Peas. Per pkt., 10 cts.; pint, 35 cts., postpaid.

Two New Cabbages

Below are offered two new varieties, distinct in every way from all others. The plants are of strong, quick growth, with a spreading circle of large, rounded, clear blue-green leaves. The stem is short, the spreading leaves resting upon the soil, and large, solid heads are formed close to the ground. The heads are of distinct rounded form, solid as a stone. The leaves composing the head are tightly folded, beautifully blanched, and of mild, sweet flavor. We offer two varieties, as follows:

LATE STONEHEAD.—The best and most distinct new Winter Cabbage. An excellent Winter keeper. Per pkt., 10 cts.; $\frac{1}{2}$ oz., 15 cts.; oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

EARLY STONEHEAD.—Similar in growth to the above, but is ready for use about the same time as Burpee's All Head Early. The heads are quite large, the very finest and best heads of early Cabbage that we have ever grown. Not only a superb early Summer variety, but valuable for Fall planting in the South for early Spring market. Per pkt., 10 cts.; $\frac{1}{2}$ oz., 35 cts.; $\frac{1}{4}$ lb., 90 cts.

Pea—British Wonder

THE DINGEE & CONARD CO'S
EXTRA EARLY PEA
THE EARLIEST OF ALL

WE RECOMMEND OUR
Extra Early Pea as the Earliest of All,
 and best for the family garden. This superb variety is our own tested stock, and we stake our reputation on it. As will be seen by our illustration, the pods are of fine size and borne in the greatest abundance and perfection; indeed, the yield is extraordinary for an Extra Early Pea, and it ripens up evenly, allowing the crop to be cleared away promptly, which is a strong point in its favor. We are confident that all who once plant **The Dingee & Conard Company's Extra Early Pea** will have no other. Large pkt., 10 cts.; pint, 25 cts.; quart, 45 cts., postpaid. By Freight or Express, ½ peck, 75 cts.; peck, \$1.40; bushel, \$5 50.

Great Prize-Taker Onion

Immense size, sometimes weighing from 4 to 6 pounds. Flesh is **pure white**, finely grained, mild and delicate in flavor. A standard and famous variety. Per packet, 5 cts.; oz., 15 cts.; ¼ lb., 40 cts.; lb., \$1.25.

The New Dwarf Stone Tomato

The largest dwarf Tomato in existence, double the size of Dwarf Champion. In habit of vine it resembles Dwarf Champion, but is of stronger growth and more erect. The fruit resembles that of the tall "Stone" in color and shape, and is practically the same size. The strong, upright habit of **New Dwarf Stone** admits of planting at least one-half closer each way than usual. The shape of the fruit is perfect, and is free from cracks at the stem end. It is equally as early as Dwarf Champion, is very solid, ripens evenly and is of the most excellent quality. Per packet, 10 cts.; ½ oz., 60 cts.

New Early Sweet Corn "Golden Bantam"

This is the hardest Sweet Corn for the cool Northern States, and is also desirable for the warmer locations as a first early and for late plantings. It is not only extra early, but also extra hardy. It has a most delicious flavor and has so rapidly grown in popularity that the supply has never yet been able to meet the demand. The earliest and finest flavored of all Sweet Corn. Per packet, 15 cts.; ½ pint, 30 cts., postpaid.

New "Brittle Ice" Lettuce

A most distinct and extra choice variety of the Summer crisp-head type. It grows to a very large size, is of pleasing appearance, and retains its crispness and mild flavor a long time. While adapted for Mid-summer, it is most desirable for also Spring and Fall. A grand new variety. Per pkt., 10 cts.; 3 pkts., for 25 cts.

New Radish "Crimson Giant"

A fine, bright red Radish, growing quickly to a large size; slightly oval or deep globe in shape; two inches in depth; one and one-half inches in diameter, with fine tender skin of the rich, deep crimson color. The flesh is pure white, firm and crisp in texture and of mild flavor. The very best variety for early planting. Per pkt., 5 cts.; 6 pkts. for 25 cts.

New Watermelon "Sugar-Stick"

A large, light green or grayish Melon of oblong form, combining handsome appearance with finest flavor and excellent shipping qualities. The vines are of strong, vigorous growth, setting large Melons in good numbers. The flesh is deep, rich red with bright solid heart, melting, crisp and sugary. The luscious red flesh is entirely free from any coarse stringiness. Per pkt., 10 cts.; 3 pkts. for 25 cts.; per ounce, 15 cts.

The Choicest Asters

Unequaled for Late Summer and Fall Blooming

Truffaut's Paeony-flowered Perfection Aster

New Dwarf Paeony Perfection.—The plants do not grow over 12 inches high, and are of neat, compact habit, blooming profusely; flowers are large, of fine form, perfectly double; the colors are strikingly rich and brilliant. Mixed seed, per pkt., 10 cts.; $\frac{1}{4}$ oz., 75 cts.

Within the past few years the Aster has become one of the most, if not the most, popular of annuals. It requires no skill to raise the finest flowers from the varieties offered below, which comprise the very best it is possible to secure. No other flower makes such a magnificent display during the Summer and Fall months.

Christmas Tree.—A new type of Aster, of branching, pyramidal form of growth. Flowers range through many beautiful shades of color. Per pkt., 10 cts.

Truffaut's Paeony Flowered Perfection Asters.—One of the best varieties in every respect; flowers very large, double and beautifully incurved; grow about 18 inches. Over 25 distinct colors are included in the splendid strain we offer (see illustration). Mixed seed. Per pkt., 5 cts.; $\frac{1}{4}$ oz., 40 cts.

New Queen of Spring.—Of all Asters, it is the earliest; if the seed is started early it will flower in full perfection before the calendar months of Spring have ended. The plants are vigorous and healthy, of low, dwarf growth, and produce their queenly white double flowers profusely on long stems, making them unsurpassed for cutting. Per pkt., 10 cts.

New Diamond Mixed.—The flowers are extremely beautiful, 2 to 2 $\frac{1}{2}$ inches across, each petal being distinctly incurved. The plants grow 18 to 20 inches high. The colors range from pure white to blackish-purple and dark, rich crimson. Per pkt., 10 cts.

New Giant Comet Mixed.—This is a new strain from France, with flowers of large size, closely resembling curled Chrysanthemums. All colors mixed. Per pkt., 10 cts.

Mixed Asters for General Planting.—Our own mixture, embracing many choice varieties. $\frac{1}{4}$ oz., 25 cts.; oz., 75 cts.

Four Grand New Asters

Queen of the Market.—New and entirely distinct. Blooms early and profusely. Assorted colors. Per pkt., 5 cts.

Mary Semple.—Of free branching habit, growing to a height of two feet. Superb large flowers produced in great profusion of soft, deep rose flesh color, on long stems. Per pkt., 10 cts.

Semple's Branching.—This is a magnificent new American strain, producing handsome double flowers on large stems. We offer finest colors mixed. Per packet, 5 cts.

Large Flowered Dwarf White Queen.—Without exception the best dwarf Double White Aster ever produced. Wonderfully free bloomer. Per pkt., 10 cts.

THE SET OF FOUR NEW ASTERS FOR 25 CTS.

Marguerite Carnations. One plant from a photograph

Carnations

Marguerite New Dwarf Double.—This is a grand novelty, producing in wonderful profusion throughout the entire season flowers of splendid form, equaling the finest Carnations in size and substance. It grows as readily from seed as a China Pink, and is in full bloom twelve to fifteen weeks after sowing. Equally good for pot or garden culture. Fully ninety per cent. of the flowers are double, their fragrance is delicious. The range of color is marvelous and includes yellow. Be sure to try this lovely Carnation. Per pkt., 10 cts.; $\frac{1}{4}$ oz., 40 cts.

5c. per Packet for all Seeds offered on this page except where noted; any 6 packets for 25c.; 12 packets for 50c.; 25 packets for \$1, postpaid.

A Sensational looking plant, the red and yellow plumes producing a strikingly beautiful effect.

NEW
CELOSIA

Specimen Plant, New Celosia Ostrich Plume

Beautiful Celosias

OSTRICH PLUME.—A new strain, producing compact plants, freely branching. Flowers produced in the richest shades of scarlet, crimson, rose pink and yellow.

TRIUMPH OF THE EXPOSITION.—The beautiful red flower plumes are borne in marvelous profusion. Branching habit, growing about two feet high, each stem crowned with a feathery plume of brilliant red.

Cosmos

This magnificent race of plants is of rapid growth, quickly attaining a height of 3 to 5 feet. The bushes are a mass of elegant foliage until they bloom, the plants then being literally covered with showy flowers resembling Dahlias. The newer varieties are especially desirable, and very popular. They range in color through all shades of crimson, rose, purple, flesh and pure white. They are easily raised from seed, and are exceedingly popular.

NEW MAMMOTH COSMOS (Giants of California).—Especially notable for purity of color and gigantic size of flowers. **Giant Pure White, Giant Pink and Finest Mixed**, each per pkt., 10 cts.

NEW EARLY BLOOMING COSMOS.—This variety begins to bloom the latter part of July and continues until November, making it a most desirable variety for planting in localities with a cool, short season. Flowers range in color from pure white to shades of pink and deep crimson. The habit of growth is dwarf, very early and free flowering. Per pkt., 10 cts.

New Mammoth Cosmos

Chrysanthemums

FINE MIXED.—Embracing all varieties and colors of the well-known and popular annual Chrysanthemums, or "Painted Daisy." Per oz., 50 cts.

JAPANESE CHRYSANTHEMUMS.—We recommend to amateurs our selection of Japanese or perennial Chrysanthemum seed; it is saved from a prize collection, and includes all the latest improved types. Large, vigorous plants of Chrysanthemums for Autumn blooming can be raised from Spring sown seed. We offer choicest mixed seed, per pkt., 15 cts.; 2 pkts., 25 cts.

INODORUM PLENISSIMUM (Double).—A hardy perennial variety, producing flowers the first season. Close, compact growth, dark green foliage. Very double. Pure white flowers. Desirable for cutting.

Convolvulus Morning Glory

MAJOR MIXED.—10 to 15 feet. Per oz., 10 cts.

MINOR.—Fine for edging; crimson and violet; beautiful; 1 foot. Per oz., 15 cts.

NEW ROCHESTER MORNING GLORY.—Remarkably large. A rapid grower, with handsome foliage and magnificent flowers, produced in clusters of from three to five. The color is deep violet-blue in the throat, blending to an azure blue, with a white band at the edge. Per pkt., 10 cts.; 3 for 25 cts.

JAPANESE MORNING GLORY.—Choice mixed strain, embracing a large assortment of distinct shades. Flowers range from deep red to purple and pure silvery white. Per pkt., 5 cts.; per oz., 20 cts.

5c. per Packet for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1, postpaid.

New Dianthus Firefly

An acquisition of great value, either as a bedding plant or for cut flowers. This splendid new variety is **glowing scarlet or deep red** in color, extremely bright and showy, and at the same time rich and velvety. Per packet, 10 cts.; 3 packets for 25 cts.

Mignonette

It is unnecessary for us to praise this popular flower; everybody is familiar with its well-known sweetness and graceful sprays of bloom.

Pure Machet.—We offer absolutely pure seed. Heretofore it has been badly mixed. Per ½ oz., 20 cts.

Giant White Spiral.—Grows 2 or 3 feet high, perfectly erect. Spikes 15 inches long. Color, **pure snow-white**, much unlike anything else in cultivation.

Common Sweet Mignonette.—The good old-fashioned Sweet Mignonette; the flower for the millions; we offer the best. Per oz., 10 cts.

New Golden Machet.—This variety retains all the excellent qualities of the Machet, but is a **charming golden-yellow tint**. ½ oz., 25 cts.

Giant Flowered Red.—The flower spikes are of the largest size, particularly in open ground; closely set with flowers of **striking red color**. ½ oz., 30 cts.

Fine Mixed Seed for General Sowing.—For a succession of bloom we recommend our Standard Mixture, Warranted Fresh Seed. Per oz., 25 cts.

The Set of 6 Mignonettes for 20 cents

Beautiful New French Cannas

They are entirely distinct. The profusion of bloom is something remarkable. Colors range through **crimson rose scarlet, yellow, salmon**, etc., many flowers being beautifully striped and spotted. Per oz., 40 cts.

Primula

Chinese Primrose

Splendid Fringed Large Flowering Mixed.—A grand mixture, including many choice and desirable varieties, of various **beautiful and brilliant colors**. Per pkt., 15 cts.

Primula Obconica Grandiflora.—Entirely distinct from the ordinary Chinese Primrose and much more free flowering. Rounded hairy leaves of **light green** color. The plants produce numerous long, slender stems, crowned with large umbels of beautiful single flowers, **creamy white**, faintly tinged with lilac. Per pkt., 10 cts.

Dianthus Pinks

Few flowers can equal Dianthus in variety and brilliancy of color, blooming all Summer and Fall until prevented by severe frost. They live over Winter, and give satisfaction and pleasure the second season. Splendid for bedding.

New Large-Flowered Dwarf Double Pink.—New and very fine. Grows only 9 to 10 inches high, producing immense numbers of extra large double flowers of perfect form. Colors, **pure white to deep crimson**. Per pkt., 10 cts.

Dwarf Fireball.—A greatly improved, very dwarf variety, covered with showy double large flowers. 10 cts.

Dwarf Snowball.—The companion variety of Fireball; like it in every particular, except **pure white** flowers. Per pkt., 10 cts.

Chinensis (Double Chinese Pink).—Clusters of pretty double flowers; mixed colors.

Diadematus fl. pl. (Double Diadem Pink).—Large double flowers, magnificent in color and variety.

Imperialis fl. pl. (Double Imperial Pink).—Finest mixed seed; **bright and showy** colors.

Heddeiggii Mourning Cloak.—Darkest of all Dianthus; the almost black petals each have a margin of **pure white**.

Laciniatus Double Red Blotched.—White, blotched red.

Dianthus Mixed Seed for Bedding

We have prepared a careful mixture of the above varieties, suitable for beds and borders. Per ½ oz., 40 cts.; oz., 75 cts.

Complete Set of 10 Dianthus for 60 cents

Dahlias for Seed

Each year this plan of raising Dahlias finds increased favor. Dahlia seeds germinate and grow very readily. For best results start the seeds indoors early.

Dahlia, Choicest Mixed Pompon.—Beautiful flowers.

Double Large Flowered.—Choice mixed.

Superb Single Mixed.—Many consider single Dahlias the most beautiful and graceful of all. The flowers are borne in great profusion. 10 cts.

New Tom Thumb Mixed.—Small perfect plants, only 12 to 15 inches high, covered with showy, single flowers in great variety. 10 cts.

5c. PER PACKET for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1, postpaid.

The Largest and Best New Pansies

New Imperial German Pansies

This is the best strain in existence for general planting. The magnificent flowers are extra large, perfectly shaped and embrace the rarest and most beautiful varied colors, superbly mottled, veined, marbled and spotted on backgrounds of every imaginable shade. Entirely hardy.

Cardinal.—Brilliant brownish scarlet, the lower petals marked with a dark brown blotch.

Crown Prince.—Velvety black, golden bronze face.

Dark Mahogany with White Margin.—The darkest mahogany, with clear-cut edge of white.

Dark Mahogany with Yellow Margin.

Deep Yellow.—Very rich, spotless.

Fairy Queen.—Delicate azure-blue, margined with a clean-cut border of pure white.

Fire King.—The three lower petals each have a large blotch of magenta margined with yellow, while the upper petals are of a bright reddish-brown of a really fiery shade.

Large-Spotted, Mixed.—Superbly spotted or blotched on the three lower petals.

Odier, or Five-Spotted.—Of unrivaled beauty. Each petal has a large blotch, with clearly defined margin.

Peacock.—The lovely ultramarine-blue resembles this color in the feathers of a peacock.

Red Riding-Hood.—Shades of brilliant red.

Rosy Morn.—This is a beautiful rosy-red color, with a distinct white edge.

Snow Queen.—Spotless white.

Victoria Red.—The flowers are throughout of a beautiful rich deep red color.

Imperial German Splendid Mixed.—This unparalleled mixture embraces over fifty different varieties, with many more colors and markings; it is the finest mixture of Pansies ever offered for general planting. $\frac{1}{2}$ oz., 65 cts.; $\frac{1}{4}$ oz., \$1.25; oz., \$4.50.

Complete Set of 15 Imperial German Pansies for \$1.00.

Sweet-Scented Pansies.—A mixture of the few varieties of Pansies having fragrance, together with the large flowering Violas, which are sweet-scented. Per pkt., 5 cts.; $\frac{1}{4}$ oz., 50 cts.

D. & C. Bedding Pansies.—A mixture containing all the choice varieties that will produce grand flowers in the cool Spring and Fall. The colors are rich and distinct, including fancy striped and spotted varieties, all free blooming and satisfactory. A splendid mixture. Per pkt., 5 cts.

New Orchid Flowering Pansies.—A mixture of the most surprising, novel, unique and beautiful color combinations, entirely new among Pansies. The broad petals are upright, sort of plaited, which gives the flowers the resemblance of Orchids.

A wide range of colors.

Giant Fancy, Finest Mixed.—A magnificent strain, including three and five-spotted varieties of large size and bright colors, with lower petals distinctly marked with large blotches of dark, rich, contrasting colors.

President McKinley.—Color, deep golden yellow; each petal heavily blotched, the yellow forming a well-marked border. The large blotches appear black, but closer examination shows them to be a deep red brown, shaded violet.

Improved Giant Trimardeau.—Remarkable for the extra large size of the flowers, most of which are in rich, dark shades, distinctly marked with large blotches of bright, contrasting color in the three lower petals. Per pkt., 5 cts.

Bugnot Pansies.—A large flowering sort, producing flowers of the richest coloring, blotched and rayed in a very striking manner. This sort develops immense flowers of the most beautiful coloring during the cool months and is one of the best varieties for growing in cold frames during the Winter.

Violas, or "Tufted Pansies."—Sow the seed in May, and when in flower in August or September, transplant into well-enriched beds, assorting as to color or arranging in any design desired. Soon after the snow is off the following Spring they begin to bloom, and throughout Spring and early Summer will have a profusion of flowers. Finest mixed, all colors.

New Pansy Masterpiece

A type of Pansy that is altogether novel and distinct. This magnificent new Pansy produces profusely very large flowers of the most remarkable shape and color. The borders of the petals are waved or frilled, giving the flowers the appearance of being almost double.

New Pansy

Masterpiece.

Price of all Pansies on this page, except where noted, 10 cts. per packet; 3 for 25 cts.; 7 for 50 cts.

SWEET PEAS

Our offering of Sweet Peas for 1908 includes the choicest and most distinct new varieties, together with the best standard sorts in existence. It has been our aim to select from the extremely large number of introductions made each year only those varieties which have distinct merit, until our list includes the best of all varieties now in the market. Our list is kept thoroughly revised, and sorts that we find do not come up to the requirements of our customers are discarded and others substituted which have been carefully tested and approved.

Novelties

From the many varieties of Sweet Peas introduced yearly we select a few of the very best. This year we offer several new varieties that have been thoroughly tested and found to be distinct and novel, and can highly recommend them to our customers.

Gladys Unwin.—A large, bold flower, not hooded, but with a striking, upright, crinkled or wavy standard and broad wings. Of the New Orchid-flower type, this is similar to Countess Spencer, but several shades lighter in its lovely pink color. Per pkt., 10 cts.; oz., 25 cts.

Florence Spencer.—Another gigantic Orchid-flowered seedling of Countess Spencer. The color of both standard and wings is a most attractive delicate pink, deepening to richer pink toward the edges. Of vigorous growth, the enormous flowers are of the finest form and borne always upon long, stiff stems, frequently four to a stem. Per pkt., 15 cts.; oz., 35 cts.

American Queen.—A most profuse bloomer; of vigorous growth. Color of flower clear "salmon red," the large wings being bright rose. Per pkt., 5 cts.; oz., 15 cts.

Scarlet Gem.—This "startling" novelty in Sweet Peas has already become famous. The color is almost dazzling scarlet, beautifully bright and clear. It is strong in growth, with sturdy stems, and is wonderfully free flowering. Per pkt., 10 cts.; ½ oz., 50 cts.

Mont Blanc.—The earliest white. A variety originating in Germany. Ten days to two weeks earlier than the ordinary white varieties. Plants grow from 18 to 20 inches high. Flowers pure paper white, of good size. Per pkt., 5 cts.; oz., 15 cts.

Golden Rose.—One of the most beautiful and distinct tall Sweet Peas, producing flowers extra large in size, of fine, open form, with standard daintily fluted. The ground color is clear primrose yellow, beautifully striped with rosy pink, making a color combination that is most attractive. Per pkt., 10 cts.; oz., 25 cts. ¼ lb., 75 cts.

to dark red and purple, besides attractive striped sorts. Per pkt., 5 cts.; oz., 15 cts.

New Bush Sweet Peas.—A popular mixture consisting of forty-eight new colors of distinct new varieties of compact-growing type of Sweet Peas. Per pkt., 5 cts.; oz., 20 cts.

Mont Blanc

Cupid Sweet Peas.—Special mixture containing fifty new varieties, including forty colors of varieties which have not yet been separately introduced, the different colors blending in suitable proportion. Flowers range in color from pure white, pink and lavender

Standard Varieties

Admiration.—Charming and distinct. Delicate pinkish lavender. Oz., 10 cts.; ¼ lb., 25 cts.

Aurora.—Largest size richly flaked with salmon-orange on white ground (see cut). Oz., 10 cts.; ¼ lb., 20 cts.

Black Knight.—Large and finely formed; wine-brown, wings almost black after opening. Oz., 10 cts.; ¼ lb., 20 cts.

Blanche Burpee.—The finest pure white. Oz., 10 cts.; ¼ lb., 20 cts.

Blanche Ferry.—The finest strain of the popular pink-and-white Sweet Pea. Extra early, profuse bloomer. Oz., 10 cts.; ¼ lb., 20 cts.

Blushing Beauty.—Beautiful soft rosy pink, delicately suffused on a silvery white ground. Might easily be called a peach-blossom tint. Splendid size and form. Oz., 10 cts.; ¼ lb., 15 cts.

Colonist.—Flowers very large; three on a stem. A rich, rosy pink; wings softer and deeper rose shadings. Oz., 10 cts.; ¼ lb., 20 cts.

Coquette.—Flowers of a deep primrose tint, shaded with fawn and suffused purplish rose. Oz., 10 cts.; ¼ lb., 20 cts.

Countess Cadogan.—Above average size, of splendid form, three to a stem. Color, light blue. Oz., 10 cts.; ¼ lb., 25 cts.

Duke of Westminster.—Beautiful rosy claret, almost a pure self-color. Flowers of grand size. Oz., 10 cts.; ¼ lb., 20 cts.

Earliest of All.—A new and entirely distinct strain developed from early Blanche Ferry. It bears in profusion beautifully tinted flowers of bright rosy pink, with creamy white wings; suffused with pale rose. A splendid variety for florists. Oz., 10 cts.; ¼ lb., 20 cts.

Price of all Standard Varieties, 5 cts. Pkt. 6 Pkts. for 25 cts.

SWEET PEAS—Continued.

STANDARD VARIETIES

Aurora

Pink Friar.—Soft carmine-rose suffused on silvery white ground. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Prima Donna.—The most beautiful shade of bright blush pink. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Prince Edward of York.—Bright glowing scarlet standard, with broad, spreading wings of deep rose. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Prince of Wales.—Grand large flowers, of a bright deep rose tint. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Ramona.—White, daintily splashed with pale pink. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Royal Robe.—Rich flesh pink, with wings of soft carmine rose. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Sadie Burpee (White Seeded).—The largest and best pure white; three on a stem. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.

Emily Henderson.—The earliest pure white; notched standard. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Firefly.—The favorite bright scarlet variety. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Gray Friar.—Beautiful; watered; purple shadings on white ground. Oz., 10 cts.

Gorgeous.—Wings large and heavily suffused with orange-salmon, deeper than in the standard. An intensely brilliant color. Oz., 10 cts.

Lovely.—Soft shell pink; the most beautiful shade of pink. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Lady Grisel Hamilton.—Most attractive light lavender standard, with azure blue wings. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.

Lady Mary Currie.—The best of the rich orange tinted varieties. Oz., 10 cts.

Lotty Hutchins.—Large flowers of the most finely expanded type, thickly flaked and striped with light pink on a rich creamy ground. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Mrs. Dugdale.—One of the largest. Uniformly three to a stem. Light carmine rose, with a neat tint of primrose. Perfect form, incurved, but not hooded. Oz., 10 cts.

Maid of Honor.—Beautifully shaded with light blue, with white ground edged with rich velvet. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Modesty.—The most delicately tinted pink variety. Almost silvery-white. Oz., 10 cts.

Navy Blue.—The richest, dark colored Sweet Pea. Deep violet purple, giving the effect of dark navy blue. Very effective. Oz., 10 cts.

Othello.—Deep maroon self-color. Might be termed a hooded Black Knight. The best dark Sweet Pea. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.

Stanley.—Rich, dark maroon; the deepest and richest coloring in Sweet Peas. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Sensation.—Large flowers, four and more on a single stem under good cultivation; faint bluish pink. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Stella Morse.—A most distinct shade of rich apricot tint, as shown in the Safrano Rose. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Sunproof Salopian.—Decidedly the finest scarlet Sweet Pea in cultivation, surpassing all other varieties in size, brilliancy and lasting substance. Borne three on a stem, rich, glowing scarlet. Oz., 10 cts.

Venus.—Lovely salmon buff, shaded with rosy pink. The fine large flowers become deeper in shade as they remain open. Oz., 10 cts.

PRICE OF ALL STANDARD VARIETIES, 5 cts. pkt.; 6 pkts. for 25 cts.

Our New Sweet Peas Mixed

This surpassing mixture includes the very finest and most distinct varieties now in cultivation, including those described above. No strain offered will give better results. Large pkts., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 15 cts.; lb., 40 cts., postpaid.

ECKFORD'S MIXED SWEET PEAS.—A standard and reliable quality. This mixture contains a beautiful assortment of the famous Eckford Sweet Peas. PKTS., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 15 cts.; lb., 45 cts.

Balsam

Camellia-flowered Balsams are perhaps one of the most popular of garden annuals, and when grown in rich soil with plenty of room, form well-branched, erect bushes, with branches literally covered with fine, large, double flowers.

Burpee's Defiance.—This grand strain is the result of many years of careful selection, many of the full-centered Camellia-type flowers measuring $2\frac{1}{2}$ inches across, showing richest colorings. Per pkt., 10 cts.; 3 pkts. for 25 cts.

Perfection Camellia-Flowered.—Flowers resemble the Camellia in form and are borne in wonderful profusion. This mixture will produce flowers showing a wide diversity of color. Per pkt., 5 cts.; $\frac{1}{4}$ oz., 25 cts.

New White Defiance.—Without doubt the finest perfectly double, pure white Balsam in cultivation. Absolutely pure white, Pkt., 10 cts.

Poppies

Snowdrift.—Beautiful heads of snowy-white flowers. Per pkt., 5 cts.

Fairy Bash.—New variety; delicate bluish color. Per pkt., 5 cts.

Golden Gate.—Large flowers of every conceivable form and color. Per pkt., 5 cts.

New Cardinal.—Enormous, double, cardinal-scarlet flowers. 10 cts.

Shirley Mixed.—Double and single flowers, frequently measuring over 4 inches in diameter; all colors. Per pkt., 5 cts.; oz., 50 cts.

Improved Double Carnation, Mixed.—An improved strain, embracing a wide diversity of distinct shades and colors. Exceedingly double, with beautifully fringed petals. Per pkt., 5 cts.; oz., 20 cts.

The Set of 6 Poppies for 20 cts.

NEW NASTURTIUMS

This class of Summer bloomers has become exceedingly popular, and is unrivaled in gorgeous color and graceful effect. They will thrive in the poorest soil and bloom profusely until frost. We offer a collection of the best varieties, both in the dwarf and climbing sorts.

Nasturtium, Lady Bird

Climbing or Tall

Butterfly.—A grand, new climbing Nasturtium, equalling Sunlight and Moonlight. The flowers are very large, often 3 inches across. Of a **clear lemon-yellow**, showily marked on lower petals with a blotch of **rich terra-cotta red**. The petals have a **crinkled or crepe-like** texture, deeply fringed at the edges of the throat. The two upper petals are beautifully marked with **bright red**, in such a way as to resemble the wings of a butterfly. Wonderfully profuse bloomer. Oz., 20 cts.

Caprice.—A profuse blooming, extra large flowered variety. Flowers are wonderfully **rich and brilliant** in markings. It is appropriately named "Caprice" from its tendency to produce the most varied colored flowers on a single plant. Oz., 20 cts.; ¼ lb., 60 cts.

Giant of Battles.—Showy sulphur, spotted red. Per oz., 15 cts.; ¼ lb., 50 cts.

Gold Garnet.—Rich orange-yellow, with base of petals blotched garnet. Per pkt., 10 cts.; oz., 20 cts.

King of the Blacks.—Very dark brownish red. Per oz., 15 cts.; ¼ lb., 50 cts.

Hybrids of Madam Gunther.—A new race of climbing Nasturtiums that flower earlier and more abundantly than Tropaeolum Lobbianum. Remarkable for their wide range of colors, almost every known color being included in this fine mixture. Per oz., 10 cts.; ¼ lb., 30 cts.; lb., \$1.

Spitfire.—Intense glowing scarlet. Wonderfully profuse bloomer. Oz., 15 cts.

Twilight.—This splendid novelty is of the improved large flowering type, similar to Sunlight and Moonlight. The flowers are most peasing in color, having a **faint salmon or buff tint, heavily overlaid or suffused with deep rosy salmon**. The throat is large and open, while the three upper petals are beautifully veined with crimson. Oz., 20 cts.; ¼ lb., 60 cts.

Lobbianum Finest Mixed.—This is a mixture of the finest and most distinct varieties found in this grand, free flowering type. When planted liberally the effect produced will be gorgeous and showy. Oz., 10 cts.; ¼ lb., 30 cts.

Set of 12 Tall Nasturtiums above for 45 cts.

Improved Vesuvius or Salmon Queen.—A magnificent variety of dark green foliage that stands out in bold contrast to the splendid showy flowers of a **rich, but soft, velvety shade of salmon**, with the two upper petals heavily veined with crimson at the throat. The flowers are extra large. Oz., 15 cts.; ¼ lb., 40 cts.

Moonlight.—The counterpart of "Sunlight," except in color, which is an exceptionally **fine pale-straw shade**. It has the same shaped flowers, with crinkled effect, and the same tall-growing habit of growth. Oz., 15 cts.; ¼ lb., 40 cts.

Sunlight.—Truly a giant-flowered variety, bearing in profusion **clear, rich golden-yellow** flowers, which, in combination with the handsome light-green foliage, produce a striking effect. The petals are large and daintily crinkled, giving a very pretty effect. Oz., 15 cts.; ¼ lb., 40 cts.

Majus Finest Mixed Tall Nasturtium.—A good assortment of the best colors; the succulent seed pods excellent for pickling. Oz., 10 cts.; ¼ lb., 25 cts.; lb., 75 cts.

Tom Thumb, or Dwarf

Aurora.—Bright yellow flowers, distinctly veined with carmine purple. Oz., 10 cts.; ¼ lb., 35 cts.

Beauty.—Flaming scarlet, marked with glowing orange. Oz., 10 cts.; ¼ lb., 35 cts.

Chameleon New French Dwarf.—Plants of the true Tom Thumb habit of growth, with flowers of **diversified coloring**, in this respect identical with the tall Chameleon varieties. Per pkt., 10 cts.; oz., 20 cts.; ¼ lb., 60 cts.

Cloth of Gold.—Foliage bright golden yellow, scarlet flowers. Per oz., 15 cts.; ¼ lb., 50 cts.

Dwarf Lilliput.—The plants, flowers and foliage are even smaller than the well-known Tom Thumb Nasturtiums, though quite as perfect as the larger varieties. Mixed seed, oz., 15 cts.; ¼ lb., 40 cts.

Empress of India.—Dwarf, bushy habit, leaves dark purple; **brilliant crimson** flowers. Oz., 10 cts.; ¼ lb., 35 cts.

General Jacqueminot.—Flowers of glowing crimson-scarlet like the Jack Rose. Rich, dark green foliage. Per pkt., 10 cts.; oz., 25 cts.

King of Tom Thumbs.—Intense scarlet flowers; magnificent for bedding. Oz., 10 cts.; ¼ lb., 35 cts.

King Theodore.—Deep, rich crimson flowers. Oz., 15 cts.

Lady Bird (see cut).—A strikingly beautiful variety; flowers are **rich golden yellow**; each petal barred with vein of bright, ruby crimson. Per oz., 15 cts.; ¼ lb., 35 cts.

Pearl.—Lemon yellow. Per oz., 10 cts.; ¼ lb., 35 cts.

Spotted King.—Orange, spotted maroon. Oz., 15 cts.

Set of 12 Dwarf Nasturtiums above for 50 cts.

Tom Thumb Varieties Mixed.—One of the best mixtures for color and variety. Oz., 10 cts.; ¼ lb., 25 cts.

5c. PER PACKET for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1, postpaid.

Specimen Fancy Flowering Petunia

Two New Begonias

VERNON.—Brilliant deep-red flowers, magnificently set off by handsome foliage. Seeds started in February or March will make flowering plants by early Summer, and continue in striking effect until Autumn. 10 cts.

VULCAN.—Appropriately called "The Scarlet Vernon Begonia." Identically of the same growth and free flowering character, while it completely eclipses the Vernon in the intense brilliancy of the fiery scarlet flowers, even the stamens being tipped with fiery red. 10 cts.

Phlox Drummondii Grandiflora

For a splendid mass of color and constant display, Phlox is invaluable. The profusion of bloom is remarkable. It grows with little trouble, but likes rather rich ground. Seeds can be sown where plants are to grow; have plants about ten inches apart.

ALBA.—Pure white, large flowers.

LARGE BLOOD-RED.—A distinct color, the darkest in Phloxes.

COCCINEA.—Clear bright scarlet.

NEW LARGE YELLOW.—A superb variety; large heads of rich straw yellow flowers.

SPLENDENS.—Bright red, with white eye.

STARRED AND FRINGED.—This mixture contains seeds of more than twenty distinct shades, and at least one-half of the plants will produce flowers, the petals of which are distinctly fimbriated or toothed around the edge, while in others the petals will be more deeply cut with long star-like points. Per pkt., 10 cts.

The set of 6 Grandiflora varieties named above for 25 cts.

PHLOX GRANDIFLORA MIXED.—We believe Grandiflora Mixed Phlox to be the grandest strain ever introduced. Its habit of growth is neat and compact; the flowers are of uniform size and are produced in the greatest profusion; the colors embraced in this mixture show a wonderful diversity, comprising 28 distinct shades and markings. Per ¼ oz., 25 cts.; per oz., 75 cts.

Petunias

Our New Fancy Flowering Strain

This is unquestionably the finest and most valuable strain of Petunias in existence. Every year the crop is graded to a certain high type, which is few seeded, and the minute seeds carefully gathered by hand. The cost of production is so great that the crop is actually worth more than the same weight of gold. The colors range from pure white through the delicate shades of rose to deep pink; our mixture is made with care, so that a fine collection of distinct varieties, double and fringed, can be raised from a single packet. Sure to satisfy. 20 cts. per pkt.; 3 pkts. for 50 cts.; 7 pkts. for \$1.

GIANTS OF CALIFORNIA.—Gigantic flowers (often five inches and more in diameter), of every conceivable shade of crimson, pink, lavender, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veining in the throat. Many of the flowers have a clear yellow throat, while others have a pure vegetable black one, so deep that it seems to show no veining. 15 cts. per pkt.; 2 pkts. for 25 cts.

LARGE FLOWERING DEFIANCE.—The flowers are extra large and substantial, produced in great profusion. They embrace all shades and colors, from pure white to dark blue and deep red, while many flowers have distinct shading of rich yellow. Per pkt., 25 cts.; 3 pkts., for 60 cts.

HYBRIDS, Superfine Mixed.—Magnificent bedding Petunias. Flowers are of large size, embracing all colors known to Petunias. Per ½ oz., 40 cts.

Set of 4 Petunias named above for 50 cts.

Verbenas

If there is anything that can be called the flower for the millions, it is the Verbena. Good, healthy plants can now be produced from seed with such little expense as to make it entirely unnecessary to buy plants or cuttings.

SCARLET DEFIANCE.—Brilliant scarlet. This is the best deep-colored variety grown. 10 cts.

SEA FOAM CANDIDISSIMA.—Beautiful pure white. The fine trusses of flowers are very sweet. 10 cts.

MAYFLOWER.—A sweet scented or fragrant Verbena. Brightly colored in most pleasing shades of pink. 10 cts. per pkt.

VERBENA SUPERFINE.—10 cts. per pkt.

HYBRIDA MIXED.—Good imported seed, mixed colors. Per ½ oz., 40 cts.; oz., 75 cts.

Phlox Grandiflora Mixed

5 cts. per Pkt. for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1.00, postpaid.

Heliotrope

Heliotrope

We doubt if there is anyone unfamiliar with the delightfully fragrant Heliotrope found in the old-fashioned garden. The fact that strong flowering plants can be raised readily from seed as easily as Verbenas is not known to many, but if the directions are followed this can be done. Start the seed in a box of light soil in a sunny window during March. Transplant to small flower pots when large enough, and then set out in flower beds when the trees are in leaf and the weather is settled and warm. The soil in which the Heliotrope plants are grown should be quite rich and moist to induce a strong, rapid growth in the plants. Large sprays of delightfully fragrant flowers can be produced in this way, and will repay the grower for any extra care or attention. Before the frost comes in the Fall cut the plants back, and remove to pots or boxes indoors for Winter blooming.

Lemoines Giant Hybrid Heliotrope.—By continued and careful selection this strain has been so improved that the size of flowers and variety of color is simply magnificent. The plants are of strong, vigorous growth, producing immense trusses of fragrant flowers, ranging in color from white to dark purple and violet-red, the trusses frequently measuring from 10 to 12 inches across. Per pkt., 15 cts.; 2 pkts. for 25 cts.

Choice Mixed.—A mixture containing seeds of many varieties of rich coloring, but not equal in size to the Lemoines Giant Hybrid strain. Per pkt., 10 cts.; 3 pkts. for 25 cts.

Periwinkle or Vinca

Splendid house or bedding plants, growing about 18 inches high, with glossy green leaves and circular flowers of various colors. We offer mixed seed, including rose, white with rosy eye and pure white. Per pkt., 5 cts.

Everlastings

For Winter decorations Everlasting flowers are exceedingly valuable, owing to their rich, brilliant colors. To have the best results, plant the seeds in the open ground early in Spring, when the trees are starting into leaf. Thin the plants to stand several inches apart in the row, and keep well cultivated to produce fine flowers in large numbers. Cut the flowers immediately after they open and tie in small bundles, drying slowly in a cool, shady place, hanging the flowers down to keep the stems straight. We offer mixed seed, which will produce in abundance the most attractive flowers of a great variety of colors. Per pkt., 10 cts.; oz., 50 cts.

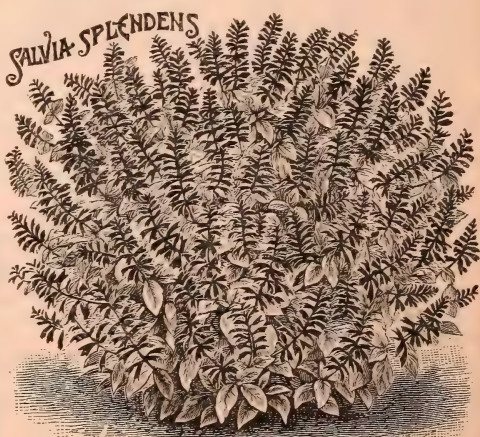

Superb New Salvia

Splendens Nana Compacta.—New and distinct, and the finest type of its class, having four times the blooming capacity of the ordinary Salvia. Habit of growth compact, branching freely and producing the greatest profusion of gorgeous miniature scarlet flowers; flower spikes very erect and all above the foliage, forming a plant 2 feet high and 2½ feet in diameter (see cut). Per pkt., 10 cts.

Salvia Farinacea.—Rich, bright foliage, from which rise long spikes of beautiful blue flowers. Per pkt., 10 cts.

Salpiglossis, Velvet Flower

A half hardy, free flowering annual, succeeding best in cool, moist soils. The flowers are handsomely marked and delicately penciled, resembling the Petunia in shape. We offer seed of Grandiflora Mixed, flowers somewhat larger in size than the ordinary kinds, spotted and striped on ground colors of deep blue, rose, violet, yellow, bronze, etc. Per pkt., 10 cts.

Compacta

5c. per Packet for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1, postpaid.

Biennials and Perennials

Below we describe Biennials and Perennials which live in the garden over winter and bloom in the Spring and Summer of the following year. While they do not reward the planter so quickly as do Annuals, yet they are well worth waiting for. They embrace some of our most beautiful flowers, and many of them, with scarcely any care, continue to give a fine display year after year.

Perennial Phlox.

Perennial Phlox

Can be readily grown from seed. Plants grow in splendid clumps, which are gorgeous with brilliant heads of bloom. Entirely hardy.

Finest Varieties Mixed.—Saved from our own collection, embracing the newest and best kinds. Per pkt., 10 cts.; 6 pkts. for 50 cts.

Perennial Peas

All Varieties, Mixed.—A choice assortment, including seeds of the white and purple varieties. Oz., 40 cts.

Aquilegia (Columbine)

This variety is useful for making permanent clumps, which will bloom in Spring and early Summer. The flowers are of various colors, attractive and showy. The culture is easy, the plants thriving best in good, moist soil. Choice Double Mixed.

Campanula (Canterbury Bells)

The old-fashioned favorite perennial makes effective plants for borders or pot culture. The beautiful bell-shaped flowers of many colors are produced freely, making a fine show.

Single Varieties, Mixed.—Assorted colors. Per pkt., 5 cts.

Double Varieties, Mixed.—Various colors.

5c. per Packet for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1.00, postpaid.

Carnations and Picotees

Magnificent flowers, large, perfect in form and delightfully fragrant. Seed sown in May or June will bloom splendidly the following season. A succession of young plants should be had every year as old plants are injured by the Winter, while young ones are perfectly hardy.

Choice Double Mixed.—A good selection. Per pkt., 10 cts.

Picotee, Finest Double Mixed.—A splendid strain. 10 cts. per pkt.

Digitalis (Fox Glove)

Especially useful among shrubbery or in partially shaded places. Long racemes of superb flowers, in **purple, white, yellow, rose, etc.**, some beautifully spotted. Fine mixed seed.

Papaver (Perennial Poppies)

Strong growing plants, with large, fern-like, **dark green leaves**, entirely hardy. Flower spikes three feet and more in height are produced, surrounded by single flowers of immense size, in **rich, glowing colors**. Mixed seed ranging from light orange and scarlet to dark cardinal.

Shasta Daisy

A magnificent new perennial recently introduced. It has quickly bounded into popularity, and is a wonderfully effective bedding plant, blooming all through the Spring and Summer months, while for cutting it is unsurpassed, flowers keeping in water for two weeks. Perfectly hardy. Per pkt., 15 cts.; 2 pkts. for 25 cts.

Sweet William

The improved varieties make splendid plants for borders, with large heads of bloom, and many beautiful colors. The plants grow to a height of one and a half feet.

Perfection Single, Mixed.—10 cts. per pkt.

Perfection Double, Mixed.—10 cts. per pkt.

Sweet William

Abridged List of Standard Flower Seeds

For want of space we briefly describe on this page some of the choicest standard flower seeds, whose value is none the less depreciated by the short descriptions. All of them are popular sorts—those that are best known and most in demand at the present day.

SWEET ALYSSUM

Little Gem.—The plants are very dwarf and spreading; they grow only 3 to 4 inches high, and each plant completely covers a circular space 12 to 20 inches in diameter. They soon become one mass of white, remaining in full bloom from Spring to Fall—each plant being densely studded with the beautiful spikes of deliciously fragrant flowers. Per pkt., 5 cts.; ½ oz., 25 cts.; per oz., 40 cts.

Sweet Alyssum.—Old-fashioned white; oz., 25 cts.

BOSTON SMILAX

The well-known **Boston Smilax**; beautiful, graceful foliage and pretty white flowers. 10 cts. per pkt.

CALENDULA (or Pot Marigold)

Trianon.—Sulphur yellow, center brownish black.

Meteor.—Creamy center, edged glowing orange.

Pot Marigold.—Finest double mixed. Per oz., 15 cts.

CALLIOPSIS, or COREOPSIS

Golden Wave or Drummond.—From June to October are densely covered with beautiful yellow blossoms.

New Double, Finest Mixed.

CANDYTUFT

Snow Queen.—Handsome pure white flowers.

New Carmine.—Brilliant scarlet. Per oz., 30 cts.

New Giant Hyacinth, Flowered.—A beautiful new variety, producing large heads of pure white flowers, frequently measuring six inches in length. Per pkt., 10 cts.; ¼ oz., 25 cts.

Fine Varieties Mixed.—Oz., 15 cts.

CASTOR OIL BEAN, (Ricinus)

Zanzibarensis.—Grows 12 to 14 feet high in one season; gigantic foliage. Oz., 20 cts.; ¼ lb., 60 cts.

Splendid Mixed.—Many choice varieties, distinct in growth and coloring. Oz., 20 cts.

COCKSCOMB

New Japanese Crimson.—Grows about 18 inches in height; scarlet crimson combs.

Giant Empress.—Mammoth combs of brilliant rose-purple. ¼ oz., 20 cts.

Dwarf Varieties.—All colors.

CYPRESS VINE

Scarlet and White.—Mixed. Per oz., 25 cts.

Scarlet, Ivy-Leaved.—Ivy-like leaves and fiery scarlet flowers. Per oz., 25 cts.

COBAEA SCANDENS

A most graceful climber; fine foliage and large, bell-shaped, violet-colored flowers.

CINERARIA HYBRIDA

Circular, bushy plants, covered with brilliant flowers in all shades of blue, purple, crimson and maroon. 15 cts.

CENTAUREA IMPERIALIS (Corn Bottle)

A mixture of new varieties of a distinct type. Very vigorous in growth, bearing large flowers on long stems. Colors range from white to all shades of lilac, rose, pink and purple. Per pkt., 10 cts.

DAISY (Bellis)

Fine German Double Mixed.—Good size, double flowers of various colors, from pure white to deep carmine.

ESCHSCHOLTZIA (or California Poppy)

Mandarin.—Brilliant scarlet.

Golden West.—Bright orange-yellow flowers.

Fine Mixed Seed.—All colors. Per oz., 30 cts.

HOLLYHOCKS

Chaters Superb Double.—Camellia-like flowers 3 to 4 inches across, of the brightest colors. 10 cts. per pkt.

Double Allegheny Hollyhocks.—Undoubtedly the finest mixed strain yet sent out. 10 cts. per pkt.; 3 for 25 cts.

GOURDS

Spoon Gourds.—Both ornamental and useful. Oz., 35 cts.

Mixed Varieties.—All sorts, sizes and shapes. Oz., 35 cts.

LOBELIA

White Gem.—The compact little plants look like a ball of white. Per pkt., 10 cts.

Finest Erinus Varieties Mixed.—Per oz., 50 cts.

LARKSPUR

Double Dwarf Rocket.—Finest mixed.

Tall Rocket.—Double, mixed.

MARVEL OF PERU (Four O'clocks)

New Mixed.—All the best colors mixed. Oz., 15 cts.

MARIGOLD

The Eldorado.—Perfectly double; large; color, light primrose to deep orange.

French Double Varieties.—Finest mixed, dwarf.

MYOSOTIS (Forget-me-not)

Eliza Founrobert.—Color, beautiful sky blue, with clear yellow eye; altogether unsurpassed. Per pkt., 10 cts.

Myosotis Palustris.—Old-fashioned blue Forget-me-not.

NICOTIANA AFFINIS

Pure white Bouvardia-like flowers.

PORTULACA

Finest Single.—Mixed. Large, showy flowers.

Grandiflora Rose Flowered Mixed.—A strain celebrated for its rose-like double flowers. 10 cts. per pkt.; ¼ oz., 65 cts.

STOCK, TEN WEEKS

Large Flowering Dwarf.—Choice mixed.

Large Flowering Globe Pyramidal.—All colors mixed.

SUNFLOWERS

Mammoth Russian.—The giant among Sunflowers.

Stella.—New single "star" or miniature.

THE FOLIAGE MOONFLOWER

The old original favorite. Oz., \$1.

WALL FLOWER

Fine German Mixed.—Per pkt., 10 cts.

ZINNIAS

No flowers are more easily grown from seed sown in the open ground, and few bloom so continuously throughout the entire Summer.

Giant Mammoth Mixed.—Perfectly formed double flowers of immense size, 4 inches across, of various colors. Per pkt., 10 cts.; oz., 60 cts.

Dwarf Snowball.—Compact bushy plants, covered with snowy white flowers. Per pkt., 10 cts.

Dwarf Fireball.—Exactly like Snowball in habits, but flowers in direct contrast; dazzling fiery scarlet. 10 cts.

New Double Lilliput.—The range and variety of colors is remarkable—the most vivid scarlet and deep, shining crimson, the purest white, deep golden yellow and salmon pink, with many intermediate shades. 10 cts.

Best Double Mixed.—A special collection of splendid colors; the flowers are perfectly double and beautifully formed. Per oz., 40 cts.

5c. PER PACKET for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50c.; 25 packets for \$1, postpaid.

"AUTO SPRAY" A Self-Operating Automatic Sprayer

Combines every conceivable Point of Excellence; Economical, Low-priced, Easy to Carry and Operate; Simple and Durable in Construction

This Sprayer is manufactured expressly for spraying Roses, Grape Vines, Shrubs, Trees, Potatoes and vegetation of all kinds. In addition, it is most useful for cleaning windows and carriages and is worth many times its cost as a fire extinguisher. Simplicity of construction, ease of operation, durability and effective work at small cost, are many points of superiority in favor of this machine over all others. The rigid handle which serves for carrying the can, for the plunger rod, and for unscrewing pump from the reservoir, is a feature not found in other Sprayers. Holds four gallons.

The illustration shows the new "Auto-Pop" attachment, which doubles the efficiency by saving half the solution and labor. The "Anti-Choke" Nozzle, cleaned at every operation of "Auto-Pop" can never clog. Tank made of galvanized steel or brass. High grade hose. Heavy self-contained pump, all brass. Nipple connections, nozzle, etc., turned from solid brass rods with full threads. Castings for handles, etc., all malleable. No continuous pumping as in the case of the Knapsack Sprayer—no continuous pumping or stopping as in the case of the bucket pump. A few strokes of plunger compresses enough air to cover a quarter acre of potatoes or similar crop. The operator simply holds the nozzle. The extension pipes are useful for spraying tall trees.

Full directions for operating, as well as formulas for solutions to be used, accompany each machine.

"Auto-Spray" Brass Tank, with Stop-Cock	\$6.50
"Auto-Spray" Brass Tank, with "Auto-Pop"	7.50
"Auto-Spray" Galvanized Tank, with Stop-Cock	5.00
"Auto-Spray" Galvanized Tank, with "Auto-Pop"	6.00
"Auto-Pop" supplied separately	1.25

PRICES BY EXPRESS

Not Prepaid

Express charges on this class of goods are very inconsiderable.

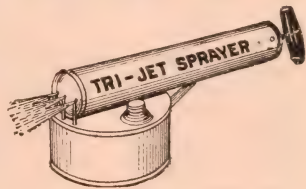

Galvanized Steel, solid brass connections, in lengths of two feet	30 cents
Solid brass, in lengths of two feet	35 cents

EXTENSION PIPES

New Era or Tri-Jet Sprayer

The best and cheapest Spraying apparatus on the market at the price. More effective than many other Sprayers at ten times the cost. Embodies the principles of the ordinary atomizer, and is new only in the application of same to a new use. It is the most economical, not only because of its low price, but because of its great saving of material. Sure death to all kinds of insects which infest plant life. By the use of this Sprayer a fine cloud-like spray reaches every portion of the vine and leaves it saturated just as foliage appears after a fog. If you cultivate flowers or small fruits you can't afford to be without the **New Era Sprayer**. Strongly made, of the best materials, cheap and effective and simple in construction, making it one of the most satisfactory Sprayers on the market.

PRICES, by express, not prepaid:

Galvanized Reservoir, 75 cts.; Brass Reservoir, \$1.00

"Tyrian Plant Sprinkler"

"Tyrian" Plant Sprinkler is as essential to the success of your plants as the soil they grow in. With it you can, without injuring your plants or soaking the earth, quickly sprinkle them. It will render valuable aid in keeping the foliage fresh and healthy and free from insects of all kinds. Throws a spray "just like rain." Its value is so apparent that, once secured, you will not be without it again. Postpaid by mail, 80 cts. each.

Sulpho-Tobacco Soap

For the sure, easy and immediate extermination of all insect life on plants, trees and animals, **Sulpho-Tobacco Soap** is a matchless preparation. Being non-poisonous, it is absolutely safe to handle, and will not injure the most tender plant. It dissolves readily in water, and can be applied with a **Tyrian Sprinkler** to the fatal discomfort of all species of insects. Both the soap and sprinkler are necessary adjuncts to the successful culture of plants.

Special Offer For \$1 we will send postpaid a "Tyrian" Sprinkler and an 8-ounce package of Sulpho-Tobacco Soap, or a 3-ounce package and the "Sprinkler" for 90 cts.; also a valuable booklet—"The Window Garden, How to Care for It."

Standard Vegetable Seeds

Under this heading we offer all the Standard Vegetables. We have no place on our list for varieties possessing little or no merits—all the varieties offered herein have proven themselves meritorious, and are such as will meet the requirements of the most exacting gardener. All our seeds are put up in liberal packets, with full cultural directions on each. At prices named, we pay the postage on all seeds ordered by the packet, ounce, quarter pound, half pound, pound, pint or quart, and we guarantee safe delivery in all cases. You run no risk.

5cts. per Pkt. for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1.00, postpaid.

ASPARAGUS, Barr's Mammoth.—Very tender and succulent, and free from fiber, making shoots fit for market in a single day. Oz., 10 cts.; ¼ lb., 25 cts.; one-year-old roots, \$1 per 100, by express.

BEANS, Perfection Dwarf Wax.—A very productive dwarf variety of strong, erect growth, 15 inches in height, with large foliage. Handsome large pods produced in clusters, tender and brittle. The young pods are of a rich golden yellow, turning light as they mature. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

Extra Early Red Speckled Valentine.—One of the snap shorts. Very early, productive, tender and of rich flavor. Per pkt., 10 cts.; pint, 20 cts.; quart, 35 cts.

Rust Proof, Golden Wax.—Very early; stringless. None better. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

New Stringless Green Pod.—The first and only stringless green-pod bean. The earliest and best dwarf green-podded variety. Per pkt., 10 cts.; pint, 30 cts.; quart, 55 cts.

King of the Garden Lima (Pole or Running).—The most productive of all Limas. Immense pods, fine quality. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

Henderson's Bush Lima.—Dwarf, bushy grower, requiring no stakes. Enormous cropper. Two weeks earlier than any other Lima. Small beans. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Early Jersey Lima.—Strong, quick grower, maturing a good crop early in the season. Excellent quality. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

White Creaseback.—Very early and productive; stringless and very fleshy; of fine flavor. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

Lazywife.—One of the best known late Beans. Unsurpassed for snap shorts; also excellent for Winter. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

BEETS, Improved Blood Turnip.—Unequaled for table use; flesh deepest blood red. Oz., 10 cts.; ¼ lb., 25 cts.

Eclipse.—Fine-grained and sweet, globe-shaped. One of the best. Oz., 10 cts.; ¼ lb., 25 cts.

Edman's Early Turnip.—Rich bronzed; handsome turnip-shaped Beet; very tender. Oz., 10 cts.; ¼ lb., 25 cts.

Long, Smooth, Blood Red.—One of the best late varieties; keeps well; can be sown up to the middle of June. Oz., 10 cts.; ¼ lb., 20 cts.

Burpee's Extra Early Turnip Beet.—Makes a fine market crop in seven to eight weeks; smooth, round roots, with sweet, tender flesh, in alternate rings of light and dark pink. Oz., 10 cts.; ¼ lb., 25 cts.

EGG-PLANT, New York Improved Purple.—Flesh white, of splendid quality; very productive. Per pkt., 10 cts.; ½ oz., 30 cts.

CABBAGE, Burpee's Original Surehead.—Celebrated as the surest heading and best main crop Cabbage. Fine for family or market purposes. Oz., 25 cts.; ¼ lb., 75 cts.; ½ lb., \$1.25; lb., \$2.50.

Early Jersey Wakefield.—A superb early variety; remarkably hard and solid. Oz., 25 cts.; ¼ lb., 75 cts.; lb., \$2.50.

Premium Flat Dutch.—One of the best late varieties; large, solid, broad and flat. Oz., 29 cts.; ¼ lb., 50 cts.

Perfection Drumhead Savoy.—Especially desirable for home use, owing to the fact that the flesh is sweeter and more delicate in flavor than the other sorts. Oz., 20 cts.; ¼ lb., 60 cts.

CARROT, Oxheart or Guerande.—Unexcelled for table use. Oz., 10 cts.; ¼ lb., 20 cts.

Danvers' Half-long Orange.—Produces enormous crops; very smooth and handsome. Oz., 10 cts.; ¼ lb., 20 cts.

CAULIFLOWER, Our Best Early.—This is the very best early Cauliflower in cultivation; snow white. Pkt., 20 cts.

CELERY, White Plume.—Famous as one of the earliest and best. Oz., 30 cts.; ¼ lb., 85 cts.; lb., \$3.

Winter Queen.—The finest dwarf variety. Color like Giant Pascal, but ready for use earlier. Oz., 25 cts.; ¼ lb., 75 cts.

Golden Self-Blanching.—The best early Celery. Perfectly solid, crisp and of delicious flavor. ½ oz., 20 cts.

Giant Pascal.—The best Winter Celery. Thick, solid, entirely stringless and the best keeper. Oz., 20 cts.; ¼ lb., 50 cts.; lb., \$1.75.

SUGAR CORN, First of All.—Earlier than the Early Corn by three days to a week. Tender and sweet. Per pkt., 10 cts.; pint, 30 cts.; quart, 50 cts.

The Cory.—There is no better variety for table or market use. Per pkt., 10 cts.; pint, 25 cts.

Stowell's Evergreen.—The best medium variety for canning and market. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Country Gentleman, or Improved Shoe-Peg.—Grains are slender, very deep and of finest flavor. Season medium to late. Per pkt., 10 cts.; pint, 30 cts.; quart, 55 cts.

Mammoth Late.—A large-eared variety, following Stowell's Evergreen in maturity. Per pkt., 10 cts.; pint, 30 cts.; quart, 55 cts.

POPCORN, Queen's Golden.—Very tender; of delicious quality. Per Pkt., 10 cts.; pint, 20 cts.; quart, 40 cts.

CUCUMBER, Fordhook White Spine.—An exceedingly handsome and attractive variety. Unequaled for table use and pickling. Per pkt., 5 cts.; oz., 15 cts.; ¼ lb., 40 cts.

Fordhook Pickling.—Exceedingly tender and free from toughness when pickled. Per pkt., 5 cts.; oz., 15 cts.

5c. PER PACKET

for all seeds offered on this page, except where noted; any 6 packets for 25 cts.; 12 packets for 50 cts.; 25 packets for \$1, postpaid.

CUCUMBER, London Long Green.—An extra, good variety; firm and crisp. Oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.

Improved Early White Spine or Arlington.—Cannot be surpassed for marketing or pickling purposes. Oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.

Early Green Prolific or Boston Pickling.—Needs no praise; immensely productive. Oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.

LETTUCE, California Cream Butter.—Quality very rich and buttery to the taste; heads short and solid. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.50.

Early Curled Simpson.—One of the earliest. Oz., 15 cts.; $\frac{1}{4}$ lb. 35 cts.; lb., \$1.25.

Iceberg.—Without doubt the handsomest cabbage-lettuce in cultivation. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.

Hanson's Improved Hard Heading.—Sweet, crisp and tender; grows to large size. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.25.

MUSKMELONS, Jenny Lind.—Exceedingly sweet and melting. Oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.

Hackensack.—Large size and uniform; very productive and of delicious flavor. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.; lb., \$1.20.

Montreal Green Nutmeg.—One of the best. per pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 50 cts.

Netted Gem or Rocky Ford.—The finest small-fruited muskmelon in cultivation. Luscious in flavor. Per oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.; per lb., \$1.00.

WATERMELON, Fordhook Early.—The flesh is bright red, crisp, sweet and of splendid quality. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.

Cuban Queen.—Famous for its superior merit; flesh tender and delicious. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 75 cts.

Kleekly Sweets.—The sweetest of large Watermelons. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.

MUSTARD, New Chinese.—One of the best. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 85 cts.

ONIONS, New Mammoth Silver King.—A superb Italian Onion that grows to immense size the first season from seed; skin, silvery white; flesh, snowy white. Oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.

Australian Brown.—Medium size, wonderfully hard and solid. Four weeks earlier than Red Wethersfield. Keeps indefinitely. Clear amber-brown. Oz., 20 cts.; $\frac{1}{4}$ lb., 75 cts.

Best Yellow Globe Danvers.—The best all-around Onion for general planting. We offer the true stock. Oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

Large Red Wethersfield.—The best large red onion; flesh purplish white, fine grained and highly flavored. Oz., 20 cts.; $\frac{1}{4}$ lb., 75 cts.

PARSLEY, Emerald or Extra Curled Dwarf.—Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

New Fern Leaved.—Foliage exquisite in form and color; invaluable for decorations and garnishing. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

PARSNIPS, Improved Guernsey.—A superb variety; roots smooth; flesh very fine grained. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

PUMPKINS, Golden Oblong.—Splendid Pie Pumpkin. Flesh light yellow, quality the best. Oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.

Genuine Mammoth.—Fruits grow to an enormous size. Splendid quality. Per pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60 cts.; lb., \$2.

PEAS, Extra Early Premium Gem.—We recommend this as the best wrinkled pea in cultivation. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

American Wonder.—Grows 8 to 10 inches and is earlier than other varieties; ready for use 30 to 35 days after planting. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Champion of England.—One of the best late varieties; grows 4 to 6 feet high; pods and peas of the finest quality. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Bliss's Everbearing.—Bears continually; grows 18 inches to 2 feet. Finest quality. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Not's Excelsior.—Dwarf, compact-growing, extra early wrinkled variety. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

Grados or Prosperity.—The earliest long podded variety, producing a crop only two or three days later than the small podded and round seeded extra earlies. Per pkt., 10 cts.; pint, 40 cts.; quart, 75 cts.

Horsford's Market Garden.—A very prolific sort, producing freely branching vines. Per pkt., 10 cts.; pint, 25 cts.; quart, 45 cts.

PEPPERS, Chinese Giant.—The largest and finest mild Red Pepper. Per pkt., 10 cts.; $\frac{1}{2}$ oz., 40 cts.

Golden Queen.—Fruits of large size, rich, golden yellow. Per pkt., 10 cts.; oz., 30 cts.; $\frac{1}{4}$ lb., 85 cts.

RADISHES, Early Round Dark Red.—One of the best extra early varieties; crisp and firm. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 75 cts.

New White Icicle.—Long, crisp, pure white Radishes, ready for use as early as Long Scarlet. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.

Early Long Scarlet Short Top.—One of the very best of the old well-known sorts. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.

Long Cardinal.—Extraordinary early; being fit for use 25 days after planting. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 70 cts.

Improved Charter or Shepherd Radish.—One of the best for all seasons; keeps crisp and tender 6 to 8 weeks. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 75 cts.

French Breakfast.—Most popular quick-growing sort; red, tipped white. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 80 cts.

SALSIFY (Oyster Plant), Sandwich Island Mammoth. Oz., 25 cts.; $\frac{1}{4}$ lb., 70 cts.

SQUASHES, Mammoth White Bush Scalloped or White Patty Pan. Well known. Oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.

Fordhook.—One of the best; all-the-year-around Squash. Oz., 15 cts.; $\frac{1}{4}$ lb., 40 cts.

Hubbard.—The standard Winter Squash. Oz., 15 cts.; $\frac{1}{4}$ lb., 35 cts.

SPINACH, New Victoria.—Heavy foliage, dark green and of the finest quality. Oz., 10 cts.; $\frac{1}{4}$ lb., 15 cts.

TOMATOES, Trucker's Favorite.—Considered the finest large fruited purple tomato. The fruits are of large size, of exceptionally fine flavor. Oz., 35 cts.

Livingston's Beauty.—The fruits of this popular main crop variety average $3\frac{1}{2}$ to 4 inches in diameter, handsomely colored purplish pink. Oz., 25 cts.

New Matchless.—Known everywhere as the best red Tomato for family and market use. Large and tender. $\frac{1}{2}$ oz., 25 cts.; oz., 40 cts.; $\frac{1}{4}$ lb., \$1.25.

Ponderosa.—A grand Tomato. Rich crimson; very meaty, firm and juicy; flavor delicious. Per pkt., 10 cts.; oz., 45 cts.

Success.—Fruits of large size and immense productiveness. Color, bright scarlet. Per pkt., 5 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 35 cts.

Quarter Century.—New dwarf growing upright Tomato, with solid bright red fruit. Fully retain their color and flavor when canned or prepared for the table. Per pkt., 10 cts.; $\frac{1}{2}$ oz., 30 cts.; $\frac{1}{4}$ lb., \$1.25.

Golden Queen.—A first class, large, solid, pure yellow Tomato, with smooth skin. Oz., 25 cts.; $\frac{1}{4}$ lb., 75 cts.

TURNIPS, Early Red or Purple Top Strap Leaved.—The best variety for general planting. A quick grower; flesh very fine grained and sweet flavored. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

Early White Dutch Strap Leaved.—An early variety; flesh mild and juicy. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 50 cts.

Improved Purple Top Yellow Ruta Baga.—A heavy cropper and good keeper; the best. Oz., 10 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 60 cts.

The Dingee & Conard Co.'s Lawn Grass Seed

A Special Mixture of the Best Natural Grasses for Making New Lawns and Renovating Old Ones.

This mixture of Lawn Grass Seed is the result of careful experiment and comparison, and we regard it as the best combination for general sowing. It produces a smooth, even and velvety green sward that is particularly attractive and pleasing.

In preparing the ground for seeding, break to the depth of 10 to 12 inches with plow or spade and pulverize thoroughly; be careful to see that the surface grading admits of free upper drainage, so that the water will not collect in pools after heavy rainfalls. Sow the seed carefully and evenly in quantities of about one quart to each 300 square feet (15x20 feet), or two bushels to the acre; then with a fine harrow or rake cover and give top dressing of animal manure, ground bone or some other good commercial fertilizer. Seeding may be done at any time during the Spring, Summer or Fall months; but the best results are obtained by sowing during April, May, September or October; if the work is done during the Fall months, a heavy top dressing of stable manure may be applied; in the Spring, the gross matter may be removed, leaving the surface clean. If manure is used in preparing the soil, in the Spring it should be incorporated with the earth. To renovate lawns where the grass has disappeared in places—with a steel rake scratch the surface thoroughly, and after sowing a liberal quantity of seed rake the spot over well in order to cover. In cases where the surface earth has been removed or covered by a clayey or sandy subsoil it will be necessary to restore at least a part of the original loam. The use of manures and compost in liberal quantities will be of great assistance.

Prices By Mail, postage paid, 35 cts. per lb. (about 2 1-2 pints); 2 lbs for 65 cts.; in bulk, by express, 25 cts. per lb.; 10 lbs. or more, 20 cts. per lb., or about \$5.40 per measured bushel, but a "legal" bushel of 14 lbs. will cost \$2.80.

Popular Gardening Books.

Gardening for Pleasure (Henderson).—If you wish to cultivate Vegetables, Flowers or Fruits for private use, read the new and revised edition of Gardening for Pleasure. This book treats of everything connected with Gardening indoors and out, and has been especially written for amateurs. 404 pages. Illustrated. **Price, \$2, postpaid.**

Rose Culture (Ellwanger).—A well-written, valuable work on Rose culture. **\$1.25, postpaid.**

Practical Floriculture (Henderson).—If you desire to engage in the business of growing Cut Flowers or Plants for sale, we advise you by all means to read the new and revised edition of Practical Floriculture. 325 pages, fully illustrated. **Price, \$1.50, postpaid.**

Walkers' Excelsior Plant Food.

Is a rich fertilizer, odorless, clean to handle and absolutely free from acids. If you want your plants to grow to perfection, use it. Your plants will grow stronger, give brighter and richer colored flowers and more of them, if they are fed with Walker's Plant Food. Helpful the year round.

Large package, sufficient to feed twenty-five plants twelve months, **50 cts. postpaid.**

Smaller package, to feed twenty-five plants six months, **25 cts. postpaid.**

"Bonora" The Greatest Plant Food Ever Discovered

Results from only one or two applications are beyond description. It will make plants bloom that have never flowered before. Plants that are withered, yellow and almost dead will become vigorous and thrifty by using "Bonora." This wonderful discovery is good for all living plants, indoors or out, lawns, shrubbery, vegetables, fruit and shade trees, etc. It invigorates, promotes the growth, increases the crop and causes it to mature earlier, producing a lasting and healthy growth. It encourages and retains moisture, thus enabling the plant to withstand drought. Sold in condensed form and is used by dissolving in water.

Trial Package, Making 56 Pints, Only 30c., Postpaid

Large " " 28 Gals., " 65c. "

"Out of Sight" Mole Trap

Many of our customers have written us that they have been greatly troubled with moles in their lawns. The "Out o' Sight" Mole Trap has many advantages over all others. It is designed and built right, easy to set without danger to operator, can be used in hotbeds on account of its height, pedal can be set so sensitive that it is impossible for the mole to pass under the trap without being caught. It is the best and cheapest trap made. It will catch when others fail. Full particulars with each trap.

Price, \$1.00 by Express, or \$1.35, Postpaid.

Sheet Copper Labels

We have many inquiries for imperishable labels for marking rose bushes, trees and rare plants. We recommend the Sheet Copper Labels. The marking is done by an impression with a steel point which accompanies each box of 100 labels. Price 20 cts. per doz. \$1.30 per 100.

Pedigreed Scotch Collies

The Scotch Collie is the Ideal Dog. Strong, wise and watchful, wonderfully intelligent, he is beyond question the most useful as well as the most handsome dog for the home. He is a jolly, good-natured dog, very affectionate, easily trained and a safe play-fellow for children. Our strain of dogs is not excelled by any kennel in the country. All are entitled to registry in the American Kennel Club Stud Book. Full and authentic pedigree sent with each puppy. Write us for prices and further particulars. Address, HILLSIDE KENNELS, West Grove, Pa.

THE DINGEE & CONARD CO., ROSE GROWERS, WEST GROVE, PA.

One Thousand Three-Year-Old Famous Cochet Roses

(See Color plate illustration page 35 of Catalogue)

CRIMSON MAMAN COCHET

KKNOWN as the best hardy ever-blooming roses for outdoor cultivation. All are perfectly hardy everywhere. There has been a great demand for these roses in large sizes, and to meet this want we have grown a limited number (1000) of three-year-old plants extra heavy, own root stock, now in six-inch pots; orders for them will be filled in rotation until stock is exhausted; Send us your order Now.

PINK MAMAN COCHET. The buds are beautiful, large, full and firm, and elegantly pointed; flowers superb when open, extra large, perfectly double and of splendid substance. The color is clear, rich pink changing to silvery rose.

WHITE MAMAN COCHET. Identical with its parent Maman Cochet, except the color which is snowy-white, sometimes faintly tinted with the slightest suggestion of pale blush with the same freedom of bloom, and magnificent form of buds and flowers.

RED MAMAN COCHET. (Helen Gould) The flowers are full and perfectly double, buds beautifully made, long and pointed. Color warm rosy crimson.

YELLOW MAMAN COCHET. The best hardy ever-blooming yellow rose in existence, gracefully moulded buds, magnificent open flowers, stiff strong stems, heavy foliage, wonderful vigor of growth and blooming capacity. Color is a deep sulphur yellow.

CRIMSON MAMAN COCHET. (Etoile de France) It makes a fine upright bush, has but few thorns, beautiful deep bronzy-green foliage. It is as free-blooming as any Tea or Polyantha Rose, bearing its massive, large full cup-formed flowers singly on long stiff stems; the color is new, clear, red or crimson velvet, brightening in the center. The flowers are of the most splendid substance and exquisite fragrance.

Price for large, heavy, three-year-old OWN ROOT plants of each variety 50 cts. each by express at purchaser's expense.

"JACQUEMINOT" Set

6 Hardy Hybrid Perpetual Roses 50 cts.

Hybrid Perpetual Roses are considered the most valuable of all hardy plants. They are distinguished by their vigorous, upright growth and large, bold flowers.

Gen. Jacqueminot.—Bright crimson; very rich and velvety. Considered one of the best.

Gloire Lyonnaise.—The best of its color: pale shade of salmon yellow, sometimes passing to rich, creamy white.

Vick's Caprice.—Color, clear satiny-pink, distinctly striped and dashed with white and bright carmine.

Mad. Masson.—A superb variety. Color, clear bright rose. Distinct and charming.

Perle Des Blanches.—One of the very finest pure white Hybrid Perpetuals. Very free bloomer and strong grower.

Giant of Battles.—One of the best, if not the best, hardy, vivid, crimson garden Rose.

SPECIAL OFFER.—For 50 cts. we will send postpaid one each of the Hardy Hybrid Perpetual Roses described above; one each in two-year-old plants for \$1.75, by express at purchaser's expense, or \$2.25, charges prepaid.

Please order as "Jacqueminot" Set

"POPULAR" SET

Glory of the Pacific.—Magnificent, bright pink flowers; blooms early.

Ivory.—Grandest of all whites.

Cullingfordi.—The greatest crimson. Beautiful flowers.

Major Bonnafont.—Immense, large, deep, golden yellow flowers.

John K. Shaw.—Forms a beautiful ball of perfect pink. Immense.

George S. Kalb.—Best early white; beautiful flowers.

Mrs. Perrin.—Beautiful, distinct rose-pink. Dwarf grower.

Black Hawk.—Dark crimson-scarlet; very fine.

SPECIAL OFFER.—One each of the 7 beautiful Mums' described above, postpaid, for 50 cts.

Please order as "Popular" Set

"GARDEN" SET

7 Hardy Ever-Blooming Roses 50 cents

This collection is immensely popular, because it embraces the very best garden Roses, hardy and so free blooming that flowers can be cut in abundance this year from Spring until frost—and the price is low.

Pink La France.—Magnificent, large, full and double silvery-pink flowers of exquisite fragrance. Wonderful bloomer.

Marie Guillot.—A queen among white Roses. Large, full, finely formed flowers. Pure snow white.

Meteor.—An unbeatable variety. Rich, velvety crimson. Buds and flowers large, full and double, borne on long stems.

Henry M. Stanley.—Difficult to describe. Beautiful double flowers with colors beautifully blended, amber-rose and faint apricot yellow, petals edged carmine, passing on the outside to salmon, buff and rose. Lovely.

Mad. Abel Chatenay.—A great Rose in the open ground. Immense, full, double flowers; color, rosy-carmine, shading darker.

White Maman Cochet.—With the vigor of an oak, this is the premier white garden Rose. Absolutely none better.

Coq. De Lyon.—Large, finely formed flowers produced abundantly. Color, pure canary yellow. Among the best.

SPECIAL OFFER.—One each, strong plants, 7 Garden Roses described above, sent postpaid for 50 cts.; in two-year-old plants for \$1.75, by express, charges collect, or \$2.25, charges prepaid.

Please order as "Garden" Set

FICUS PANDURATA

Famous New Rubber Plant

This has been called the "most beautiful of all broad-leaved evergreens." Is as pretty as a Palm and far easier to succeed with, growing to perfection under the most adverse conditions. Has large, heart-shaped, wax-like, glossy, leathery foliage, with red mid-ribs or veins, giving it a most beautiful appearance. The young foliage is the most brilliant, glossy wine color, changing through shades of gold and purple to glossy green. Likes rich, sandy soil. Stock limited.

Strong young plants, 35 cts. each; 3 for \$1, postpaid.

New Hardy Flowering Pink-Perpetual Snow

For bordering, bedding, edging or single specimens, this beautiful, new Hardy Pink is without a peer; it is a great improvement over the older varieties. Exquisite, rich, clove-scented flowers are produced in wonderful abundance on strong, stiff stems, 6 to 12 inches long. Perfectly

double and very large. Color, clear snow-white. Rivaling the finest Carnation in size and substance. Actually blooms from May until November without intermission. Hardy everywhere.

Strong young plants, 20 cts. each; 6 for \$1, postpaid.

Thousand Beauties

The Great New German Rose TAUSENDSCHON

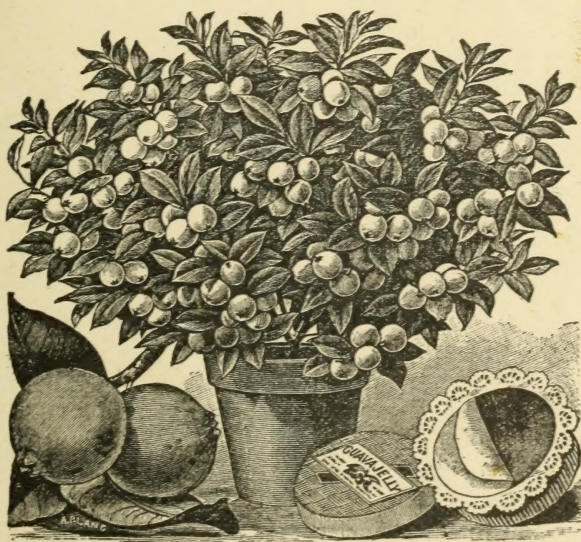

See Color Plate Illustration Following Page.

TAUSENDSCHON, which in German means Thousand Beauties, is a very appropriate name to give this great novelty, which we now offer for the first time. It has been our good fortune to place before our customers nearly all, if not entirely all, the many Roses now famous for their beauty and merits. We are free to predict that Thousand Beauties will become THE MOST SENSATIONAL CLIMBING ROSE YET INTRODUCED, not barring the great CRIMSON RAMBLER. Imagine a Rose producing on the same bush so many different colored flowers that it is impossible to describe or even picture the variations. A single cluster of flowers is a whole bouquet in itself, hence the very fitting name, "THOUSAND BEAUTIES." Blooming profusely from the beginning of June until the last of July, the flowers appear in large clusters, 10 to 15 in a cluster, are of splendid size and quite double. The colors run from delicate balsam or tender rose through the intermediate shades of bright rose and carmine, with white, yellow and various other delicate tints showing. There is no other Rose in cultivation like it. It is a strong grower, with but few thorns, magnificent foliage, a valuable feature in itself, impervious against mildew and absolutely hardy in the open ground anywhere. Wherever shown it has created a veritable sensation, and has been awarded numerous medals. For climbing over porches, bowers, pergolas or trellises, or for single specimens or pyramids, it will please you from the day you plant it. We pronounce it the most remarkable Rose of its kind in the world. Plant this Rose—it will cause a veritable sensation in your neighborhood. All our stock is on own roots. Additional description and illustration is shown on page 25.

PRICE 35 cts. each; 3 for \$1.00; \$3.00 per dozen; larger size, 50 cts. each; 5 for \$2.00; \$4.50 per dozen, postpaid. Large two-year-old plants, on own roots, 60 cts. each; 2 for \$1.00; \$5.00 per dozen by express.

THE STRAWBERRY GUAVA

A MAGNIFICENT PLANT—BLOOMS AND FRUITS CONTINUOUSLY

Strawberry Guava

A NEW pot plant of great value, both useful and ornamental, which bids fair to become as popular as Otaheite Orange. The Guava has thick, shining, evergreen Camellia-like foliage, with pure white flowers of an agreeable odor. The fruit is large, about the size of an English walnut, and of beautiful claret color; the flavor is most delicious, sweet and aromatic, resembling that of the strawberry. Used as a dessert fruit also for preserving; makes jelly of delicious quality, which brings an enormous price. Blooms and fruits continuously; once established is ever producing buds, flowers or fruit in some stage every day in the year. A plant eighteen months old has borne over 500 fruits, and a plant which could be covered with a box four feet wide and two and one-half feet deep had 1005 fruit blooms and buds at one time. A magnificent plant for pot or box, or in the open ground.

Strong 3-inch pot plants, 20 cts. each; 3 for 50 cts.; 7 for \$1, postpaid. 4-inch pot plants, 30 cts. each; 4 for \$1.00, postpaid.
